

PORSCHE

Tequipment Boxster

Accessories for the new Porsche Boxster models

Tequipment

Start with the world's most dynamic race-bred roadster.

And make it better.

Its origins go back to the 1950s. Its predecessors include the Porsche 550 Spyder from 1953 and the Porsche 718 from the early 1960s. In 1993, its prototype was already attracting attention. Since 1996, it has been conquering the roads—and the hearts—of Porsche enthusiasts. We're talking about the Boxster, the sports car among roadsters. With its powerful mid-mounted engine, it delivers pure driving enjoyment. Typically Porsche.

Just like the products from Porsche Tequipment. These are not just individual accessories—they are part of a grander harmonious concept. And the vision of a Boxster with even more character and even greater sports performance.

Each product not only has to be visually appealing—it also has to be technically compatible. That is

why all of the model-specific Tequipment products have been designed, tested and formulated with the complete vehicle in mind. By the same Porsche engineers and designers who create the cars themselves.

All of this takes place primarily at the Porsche R&D Center in Weissach. Every product undergoes exhaustive testing throughout its development to ensure outstanding performance and durability. This is because they have to meet the highest standards of Porsche quality and functionality.

One of the highlights is the new 19-inch SportDesign wheel in a black high-gloss finish, which has undergone countless tests. Ultimately, it was not only the wheel's design and the performance that had to be exemplary, but also its practicality for everyday use.

With regard to chemical and corrosion resistance, for example, it was subjected to a 1,000-hour salt and ultraviolet light test. Next, there were tests for thermal resistance and compatibility, e.g., with tire paste and underbody sealing compounds.

The result of all this development and testing is a wheel that meets the stringent Porsche specification. And the highest expectations—yours.

Whichever Tequipment products you ask your authorized Porsche dealer to fit, one thing remains unchanged: your original vehicle warranty.

You can find out more about the Porsche Tequipment range at **[porsche.com](https://www.porsche.com)**.

48

Exterior

Awe-inspired accessories.

The Boxster. Clean lines yet full of character. Powerful yet elegant. Suitable for everyday use yet uncompromising in its penchant for performance. Unmistakably Porsche. And immediately recognizable as *your* Porsche.

Exterior trim package in Aluminum-Look

Exterior trim package in Aluminum-Look

This package consists of front air-intake grilles (left/right) and side air-intake grilles. All parts are finished in matte Aluminum-Look finish to emphasize the racing heritage of the Boxster models.

Part no. 987 044 802 12

Exterior mirror lower trim in Aluminum-Look

Like you, we pay maximum attention to every detail. That includes individual touches such as the matte Aluminum-Look trim on the lower section of the exterior mirror covers.

Part no. 997 044 802 09

Side strips with model designation

One of the first models with the decorative Porsche logo on the side was the legendary 911 Carrera RS 2.7 in 1972. This original lettering now adorns the flanks of the 911 GT3 RS models. Why not be part of the legend?

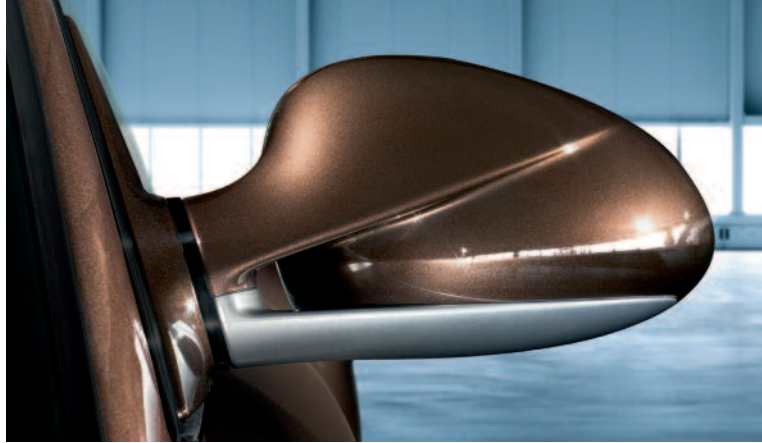

Decorative lettering available in selected colors: "Boxster" and "Boxster S."

