- 100,000 LB Capacity
- 130,000 LB Capacity

**PLANETARY GEAR**  
The multiple gears found in planetary gear winches translate to greater pulling speed.

Quality cranes since 1958.

Continually striving to provide new and innovative products to the market, Auto Crane has introduced a number of new cranes over the years.

Providing both electric and hydraulic cranes, Auto Crane now offers models with the capability of lifting 2,000 to 14,000 lbs.

**CAYTEC AND AUTOCRANE  
WE CAN MEET YOUR LIFTING NEEDS.**

## DO MORE, WITH FEWER TRUCKS!

Outfit your truck chassis with a SwapLoader Hook-lift Hoist TODAY and you're ready for unlimited potential.

In less than three minutes, you can completely switch functions or applications. Change from an open-top container to a flatbed, dump body, water tank, asphalt patcher, concrete mixer, hydro seeder, sand/salt spreader, van body, command center, portable office, generator, chipper body, aerial boom, packer body, jet/vac or any other number of specialty bodies found mounted to chassis frames.

## What will you do with your SwapLoader Hook-lift Hoist System?

### SWAPLOADER Hook-Lift Hoist

## NRC carriers and wreckers are renowned to be the strongest in the industry.

They are known to be the choice of operators seeking performance, strength and top notch quality. NRC carriers are versatile and are the only ones in the industry that enable you to do recovery without having to purchase thousands of dollars worth of options.

## QUICKSWAP

The Quickswap is synonymous with savings and getting the most for your money from your equipment.

### Advantages:

- **Strength:** Same or better lift capacity as most heavy-duty wreckers.
- **Savings in equipment costs:** The same truck can be used for towing or pulling trailers.
- **Savings in fuel:** Save thousands of dollars a year with equipment as light-weight as the Quickswap.
- **Savings in tire use:** Due to its light weight, the Quickswap creates less pressure on the tires, which means less use and a decrease in the cost of tire replacement.
- **Savings in insurance:** Save a bundle by not having to insure expensive equipment.
- **Best payload:** Its light weight will allow you to cross the scales smiling.

# snow & ice EQUIPMENT

- Swenson sand spreaders and combo bodies
- Everest snow plows and combo bodies, custom sanders
- Root under body scrapers and plows
- Complete hydraulic control systems, automatic and manual, data logging and GPS tracking
