

PORSCHE

Tequipment Cayenne

Accessories for the Cayenne models

Tequipment

Blaze a trail all your own.

Imagine a vehicle so versatile it can tour along a twisting country road or tackle a snow-covered forest trail with equal ease. One that can take you from a primitive dirt road to the bright lights of the theater district with equal competence and style.

The Cayenne is at once a model of innovation and a monument to the time-honored Porsche tradition of defying conventional thinking at every turn. The ability to customize your Cayenne and profess your own sense for driving perfection is a natural extension of such independent thinking. It's also the inspiration behind a specialized line of parts and accessories known as Porsche Tequipment.

Each item in our Tequipment line is designed by the same engineers who created the Cayenne, giving you the freedom to accentuate the look of your Porsche—and intensify its performance—without compromise.

One of the highlights of the Tequipment range is the Cayenne Turbo Powerkit, which increases engine output from 500 horsepower to 540 horsepower. Modifications include a new intake manifold and revised engine management electronics and software. More power on board translates into more enjoyment from your Porsche. Of course, increased engine output is only one of the dimensions involved in increasing overall performance. In addition to tweaking torque curves, our engineers also adapted the suspension and braking system to cope with the Cayenne Turbo Powerkit's enhanced power potential.

Virtually every performance-boosting component is the product of Porsche's racing history. Lessons about power, safety and endurance are applied with exacting precision, and tested under some of the most extreme conditions imaginable.

Adding to your peace of mind is the fact that, while Tequipment enhancements may cause your pulse rate to quicken, they leave your original Porsche warranty completely intact.

All of which means, when it comes to customizing your Cayenne, there is no substitute for Porsche Tequipment. To learn more, please visit our website at www.porsche.com.

Exterior: on-road

Indulge your independence.

The Cayenne's assertive looks and powerful, race-bred dynamics distinguish it from every other vehicle in its class. Porsche Tequipment lets you go even further with exterior enhancements that integrate perfectly into the

Cayenne's sleek styling cues while projecting an unmistakable sense of individuality. The Cayenne offers its owners a beautiful canvas on which you can stamp your own personality and style through our extensive list of Tequipment options.

SportDesign Package

Aerodynamically refined in the Porsche wind tunnel, the SportDesign Package appears to lower the vehicle's ride height. A bi-plane roof spoiler, side skirts and lower

add-ons to the front and rear apron in exterior color enhance your Cayenne with a blend of high-performance fashion and function that turns heads at rest and astounds at speed.

Reduces off-road capability and not recommended for strenuous off-road use.

Not compatible with running boards, rock rails and/or roof spoiler with matte Aluminum-Look finish.

Part no. 955 044 802 70

SportDesign Package without side skirts (not compatible with roof spoiler with matte Aluminum-Look finish).

Part no. 955 044 802 71

Side skirts

The side skirts featured in our SportDesign Package are also available for purchase separately. Visually, they appear to lower the Cayenne's ride height, enhancing its sporting stance. Available in all exterior colors.

Reduces off-road capability and not recommended for strenuous off-road use.

Not compatible with running boards or rock rails.

Part no. 955 044 802 72

Front stainless steel skid plate

A steel guard and tough plastic panel that extends beneath the vehicle provide enhanced underbody protection.

Perfectly matched to the exterior's other metal fittings, the skid plate does not affect your approach angle on gradients.

Recommended in combination with the rear stainless steel skid plate (shown below).

Part no. 955 044 802 80

Rear stainless steel skid plate

The matching rear skid plate lends another stylish, highly functional feature to the rear of the Cayenne. Grooved for added strength, it hints at the robust off-pavement capabilities of the Cayenne.

Recommended in combination with the front stainless steel skid plate (shown above).

Part no. 955 044 802 85

Aluminum-Look Exterior Package

A matte Aluminum-Look finish on the roof spoiler, air intake grilles and exterior mirrors creates a distinctive and sophisticated sporting look for your Cayenne.

All parts available separately.

Roof spoiler with matte Aluminum-Look finish not compatible with SportDesign Package.

Please consult your Porsche dealer for details.