Boxster logo. Part no. 987 044 802 50
Boxster S logo. Part no. 987 044 802 51

Cabriolet hardtop

This high-precision hardtop in robust aluminum blends harmoniously with the exterior of the Boxster models. Installing the hardtop is simple. Special features include a heated rear window and a black soundproof fabric rooflining. Weight is approximately 50 pounds.

Wheels

A performance statement that is clearly seen. And felt.

We certainly couldn't develop our wheels with less dedication than has been given to the car itself. The wheel was invented around 6,000 years ago, but developing it to perfection has taken until more recent times. The wheels in the Porsche Tequipment range

deliver excellent performance and an extremely comfortable ride. They also lend an extremely dynamic appearance to your Boxster.

19-inch Carrera Sport wheels with summer performance tires

This classic 10-spoke alloy design has wider dimensions at the front

and rear (8.5 and 10 inches, respectively) for a larger contact patch. As well as enhancing the car's presence on the road, this provides better traction, grip and driving dynamics. The visual effect is further augmented by the center spokes in GT Silver Metallic, and a high-gloss polished outer rim.

19-inch Carrera Sport wheels with summer performance tires

**19-inch Turbo wheels with
summer performance or
winter tires**

A forged aluminum alloy design optimizes this lightweight 5-spoke wheel's strength and weight. The distinctive two-tone paint finish further accentuates this modern, performance-oriented styling.

19-inch Turbo wheels with summer performance tires

19-inch SportDesign wheels with summer performance tires

**19-inch SportDesign wheels
with summer performance tires**

Sporting a multispoke design that recalls the lattice-effect wheels of our 956 Le Mans prototypes, this 19-inch wheel celebrates the beauty of wire wheels used in the golden age of sports-car racing. Like every SportDesign wheel, it's rendered in modern materials and sizes.

**19-inch SportDesign wheels
in black high-gloss finish with
summer performance tires**

An eye-catching black high-gloss finish lends this classic racing design a dynamic flair. The black wheel centers call attention to the colored Porsche Crest adorning each 19-inch wheel.

**19-inch Carrera S II wheels
with summer performance
or winter tires**

True rolling technology, the 5-spoke, 19-inch Carrera S II wheel evokes the purposeful shapes of pure racing wheels. Five intricate, aerodynamic spokes project an authentic sense of functionality.

**19-inch Carrera Classic wheels
with summer performance tires**

A modern interpretation of the classic Porsche 5-spoke motif, this wheel echoes themes drawn from our Carrera GT supercar, with an open design that reveals (and cools) the brake calipers and rotors.

19-inch SportDesign wheels in black high-gloss finish with summer performance tires

19-inch Carrera Classic wheels with summer performance tires

19-inch Carrera S II wheels with summer performance tires

18-inch Boxster S II wheels with summer performance or winter tires

**18-inch Boxster S II wheels
with summer performance or
winter tires**

In summer or winter, these 18-inch wheels with five closed twin spokes are a perfect fit for the sporting nature of the Boxster.

**18-inch Cayman S II wheels
with summer performance or
winter tires**

When fitted with winter tires, these one-piece 5-spoke alloy

wheels ensure excellent traction in adverse weather conditions.

**17-inch Boxster III wheels
with winter tires**

This one-piece alloy wheel features a striking design comprised of five dual-arm spokes. Provides excellent cold-weather traction in conjunction with winter tires.

**17-inch Cayman II wheels
with winter tires**

The alluring new design of these 5-spoke wheels offers equally alluring traction, even at low temperatures, when fitted with winter tires.

See pages 14 and 15 for wheel and tire specifications.

	17-inch Cayman II wheels with winter tires^{1, 2, 3}	Front: 7J x 17 ET 55 205/55 R 17 V Rear: 8.5J x 17 ET 40 235/50 R 17 V	987 044 600 41/ 987 044 600 50

These are the only tires recommended by Porsche.

¹ Compatible with optional 5mm spacers on front and rear axles, to widen the track.

² Not available for Boxster S.

³ Winter tires to a maximum of 149 mph.

