CANADA'S LONGEST-LASTING LIGHT-DUTY PICKUPS.

8 OUT OF 10 RAM 1500 PICKUPS SOLD IN THE LAST 30 YEARS ARE STILL
ON THE ROAD—MORE THAN ANY OTHER LIGHT-DUTY PICKUP.³

STRENGTH EVERYWHERE YOU NEED IT. When you think about the big picture, few full-size pickups carry the clout of the 2020 Ram 1500 Classic. Here's where hours in the wind tunnel translate into a sleek aerodynamic machine with minimal wind noise. It's where engine choices give you Canada's Best-Selling engine,^{1*} the 3.6L Pentastar™ V6, or Canada's Best-Selling V8 engine,² the legendary 5.7L HEMI® V8. Critical parts of the frame, body and cargo box all employ high-strength steel in the Ram 1500 Classic, and our exclusive rear suspension technology is anything but typical. Ram 1500 Classic distinguishes itself by offering the long-proven and standard multilink coil spring design for exceptional performance—and outstanding ride quality. This is where capability is at benchmark levels, letting you handle jaw-dropping payloads and towing with ease. Where interiors are designed for comfort, convenience and technology. This is service at its best, delivering the capability you need—in Ram 1500 Classic.

*A note about this catalogue: all disclaimers can be found on the last page.

TRAILERING MADE EASY. 10,710-LB (4,858-KG) MAX TOWING.*

CONFIDENT AND CAPABLE TOWING IS BUILT INTO RAM DNA. HERE'S HOW:

TRAILER SWAY CONTROL. It's part of the comprehensive standard Electronic Stability Control (ESC)⁴ System. Trailer Sway Control uses sensors to detect any yaw (the lateral and natural motion of the trailer) and applies selective brake pressure to the tow vehicle's opposite side to counteract the force. Trailer sway is measurably reduced; operator confidence is greatly enhanced.

TOW/HAUL MODE. Standard on every model, this mode alters the transmission shift patterns to adapt performance to varying towing conditions. Also available: the Electronic Trailer Brake Controller.

PARKVIEW® REAR BACK-UP CAMERA⁵ Look back and make towing a cinch. The ParkView Rear Back-Up Camera⁵ offers available and welcome Dynamic Grid Lines to help align your trailer ball with the hitch. Available with the 8.4-inch touchscreen is view-at-speed capability to monitor your trailer at all times.

THE INTEGRATED SWITCH BANK. Conveniently located on the centre stack, it lets you manage a wide range of standard and available towing controls and interior features—including the heated seats and the heated steering wheel.

Properly secure all cargo. Always tow within the vehicle's capacity.

Express[®] in Granite Crystal Metallic.

INTEGRATED AND ILLUMINATED PIN CONNECTOR. Handily located, lit for night work, and made for both 4- and 7-pin connectors, our design will connect with virtually every trailer harness out there.

4x4 TECHNOLOGY IN MOTION.

OFF-ROAD CONTROL, ON-ROAD CONFIDENCE. A big part of Ram ownership is owning the road—everything from exploring rarely used trails to using that 4x4 capability for better traction on snow to boosting sure-footedness when pulling a boat out of the water. The confidence that a transfer case delivers is beyond measure. We credit our colleagues at BorgWarner for this elegant solution that delivers phenomenal capability.

THE PART-TIME TRANSFER CASE. Electronically operated via the centre stack-mounted controls, this BorgWarner transfer case offers a responsive operator interface. The engineering makes it the preferred technology for tougher applications, and it's considered the ideal transfer case for just about anything in the areas of work or play. From off-roading and agricultural use to industrial applications and demanding leisure and recreational activities, this component is reliable, durable—and frequently indispensable. Featuring two speeds with three operating ranges, plus Neutral, it's standard on all 4x4 models.

*When properly equipped.

POWERTRAIN LIMITED WARRANTY

LEGENDARY HERITAGE THAT NEVER BACKS DOWN. It reigns as Canada's Best-Selling V8² and features the brilliant FuelSaver/Multi-Displacement System Technology, which transforms the mighty V8 into a fuel-sipping 4-cylinder during highway cruising. Now add one of the best transmissions ever developed, and you've got an exceptional powertrain designed for efficiency, power and performance.

THE TORQUEFLITE® 8-SPEED TRANSMISSION: 5.7L HEMI® V8 APPLICATION. This iteration of the TorqueFlite 8-speed was designed to work with the HEMI torque output of 410 lb-ft. Wide ratio spreads reduce rpm and improve fuel efficiency, with fully electronic performance, on-the-fly shift map changing and dozens of individual shifting maps. The results: stellar performance and drivability.