Roof rails

Form and function elegantly come together in aluminum rails that trace the contours of the Cayenne's roof-line. Available in

black or matte Aluminum-Look finishes, these roof rails can be used in conjunction with adjustable roof bars to mount a range of transport solutions.

Roof rails in black.
Part no. 955 044 000 62

Roof rails with matte Aluminum-Look finish.
Part no. 955 044 000 30

Not for vehicles with panoramic roof system.

Drip rails

An elegant addition to any Cayenne model, particularly in combination with matching roof rails, our set of four polymer drip rails are offered in both black and matte Aluminum-Look finishes.

Not for vehicles with panoramic roof system.

Drip rails in black.
Part no. 955 044 000 65

Drip rails with matte Aluminum-Look finish.
Part no. 955 044 000 29

Side strips with model designation

Decorative side strips on Porsche cars are legendary just like the vehicles privileged enough to wear them.

Decorative logo in selected colors:
Cayenne, Cayenne S, Cayenne GTS,
Cayenne Turbo and Cayenne Turbo S.

Please consult your Porsche dealer for details.

Exterior: off-road

Storm gear for your pulse rate.

Some of the most remarkable victories in Porsche racing history were achieved in the world's most grueling rally events. The Cayenne is engineered to explore Porsche performance capabilities on almost all types of roads, and in nearly

any type of condition. Likewise, every Tequipment accessory is refined in its styling, yet resolute in its ability to protect and perform without compromise as you carve your way over, or perhaps off, the road.

Spare wheel cover

Styled to match the rear of the Cayenne, this exterior lockable tire holder offers optimum convenience, security and durability. Full spare tire is not included in the spare tire holder kit, and additional parts are required.

Does not include Porsche logo.

Wheel cover cannot be used in conjunction with 10Jx20 rear Cayenne SportTechno wheel, 21-inch Cayenne Sport wheel and 21-inch Cayenne Sport Plus wheel.

Part no. 955 044 000 14

Running boards

Forged from high-strength aluminum, these side running boards offer easy access to the passenger compartment and roof transport system. Integrated

skidplates provide added door sill protection in rocky and rough off-pavement terrain.

Not compatible with SportDesign package (with side skirts), rock rails or side skirts (available separately).

Part no. 955 044 802 05

Rock rails

A stylish alternative to the optional running boards, these rock guards feature robust aluminum construction and integrated skid plates for

added door sill protection—with a design that hints at the Cayenne's stellar off-pavement abilities.

Not compatible with SportDesign Package (with side skirts), running boards or side skirts (available separately).

Part no. 955 044 802 00

Engine protection plate

For more extreme off-road driving, this steel plate protects the underside of the Porsche Cayenne while maintaining its generous

ground clearance on gradients. It features a black paint finish and is compatible with the stainless steel front skid plate.

Part no. 955 107 981 00 (MY03–MY06)
Part no. 955 504 235 01 (MY08)

Mudguards

Specially designed to blend harmoniously with the Cayenne's fluid lines, these robust rear mudguards have a specially textured surface that protect the vehicle in muddy terrain.

Part no. 955 044 802 10

For vehicles with wheel arch extensions.
Part no. 955 044 802 11

Side door protection moldings

Robust side moldings add an individual touch to the lines of your Cayenne while protecting all four

doors from dings and scratches. Color coded to match the exterior color of your Porsche.

Part no. 955 044 800 06

Wheel arch extensions

Front and rear extensions on the wheel arches add powerful styling cues while adding protection to the wheel housing edge. Available in your Cayenne's exterior color.

For vehicles with mudguards and without SportDesign Package or side skirts.
Part no. 955 044 802 33

For vehicles without mudguards, SportDesign Package and side skirts.
Part no. 955 044 802 31

For vehicles with mudguards, SportDesign Package and side skirts.
Part no. 955 044 802 35

For vehicles without mudguards and with SportDesign Package and side skirts.
Part no. 955 044 802 30

Wheels

Revolutionary designs.

The Porsche Cayenne is a radical new concept in performance engineering—the synthesis of sports car handling and SUV versatility in navigating the most daunting terrain.