-

If you are unable to identify the correct wheel and tire specifications for your Porsche, please consult your authorized Porsche dealer.

Note: The wheel hub covers shown (except for the 19-inch SportDesign in black high-gloss finish) are not supplied. All tires fitted are designed exclusively for Porsche, as indicated by the special Porsche designation (NO, N1, etc.) on the sidewall. Tires that do not carry this designation are not recommended for use on your Porsche.

Snow chains

Snow chains

Specially designed for Porsche, our snow chains feature ultra-fine links that minimize the adhesion of ice and snow on your tires.

Not compatible with wheel spacers.

Snow chains for tire size 235/50 R 17:
Part no. 996 361 922 00

Snow chains for tire size 255/40 R 18:
Part no. 996 361 921 00

Wheel centers

The perfect finishing touch for any Boxster wheel—a set of wheel

center caps with full-color Porsche Crest.

For 19-inch Carrera Sport wheel in GT Silver Metallic.
Set of four: Part no. 997 044 600 10

For 19-inch Turbo wheel with monochrome Porsche Crest.
Set of four: Part no. 997 044 601 17

For 19-inch SportDesign wheel in a black high-gloss finish with full-color Porsche Crest.
Set of four: Part no. 997 044 600 47

Anti-theft wheel protection

Set of four steel bolts or two aluminum nuts for alloy wheels with highly secure locking system.

With 5mm spacers.
Part no. 996 361 980 02

Without spacers.
Part no. 996 361 057 02

Crested valve caps

Set of four valve stem caps, each topped by an embossed Porsche Crest. Include silver-finish sleeves.

With TPMS.
Part no. 000 044 602 15

Without TPMS.
Part no. 000 044 600 00

Spacers

Wheel spacers create a wider track for enhanced stability and presence on the road. When fitted, your Boxster will look even sportier, as the wheels run virtually flush with the body of the car.

Not compatible with the 19-inch Carrera Sport wheel, or snow chains.

Part no. 000 044 500 09

Sport

Race-bred bloodlines set to boil.

Since the very first Porsche, we have been continuously improving the performance of our cars. The knowledge gained from winning over 28,000 races enhances every Boxster we build for the streets.

Unleash the race-bred bloodlines of the Boxster with a distinctive tailpipe design and a sport exhaust system that lends added authority to the aural delights of a flat-six engine.

Sport bucket seat

Sport bucket seat

Equipment offers sport bucket seats that hold you comfortably and securely in place as you exploit the razor-sharp handling in corners. A folding backrest offers easy access to the area behind the seat. The backrest shell is a plastic reinforced with glass fiber and carbon fiber. Comes in black leather with embossed Porsche Crest on the headrest, or in black flame-resistant material.

Integrated thorax airbag and manual fore/aft adjustment.

Child restraint systems must not be used with sport bucket seats.

Leather/left: Part no. 997 044 805 05 FLC
Leather/right: Part no. 997 044 805 06 FLC

Cloth/left: Part no. 997 044 805 11
Cloth/right: Part no. 997 044 805 12

Sport exhaust system

The standard Porsche flat-six engine has a powerful acoustic presence. Better still, it can be enhanced with our dual-mode sport exhaust system. The sound depends on your style of driving,

ranging from standard output during normal road driving to a more aggressive tone during high-performance use. Modes are selected using a button on the center console. Stainless-steel tailpipes with a polished nanocat finish are also included in this package.

Some models may require additional components. Refer to Boxster Equipment technical information for details.

Introduction planned for 08/2009.

Part no. 987 044 200 02

Sport tailpipe

A distinctive stainless steel twin tailpipe with polished nanocoat finish gives a sporty look to the rear of your Boxster.

Introduction planned for 08/2009.

Part no. 987 111 258 30

Sport tailpipe

Short Shifter

This short-throw mechanism provides faster, more accurate gearshift action and a more dynamic sports-car experience. Compatible with all gear lever options from Porsche Tequipment.

Note: Gearshift action may be slightly restricted when vehicle is started from cold.

Part no. 997 424 983 00

Short Shifter

Fuel filler cap with

Aluminum-Look finish

Inspired by our racing heritage, this gas cap is modeled after those from historic race cars. Features include an engraved Porsche logo and securing tether.

