

**PORSCHE**

# **Tequipment Macan**

**Accessories for the new Macan models**

**Porsche Tequipment – accessories for a life intensified.**

Commanding yet compact. Plenty of space for hobbies and leisure yet sporty through and through. Five doors and five seats, yet intimate with the road. The new Macan was made for an intensive life, with no room for compromise.

This can also be said for the Porsche Tequipment products; which are developed and tested with the entire vehicle in mind – and by the same Porsche engineers and designers who create the cars.

All this takes place primarily at the Porsche Development Centre in Weissach, Germany.

The same applies to one of the highlights in our range: the SportDesign package. Developed specifically for the Macan, this package comprises a distinctive SportDesign front apron and a SportDesign rear apron.

In typical Porsche fashion, we see form following function, for the best possible combination of performance and every-day practicality. During its development,

the SportDesign package was required to withstand continuous loads on specially designed test rigs. In the wind tunnel, aerodynamics and lift forces were evaluated extensively and adapted to the overall aerodynamic concept of the Macan. Laboratory analysis provided confirmation of material and surface quality. Finally, behaviour under dynamic driving conditions was observed on the racetrack. Typically Porsche.

Still looking for more? More sport, more comfort, or more style? In short, more individuality? No problem. Whichever Tequipment products you ask your Porsche Centre to fit, your Porsche will always be the masterpiece that the developers in Weissach envisaged it to be.

And your original car warranty? It will remain completely intact. For more information about Porsche Tequipment,

please consult your Porsche Centre. You will also find all our products at [www.porsche.com/tequipment](http://www.porsche.com/tequipment) using our online 'Tequipment Finder'.

**Exterior** 6

From the SportDesign package to the wheels. Whatever you decide, your choice will be a reflection of your sportiness.

**Interior** 28

Personalise the interior entirely to your taste. Whilst keeping it 100% Porsche.

**Transport and car care** 36

Your Macan can carry much more than the motorsport enthusiast inside it. We offer a range of transport accessories and cater for your car care needs.

**Panorama** 48

A brief insight into the world of Porsche.

## Contents

For fuel consumption, CO<sub>2</sub> emissions and efficiency class, please refer to page 51.

**You're one of a kind.**

**Why should your car be any different?**

The Macan knows only one principle: intensity. How can you tell? From the feeling of energy that it stirs within you: the realisation that you can achieve anything, succeed at anything and change anything. Exactly the way you envisaged.

So it stands to reason that you're the only one who matters when it comes to styling your Macan. It's yours to adapt to your life. This can be accomplished with the SportDesign package, Bi-Xenon main headlights in black and smoked LED taillights for example. Or simply choose some new wheels to add an extra dash of dynamic flair.

Still not enough? The sports exhaust system not only reinforces the sporty look of the Macan, it produces an even more powerful sound.

## Exterior

**Life is not the only thing you should shape to your own style.**

**[1] SportDesign package**

You can identify an athlete from their physique. The SportDesign package, which has been specifically developed for the Macan, provides a distinctive look and an even more powerful appearance. It features a fully fledged SportDesign front end, SportDesign rear apron, separation

edge on the roof spoiler and rear middle section which are available in the exterior colour of the car.

The side skirts and the side blades are not included in the package, but can be ordered separately.

**[2] SportDesign side skirts**

Distinctive SportDesign side skirts available in the exterior colour of the car add an attractive styling detail to your Macan to make an even sportier impression.

**[3] Side blades**

Add the finishing touch to your Macan: side blades available in the exterior colour of the car.

1, 2, 3

2, 3

**[1] Running boards**

Running boards in brushed stainless steel with anti-slip rubber pads make your Macan even more individual and give it an even more powerful and sporty

appearance. Running boards also enable easier access to the passenger compartment and roof.

Restricted off-road use.

1

**[2] SportDesign exterior mirrors**

What matters to the Macan? Every single detail. These distinctive exterior mirrors available in the exterior colour of the car and with v-shaped mirror base were designed to reflect this point of view.