Equipment offers a variety of high-performance wheel and tire sets whose sense of style is exceeded only by an uncanny ability to take control over many kinds of road. In many kinds of weather.

**21-inch Cayenne SportPlus wheels
with summer performance tires**

This one-piece multi-spoke alloy wheel has a strikingly open design that fully reveals a Cayenne's powerful brakes.

Ten inches in width at front and rear, these wheels give a Cayenne a truly "big shouldered" overall look.

Requires wheel arch extensions (available separately).

**21-inch Cayenne Sport wheels
with summer performance tires**

A sports-car wheel on a Cayenne? Exactly—the Cayenne Sport features five dual-arm spokes and a 10-inch width at both front and rear, a combination that enhances the look of the Cayenne.

Requires wheel-arch extensions (available separately).

See pages 18–21 for wheel and tire specifications.

20-inch Cayenne SportTechno wheels with summer performance or winter tires

The bold high-tech design that bespeaks your Cayenne's strong performance focus. The wider 10-inch rear wheel width and resulting track give the rear of the Cayenne a lower-set look.

20-inch Cayenne SportDesign wheels with summer performance tires

This 10-spoke design allows a glimpse of the powerful Porsche calipers and rotors while providing maximum road-holding through the combination of the large wheel diameter and low-profile sidewall.

19-inch Cayenne Design wheels with summer performance, all-season or winter tires

Similar to the Cayenne SportDesign but in a more versatile 19-inch diameter, this 10-spoke design balances retro and modern influences.

18-inch Cayenne Turbo II wheels with winter tires

This 18-inch Cayenne Turbo II wheel set features an aggressive dual five-spoke design and provides an ideal cold-weather tire set for Cayenne owners with warm-weather wheels and tires. Also suitable for Cayenne and Cayenne S.

See pages 18–21 for wheel and tire specifications.

**18-inch Cayenne S II wheels
with winter tires**

Fifteen spokes in five groups of three provide maximal brake cooling and a race-derived look. An ideal cold-weather set for Cayenne owners with warm-weather wheels and tires.

**17-inch Cayenne wheels
with winter tires**

The 10-spoke 17-inch Cayenne wheels with dedicated winter tires are designed to keep you moving when the temperatures drop. Excellent traction is, of course, combined with stylish design.

See pages 18–21 for wheel and tire specifications.

Wheel center cap set

A set of four circular wheel center caps with full-color Porsche Crest offers the perfect finishing touch for your Cayenne.

For 17-inch Cayenne wheel, 18-inch Cayenne S II wheel, 18-inch Cayenne Turbo II wheel, 20-inch Cayenne Sport Techno wheel and all 21-inch wheels.
Part no. 955 044 600 10 (MY05 to present)

Star wheel center cap set

Five-pointed star wheel center caps with full-color Porsche Crest.

For 19-inch Cayenne Design wheel and 20-inch Cayenne SportDesign wheel.
Part no. 955 044 600 11

Anti-theft wheel bolts

Set of alloy wheel bolts with high-security locking system in four- or five-bolt kits.

Set of 4:
Part no. 955 361 057 10

Set of 5:
Part no. 955 361 057 01

Wheel spacers

These 17-mm wheel spacers widen the Cayenne's track to create a more aggressive stance on the road. When fitted, the outer surface of each wheel is virtually flush with the exterior of the car.

Includes wheel nuts (no anti-theft protection available).

Not compatible with the 21-inch Cayenne SportPlus wheel, the 21-inch Cayenne Sport wheel, the 20-inch Cayenne SportTechno wheel with 10J x 20-inch rim at the rear and the 18-inch Cayenne Turbo I wheel.

Not compatible with snow chains.

Part no. 955 044 600 23

Snow chains

Specially designed for the Porsche Cayenne models, our snow chains feature ultra-fine links and require minimal effort for mounting.

Note: Not compatible with spacers.

On Cayenne models with 19-inch tires, snow chains may be fitted to the rear axle only.