Interior

When do you notice that you've reached your destination?

The moment you enter the cockpit.

Color. Texture. Form. Function. Equipment interior options and trim packages bring them all together as only Porsche can. Each feature adds a measure of personal luxury to what is already one of the most luxurious and

versatile roadsters you'll find anywhere in the world. Every touchpoint has been crafted using the world's finest materials, with an attention to detail that goes beyond caring and well into obsession.

Interior in Makassar

Makassar

Makassar ebony is dark and distinctive with a modern, elegant look. The deep black heartwood has irregular reddish-brown streaks and a dramatic, marble-like texture.

Carbon Fiber

Carbon Fiber is a light, highly durable material whose origin hails from the world of motorsport. Its high-tech look adds a performance look and feel to the car's interior.

Aluminum

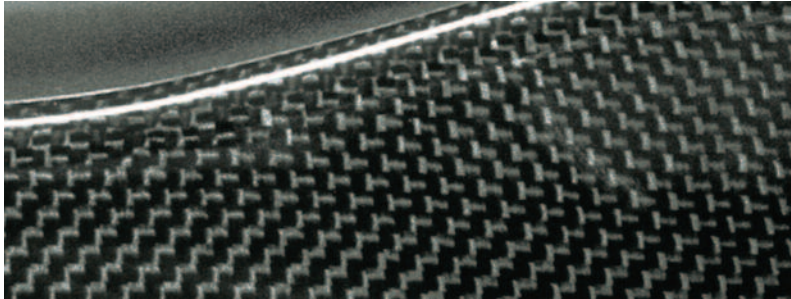

Aluminum or Aluminum-Look is a cool, elegant material that also reflects a classic motorsport heritage.

Alcantara®

This high-quality material is easy-care, washable and has a pleasant feel.

Audio and communication

Harmony, looks and performance go hand in hand.

Peel back the rooftop of the Boxster and discover the delights of a sound system that maintains its acoustical power and punch at speed.

Electronic logbook for PCM*

The electronic logbook enables automatic recording of mileage, route distance, time and date, starting point and destination as part of every journey. Once you have downloaded the logbooks from the PCM via Bluetooth® or the optional USB interface, you

can evaluate the data on your PC using the software supplied.

Part no. 955 044 900 29

*Only in conjunction with PCM.

Voice-control system for PCM*

Almost all of the functions of PCM can be controlled using the latest optional voice-control

Electronic logbook for PCM

system. Each menu item is read aloud exactly as it is displayed on the screen and the voice-control system recognizes the commands or number sequences, irrespective of the speaker. It gives audible feedback and guides you through the functions. There is no need to

“train” the system. Phone book entries can be retrieved, a radio station selected, or the navigation destination entered directly by speaking whole words, rather than dictating one letter at a time.

Part no. 997 004 902 36

*Only in conjunction with PCM.

Universal audio interface

Universal audio interface*

This is integrated into the storage compartment in the center console and provides three connections: one for an iPod®, one for a USB flash drive, and an AUX interface for connecting any compatible audio source of your choice. The iPod® or USB drive can be conveniently controlled using PCM with the multifunction steering wheel or the voice-control system.

Part no. 987 044 902 34

Bluetooth® hands-free phone interface*

To enable Bluetooth® connection for those mobile phones that support the Hands-Free Profile (HFP), an optional hands-free phone interface is available. With HFP, the PCM acts as a hands-free system. The mobile phone can remain tucked away, and the PCM can be used to control functions of the phone.

Part no. 987 044 902 33

*Only in conjunction with PCM.

