CHEROKEE

Jeep®

LEADER OF CANADA'S BEST-SELLING SUV BRAND^{1*}

CHEROKEE

When you take the wheel of a Jeep® Cherokee, you'll discover the value of freedom matched with the power of authentic Jeep Brand four-wheel drive. Efficient performance combined with Best-in-Class capability² means you can economically master all-weather challenges on- and off-road.

Best-in-Class towing³ lets you bring along your favourite toys when you equip Cherokee with the 3.2L Pentastar™ Variable Valve Timing (VVT) V6 engine and the available Trailer Tow Group. All along the way, you'll travel in comfort and style in an Award-Winning interior featuring a selection of vibrant colour palettes enhanced with premium soft-touch surfaces.

What's more, Cherokee offers over 70 standard and available safety and security features, including the ParkView® Rear Back-Up Camera,⁴ so peace of mind always rides with you. That's how Jeep Cherokee moves ahead to take the lead within Canada's Best-Selling SUV Brand!

WITH CAPABILITY COMES POSSIBILITY

A NATURAL ATHLETE: SELEC-TERRAIN® TRACTION MANAGEMENT SYSTEM

Cherokee gives a masterful performance with its natural ability to keep moving forward to meet every challenge with ease. The Jeep® Selec-Terrain Traction Management System adds ultimate driving stability to every Cherokee equipped with an authentic four-wheel-drive system. Selec-Terrain coordinates 12 vehicle systems, including throttle control, transmission shifting, transfer case, traction control and Electronic Stability Control (ESC)®. Choose from up to five sure-footed modes: Auto, Snow, Sport, Sand/Mud and, exclusive to Trailhawk® models, Rock.

AUTO. When turned to this mode, Selec-Terrain does all the work, automatically adjusting vehicle dynamics to best suit the road. To help ensure optimal efficiency, the rear driveline disengages when not needed.

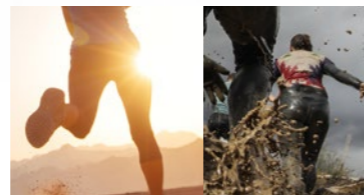

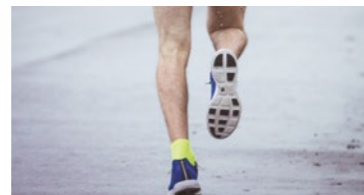

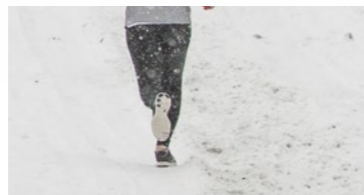

SNOW. Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteer. Major systems auto-engaged and managed in this mode include antilock brakes and traction control.

SPORT. Feel like having a little more fun on winding country roads? Select this mode and you're automatically tuned to handle a more aggressive driving style.

SAND / MUD. Maximizes low-speed traction by allowing additional wheel-slip via specifically tuned chassis controls, differentials and transmission ratios.

ROCK. Delivers Trail Rated® 4WD Low capability thanks to its rear-differential locking element, allowing you to crawl over rugged terrain at appropriately safe speeds. Exclusively on Trailhawk.

TRAILHAWK SHOWN IN BRIGHT WHITE

TRAILHAWK® SHOWN IN BILLET METALLIC

FOUR-WHEEL-DRIVE MASTERY BEST-IN-CLASS CAPABILITY²

JEEP® ACTIVE DRIVE I. This fully automatic, single-speed power transfer unit (PTU) delivers seamless operation in and out of 4WD at any speed. Equipped with a rear-axle disconnect, you can go from four-wheel drive to two-wheel drive, and back again, without driver input. This results in reduced energy loss when 4WD capability is not required, which can improve fuel efficiency. It all comes together to deliver a consistent boost in all-weather capability, resulting in the kind of on- and off-road confidence the Jeep Brand is known for.

JEEP ACTIVE DRIVE II. Experience Jeep Brand adventure and the power to tow, climb steep hills or travel off-road. Exceptional torque management and 4-Low mode are delivered via a two-speed PTU. This locks the front and rear driveshafts for additional power at low speeds or for towing your toys. Hitch Cherokee to your RV and take it along for the ride, thanks to a driveline neutral switch. Enhance off-road capability with a 2.5-cm (1-in.) increase in ride height and an incredible crawl ratio of 56:1 when paired with the 2.4L Tigershark® MultiAir® I-4 engine, and a ratio of 48:1 when paired with the available 3.2L Pentastar™ VVT V6 engine.