Snow chains (set of 2) for vehicles with 235/65 R 17 or 235/60 R 18 tires.
Part no. 955 044 600 07

Snow chains (set of 2) for vehicles with 255/55 R 18 or 255/50 R 19 tires or with 275/45 R 19 all-season tires.
Part no. 955 044 600 08

Sport

**Performance elevated
to an art form.**

Since its inception, the Cayenne has waged a full frontal assault on sport utility benchmarks. Porsche Tequipment offers more of a good thing. Engine and brake enhancements place more

acceleration and braking power underfoot, while stylish tail-pipe designs compliment a sport exhaust system that communicates the Cayenne's race-bred bloodlines with unmistakable clarity.

Dual-twin sports tailpipes

These chrome-plated sports tailpipes feature a dual-twin design derived from the Porsche Carrera GT, lending the Cayenne a more dynamic, race-inspired look.

Available from MY08.

Not compatible with sport exhaust system.
Part no. 955 044 981/982 02

For Cayenne and Cayenne S: requires middle section of rear apron from Cayenne Turbo.
Part no. 955 044 200 08

Fuel filler cap with Aluminum-Look finish

Inspired by our racing heritage, this gas cap is modeled after historic race cars. Features include an engraved Porsche logo and securing tether.

Part no. 997 201 980 00

Sport exhaust system

The sound of a Porsche engine has been called many things, but the distinctive sound is never forgotten. Now you can revel in the aural experience of your Cayenne with the sport exhaust system. The sport exhaust sound output varies as throttle inputs change, from a

restrained sound during normal road driving, to a more aggressive note during high-performance use. The "Sport" button on the center console enables you to reduce noise output to standard levels when required. Includes dual-twin stainless steel tailpipes with hard-chrome finish.

Available for Cayenne S from MY08.

Sport exhaust system restricts off-road capability.

Not compatible with dual-twin sports tailpipes.
Part no. 955 044 200 02

Requires middle section of rear apron from Cayenne Turbo (available separately).
Part no. 955 044 200 08

Cayenne Turbo Powerkit

The prowess of Porsche powerplant technologies has been confirmed by countless victories at racing circuits and rallies around the globe. But that hasn't stopped our idealistic band of engineers from trying to go further. From trying to shave another hundredth of a second, or deliver even more driving pleasure.

The latest example of such thinking? The new Cayenne Turbo Powerkit, which delivers a 40 hp increase in output through modifications to the

intake manifold and a remapped electronic engine management system. The result is a prodigious 540 hp underfoot at 6000 rpm. Maximum torque is increased by 37 lb.-ft. to 533 lb.-ft. between 2250 and 4500 rpm. On the test track, the Cayenne Turbo accelerates from 0–60 mph in 4.7 seconds with a top track speed of 173 mph (279 km/h). In the driver's seat, the torrent of power you feel pressing you back into your seat as the turbochargers reach their

stride is relentless. And thoroughly invigorating.

Of course, Porsche performance dynamics are not achieved through power boosts alone. The Cayenne Turbo Powerkit also features modifications to the suspension, drivetrain and braking system to cope with the Powerkit's greater engine output.*

* Standard for vehicles from 06/08.

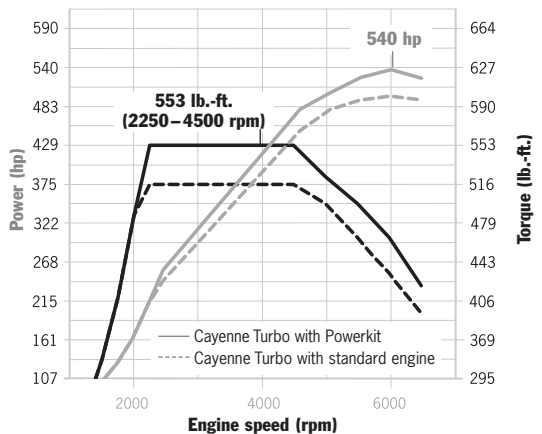

The brakes are also like nothing else ever engineered for a sport utility vehicle. The front axle is equipped with race-proven six-piston aluminum monobloc brake calipers and internally vented, two-piece brake discs measuring 14.96 inches in diameter with a thickness of 1.5 inch.* All of which allows the Cayenne Turbo to stop as quickly as it goes.

