Go Further

Enjoy more control with great lease plans.

A Ford Credit Red Carpet Lease is a convenient way to obtain the new Ford you want with features that fit your needs. You have the opportunity to enjoy a new Ford and new technology more often, as well as select from a variety of flexible terms, mileage options and payment choices.

Benefits include:

Flexible terms

We offer a variety of lease terms that provide the flexibility for you to select the term of your choice based on:

- How long you want to drive your Ford
- Your desired monthly payment
- Whether you prefer to match your term to your vehicle warranty* or make a single payment at lease inception with an Advanced Payment Program

Your Ford Dealer can provide more information on the lease term and payment that work for you.

Mileage options

Our mileage options offer you several choices to fit your needs. Selections range from 10,500 to 19,500 miles per year.** If you anticipate driving more than 19,500 miles per year, you may purchase extra miles at lease inception. If you do not use the extra miles purchased, you may be entitled to a refund at the end of your lease.**

Payment options

We offer customers the flexibility and convenience of a variety of payment options. You may manage your payments by mail, phone and online — even through your mobile device.

*Costs are covered by warranty only when vehicle is maintained in accordance with the owner's guide.
**Additional miles may only be purchased on the 19,500-mile option.

FORD CREDIT

Red Carpet Lease

Additional advantages.

When looking at the benefits of a Red Carpet Lease, consider the following:

WearCare®

WearCare is an optional purchased program only available through your Ford Dealer at lease inception. WearCare offers up to \$4,000 in excess wear and use protection, providing peace of mind throughout the term of your lease and minimizing your worries about future expense. Ask your Ford Dealer for details on how to go worry-free with WearCare, the optional program that can help protect you against the unexpected.

Gap protection

This benefit, included at no additional cost to our customers, protects you in the event your vehicle is stolen or damaged beyond repair by waiving the difference (or gap) between your insurance payoff and your outstanding lease balance. With gap protection, your exposure is limited to the insurance deductible, past-due payments and any other outstanding charges.

Convenient lease-end options*

At the end of your lease, you have three options to transition smoothly to your next vehicle:

- Purchase or lease a new Ford
- Purchase your leased vehicle at a predetermined price stated in your Red Carpet Lease agreement (plus any applicable taxes and/or fees)
- Return your leased vehicle to your Ford Dealer

*Subject to applicable charges such as excess wear and use or mileage.