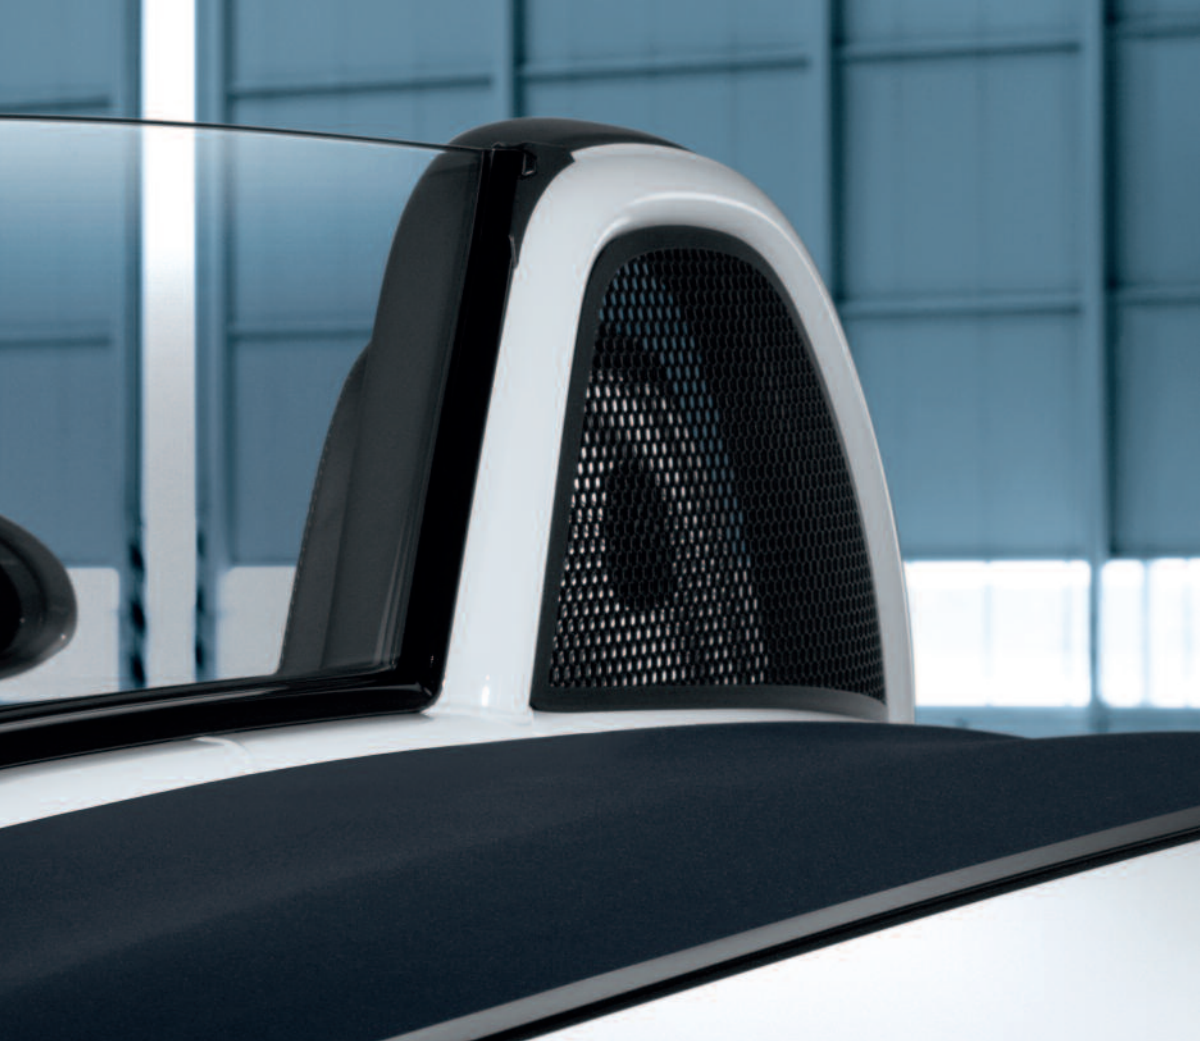

Bluetooth® hands-free phone interface

Transport and car care

It's not just how far you travel, but how well.

The exhilarating driving experience of a Boxster can be appreciated by even the youngest passengers, thanks to the latest child seats from Porsche Tequipment.

A mid-engine design sports two luggage compartments for added storage versatility. For those occasions when you simply need more, there's a Roof Transport System, developed especially for the Boxster.

Porsche child seat

Child seats

Unique design. Intelligent safety concept. Maximum comfort. Everything that applies to your Porsche also applies to Porsche child seats. They are stylish and ergonomically designed to provide a sporty driving experience for all ages.