Only in conjunction with at least 19-inch wheels with the necessary approval.

Some models may require additional components. See technical information for details.

For vehicles to MY08
Part no. 955 044 100 01

For vehicles from MY09
Part no. 955 044 100 02

Interior

**Pure Porsche artistry.
Geared to your sense of style.**

Accents painstakingly crafted with the world's most exotic materials offer a sense of luxury and prestige that stir your senses each time you step inside the Cayenne. From the classic elegance of leather and wood to the modern refinement of Carbon Fiber and aluminum, each option brings the

artistry of Porsche craftsmanship into full view. And does so in a manner tailored to personality and sense of style.

Light Olive (high-gloss finish)

Our exquisite ash trim with Olive-look grain provides an ambience of warmth and classic luxury.

Dark Walnut (high-gloss finish)

The distinctive grain of classic Dark Walnut adds a sophisticated elegance to the interior of your Cayenne.

Aluminum

For a more contemporary feel, create striking interior highlights with pure aluminum and our Aluminum-Look paint finish.

Carbon Fiber

Robust, lightweight and highly distinctive, carbon fiber is a unique synthesis of racing technology and high-tech design.

Basic Interior

Enhancement Package

Wood and Carbon Fiber Basic Enhancement Packages comprise the dashboard trim strip, door trim strips, upper part of the center console including cupholder cover (in black leather in the Carbon Fiber option), and rear center console trim. Center and rear center console surrounds in aluminum.

The Aluminum Package includes dashboard trim strip, door trim strips, and front and rear center console surrounds.

Please consult your Porsche dealer for details.

Two-tone leather seats

A two-color pattern on the front and rear bench seats lends a decidedly sporty and stylish quality throughout the passenger cabin. Available in the following combinations: Black-Chestnut, Havana-Sand Beige, Stone Grey-Steel Grey.

Expected availability from 12/08.

Please consult your Porsche dealer for details.

Door Handle and Grab Handle Package

Add a sense of distinction to the center console grab handles and front/rear door handles. Available in Light Olive, Dark Walnut and Carbon Fiber.

Light Olive, high gloss.
Part no. 955 044 801 15

Dark Walnut, high gloss.
Part no. 955 044 801 14

Carbon Fiber.
Part no. 955 044 801 13

Applicable for MY06 to present.

Magnesium gear selector

This die-cast magnesium gear shift adds a distinctive flair to the center console of the Cayenne. The leather shifter matches the interior color.

Expected availability from 01/09.
Only for vehicles with Tiptronic S.

Part no. 955 044 700 00 + color code

3-spoke steering wheel with wood/carbon trim

Add the elegant look of Light Olive, Dark Walnut or Carbon Fiber inlays.

Light Olive, high gloss.
Part no. 955 347 804 50 + color code

Dark Walnut, high gloss.
Part no. 955 347 804 40 + color code

Carbon Fiber.
Part no. 955 347 980 00 + color code

Please consult your Porsche dealer for details.

Padded leather steering wheel

The multifunction steering wheel with padded leather rim (excluding airbag module) provides extra grip and comfort.

For vehicles with heated steering wheel.
Part no. 955 044 400 01 + color code

For vehicles without heated steering wheel.
Part no. 955 044 400 00 + color code

Gear selector

Imagine wrapping your fingers around a gear selector clad in Light Olive, Dark Walnut or Carbon Fiber.

Only for vehicles with Tiptronic S MY03 to present.

Light Olive, high gloss.
Part no. 955 426 069 30 4V8

Dark Walnut, high gloss.
Part no. 955 426 069 10 4X2

Carbon Fiber.
Part no. 955 424 980 00

Sports Aluminum Package

Our stylish collection of aluminum enhancements echoes the legendary racing origins of the Cayenne.

Includes aluminum dashboard trim strip, trim strips on the door panels, and center console surrounds front and rear.

With seat heating.
Part no. 955 044 800 26 + color code

Without seat heating.
Part no. 955 044 800 27 + color code

MY03 to present.

Door entry guards in stainless steel

Distinctive stainless steel door entry guards lend added protection in an eye-catching manner. Set of four for driver and passenger doors.