3.6L VVT

CLASSIC V6 EFFICIENCY. WITH ALL THE PERFORMANCE YOU ANTICIPATE. As Canada's Best-Selling engine,³ the 3.6L Pentastar™ Variable Valve Timing (VVT) V6 demonstrates how capability combines with superb fuel efficiency. A notable advantage is the thermal management system. Designed to keep components at ideal operating temperatures, it directly contributes to longevity and efficient performance.

THE TORQUEFLITE 8-SPEED AUTOMATIC AND THE 3.6L PENTASTAR VVT V6. In an iteration engineered specifically for this robust 6-cylinder, this TorqueFlite 8-speed is the 845RE calibration. This modified version produces torque distribution that ensures outstanding capacity while supplying a torque rating of 269 lb-ft—exactly the capacity you need for aggressive towing and hauling.

*When properly equipped. ¹See back cover for full warranty details.

Uconnect®

INTUITIVE, ADAPTABLE AND COMPREHENSIVE. THIS IS RAM TECHNOLOGY AT ITS BEST.

(((SiriusXM)))

LISTEN to music, talk shows and sports. Access all genres, favourite artists, winning teams—all the time—with SiriusXM satellite radio, including a one-year trial subscription.⁶

SPEAK UP and be heard, all while driving safely with hands-free phone capability.⁷

NAVIGATE⁸ to every adventure; get turn-by-turn directions so you don't get lost on the way (unless you want to).

UTILIZE Remote Services from almost anywhere using your smartphone with SiriusXM Guardian⁹ and the Uconnect[®] App.

SiriusXM
GUARDIAN

SIRIUSXM GUARDIAN⁹ now offers greater remote access and control, taking care of everything from the convenience and safety of Roadside Assistance¹⁰—which even includes invaluable SOS calling¹¹—to downloading destinations and remotely starting your vehicle.¹² Even better: SiriusXM Guardian⁹ includes a one-year introductory subscription.

SIRIUSXM GUARDIAN[®] SMARTPHONE APP Our Uconnect technology puts convenience into a suitcase of features, including Remote Vehicle Start,¹³ Send & Go, Vehicle Finder,¹⁴ Stolen Vehicle Assistance¹⁵—and more.

DISCOVER new places and the best shopping, entertainment and restaurants from the Uconnect smartphone app, then easily send the address to your vehicle.

CONNECT faster than ever; expand your options by turning your truck into an on-demand WiFi Hotspot¹⁶ with rapid 4G LTE WiFi.¹⁷

KEEP informed; receive weather and traffic reports with a five-year trial subscription to SiriusXM Travel Link¹⁸ and SiriusXM Traffic.¹⁹

APPLE CARPLAY[™] SUPPORT is smarter iPhone integration, so you'll experience your favourite features through your dashboard. With Siri²⁰ all you have to do is ask—catch up on calls and messages, get directions from Apple Maps, or request a song through Apple Music. The system lets you browse music or discover nearby gas stations, parking, restaurants and more. Plus, Maps helps predict where you're headed.

android
auto

ANDROID AUTO[™] INTEGRATION is designed with safety and convenience in mind, Android Auto²¹ gives you the right information for the road ahead. Easily access your favourite music with Google Play Music, and get where you need to go with Google Maps. With your Google Assistant on Android Auto,²² you can keep your eyes on the road and your hands on the wheel while using your voice⁷ to help you with your day. Just say, "Ok, Google."

INNER STRENGTH AS DEFINED BY RAM 1500 CLASSIC.

SLT interior with Katzkin™ leather

Properly secure all cargo.

Models equipped with a front bench seat receive a fold-down centre console design that includes three available integrated cup holders and instant access to the available Media Hub for connectivity.

Crew Cab models have available rear in-floor bins—ideal for keeping valuables out of sight. Select Crew Cab and Quad Cab® models stand out with an available flat load floor—just what you need when your cargo is too precious to carry in the bed.

THE FINISHING TOUCH? WE LEFT NOTHING UNTOUCHED. It just seemed logical: if you're going to design a full-size pickup with take-on-anything capability, you should apply that same capability to the interior. In Ram 1500 Classic, the concept translates into a design aesthetic that delivers an exceptional level of comfort for driver and passengers.