Porsche child seats

Porsche Tequipment offers a full range of comfortable child seats with optimal freedom of movement. Designed specifically for Porsche sports cars, Porsche child seats cover passengers from newborn to 12 years of age. The fabrics are breathable and easy to clean, with a removable and washable

cover. The Porsche child seats can be fixed conveniently and safely on the passenger seat by using the special Porsche Child Seat Fastener System. For increased safety, the Porsche Baby and Porsche Junior Seats have an independent five-point belt system.

Child Seat Fastener System

The Child Seat Fastener System for the passenger seat includes fastening loops and lower anchorage points for mounting between the seat surface and backrest, as well as a key switch for deactivation of the passenger airbag. The passenger airbag must be deactivated when carrying children weighing less than 59 pounds (for U.S. and Canada).

Part no. 997 044 800 15

Note: To avoid risk of injury from a deploying airbag, never place a child age 12 or under in a front seating position without a dealer-installed airbag deactivation device.

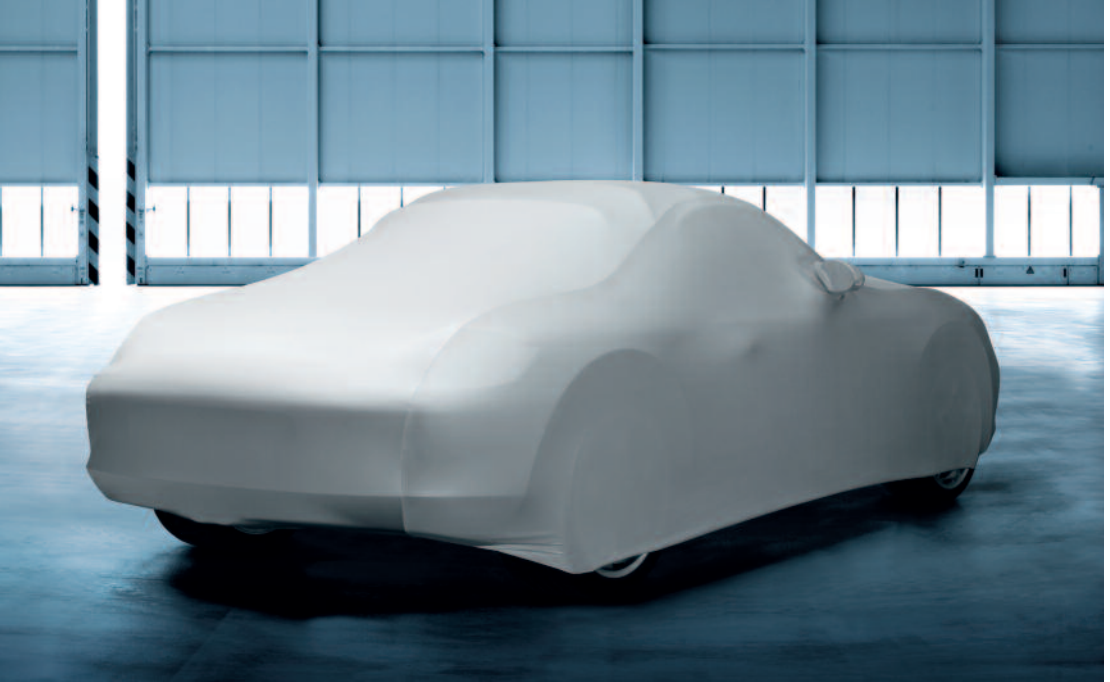

Deactivating the passenger airbag

Child seat preparation for front-passenger seat

Child seats	Model	Group	Weight	Age
	Porsche Baby	0+	0–29 lbs (0–13 kg)	0-18 months
	Porsche Junior	1	20–40 lbs (9–18 kg)	From approx. 9 months to 7 years
	Porsche Junior Plus Seat	2 + 3	33–80 lbs (15–36 kg)	From approx. 3½ to 12 years

A child's safety seat may be used on the front-passenger side for children up to 59 lbs. Original Porsche safety seat attachments must be fitted. Child restraint systems must not be used with sport bucket seats.