For Cayenne only.
Part no. 955 044 800 49

Illuminated door entry guards in stainless steel

An illuminated Cayenne logo on the front door entry guards creates an elegant yet striking interior feature. Set of two door entry guards for driver and passenger.

Only with Cayenne Logo.
Part no. 955 044 800 00

Sunshades

Protect your Cayenne's interior from the effects of sun fading and cabin overheating. Sunshades attach using a simple clip-on system.

For side and triangular windows.
Part no. 955 044 000 67

For rear window.
Part no. 955 044 000 68

Rubber floor mats

Set of four molded waterproof mats feature a distinctive non-slip surface with excellent water-trapping capacity.

Part no. 955 044 802 61

For vehicles with twist button system, please also order fixing set.
Part no. 955 044 802 64 8B2

Velour floor mats

Tailored floor mats with velour edging and Porsche logo are available in all standard interior colors. Non-slip waterproof backing.

Part no. 955 044 802 63 + color code

For vehicles with twist button system, please also order fixing set.
Part no. 955 044 800 64 + color code

Reversible velour cargo mat

This mat with non-slip backing is available in all standard interior colors and is reversible for extra protection against mud, dirt and moisture.

Not compatible with cargo management system.

For vehicles with 4-zone air-conditioning.

For vehicles without 4-zone air-conditioning.
Part no. 955 044 800 04 + color code

MY03 to present.

Audio and communication

European road map represented. PCM system shown is Generation 2.1.

**On time. In touch.
And always entertained.**

No matter how far off the beaten path your Cayenne ventures, trip computers and Tequipment GPS navigation can quickly pinpoint your next destination and calculate a route best suited to your driving preferences.

A premium audio system matches the Cayenne's high performance with high fidelity that is perfectly calibrated to the interior's unique acoustical signature. How much more rewarding can a journey get? Inquire within.

Porsche Communication Management (PCM) with Navigation System

Porsche offers advanced satellite-based DVD GPS navigation system that uses an integrated antenna to establish your current position, and can then calculate the route to your destination in the U.S. or Canada (not available in Alaska).

Up to 50 destinations can be stored in the system's memory and recalled. Features a separate DVD drive for navigation data, 6.5-inch screen with 16:9 ratio for the sharpest resolution and the navigation unit itself.

Navigation DVD included.

For vehicles MY05 and MY06 through 05/06.
Part no. 955 044 900 49

For vehicles MY06 from 06/06 to MY08 (through 05/08).
Part no. 955 044 902 49

A retrofit from MY09 is not available at this time.

Extended navigation module

The upgraded navigation module works in conjunction with the GPS navigation system and covers destinations in areas that are not covered by the DVD software. Incorporates compass and provides important information on altitude, latitude and longitude, for use with topographic maps. Backtrace function allows driver to retrace a previous route.

Requires PCM.
For vehicles MY03–MY08 (through 05/08).
Part no. 955 044 900 18

Navigation update

This update includes new maps equipped with DVD navigation that provide the very latest in road updates, routing and location changes. New and expanded coverage in major cities and metropolitan markets with

Compass for PCM

Get your bearings with a digital compass located in the instrument cluster that clearly displays the four cardinal and four ordinal directions.

The display in the Cayenne Turbo is shown.

Only for vehicles with DVD Navigation
MY05–08 (through 05/08).
Part no. 955 044 900 28

additional points of interest are featured. The update also includes a greater accuracy of arrival time prediction.

Requires PCM.
For vehicles from MY05–06 equipped with 2.1 PCM DVD navigation.
Part no. 955 044 902 61

Electronic logbook for PCM

Enables the traveler to maintain an electronic logging function that independently records all relevant data, reducing the need for user input. Operated via the PCM on-screen control menu and includes PC software that can be used to evaluate the data at a later date. Data is exported via the PCM's infrared interface.

Only for vehicles with PCM.
For vehicles with PCM 2.1 data status
MY06–08.
Part no. 955 044 900 29

Vehicles with data status MY05 require additional navigation update. Please contact your Porsche dealer for further details before ordering your PCM data status.