Drivers of Ram 1500 Classic models with bucket seats will enjoy a centre console designed around occupant comforts and needs. We've considered every convenience, and the results let you keep your phone, laptop and/or tablet fully charged, thanks to convenient charging ports and a handy auxiliary audio input jack.

EAGER TO HAUL. **1,920-LB (870-KG) MAX PAYLOAD.***

Properly secure all cargo.

THE FRAME Reduced weight directly contributes to greater efficiency. Where heavy steel isn't required, we opted for down-gauged, yet higher-strength, steel in the frame. Eight tough crossmembers further augment the structural integrity of this solid, full-size pickup.

THE FRONT SUSPENSION AND FRONT FRAME UNIT The hydroformed tubular front frame employs high-strength steel; our long-proven short-/long-arm front suspension with coil springs and stabilizer bar works to ensure exemplary handling and road manners.

THE STEEL BED No question about it: aluminum definitely plays a part in truck design today—but not for this cargo bed. Ram 1500 Classic utilizes high-strength steel where you really need it—in back, where big payloads are loaded onto resilient and uncompromising steel.

THE MULTILINK COIL SPRING REAR SUSPENSION on Ram 1500 Classic offers phenomenal strength, durability and lateral stiffness, and ensures impressive vehicle control. Ram 1500 Classic is just as comfortable cruising down the highway as it is hauling payloads from the lumberyard.

*When properly equipped.

SLT in Red Pearl.

BRAKING, TOWING AND PARKING: IT'S ALWAYS ALL SYSTEMS GO.

COMPREHENSIVE ELECTRONIC STABILITY CONTROL (ESC)⁴ SYSTEM

The Ram 1500 Classic braking system features optimized pedal travel to provide quick power assist. Rear wheel-speed sensors are positioned for protection against road elements. ESC⁴ features multiple assets for braking; it even includes vehicle control when stationary.

- ▶ Help regulate wheelspin with comprehensive **All-Speed Traction Control**. If slippage occurs during acceleration, the automatic throttle control will reduce torque; in extremes (like accelerating from pavement to ice), it will apply the brakes and reduce the engine power to maintain control.
- ▶ Stop securely with **Antilock Brake System (ABS)**. Monitoring each wheel's speed, the Ram 1500 Classic ABS design also incorporates back-up braking should one of the two braking circuits be compromised.
- ▶ Balance the braking. **Electronic Brake-Force Distribution** regulates brake pressure from front to rear to minimize stopping distances and increase overall control.
- ▶ Anticipate potential trouble. **Ready Alert Braking** senses when the driver's foot is lifted from the accelerator; it applies an imperceptible brake force to ensure that pads and discs are lined up should an emergency stop be required.
- ▶ Factor in the weather. **Rain Brake Support** automatically and seamlessly activates when the driver turns on the windshield wipers; all brake calipers gently pulse against their respective rotors to remove water from the pads and enable the shortest stopping distance.
- ▶ Make it home with **Hydraulic Boost Compensation**. Should a failure occur in the vacuum brake booster or any related line, the brake controller will kick in to run the ABS pump; the system will even convey notice of the problem to the driver. Critically, the brakes will perform as normal until the failure is serviced.
- ▶ Stay still with **Hill Start Assist**. When the vehicle is on an incline, this system keeps your Ram pickup stationary for two seconds after the brakes have been released or until the accelerator is depressed.

PARK-SENSE[®] REAR PARK ASSIST⁵

Indispensable protection—this available feature uses integrated sensors with ultrasonic waves to detect objects as far as 2 metres (79 inches) away from the rear bumper. Read-outs located in the gauge-cluster display team up with audible chimes to notify the driver of proximity to rear objects.

REAL-WORLD TESTING DELIVERS STELLAR PERFORMANCE AND DEPENDABILITY

RAM 1500 CLASSIC: SOLID RELIABILITY.

TOWING AS IT SHOULD BE

Tow up to 10,710 lb (4,858 kg)* with the available Class IV hitch receiver that attaches directly to the high-strength steel frame.

ANTISPIN REAR DIFFERENTIAL

This available advantage increases needed traction when rear-wheel slippage is detected—perfect for snowy climates.

AIR BAG[®] TECHNOLOGY

Includes advanced multistage front air bags, supplemental front-seat side-mounted air bags and side-curtain air bags.

ELECTRIC POWER STEERING

Our speed-proportional assist ensures superb highway road feel and minimal effort when parking.

DYNAMIC FRONT CRUMPLE ZONES

Engineered to bear the worst of any impact, they're designed to help keep riders safe and secure.