TRAIL RATED® JEEP ACTIVE DRIVE LOCK. When you're equipped with this Trail Rated four-wheel-drive system, you become the master of virtually every road, trail and highway. It includes everything in Jeep Active Drive II, plus a locking rear differential that provides even more capability and strength for severe off-road conditions. You'll also have help maintaining steady slow speeds on uphill, level and downhill surfaces with Selec-Speed™ Control. Standard on all Jeep Cherokee Trailhawk models.

MASTER EVERY TERRAIN

Trailhawk rises above its competitors, thanks to its standard Jeep Active Drive Lock 4WD system with a locking rear differential and two-speed PTU. The Red Trail Rated badge also announces the inclusion of protective skid plates and signature Red tow hooks – two in the front and one in the rear. This on- and off-road master is equipped with the Selec-Terrain® Traction Management System, with five customized traction modes: Auto, Snow, Sport, Sand/Mud and the exclusive Rock Mode on Trailhawk. A driveline neutral switch for flat towing is also included.

TRAILHAWK SHOWN IN FIRECRACKER RED

BADGE OF HONOUR

Every Cherokee Trailhawk proudly wears a Trail Rated badge indicating it has been tested to perform masterfully in five categories: Traction, Ground Clearance, Manoeuvrability, Articulation and Water Forging⁷.

BRING MORE FUN ALONG FOR THE RIDE BEST-IN-CLASS TOWING³

When your Cherokee is equipped with the available 3.2L Pentastar™ VVT V6 engine and Trailer Tow Group, you expand your capability for adventure. You're ready to get out and go, towing toys weighing up to 2,041 kg (4,500 lb).

POWER PLANTED

2.4L TIGERSHARK® MULTIAIR® I-4 ENGINE. As the benchmark for an efficient and powerful ride, Cherokee arrives with a standard Tigershark engine that's ready to deliver impressive fuel economy as efficient as 7.8 L/100 km highway.* Acclaimed for its unique and proficient valve-lift system, the 2.4L Tigershark incorporates a column of oil that helps deliver precise control of intake valve events.

From its fully isolated, aluminum head cover with an integrated oil separation system to its high-pressure, die-cast aluminum block, the Tigershark engine hands over a quiet and refined ride. Should your dreams of adventure take you off road, the Tigershark takes its 184 hp and 171 lb-ft of torque and crushes it down to a boulder-pounding crawl ratio of 56:1 when paired with the available Jeep® Active Drive II or Jeep Active Drive Lock 4WD system on the Trail Rated® Cherokee Trailhawk®.

3.2L PENTASTAR VVT V6 WITH ENGINE STOP/START (ESS) TECHNOLOGY. This available workhorse hands over the power to conquer all-weather travel, over any terrain. The 3.2L Pentastar VVT V6 engine runs quiet and smooth, with its integrated exhaust manifold, plus high compression-ratio pistons. Demanding drivers will appreciate its 271 hp, 239 lb-ft of torque and fuel efficiency as impressive as 8.3 L/100 km highway.* ESS technology automatically shuts off the engine as the vehicle comes to a stop, then seamlessly restarts it when the brake pedal is released, which can further improve fuel consumption and lessen emissions.

SEGMENT-FIRST 9-SPEED AUTOMATIC TRANSMISSION® From its quick launch to its smooth highway travel, Cherokee ensures the road ahead remains calm and smooth. This confident performance is born of each shift responding at the right time, for each of the nine gear shifts. A distinctive set of four overdrive ratios help gain efficiencies while reducing overall noise and vibration. Economies are maximized and performance is optimal at all times.

OVERLAND® SHOWN IN DIAMOND BLACK CRYSTAL PEARL

OVERLAND SHOWN IN BRIGHT WHITE

OVERLAND®

BEAUTY PAIRED WITH AUTHENTIC CAPABILITY. Nothing is left to want when the Overland nameplate is on display. Designed with highly crafted appointments and details inside and out, this is how confidence is earned. Its smooth and hushed ride, devoid of outside noise and wind interference, is achieved with the help of an acoustic windshield and front-door glass.

