Get to Know the All-New 2015

▶ TRANSIT

INNOVATIVE DESIGN AND ENGINEERING AT WORK

From America's full-size van leader, the all-new 2015 Transit is designed to set the standard for full-size commercial vans. Business owners who are looking for outstanding capability, impressive efficiency, Built Ford Tough® durability and more, will find that Transit is the no-compromise solution for their business.

Packaging Guide

2015 TRANSIT | VAN AND WAGON

COMPLETELY REENGINEERED WITH A WIDE RANGE OF CUSTOMERS IN MIND

The 2015 Transit offers impressive flexibility and efficiency. From Van and Wagon models to Chassis Cab and Cutaway bodystyles ... from a powerful and efficient engine lineup to a host of smart tech features ... from impressive choices for wheelbases, roof heights, door and glass options to a wide range of functional upfits ... the 2015 Transit can be configured to capably handle the daily needs of business customers who are going places.

This Packaging Guide is designed to help you get to know the all-new Transit and gain valuable insight on how to help customers configure the model that's just right for them.

TRANSIT

CHASSIS CAB AND CUTAWAY

In addition to the spacious, capable Van and the roomy, comfortable Wagon, the 2015 Transit offers fleet and commercial customers a rugged and versatile Chassis Cab and a Cutaway model with convenient direct cab-to-body access.

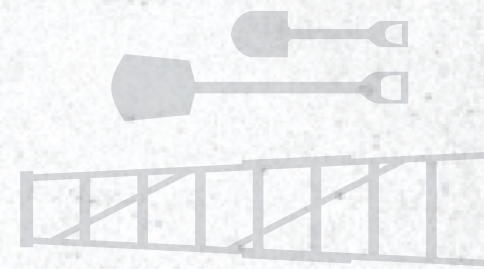

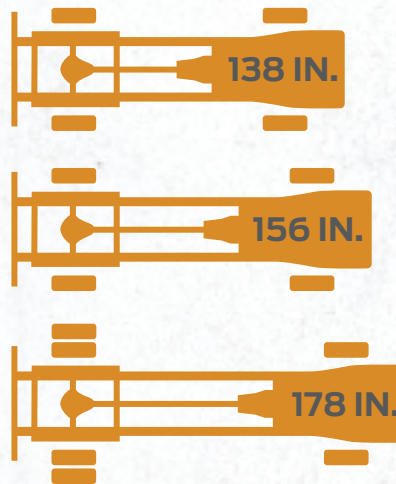

Chassis Cab and Cutaway models are highly flexible and offer three wheelbases — 138, 156 and 178 inches — accommodating a wide range of body types and sizes.

Model Lineup: Transit-250, -350 and -350HD

- Low roof height: 86.4 to 87.3 inches
- 3 wheelbases: 138 inches, 156 inches and 178 inches

For additional information on Transit Chassis Cab and Cutaway models, please see the Dealer Ordering Guide.

Medium roof height: 100.8"

Low roof height: 83.6"

TEST-DRIVE THE COMBINATOR

Have you tried the new interactive tool designed to help customers build the Transit that's just right for them? The Transit Combinator steps through a virtual build by beginning with matching one of the four bodystyles to an available wheelbase and roof height ... then personalizes from the palette of 10 exterior colors. It's a full-size build tool customers are sure to appreciate.

 - Rear compartment trim panel delete (66F)

FEATURES OVERVIEW

The 2015 Transit has been designed and engineered with impressive levels of innovation. Here's a quick look at key Transit features.

DESIGN

While the Transit exterior conveys an energy-in-motion design, the interior is equally dynamic with its driver-focused appearance.

- On the outside, the **unibody construction** is designed to be lightweight and highly durable
- Sleek exterior with **a variety of paint choices**
- Fuel filler integrated with driver door
- On the inside, Transit offers a contemporary design that's optimized for productivity with:
 - **Convenient storage** provides passengers with plenty of space for their personal items
 - Impressive upfit potential with customizable racks and bins as well as shelving and other cargo and hauling solutions

Unibody construction provides strength through the whole vehicle structure and weighs less than body-on-frame construction, providing efficiency and great capability.

Exterior Colors

- | | |
|---|--|
|  Blue Jeans Metallic (N1) |  Vermillion Red (E4) |
|  Green Gem Metallic (W6) |  Sterling Grey Metallic (UJ) |
|  School Bus Yellow ⁽¹⁾ (BY) |  Pueblo Gold Metallic (G3) |
|  Ingot Silver Metallic (UX) |  Tuxedo Black Metallic (UH) |
|  Lunar Sky Metallic (KT) |  Caribou ⁽²⁾ (H5) |
|  Oxford White (YZ) |  Magnetic ⁽²⁾ (J7) |

⁽¹⁾ Fleet only

CAPABILITY/FLEXIBILITY

The Transit power of choice goes beyond powertrain options to include multiple lengths and roof heights, giving full-size Van buyers a variety of configurations to meet many business needs.

- Provides superior cargo-hauling and people-moving capability
- Wide GVWR range from 8,600 to 10,360 lbs., which means excellent payload capacity
- A range of seating choices to accommodate people and cargo
 - Van, Wagon, Chassis Cab and Cutaway variations
 - Three roof heights — low, medium or high
 - 180- or 270-degree opening rear cargo doors
 - Wide range of wheelbase options
 - 130-inch regular (RWB)
 - 148-inch long (LWB)
 - 148-inch extended-length long (LWB)

Transit is capable and flexible with a maximum cargo volume of more than 487.3 cubic feet and a roof tall enough to accommodate large items in an upright position.