STANDOUT COMFORT: THE REAR SUSPENSION

Proven over years and kilometres, our multilink coil spring rear suspension is tough, durable—and, above all, comfortable.

TUNED SHOCK ABSORBERS

Optimally calibrated for ideal ride balance and deliver more resistance during upward wheel motion than during downward.

SOLID STEEL BED

With resilient high-strength steel construction, a Ram 1500 Classic cargo bed is built for the toughest jobs out there.

SIDE-IMPACT DOOR BEAMS

Reinforce the protection against side-impact force—helping to protect from every angle.

ACTIVE GRILLE SHUTTERS

Available—and invaluable. The shutters adapt to speed, load and engine needs to provide ideal cooling—while also reducing aerodynamic drag.

From front bumper to steel cargo bed, and everywhere in between, your Ram 1500 Classic is engineered for all-around durability. We employed jaw-dropping procedures to help ensure quality, strength, and safety and security, utilizing practices and protocols that involved some of the most brutal conditions imaginable.

Contrasts in temperature ranged from a scorching 49° C (120° F) to a frigid -40° C (-40° F), over boulder-strewn off-road trails—and much more. In every environment and under full and empty loads, Ram 1500 Classic came through—with performance, capability and outstanding quality.

*When properly equipped.

RAM 1500 CLASSIC: INSPIRED STORAGE SOLUTIONS.

Properly secure all cargo.

NEXT-LEVEL CARGO MANAGEMENT. Ram 1500 Classic takes on any challenge, including finding smarter and more efficient ways to transport cargo. The available RamBox® Cargo Management System includes two versatile, weatherproof, lockable, drainable and illuminated storage bins—ideal for storing and hauling. Even better: available accessories from Mopar® for any lifestyle need fit inside the bins.

A. STANDARD SHEETS FIT The RamBox® Cargo Management System enlarges storage, while the bed easily fits typical 4x8 sheets of materials. Available.

B. TAKE IT ALL WITH YOU The RamBox System gives you covered and secure storage while still allowing ample bed space for the essentials. Available.

C. IN-BED LED LIGHTING Controlled by a switch or a key fob button, available side cargo-bed lights enable loading anytime, and with no adjustment to a tonneau cover (if so equipped).

D. MANAGE YOUR CARGO The standard bed divider/extender lets you divide cargo; it collapses and is stored at the front of the bed.

WARLOCK

AGGRESSIVE CAPABILITY WITH A BOLD EXTERIOR LOOK.

Warlock in Granite Crystal Metallic.

Warlock in Flame Red.

SLEEK DESIGN MEETS ROCK-HARD CAPABILITY. THAT'S RAM 1500 CLASSIC WARLOCK. As the top-of-the-line Ram 1500 Classic model in Canada, Warlock creates an unforgettable response the moment you see it. Street presence starts with a characteristic Black against body-colour and the aggressive Sport Performance Hood. Powered by the standard 3.6L Pentastar™ V6 or optional 5.7L HEMI® V8 engine, Warlock rides on authoritative 20x8-inch Semi-Gloss Black wheels. Inside, look for cloth seating and the 6-ring instrumentation cluster. In 4x4 only, as a Quad Cab® or Crew Cab.

CLASSIC PRESENCE: WHERE CAPABILITY JOINS CHARACTER.

ST

PURE CAPABILITY STANDS READY TO SERVE

You don't put in half effort, and neither does your Ram truck. The Ram 1500 Classic ST features the standard and robust 3.6L Pentastar™ V6 engine, 17-inch steel wheels, the ParkView® Rear Back-Up Camera⁵ and easy-clean vinyl seating. Opt for available features like the Electronics Convenience Group, which includes Dual-Zone Automatic Temperature Control on Quad Cab® and Crew Cab, 7-inch Driver Information Display and Uconnect® 4C radio with 8.4-inch touchscreen, and you've just customized your pickup.

SLT

THE WORKHORSE OF THE RAM FAMILY

Ram 1500 Classic SLT combines everything that's good in a package that's right. Think touches of chrome that include the rear bumpers and grille surround with body-colour upper fascia. Quad Cab® and Crew Cab models provide the convenient overhead console and remote keyless entry.

EXPRESS®

EXPRESS YOURSELF WITH CONFIDENCE

The Ram 1500 Classic Express delivers a compelling argument about stunning appearance and steadfast capability: a full body-colour front fascia, rear bumper and grille, fog lamps and 17-inch aluminum wheels—powered by the 3.6L Pentastar V6 or optional 5.7L HEMI® V8 engine mated to the standard TorqueFlite® 8-speed automatic transmission.