2

**[3] Sports tailpipes**

Make the rear of your Macan look even sportier with these specially designed twin dual-tube tailpipes in stainless steel with a silver-coloured chrome-plated finish.

**[4] Sports tailpipes in black**

The sports tailpipes with black chromed surface ensure an even more powerful look at the rear of your Macan.

3

**[5] Sports exhaust system (not shown)**

That Porsche sound. Powerful, earthy, sporty. And the best thing about it: it can be made even more prominent. Thanks to the sports exhaust system with modified rear muffler including sports tailpipes with

their distinctive design – either chromed in silver, or black. The sports exhaust system is activated by an integrated switch in the centre console control panel.

Only for Macan S and Macan Turbo.

4

**[6] Fuel filler cap in Aluminium Look (not shown)**

This elegant accessory in Aluminium Look is a stylish addition. Inspired by our racing heritage, it will further accentuate the sporty style of your Macan. Modelled on filler caps from historic race vehicles, it has an engraved 'PORSCHE' logo and securing tether.

**[1] Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS)**

See clearly and look good – with Bi-Xenon main headlights in black including Porsche

Dynamic Light System (PDLS). Smoked internal components and painted borders draw attention to the individual appearance of your car.

Bi-Xenon main headlights in black also available in conjunction with Porsche Dynamic Light System Plus (PDLS+).

Bi-Xenon main headlights in black have the same function and geometry as standard Bi-Xenon main headlights.

**[2] Smoked LED taillights with adaptive brake lights**

Smoked LED taillights make that final statement of sportiness. The smouldering combination of lenses in dark red and

selected internal parts in black, leaves a special kind of impression – a lasting one.

Smoked LED taillights have the same function and geometry as standard LED taillights.

**The foundations for extraordinary performance are always built from the ground up.**

Performance doesn't end at the wheels, it's where it all begins. Indeed, the delivery of power to the road is about one thing above all: transmission of impulses. Fast, direct and without compromise.

That's why the development of our wheels and cars is based on the same approach: everything revolves around a sporty design, not least in terms of driving performance, handling and weight.

Bearing this in mind, our wheels are the foundation for low fuel consumption figures and, of course, unadulterated driving pleasure.

**[1] 21-inch Sport Classic wheels with summer tyres**

These forged one-piece alloy wheels with five-spoke Sport Classic design are intimately associated with the history of the 911. Their appearance pays homage

to the historic Fuchs wheel, which was used for the first time in 1966 on the Porsche 911 S. Made from forged aluminium, these wheels are both light and resilient. Their low weight helps to reduce unsprung masses, which increases

ride comfort and improves agility. Not only do they offer optimum dynamic performance, they feature a GT Silver Metallic paint finish with a high-gloss polished outer edge for an equally dynamic appearance.

**[1] 21-inch Sport Classic wheels painted in black (high-gloss) with summer tyres**

This set of forged one-piece alloy wheels with five-spoke Sport Classic design creates an imposing look. Painted in black

(high-gloss) and with a polished outer edge, they make the Macan appear even more stunning. Includes wheel centres with full-colour Porsche Crest.

**[2] 21-inch Sport Classic wheels painted in satin platinum with summer tyres**

These forged one-piece alloy wheels with five-spoke Sport Classic design are as elegant as they are sporty. Painted in

satin platinum, they emphasise the sporty appeal of the Macan and bestow an elegant appearance. Includes wheel centres with full-colour Porsche Crest and anti-theft protection.

**[3] 21-inch 911 Turbo Design wheels with summer tyres**

This set of wheels with summer tyres emphasises the agility of your Macan and maintains an excellent connection with the road. Forged and lightweight with a multi-spoke design, the two-tone finish of the wheels adds sporty accents.

**[4] 20-inch Macan SportDesign wheels with summer or winter tyres**

These highly distinctive alloy wheels with lightweight multi-spoke design are the perfect complement to your Macan – whatever the time of year.

