TOWN & COUNTRY

*ALL DRESSED UP.
SOMEWHERE TO GO.*

The premium craftsmanship and benchmark styling of Canada's ultimate luxury minivan provides the innovation you want, with the convenience, safety and flexibility you need. It is truly a testimonial to families in the real world, one moment at a time and one genius detail at a time like the industry-exclusive Super Stow 'n Go® and Best-in-Class horsepower.⁽¹⁾ Town & Country Limited stands as Canada's most luxurious minivan⁽¹⁾ with features such as Nappa leather-faced seating, and a class-exclusive heated wood and leather-wrapped steering wheel⁽¹⁾ with integrated cruise and audio controls. With eight-way power driver and front-passenger seats, heated front and second-row seats, power second- and third-row windows with manual shades, and comfortable seating for seven, this is a vehicle that considers passenger comfort as intuitively as the driver's, and it's only offered in the Chrysler Town & Country.

CLASS-LEADING INNOVATION

All this luxury is further enhanced with standard amenities such as the Uconnect™ 430 multimedia centre with 6.5-inch touch screen and SiriusXM Satellite Radio⁽²⁾ with one-year subscription. Uconnect is an intuitive, touch-screen hub for all your media needs — smartphone, satellite radio, MP3 player, and available navigation system.⁽⁴⁾ You'll stay connected, entertained, and focused on driving with its available hands-free communication⁽³⁾ with Bluetooth® streaming audio. Here, innovative technology, luxurious comfort and everyday convenience merge harmoniously.

The standard Super Console features large, covered storage areas accessible by both first- and second-row passengers. Two power outlets, perfect for charging media devices, are within easy reach and two of the console's four cup holders hold 355-mL cans while the other two hold up to 1-litre bottles.

INDUSTRY EXCLUSIVE BLU-RAY™ DUAL ENTERTAINMENT. Let this premium entertainment system help keep your passengers occupied. With two independent nine-inch high-resolution VGA screens, Blu-ray/DVD compatibility, and game console inputs, the kids don't have to settle on just one thing to watch or play. The video system can be operated from the rear-seat entertainment unit, including HDMI connectivity and two updated USB ports, as well as the radio head unit. The overhead rail system includes storage for the wireless headphones and remote control.

INDUSTRY-EXCLUSIVE
STOW 'N GO[®]

ONE MOTION. The simple second-row Super Stow 'n Go system folds the head restraint down automatically for easy operation and reveals what makes Town & Country legendary: industry-exclusive Stow 'n Go seating with in-floor storage bins and fold-in-floor second- and third-row seats. When the seats are in their upright position, second-row in-floor bins offer 180 litres of concealed storage space.

CLASS-EXCLUSIVE POWER-FOLDING THIRD-ROW.⁽¹⁾ With the touch of a button, the available class-exclusive one-touch power-folding third-row 60/40 split-bench seat⁽¹⁾ folds directly into the floor. This feature also includes obstacle detection⁽⁶⁾ to automatically pause if something is detected in its path of motion.

*THE INDUSTRY'S MOST INNOVATIVE
 PASSENGER AND CARGO VEHICLE*

With 81 possible configurations, the Town & Country makes the most of moments together and doesn't sacrifice luxury for versatility. With all seats stowed, the Town & Country yields a flat cargo floor and 4072 litres of storage for easy loading without ever having to remove a seat. When the seats are in their upright position, in-floor bins store a multitude of items from laptops and purses to toys, backpacks, sleeping bags, and shopping bags. The premium Super Console provides power outlets, cup holders, covered storage, and more to both first- and second-row passengers. The class-exclusive Stow 'n Place[™] roof-rack system⁽¹⁾ offers additional storage for excess baggage, with the convenience of crossbars that stow into the side rails when not in use.

MORE THAN 40 SAFETY, SECURITY AND TECHNOLOGY FEATURES

AIR BAGS.⁽⁷⁾ Advanced multistage front air bags regulate deployment force based on impact. Supplemental front-seat-mounted side air bags, a driver's knee blocker air bag, and supplemental side-curtain air bags for front and rear outboard occupants are all standard.

REACTIVE FRONT HEAD RESTRAINTS.⁽⁵⁾ In the event of a rear-end collision, the head restraints automatically move forward and upward to decrease the space between the head restraint and the occupant's head. Standard.