Riding in Overland is a rich experience for the senses. Premium and utterly soft Nappa leather trim covers nearly all touchable surfaces, and heated seats with cooling ventilation for front row provide additional comfort. The Uconnect® 3C NAV multimedia centre with the Largest-in-Class 8.4-inch touchscreen⁹ includes GPS navigation⁹ and Voice Command¹⁰ for safe, hands-free operation. The Alpine® Surround Sound System features nine speakers, plus a subwoofer, all optimally placed throughout the cabin.

Cornering fog lamps send additional light around turns for safe illumination. Active safety and security features are standard, including Blind-Spot Monitoring (BSM)⁴ with Rear Cross-Path Detection⁴ and the Park-Sense® Rear Park Assist System⁴; plus you can opt for the available Adaptive Cruise Control with Stop and Go (ACC STOP)⁴; Forward Collision Warning with Active Braking (FCW)⁴ and Lane Departure Warning with Lane Keep Assist (LDW)⁴. These welcome guardians constantly monitor your drive, alerting you to potential hazards, as needed. The only thing you'll need is more time behind the wheel.

MORE ROOM FOR LIVING

ACCOMMODATE EVERY TRIP. Cherokee can easily be configured to suit the needs of your travels, allowing you to haul luggage, boxes, golf clubs, ski equipment and so much more. The 60/40 split-folding reclining rear seats can also travel up to 152 mm (6 in.) fore or aft for adjustable legroom flexibility. When the entire rear bench is folded, you have a nearly flat surface and 1,555 litres (54.9 cu. ft.) of room.

COMMANDVIEW® DUAL-PANE
PANORAMIC SUNROOF

SEE IT ALL

Experience an Award-Winning interior that offers plenty of room, with options to configure as you see fit. Choose from a stunning array of colour palettes, offered in sumptuous Nappa leather or premium cloth. Soft-touch surfaces are always within reach, adding even more to the appeal of Cherokee.

COMMANDVIEW DUAL-PANE PANORAMIC SUNROOF. This unique sunroof opens up to a blue-sky world of fresh air and plenty of sunshine. An optional feature, this sunroof gives passengers in all rows a look at more stars and scenery, increasing the adventure factor by far.

SET UP FOR UTILITY. The exclusive Jeep® Cargo Management System gives convenience a new meaning by adding handy hooks and a removable grocery bag. Many innovative and thoughtful add-on storage solutions, including a first aid kit, cargo bins, a foldable cooler and more are available through Mopar®.

ORGANIZED DRIVING. Cherokee helps keep your life organized with special storage for cell phones, tablets, gaming devices, toys and books. There are up to 18 cubbies, pockets and bins throughout, giving you plenty of places to stash all of your fun and functional items. Above the rearview mirror is a handy spot to keep your sunglasses. Flip up the floor of the rear cargo area and you'll find three levels of rear cargo under-floor storage systems (depending on vehicle configuration), each with an integrated storage tray.

Properly secure all cargo.

IN TOUCH AND ALWAYS INFORMED

Uconnect® brings a wide range of communication and entertainment services straight into your vehicle, bundled together within a robust system that offers a range of features, from Voice Command¹⁰ with Bluetooth® to the ability to drop and drag apps into your menu.

LIMITED SHOWN IN PATRIOT BLUE PEARL

LARGEST-IN-CLASS 8.4-INCH TOUCHSCREEN⁵

NAVIGATION⁹ Uconnect® 3C NAV employs GPS navigation for audible turn-by-turn directions, and detailed 3D maps help to ensure you arrive on time. The NAV is integrated into your in-cluster display centre and on the multimedia centre touchscreen display so you can see directions front and centre. Available.

DROP AND DRAG MENU BAR. The available 8.4-inch touchscreen lets you identify your top six favourite features and services so they're always in sight.

PHONE¹⁰/TEXT¹¹ Prioritize different phones so multiple drivers can connect and call. Uconnect accesses your compatible phone's contacts,¹² allowing you to call by name and view your contact's name on the touchscreen display.

DO NOT DISTURB. The available Uconnect 3C helps remove distractions from calls and texts. Route all incoming calls to voice mail and suppress text messages, see a visual prompt of incoming calls and text messages, or send an automated reply.