**[5] 20-inch RS Spyder Design wheels with summer or winter tyres**

This design takes its cues from the wheels that adorned the successful Porsche RS Spyder race car. The prominent features of these sporty, lightweight forged aluminium wheels are the seven Y-shaped dual-arm spokes and the polished wheel rims.

**[1] 19-inch Sport Classic wheels with summer or winter tyres**

This set of forged one-piece alloy wheels with five-spoke Sport Classic design emphasises the sporty performance of

your Macan. Painted in GT Silver Metallic and with a highly polished outer edge, the wheels are not simply stylish, they also help to ensure excellent contact with the road.

**[2] 19-inch Sport Classic wheels painted in satin platinum with summer or winter tyres**

A seamless combination: your Macan and this set of forged one-piece alloy wheels with five-spoke Sport Classic design.

Painted in satin platinum, these wheels with your choice of summer or winter tyres, are the perfect complement to your Porsche – at any time of year. Includes wheel centres with full-colour Porsche Crest.

**[3] 19-inch Macan Turbo wheels with winter tyres**

These alloy wheels with lightweight dual-arm five-spoke design underline the individual character of your vehicle and add sporty accents.

**[4] 18-inch Macan S wheels with winter tyres**

This set of forged alloy wheels with dual-arm five-spoke design lends prominence to the commanding appearance of your Macan.

**Note on the use of winter tyres**

Summer tyres provide optimum performance at ambient temperatures above approximately +7 °C. Below this point, the tyre compound begins to

harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year so that you can drive

your Macan safe in the knowledge that it will continue to meet our high standards for driving safety, even at low temperatures. All winter tyres approved by Porsche are

identified by an 'N' designation on the sidewall. The benefits are clear. The tyres have been optimised for low noise emissions. Rolling resistance has also

been reduced, which has a positive impact on fuel economy.

For logistical and technical reasons relating to the production process, we are unable to accept orders for a particular make of tyre.

\* 🔊 Quiet rolling noise, 🔊 Moderate rolling noise, 🔊 Loud rolling noise.

○ compatible

– not compatible

<sup>1</sup> Please check whether your desired wheel and tyre combination is listed in the EC declaration of conformity (CoC document) for your particular model. If the wheel and tyre combination is listed, it will be possible to have the wheels fitted without any amendments to your vehicle documents. If the wheel and tyre combination is not listed, you may be required by local law to apply for an amendment to your vehicle documents.

<sup>2</sup> Winter tyres up to max. 240 km/h.

**[1] Snow chains**

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow. Set of two for rear axle.

Available for 18 and 19-inch wheels.

1

**[2] Anti-theft wheel protection**

Set of four anti-theft wheel bolts with highly secure Thatcham-approved locking system.

**[3] Wheel bolts in black including anti-theft protection (not shown)**

Set of 20 wheel bolts in black, four of which are anti-theft wheel bolts. With highly secure Thatcham-approved locking system.

2

**[4] Crested valve caps**

Silver-coloured valve caps with embossed Porsche Crest.

4

**[5] Wheel centres**

Set of four wheel centre caps with full-colour Porsche Crest. The perfect finishing touch for any Macan wheels.

5

**You aren't the type to find contentment in outward appearances alone.**

The Macan puts value on life's essentials: your personal freedom. As you're aware, that doesn't end with the exterior. So it's only logical that one thing matters above all else when it comes to styling the interior; your wishes. Everything is meant to be exactly the way you envisaged – without any compromise whatsoever.

To help you to create the interior you desire, a selection of quality materials is available. How about an elegant wooden finish? The unmistakable grain of limed oak is undoubtedly worth more than just a fleeting glance. Brushed aluminium, carbon or leather will also give your Macan even more character: yours. The following pages will give you all the inspiration you need.

## Interior

**Made for a life intensified.  
Also behind closed doors.**

**[1] Leather**

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hard-wearing.

**[2] Limed oak<sup>1</sup>**

Oak is a timeless genuine wood characterised by its natural-looking grain, which is brought to the fore by the effects of the 'liming' refinement process.

The brushed aluminium intarsia-style inlay on the dashboard decorative trim lends the wood a sporty and elegant appeal.