Music Player Interface

Plug your iPod® or any other MP3 player into the center console's storage compartment and bring your collection of music with you on the road. Music plays through PCM or the Porsche CDR stereo and is controlled via the music player.

Includes two connections: dock connector for iPod® including battery charging function, and a 3.5 mm jack connector.

Part no. 955 044 902 97

Only for vehicles to MY08 (through 05/08).

European option shown.

XM® Satellite Radio

With over 170 crystal-clear digital channels, XM® gives you the most entertainment choices, wherever you are. XM® provides the most music, with 69 commercial-free music channels. A variety of music genres is available: country, classical, hip-hop, rock, jazz, blues, Latin and dance.

Beyond music, XM® offers channels for sports, talk and entertainment, comedy, news and kids' programming—all yours. XM® is incredibly easy to use, becoming your new lifestyle accessory for every mood, schedule and destination.

For vehicles MY06 (06/06) through MY08 (05/08).

Vehicles with CD changer.
Part no. 955 044 902 68

Vehicles without CD changer.
Part no. 955 044 902 67

HomeLink® garage door opener

Easily program remote control settings for up to three garage door, gate, property lighting or alarm systems. Controls are integrated in the roof console and are compatible with most garage door and gate systems.

Part no. 955 044 900 27

CD changer

Fully compatible with the Porsche CDR-23 radio-CD unit and PCM, this ultra-compact six-disc CD changer installs neatly in the side panel of the luggage compartment and operates via standard CD controls.

Only for vehicles up until 05/08 (MY08).

For vehicles with Bose® Surround Sound system.
Part no. 955 044 900 12

For vehicles without Bose® Surround Sound system.
Part no. 955 044 900 04

Additional harness required. Please consult your Porsche dealer for application.

Porsche Rear Seat Entertainment system

The Cayenne's driver isn't the only one guaranteed to have fun on the road. This compact entertainment center brings the digital world inside your rear cabin with two 7-inch video displays (passenger display includes media player), two

wireless infrared headphones, a remote control and DVD storage pouch. The system is compatible with all standard media formats (CD, DVD, MP3) and sports inputs for two individual AV sources (game console, digital camera, MP3 player, and more). Digital anti-shock memory ensures continuous, uninterrupted play while Thin-Film Transistor technology (TFT) ensures vibrant video display colors with a crisp picture, even at wide viewing angles. Horizontal swivel mounting allows passengers to easily adjust viewing angles for optimum visibility. Front seat headrests

are independently adjustable, and the entire entertainment system is designed to blend harmoniously with the passenger compartment while maintaining the usual Porsche standards of safety and ergonomics.

For vehicles MY04 and newer.
Part no. 955 044 902 01 + color code
Part no. 955 044 902 07 + color code
Requires both part numbers.

Child seats seats

Advanced engineering cleverly designed as child's play.

At Porsche, our profound regard for safety isn't limited to the race track. A child seat is one of the most important accessories that a parent will ever purchase. So it's

only fitting that Tequipment offers a unique design developed specifically for the Cayenne.

Note: To avoid risk of injury from a deploying airbag, never place a child age 12 or under in a front seating position without a dealer-installed airbag deactivation device.

These Porsche child seats can be fitted quickly, easily and securely. Child passengers up to the age of 12 travel in safety with maximum comfort and freedom of movement. The outer rear seats in all Cayenne models are equipped with LATCH anchors as standard. These can be used to secure any Porsche

LATCH child seat via simple slot-in connectors. Alternatively, all Porsche child seats can be secured using the standard three-point seat belts.

Child Seat Insert

Specially designed for the Porsche Baby Seat LATCH, this padded insert offers additional head support for newborns.

Part no. 955 044 800 58

Please see your authorized Porsche dealer for information on child seat availability and specific applications.

