When it comes to value, few vehicles can compete with the 2013 Jeep Patriot. Not only is it well-equipped with standard features, it is also the most fuel-efficient 4x4 SUV in Canada – and impressive 8.9 L/100 km (32) city/6.6 L/100 km (43) highway on Sport and North models with the 2.0L I-4 engine and a manual transmission, and with an estimated 9.0 L/100 km (31) city/7.0 L/100 km (40) highway mpg on 4x2 Sport models with the 2.4L engine.

Adding to its capable allure, all Patriot models are available with standard manual transmission or available automatic transmission and available Freedom Drive I® or Freedom Drive II® 4x4 systems equipped with LOCK Mode. In fact, Patriot Sport models equipped with Freedom Drive II® earn a Trail Rated® badge and Best-in-Class off-road capability to boot.

But Patriot's appeal doesn't stop there. It offers more than 30 safety features, was a 2012 IIHS Top Safety Pick with available side-seat air bags and is the lowest-priced SUV in Canada with price points starting at under \$20,000.

Product Presentation

During the Product Presentation, you work as an advisor by matching vehicle features to a customer’s SUVPS buying motivations. Focus the conversation on the key features that will influence your particular customer’s purchase decision. For each feature, remember to emphasize the benefits to the customer — the reasons why Patriot is their best purchase choice. Some features may be optional or not available on some models. Consult the Features, Options & Package Groups charts or the Code Guide to determine the availability of specific Patriot features.