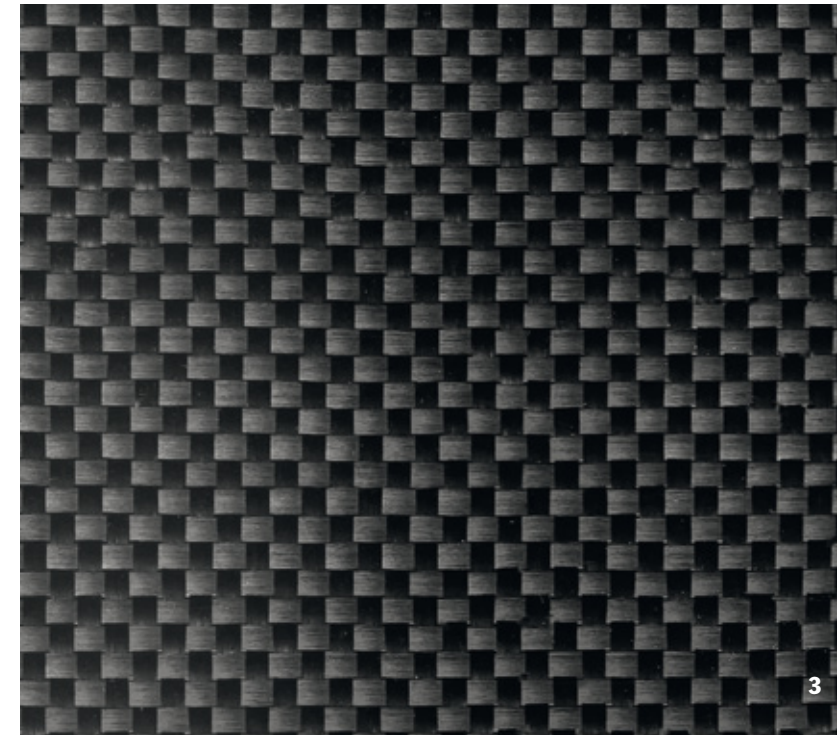

<sup>1</sup> Since wood is a natural product, there may be variations in colour and grain.

**[3] Carbon**

Carbon fibre is a light yet highly durable material used extensively in motorsport. Its look is the ideal complement to the car's race-bred engineering.

**[4] Brushed aluminium**

Brushed aluminium sets clear accents and gives the interior a sporty minimalist look.

**[1] Limed oak interior package**

As unique as a fingerprint: the grain of the limed oak decor adorning the dashboard decorative trim and doors. Intarsia-style inlays in brushed aluminium on the decorative trim of the dashboard add an extraordinary accent and bestow even greater exclusivity.

**[2] Heated multifunction sports steering wheel in limed oak**

The multifunction sports steering wheel in limed oak is the ideal complement to the limed oak interior package. Not only does it look exclusive, it offers outstanding convenience and comfort thanks to its numerous control functions and heatable rim.

**[3] PDK<sup>1</sup> gear selector in aluminium**

Specially designed PDK gear selector in aluminium. The PDK gear selector inlays and gaiter are trimmed in leather in the colour of the interior.

<sup>1</sup> 7-speed Porsche Doppelkupplung (PDK).

**[4] All-weather floor mats (not shown)**

Four made-to-measure floor mats in an appealing design featuring the Macan silhouette and 'PORSCHE' logo. The mats are Anti-slip and waterproof with perimeter ridges. Available in interior colours of Black, Agate Grey and Luxor Beige.

**[5] Floor mats with nubuck edging**

These four made-to-measure floor mats with nubuck edging and 'PORSCHE' logo have a waterproof underside. A special fastener system in the front footwells prevents displacement. Available in all interior colours.

**[6] Vehicle key painted**

A special kind of door opener – one that deserves a second glance. The paint finish on both side mouldings adds a touch of individuality to your vehicle key. Set of two side mouldings.

**[7] Key pouch in leather**

In smooth-finish leather with decorative stitching and embossed Porsche Crest. Includes the tether for the vehicle key.