POWER SLIDING DOORS AND LIFTGATE with obstacle detection.⁽⁶⁾ With the push of a button, in cabin or on the key fob, the dual sliding doors or liftgate open. These power doors automatically halt if obstacles⁽⁶⁾ are detected. Standard.

STRATEGICALLY PLACED HIGH-STRENGTH STEEL. The standard Town & Country architecture includes dual-phase, high-strength and hot-stamped steel, resulting in a strong safety cage that contributes to overall vehicle-impact performance.

TIRE PRESSURE MONITORING SYSTEM. Individual tire-pressure levels are displayed in the instrument cluster and alert the driver when tire pressure is too high or too low. Standard.

POWER ADJUSTABLE PEDALS. The adjustable brake and accelerator pedals allow drivers to customize their position. Standard.

KEYLESS ENTER 'N GO.TM With the key fob in a pocket or purse, you can automatically unlock the doors and liftgate with the touch of the door handle. This available system allows quick access and includes the added convenience of a push-button-start ignition.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS). This system makes it easier for emergency personnel to see and reach occupants in the event of an accident involving air bag⁽⁷⁾ deployment by turning on interior lighting, flashing hazard lamps, unlocking doors and shutting off the flow of fuel to the engine once the vehicle has stopped. Standard.

BLIND-SPOT MONITORING (BSM).⁽⁸⁾ This technology has dual radar sensors that constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminated icons on the sideview mirrors and by an audible chime if the turn signal is activated. Available.

CLASS-EXCLUSIVE REAR CROSS-PATH DETECTION.⁽⁹⁾ When in reverse, rear sensors warn the driver with an audible chime if cross traffic approaches the vehicle. Included with Blind-Spot Monitoring.⁽⁸⁾

PARKSENSE[®] REAR PARK ASSIST.⁽¹⁰⁾ When in reverse, sensors detect the presence of objects in the back-up pathway and provide audible and visual warnings. Available.

30th ANNIVERSARY

A celebration 30 years in the making! This special-edition model pays homage to the innovation and versatility that have been the trademark of its purpose to growing families since Chrysler invented the minivan three decades ago. The 30th Anniversary Edition adds unique adornments inside and out, including luxurious Nappa leather seats with Alcantara® suede for a smooth-as-silk experience. This special anniversary model also includes premium front-door trim, chrome-trimmed instrument panel with black finish bezel, leather-wrapped steering wheel with chrome accents, 17-inch polished aluminum wheels with Satin Carbon pockets and 30th Anniversary badges on the front fenders for a final touch of quality assurance. Additional features include remote keyless entry, hands-free communication,⁽³⁾ heated front- and second-row seats, heated steering wheel, power adjustable pedals and power folding third-row seats.

Town & Country 30th Anniversary Edition shown in Billet Metallic.

Town & Country Limited shown in True Blue Pearl.

IT STANDS FOR STRENGTH

Since getting everyone there confidently is the only option, you'll know why it matters to have a vehicle this powerful.

Powered by the standard 3.6L Pentastar™ V6 engine with Variable Valve Timing (VVT), this award-winning engine boasts Best-in-Class 283 horsepower and 260 lb-ft of torque,⁽¹⁾ yet efficiently provides up to 8.0 L/100 km (35 mpg) highway,* combining an exceptional blend of high torque, fuel efficiency, low emissions and quiet operation. The Chrysler Town & Country also features a class-exclusive Fuel Economizer feature⁽¹⁾ that alters transmission shift patterns to help improve fuel efficiency with the touch of a button.

TOW WITH CONFIDENCE

Get more out of the country when you get out of town. With towing capacity of up to 1588 kg (3500 lb),⁽¹¹⁾ a Class II hitch receiver and a trailer tow wiring harness, as well as load levelling and height control, this available package gives even greater options to the already versatile lifestyle that Town & Country has to offer. Add in the standard Trailer Sway Control, part of Electronic Stability Control,⁽¹²⁾ which recognizes sway unique to trailering and will automatically apply the brakes to any individual wheel and/or reduce engine power to help eliminate trailer sway. You can rest at ease knowing this system will help keep you and the toys you are towing⁽¹¹⁾ safely on course and under control.
