

2018 JEEP GRAND CHEROKEE
TRACKHAWK

Jeep[®]

THE MOST POWERFUL & QUICKEST SUV *EVER!*

0-60 MPH IN **3.5** SECONDS

1/4 MILE IN **11.6** SECONDS

707 HORSEPOWER

650 LB-FT OF TORQUE

LEADING PERFORMANCE

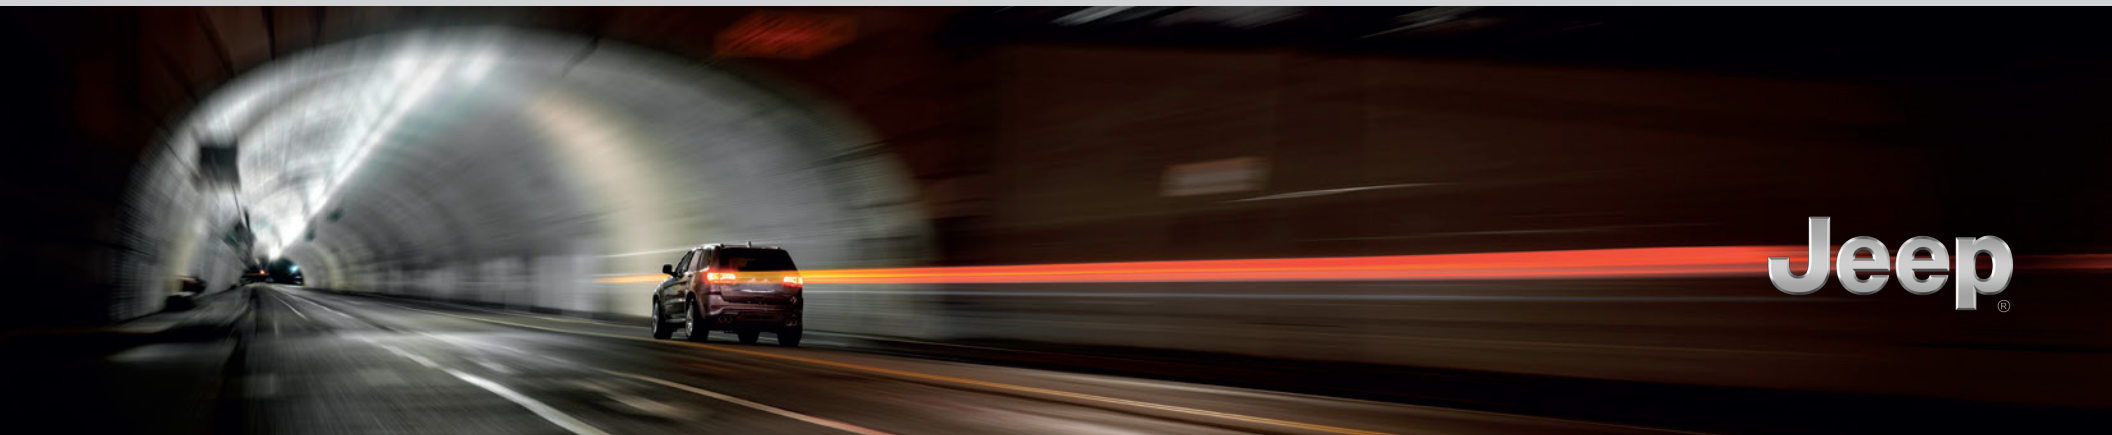

- Supercharged 6.2-litre HEMI® V8 delivers 707 horsepower and 650 lb-ft of torque – the most powerful SUV ever
- Upgraded Torqueflite® 8-speed automatic transmission paired with driveline components that are engineered to provide additional torque output
- Brembo® braking system, with exposed yellow brake calipers, offers the largest-ever front brakes on a Jeep vehicle and provides 60-0 mph braking performance of 35 metres
- Top speed of 290 km/h

IMPRESSIVE TECHNOLOGY

- Next-Generation Uconnect 8.4 multimedia centre with 8.4-inch touchscreen features Apple CarPlay™ and Android Auto™ with plug-and-play capability
- Trackhawk Performance Pages showcase an array of performance timers and gauge readouts
- Driver-focused 7-inch customizable in-cluster display centre
- Stay connected with premium infotainment features including SiriusXM Travel Link, SiriusXM Traffic Plus, and SiriusXM Guardian

LEGENDARY JEEP CAPABILITY

- The Selec-Track system provides world-class on-road driving dynamics paired with authentic Jeep off-road capability with five modes including:
 - Auto: automatically adapts to any condition
 - Sport: shift times reduced by 50% & paddle shifters are enabled for increased capability
 - Track: shift times reduced by 68% & paddle shifters are enabled for ultimate track performance on smooth, dry surfaces
 - Tow: delivers maximum towing performance
 - Snow: maximizes traction for snow performance