6, 7

**[1] Door sill guards in brushed aluminium, illuminated**

A brilliant highlight revealed the moment you open the door: door sill guards in brushed aluminium with white illuminated model logo.

**[2] Door sill guards in carbon including loading edge protection**

Sporty from all sides. These door sill guards featuring the model logo and made from lightweight, high-tech carbon

material are worth more than just a look. The same goes for the loading edge protection, also in carbon.

**[3] Door sill guards in carbon, illuminated, including loading edge protection**

Door sill guards in carbon with white illuminated model logo place equal

emphasis on sportiness and extravagance. The loading edge protection in carbon adds appeal at the rear.

**Practical but never ordinary.  
The same applies to our transport  
and car care accessories.**

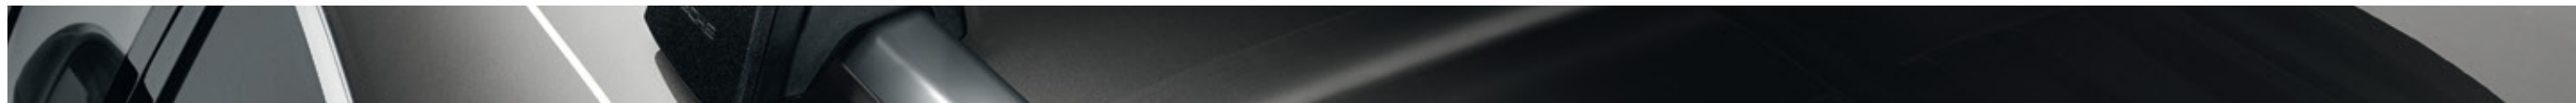

The Macan offers plenty of space for your life, however you choose to lead it. So that you don't have to compromise on a single thing, we offer tailor-made solutions to fulfil your wishes, whether you value comfort or intend to bring your sports equipment along for the ride.

Our roof transport systems ensure that even bulky items of luggage can be accommodated. Perhaps you could need a rear-mounted bike carrier? Or perhaps a cargo liner that protects the luggage compartment from dirt?

Children are also well-protected. On any Porsche child seat, they can travel in stylish comfort and reassuring safety. And at the end of a journey? Your Porsche has earned a rest and deserves some care and attention. Porsche Tequipment has everything you need to reinvigorate your Macan.

## Transport and car care

**Travelling in numbers multiplies the joy.**

What better feeling could there be than sitting in your Macan? Enjoying the experience with others – your children, for example. Travelling in a Porsche is not just

for grown-ups. With Porsche Tequipment child seats, it's for the little ones, too.

**[1] Porsche child seats**

Porsche child seats meet strict safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passengers up

to 12 years of age. The fabrics are breathable, hypoallergenic and easy to clean with a removable and washable cover in black and grey with a contrasting red trim. Porsche child seats can be fixed

conveniently and safely on the front passenger seat<sup>1</sup> and outer rear seats using the ISOFIX<sup>2</sup> mounting points or three-point belt system. For increased safety, the Porsche Baby Seat and

Porsche Junior Seat ISOFIX<sup>2</sup> have an independent five-point belt system.

1

**Model:** Porsche Baby Seat<sup>3</sup>  
**Group:** G 0+  
**Weight:** up to 13 kg  
**Age:** up to approx. 15 months

**Model:** Porsche Junior Plus Seat<sup>4</sup>  
**Group:** G 2–G 3  
**Weight:** 15 to 36 kg  
**Age:** approx. 4 to 12 years

**Model:** Porsche Junior Seat ISOFIX<sup>2</sup>  
**Group:** G 1  
**Weight:** 9 to 18 kg  
**Age:** approx. 9 months to 4 years

<sup>1</sup> The use of a Porsche child seat on the front passenger seat is permitted only in conjunction with factory-fitted ISOFIX mounting points. A switch enables you to deactivate the front passenger airbag whenever a child seat is secured to the front passenger seat.

<sup>2</sup> ISOFIX/ISOFIT is a secure and user-friendly child seat mounting system that rigidly attaches the child seat to the vehicle.