SEATING

- Van, Cutaway and Chassis Cab offer 2-passenger seating
- Wagon models offer:
 - 8-passenger seating with regular wheelbase
 - 10-passenger seating with regular wheelbase (optional)
 - 12-passenger seating with long wheelbase
 - 15-passenger seating with long wheelbase (optional)
 - 15-passenger seating with long wheelbase extended-length

FEATURES OVERVIEW

DURABILITY

The all-new Transit has been engineered to ultra-stringent Ford commercial truck standards for durability.

- Extensive application of high-strength and **boron steel** tested to the same standards as E-Series vehicles at the Ford Proving Grounds and in the hands of real-world fleet customers in North America
- High-strength and ultra-high-strength steels used in structural components as well as panels
- Durability program to deliver on Built Ford Tough® customer requirements included 148 prototype vehicles with a regimen of 215 separate tests to validate the long-haul functionality of various vehicle systems and hardware

BENEFITS OF ULTRA-HIGH-STRENGTH BORON STEEL

- Stronger than high-strength steel, while still being lightweight
- Helps increase overall strength of the passenger compartment for added rigidity

PERFORMANCE

The 2015 Transit means business with a flexible powertrain lineup featuring three engine choices and a host of performance and efficiency features.

- **3.7L Ti-VCT FFV V6 engine** features an available **CNG/LPG Gaseous Engine Prep Package**
- **3.5L EcoBoost® V6 engine** with Ti-VCT combines proven technologies to provide an impressive balance of power, capability and efficiency
- **3.2L Power Stroke® I-5 diesel engine** offers B20 biodiesel fuel capability
- 6-speed automatic transmission with SelectShift® capability

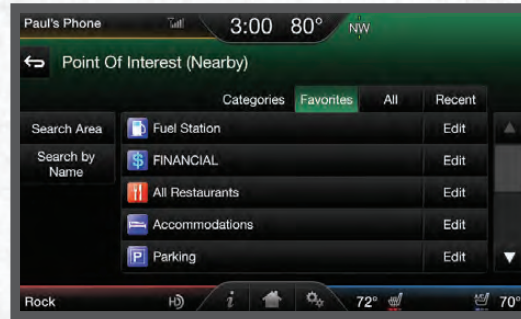

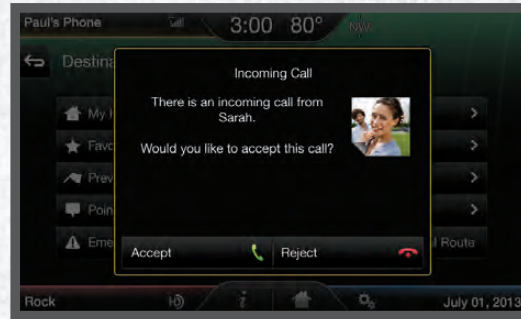

Compressed natural gas (CNG) and liquid propane gas (LPG) are becoming increasingly popular choices for those looking to help cut fuel costs. That's why the 3.7L V6-powered Transit offers the CNG/LPG Gaseous Engine Prep Package.⁽¹⁾ Included are hardened exhaust valves and valve seats for improved wear resistance and durability for gaseous fuel systems.

(1) Vehicle will be equipped with the standard factory gasoline fuel system. This package does not include CNG/LPG fuel tanks, lines, etc.

TECHNOLOGY

Transit offers a host of smart technology features to help drivers improve daily productivity.

- 4-inch LCD productivity screen
- Crew Chief™ powered by Telogis®
- Lane-Keeping System
- MyKey®
- SYNC® and SYNC with MyFord Touch®
- Voice-activated Navigation System with SiriusXM
- SiriusXM Traffic and Travel Link Services
- Rear view camera with Trailer Hitch Assist

SAFETY AND SECURITY

Today's customers have come to expect a high level of standard safety and the 2015 Transit delivers.

- Safety Canopy® System with Rollover Sensor
- Front-seat Side Airbags
- Second-generation Ford Airbag Technology
- Personal Safety System™
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Anti-Lock Braking System (ABS)
- Brake Assist
- Tire Pressure Monitoring System (TPMS)
- SecuriLock® Passive Anti-Theft System
- Perimeter Anti-Theft Alarm

TRANSIT | VAN AND WAGON

PERSONAL PREFERENCES

When it comes to customizing Transit, there are a wide range of possibilities.

MOBILE BUSINESS CARD

Large side panels enable business customers to add Custom Graphics by Original Wraps™ and turn their new Transit into a rolling advertisement.

- Customers can choose from a wide variety of vinyl designs or upload their own
- Wraps are printed with only the finest 3M™ vinyl and are laminated for protection
- Wraps are all removable, residue-free, durable and scratch-resistant
- Visit fordcommercialgraphics.com for additional information

UPFITTING TRANSIT VAN

With the new online Racks and Bins Configurator, it's now easier than ever to deliver customized racks-and-bins ship-thru packages for Transit Van models.

Customize upfit packages with a drag-and-drop interactive tool that lets your customers visualize the Van interior before placing the order.

Choose products from some of the best names in the upfit business — Adrian Steel®, Masterack® and Sortimo®.

Save time — Using transitupfits.com makes placing orders easy and less time-consuming. Vehicles are delivered to your dealership fully equipped to your customers' specifications.

The upfitter tool will be available in late January 2014 at transitupfits.com.