WARLOCK

THIS RAM HAS IT ALL: SPIRIT, STRENGTH AND SUBSTANCE

In either Quad Cab or Crew Cab with standard 4x4 drivetrain, it's easy to fall under the spell of Ram 1500 Classic Warlock. With 3.6L Pentastar™ V6 or optional 5.7L HEMI® V8 engine and the TorqueFlite® 8-speed automatic, the Warlock model puts it together in style. Inside, count on a crew-friendly front cloth bench seat, while exterior touches include Black powder-coated bumpers, bi-functional halogen projector headlamps, rear heavy-duty shock absorbers, the Sport Performance hood, all riding on the confidence of 20x8-inch Semi-Gloss Black wheels. Sport hood standard.

WARRANTIES: 2020 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre* fully transferable Powertrain Limited Warranty with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres*. Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.*
*Whichever comes first. Some conditions may apply. The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new Ram truck. Mopar Vehicle Protection offers extended service plans to help ensure that you'll enjoy your truck for many years down the road. For more information on comprehensive vehicle coverage, see your Ram retailer, call 800-465-2001 or visit fcaCanada.ca/owners

DISCLAIMERS: 1 Based on IHS Markit Automotive Canadian New Vehicle Total Registrations from CY2014 through September 2019. 2 Based on IHS Markit Automotive Canadian New Vehicle Total Registrations with 8-cylinder engines from CY2014 through September 2019. 3 Based on IHS Markit Canadian Vehicles in Operation data as of July 1, 2019 for Model Years 1990–2019 versus Total New Registrations of those same vehicles. Counts for RAM include both RAM and Dodge. 4 No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 5 This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. 6 Requires SiriusXM radio subscriptions governed by Sirius terms and conditions available at www.siriusxm.ca 7 Driving while

distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 8 Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 9 All SiriusXM Guardian equipped vehicles come with a 12-month trial effective on the date of purchase or lease of a new vehicle. Enrolment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. 10 Roadside Assistance Call provides direct calling to Roadside Assistance Service. Vehicle must be within the United States, Puerto Rico or Canada and have network coverage. Additional roadside assistance charges may apply. Check warranty for details. 11 When equipped with remote start. 12 Stolen vehicle police report required. Always notify law enforcement if your vehicle is stolen and do not attempt to recover it on your own. 13 Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. WiFi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See retailer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. 14 SiriusXM Traffic and SiriusXM Travel Link require a subscription, sold separately or as a package, by SiriusXM Radio Inc. If you decide to continue service after your trial period included with the new vehicle purchase, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Trial service is not transferable. Fees and taxes apply. Please see the Customer Agreement at www.siriusxm.ca for complete terms and how to cancel, which includes calling SiriusXM at 1-866-539-7474. All fees and programming are subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Data displays and individual product availability vary by vehicle hardware. Current information and features may not be available in all locations, or on all receivers. Weather Forecast, Current Conditions may not be available in all locations. 15 Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Apple CarPlay requires a compatible iPhone connected via USB cable to the Uconnect system. Android Auto requires the Android Auto App on Google Play and an Android compatible smartphone running Android 5.0 or higher. Data plan rates may apply. 16 Siri Eyes Free requires an iPhone equipped with Siri. Certain features not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 17 The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 18 Not compatible with all garage door openers. 19 Based on *EnerGuide* highway fuel consumption ratings and fuel-tank options. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. Ask your retailer for the *EnerGuide* information. 11.0 L/100 km (26 mpg) highway and 15.7 L/100 km (18 mpg) city on Ram 1500 Classic 4x2 models equipped with the 5.7L engine and TorqueFlite 8-speed transmission. Miles per gallon (MPG) ratings based on imperial gallon. 20 Based on *EnerGuide* highway fuel consumption ratings and fuel-tank options. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. Ask your retailer for the *EnerGuide* information. 9.6 L/100 km (29 mpg) highway and 13.9 L/100 km (20 mpg) city on Ram 1500 Classic 4x2 models equipped with the 3.6L engine and TorqueFlite 8-speed transmission. Miles per gallon (MPG) ratings based on imperial gallon. 21 In the event of a medical or other emergency, press the SOS button to be connected to a Customer Care agent who can direct emergency assistance to your vehicle's location. 22 To use Vehicle Finder, you must have the Uconnect App with SiriusXM Guardian installed on a compatible smartphone and have an active subscription to SiriusXM Guardian.