<sup>3</sup> Separate ISOFIX base option.

<sup>4</sup> Also available as Porsche Junior Plus Seat ISOFIT.

**When it comes to you, your Macan makes no compromises.  
So don't entertain compromises when it comes to your Macan.**

Every day, your Macan gives you everything it's got. With the accessories and care products from Porsche Tequipment, you can make sure it stays that way. As usual, they have all been precisely matched to your Porsche. 100% Porsche.

**[1] Roof transport system**

For installation on your existing elegant roof rails (optional), these aluminium roof bars are approved for a maximum roof load of 100 kg. Compatible with a wide range of Tequipment load-carrying

attachments, they are easy to fit and feature anti-theft protection.

Only in conjunction with factory-fitted roof rails.

**[2] Roof box (wide)**

Lockable plastic roof box in black (high-gloss) with a capacity of approximately 520 litres and integrated ski carrier. Can be opened from either side of vehicle. Dimensions: L 2,180 mm x W 895 mm x H 400 mm.

1

2

**[1] Bike carrier**

Lockable carrier for standard adults' and children's bikes up to a maximum frame-

tube diameter of 85 mm. Up to three bike carriers can be mounted on the roof transport system, depending on bicycle width.

Product may differ from illustration in design and appearance.

1

**[2] Rear-mounted bike carrier**

Lockable, hinged aluminium rear-mounted carrier in black for up to two bicycles. Mounts on towbar system easily without the need for tools. Collapsible for

compact storage in luggage compartment. An expansion kit for the transport of a third bicycle on the rear-mounted bike carrier is available as an option.

Available only in conjunction with towbar system and compatible with left-hand-drive vehicles only.

Product may differ from illustration in design and appearance.

2

**[1] Ski/snowboard carrier**

Two versions are available: one for up to four pairs of skis or up to two snowboards, and one for up to six pairs of skis or up to four snowboards.

Product may differ from illustration in design and appearance.

**[2] Cool box**

Easy-to-use cool box with a 12-volt power connection and a 12-litre capacity for food and drinks. Secured using patented

Porsche attachment system. Includes battery discharge protection.

**[3] Cargo liners (not shown)**

These made-to-measure waterproof and washable plastic containers offer protection against dirt and damage and

are ideal for carrying a variety of items such as shopping or sports equipment. Available in two sizes: low-sided and high-sided. Both versions feature the

'PORSCHE' logo, while the low-sided version also features the Macan silhouette.

**[1] Car care kit**

Range of optimally matched care products organised in a practical bag with a selection of accessories included. Contains the following high-quality interior and exterior care products specially

approved for your Porsche: insect remover, car shampoo, paint polish, wax, glass cleaner, leather conditioner, cloths, sponges and chamois leather.

1

**[2] Leather care set**

Cleaning and conditioning set for the Porsche leather interior in a practical organiser bag. Contains leather cleaner (100 ml), leather conditioner (100 ml), sponges and cloths.

2

**[3] Wheel cleaning kit**

Cleaning and care kit for alloy wheels. Kit comprises 500 ml bottle of wheel cleaner (acid-free) with spray head, sponge and three-piece brush set for stubborn dirt. Wheel cleaner also available separately with spray head and as 1,000 ml refill bottle.

3

**[4] Porsche Charge-o-mat II**

Battery charger with charge maintenance and monitoring function. An adapter is available for vehicles without cigarette lighter.

4

**[5] Ice scraper**

Practical accessory featuring aluminium telescopic handle enabling easy removal of ice and snow from your Porsche. Integral rubber lip for removing water.

5

**[6] Microfibre cleaning cloths**

Pack of three microfibre cloths enabling the PCM touchscreen and other delicate interior surfaces to be cleaned safely and efficiently.

6

**[7] High-visibility jacket**

This high-visibility jacket in luminous yellow with reflective stripes was made with your safety in mind. Thanks to its compact packaging, it is ideal for stowing in the glove compartment or other storage compartments inside the vehicle.

7
