

Sell Your Car Checklist

What to bring for your appointment

1. Your car's title or pay-off information

We will need your title to transfer the car's ownership, and it must be provided at the time of sale. All titleholders should be present. If any person listed on the title cannot make it, or if you don't have your title, please contact us for details.

2. Valid registration

We must see the car's current registration to confirm that you're the owner.

3. Valid Photo ID

All titleholders should bring valid, state-issued photo identification.

4. Keys and remote

When selling us your car, it's important you provide us all sets of keys and remotes. If the original keys and remote to the car are missing, we may adjust the offer.