INTEGRATED VOICE COMMAND¹⁰ WITH BLUETOOTH®. Access a favourite playlist on your music player or USB drive with simple voice commands. Ask for directions to a certain address. Or make a call. No problem.

SIRI® EYES FREE¹³ Enjoy 12 hands-free features, dictate and send emails, set reminders and more with the available Uconnect 3C. Compatible with Apple iPhone® 4s or later.

ENTERTAINMENT. With SiriusXM satellite radio¹⁴ with one-year trial subscription, you get all available commercial-free music, sports, talk radio and news channels. With Tune Start, you have the ability to pause, replay, rewind and fast-forward live audio channels, and access entertainment via Bluetooth streaming audio.

The available SiriusXM also features Favourite Artist/Song and Game alerts, which give you the ability to save the current artist/song/sports team into memory and allow the radio to alert you when that artist/song/sports team is playing on other channels.

Gain insight when you access and take hold of a network of vehicle controls, many right at your fingertips, available on your steering wheel. You'll be informed, entertained and safely focused with the help of Cherokee's many tech systems.

A HERO'S WATCH

OVER 70 STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES

ELECTRONIC STABILITY CONTROL (ESC)⁵ A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should they detect you're veering off your intended path. ESC⁵ coordinates Electronic Roll Mitigation (ERM), Antilock Brake System (ABS), Brake Assist, All-Speed Traction Control and Trailer Sway Control (TSC), sending them into action when needed.

LANE DEPARTURE WARNING WITH LANE KEEP ASSIST (LDW)⁴ A forward-mounted camera can detect and measure the vehicle's position within a lane. If the vehicle starts drifting out of its lane without you using the indicators, this available feature can warn you visually and through a haptic warning – a “shiver” in the steering wheel. If you do not respond to the warnings, Lane Keep Assist⁴ can help gently nudge the vehicle back into the lane by leveraging the Electric Power Steering system to apply corrective steering input.

FORWARD COLLISION WARNING WITH ACTIVE BRAKING (FCW)⁴ Using radar and video sensors, this available system detects whether the vehicle is too rapidly approaching another vehicle or large obstacle in its path. When an object is detected, the system will provide audible and visual warnings and can assist the driver in avoiding the incident by actively applying the brakes. The driver has the ability to adjust the sensitivity, and turn brake support on or off.

ADAPTIVE CRUISE CONTROL WITH STOP AND GO (ACC STOP)⁴ This available system uses radar and video sensors to automatically adjust your cruising speed based on a preset speed and vehicle distance setting. In certain conditions, such as stop-and-go traffic, the system is able to bring the vehicle to a complete stop without any driver intervention, then prompt the driver to press the Resume button or tap the accelerator to re-engage to safe-range speeds.

RAIN-SENSING WINDSHIELD WIPERS. Available sensors detect moisture on the windshield and automatically activate the wipers.

KEYLESS ENTER 'N GO™ WITH PROXIMITY ENTRY AND PUSH-BUTTON START. No need to fumble for your keys. Convenient technology detects your approach when you are carrying the key fob and will unlock the door when you pull the handle. Once inside, start the engine by pressing the Start/Stop button while stepping on the brake.

BLIND-SPOT MONITORING (BSM)⁴ WITH REAR CROSS-PATH DETECTION⁴ When driving forward, the available BSM⁴ system continually monitors the vehicle's side blind zones using dual radar sensors. When a side blind spot is encroached, you're notified via an illuminated icon on the appropriate sideview mirror, and if the turn signal is activated, an audible notification sounds. You can use your radio to program this chime or audible alert.

PARKVIEW® REAR BACK-UP CAMERA⁴ Now you can park and back out with confidence. The available system displays a rearview video image with dynamic distance grid lines when the vehicle is in Reverse. During parking and other similar manoeuvres, this system helps bring previously hidden rear objects to your attention on-screen.

HIGH INTENSITY DISCHARGE (HID) HEADLAMPS. Brighter and more energy-efficient, these long-lasting headlamps can detect road hazards, signage and pedestrians at greater distances than conventional lamps can. Available on Sport. Standard on North and above.