Indoor car cover

Outdoor car cover

Water-repellent outdoor cover in silver fabric with color Porsche Crest and logo. Tailored to the contours of the Boxster, it offers excellent protection against a range of weather conditions—including strong sunlight—and includes anti-theft protection.

Part no. 987 044 000 13

Indoor car cover

Tailored indoor cover made from breathable, antistatic and dirt-resistant fabric. With full-color Porsche Crest and logo.

Part no. 987 044 000 14

Hardtop cover

To protect against damage and dust during storage, this tailored anti-static cover fits snugly

to maintain the hardtop in pristine condition.

Part no. 987 044 000 01

Hardtop carrier

Robust and compact storage system for your hardtop, with castor wheels enabling easy maneuverability. Dismantles quickly and easily for transport in car. Also available: a wall storage frame for the hardtop.

Part no. 000 044 000 59

Cargo liners

Waterproof and easy-to-clean loadspace liners offer tailored protection for the front and rear luggage compartments. The front liner has integrated carry handles, making it ideal for transporting items such as groceries or sports equipment to and from the car.

Front. Part no. 997 044 000 04

Rear. Part no. 987 044 000 15

Wind deflector

Reduces wind noise and turbulence during open-top driving. Easy to fit and remove. Stores neatly in luggage compartment.

Ordering Information

Order Toll-Free 1-800-PORSCHE
8 a.m.–midnight ET, Monday–Saturday

Internet: If you live in the United States, order from our Web site at www.porsche.com/shop.

Phone: Call 1-800-PORSCHE (1-800-767-7243) 8 a.m.–midnight ET, Monday–Saturday. We accept Visa, MasterCard and American Express.

Shipping: Orders for in-stock merchandise will be shipped within two business days of receipt of your order. Not all in-stock items will necessarily ship together. If we are out of stock when your order is received, you will be notified of our expected ship date. Your credit card will not be charged until your item is shipped.

Delivery: A shipping and handling fee will be charged per delivery address for all orders shipped within the continental USA. Our standard shipping is UPS Ground. Bulky or heavy items may require additional charges. For quotes on expedited shipping and deliveries to Alaska, Hawaii and Puerto Rico, please call Customer Service at 1-800-PORSCHE.

Sales tax: We are requested by law to collect sales tax for all purchases shipped to addresses in most states. Refer to the packing list enclosed with your order for the actual amount. If you have any questions, please call Customer Service at 1-800-PORSCHE.

Gift box: We will place items in a Porsche Design gift box for an additional \$5 per two items. Some items may be too large for gift packaging, but we can include a gift message with any order.

Can I return an item I ordered? Yes.

We guarantee your satisfaction with all merchandise purchased at Porsche Design Driver's Selection Online Shop. Items may be returned for a refund of the purchase price, less shipping and handling fees, to our PCNA Selection Return Processing Center. Porsche Equipment items purchased from any other retailer must be returned to that retailer. Please contact 1-800-PORSCHE for directions when returning merchandise purchased from the Porsche Design Driver's Selection Online Shop.

Returns/exchanges: Simply return your item to us within 90 days of purchase, with the reason for the exchange/return noted on the back of your packing slip. Ship via insured carrier to us at the address on your packing slip. We will exchange your order, or credit the value of the merchandise and any taxes you were charged. For further information, contact us at 1-800-PORSCHE.

*Ordering from the Porsche Design Driver's Selection Online Shop is not available in Canada.

Porsche Financial Services

Competitive, convenient and carefully crafted financing options can be customized to meet your needs. Ask your certified Porsche Sales Consultant for details.

Porsche Approved Pre-Owned

Only the best Porsche cars earn the right to be called "Certified." A meticulous 111-point inspection, a 2-year or 50,000-mile Limited Warranty, and 24-hour Roadside Assistance make this program one of a kind. Contact your Porsche dealer for details.

Porsche Exclusive

Realize your vision of the perfect Porsche with our factory customization program. From styling enhancements to performance upgrades, all modifications are uniquely handcrafted for your Porsche.

Service
