

All-New 2016 FIAT® 500X

FIAT® 500X Key Messages

The all-new 2016 FIAT 500X delivers iconic Italian style with added functionality, performance and all-wheel drive confidence

- Advanced drive systems
 - First FIAT offering a 9-speed automatic transmission
 - Two fuel-efficient MultiAir® engines to choose from
 - Disconnecting rear axle for improved fuel-efficiency
- Engineered and executed for safety
- Full array of comfort/convenience technologies
- Unmatched capability/ utility / versatility
- Superior ride and handling
- Authentic FIAT design with world-class craftsmanship

The charm of a FIAT with the capability of a crossover

Advanced drive systems

- First FIAT offering a 9-speed automatic transmission
- Rear-axle disconnect resulting in reduced parasitic loss when AWD capability isn't needed, improving fuel efficiency
- Three powertrain combinations tailored to North American needs
- 1.4L MultiAir® Turbo I-4 mated with 6-speed manual transmission (FWD)
 - 160 hp, 184 lb-ft of torque
- 2.4L Tigershark™ MultiAir I-4 mated with class-exclusive 9-speed automatic transmission (FWD and AWD)
 - 180 hp, 175 lb-ft of torque
- FIAT Dynamic Selector™ traction control system with three customized modes – Auto, Sport, Traction Plus

FIAT® 500X Advanced Safety

Engineered and executed for safety

- Seven standard airbags
- Standard electric park brake
- Available Lane Departure Warning with Lane Keep Assist
- Available Forward Collision Warning with Active Braking
- Available Blind-Spot Monitoring with Rear Cross-Path Detection
- Available Park-Sense® Rear Park Assist System
- Available ParkView® Rear Back-up Camera with active grid lines

FIAT® 500X Advanced Technology

Full array of comfort/convenience technologies

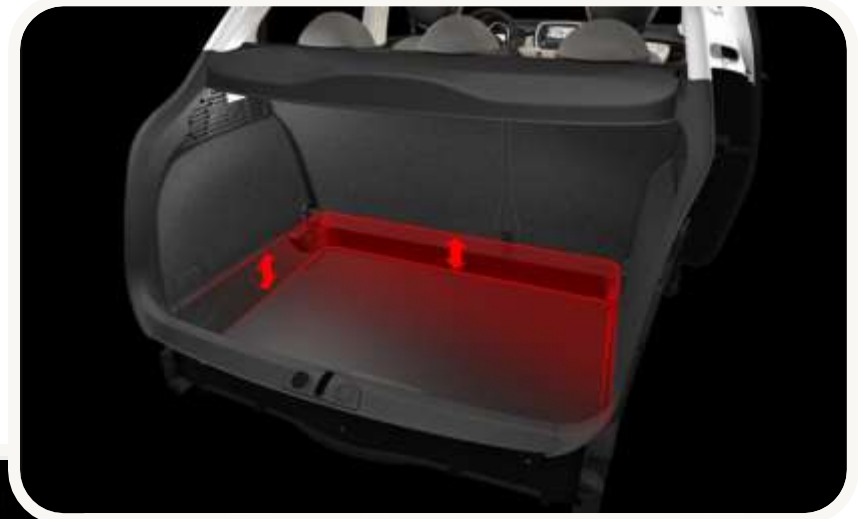

- Space-saving electric park brake
- Cap-less fuel fill
- Standard Tire Pressure Monitoring Display
- Available dual pane sunroof
- Available Keyless Enter 'n Go™ with proximity entry
- Available front heated seats
- Available heated steering wheel
- Uconnect® multimedia centres
- Beats™ premium audio system

FIAT® 500X Capability/Utility

- Rear cargo volume of 346 litres
- Height adjustable rear cargo floor
- Fold-forward front passenger seat
- Second row 60/40 split folding rear seat
- Various interior storage compartments

FIAT® 500X Interior Convenience

- Front Compartment Storage
 - Dual glove box with locking lower
 - Centre console lower storage
 - IP Bin at base of centre stack
 - Door map pockets and bottle holders

FIAT® 500X Dynamic Selector

A three-way drive mode selector that allows the driver to select the more suitable vehicle configuration for each driving condition.

- **Auto**

Basic mode calibrated for everyday driving. Designed to ensure optimal fuel efficiency, low emissions and driving comfort.

- **Sport**

Converts to a specific engine calibration for a “Sporty” feeling and is tuned (via ESC controls and steering calibrations) to have a faster driving response.

- **Traction Plus**

Converts to a specifically calibrated mode to maximize low-speed traction with low friction and off-road surfaces by providing additional wheel slip (via specifically tuned chassis controls, and a more direct engine response).