PARALLEL AND PERPENDICULAR PARK ASSIST⁴ Through a network of sensing elements on the front and rear fascias, the Jeep® Cherokee can help you in your daily manoeuvres and guide you into parking spaces with the available Park-Sense® Rear Park Assist with Active Braking⁴ and Parallel and Perpendicular Park Assist⁴. The sensors send out ultrasonic waves when driving at low speeds and provide visual and audible alerts of a detected obstacle's distance. Park-Sense Rear Park Assist with Active Braking⁴ can automatically apply the brakes to prevent a possible rear collision in low-speed parking situations. Parallel parking assistance⁴ is available on either side of the vehicle and can start searching for a suitable parking spot as soon as the driver activates the system using a dedicated button on the centre stack. Perpendicular parking assistance⁴ allows the vehicle to back itself into a suitable space. The system automatically controls steering-wheel angle, while the driver controls gear selection, brake and accelerator.

TRAILER SWAY CONTROL (TSC). Crosswinds or traffic hold no sway over you and your payload. As part of Electronic Stability Control (ESC)⁵ TSC monitors the vehicle's movement relative to the driver's intended path, applies alternating brake pressure to slow the vehicle, then increases the pressure on one front wheel to counteract the sway induced by the trailer.

TECHNICALLY INSPIRED

Gain insight when you access and take hold of a network of vehicle controls, many right at your fingertips on your steering wheel. You'll be informed, entertained and safely focused with the help of Cherokee's many tech systems.

CUSTOMIZABLE 7-INCH IN-CLUSTER DISPLAY CENTRE. This available feature includes fingertip controls on your steering wheel, allowing you to instantly scroll through a rich selection of vehicle data, including vehicle performance info and alerts.

SMART REMOTE START. Just press the button on your key fob a few minutes prior to takeoff, from as much as 60 metres away (over 200 feet). This product also activates climate control and optional heated/ventilated seats and heated steering wheel. You're ready to roll with a nicely heated or cooled cabin. Available.

KEYLESS ENTER 'N GO.™ This feature allows you to keep your key fob in your pocket or purse, leaving your hands free to quickly open the door, take a seat, push a button and head out for fun. Available.

PREMIUM AUDIO SYSTEM. Audiophiles can opt for the premium 9-speaker Cherokee sound system with an 8-inch subwoofer, designed in tandem with Alpine®, the leading manufacturer of high-performance mobile electronics. The system's 11 channels pump sound by way of 506 watts of power for a dynamic soundfest to inspire your music-filled travels.

Instagram is a registered trademark of Instagram, Inc. ©2017 FCA Canada Inc. All rights reserved.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Mopar Vehicle Protection offers extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call (800) 465-2001.

WARRANTIES. 2018 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance! SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres.* Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.* The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance.*

*Whichever comes first. Some conditions may apply. *The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

DISCLAIMERS. 1) Based on total sales in 2015CY in all SUV segments combined as defined by FCA Canada Inc. 2) Based on *WardsAuto* Middle Cross Utility segmentation. Best-in-Class capability based on Jeep Cherokee offering 2-speed power transfer unit (PTU) with rear locking axle, exclusive Jeep Selec-Terrain with 5 settings (including Rock), and industry-first: fully disconnecting driveline, Best-in-Class towing (excluding 7- and 8-passenger vehicles), approach angle, departure angle, ramp breakover angle. 3) Based on *WardsAuto* Middle Cross Utility segmentation. Excludes 7- and 8-passenger vehicles. When equipped with 3.2L Pentastar VVT V6 engine with Trailer Tow Group. 4) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. 5) Based on *WardsAuto* Middle Cross Utility segmentation. Excludes other vehicles designed and manufactured by FCA US LLC. 6) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 7) Do not attempt water fording unless depth is known to be less than 51 cm (20 in). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 8) Based on *WardsAuto* Middle Cross Utility segmentation. 9) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. Additional fees will apply for Retailer-Activated Navigation. 10) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of a phone require a Bluetooth-compatible phone. 11) Preset voice-to-text messaging and incoming text message reading require a MAP-enabled phone. 12) Phone must support Bluetooth Phone Book Access Profile (PBAP). 13) Siri Eyes Free requires an iPhone equipped with Siri. Certain features not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 14) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. 15) The Advanced Front Air Bags in this vehicle are certified to the federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 16) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 17) Not compatible with all garage door openers.