Child seats	Model	Group	Weight	Age
	Porsche Baby Seat LATCH Part no. 955 044 800 82 Child Seat Insert (for Porsche Baby Seat) Part no. 955 044 800 58	0+	0–26 lbs.	approx. 0–18 months
	Porsche Junior Seat LATCH Part no. 955 044 800 39	1 + 2	20–55 lbs.	approx. 9 months–7 years
	Porsche Plus Part no. 955 044 801 03	2 + 3	37–100 lbs.	approx. 4–12 years

Transport

We put the “sport” in transport

If even the cavernous interior cargo capacity of Cayenne doesn't fit your needs, you can extend the versatility of your Cayenne using a comprehensive range of roof-borne cargo choices. Use the adjustable cross bars in conjunction with the roof rails (max. payload 165 lbs.),

or the roof transport system, which is designed for vehicles without roof rails (maximum payload of 220 lbs.). Both systems can accommodate a wide range of items.

Roof transport system

Easy-to-use system carries a maximum payload of 220 lbs. Adjustable bars mount at predefined positions and can carry a range of load-bearing attachments. Lockable clamping system provides anti-theft protection.

Note: longer roof loads can restrict tailgate opening.

Note: not compatible with vehicles with roof rails.

Part no. 955 044 000 72

Adjustable cross bars

Suitable for use with various Tequipment carrier systems, and easily fitted directly to the roof rails. Maximum payload of 165 lbs. Built-in anti-theft protection.

Note: compatible with vehicles with roof rails.

Part no. 955 044 000 35

Load assist bar

Loading bar swings down to the side to enable comfortable handling of loads at chest height. Usable in conjunction with a wide range of roof accessories.

Part no. 955 044 000 04

Load assist bar adapter for cross bars.
Part no. 955 044 000 36

Ski/snowboard carrier

For up to four pairs of skis or two snowboards.

Part no. 955 044 000 23

For up to six pairs of skis or four snowboards.

Not compatible with load assist bar.
Part no. 955 044 000 24

Mountain bike carrier

Lockable carrier for standard adult bikes, up to a maximum frame-tube diameter of 3 3/8 inches (85 mm).

Three carriers can be mounted on the roof transport system.

Part no. 955 044 000 66

Roof cargo box

Lockable plastic roof enclosure with 10.9 cubic foot (310 liter) capacity and integrated ski-holder system.

Can be opened from either side of the vehicle.

Dimensions: L 89" x W 22" x H 15".

Part no. 955 044 000 47

Roof box, wide

Lockable plastic box offering maximum capacity of approx. 15.9 cubic feet (450 liter); with built-in ski carrier. Dimensions: L 90.5" x W 32" x H 13".

Not compatible with load assist bar.
Part no. 955 044 000 12

Boat carrier

Secure transportation for canoes and small boats.

Not suitable for inflatable boats.

Part no. 955 044 000 05

Towbar system (not shown)

The Cayenne offers a maximum braked trailer load of 7,700 lbs. by using the optional towbar system, with maximum tongue weight of 617 lbs. System includes a 13-pin plug socket. The trailer system does not restrict the fording capability of the vehicle.

Vehicles up to 06/03 require towbar system preparation.
Part no. 955 044 002 74

Adapter for reduction from 13- to 7-pin plug connector.
Part no. 955 044 000 64

Hitch receiver ball carrier (not shown)

The ball carrier mates with the hitch receiver of your Cayenne. Heavy steel construction, with high-strength crosspin. Maximum tongue weight 617 pounds; maximum gross towed vehicle weight 7,700 pounds.

Part no. 955 044 000 28

Cargo/pet cage

This protective steel barrier system consists of a versatile three-way metal grid positioned across the vehicle behind the rear seats. Includes a through-loading portal for skis and other long items.

Not compatible with cargo management system.

Only for vehicles without 4-zone air conditioning.
Part no. 955 044 000 13

Cargo liner (low-sided)

Waterproof non-slip cargo liner, specially tailored for the luggage compartment in the Cayenne. Provides effective protection against dirt, spills and general wear and tear. Washable, waterproof and acid-resistant.

For vehicles with 4-zone air conditioning.
Part no. 955 044 000 18

For vehicles without 4-zone air conditioning.
Part no. 955 044 000 17

Cargo liner (high-sided)

Taller polymer liner tray protects higher along the sides of the luggage compartment. Washable, waterproof and acid-resistant.

For vehicles with 4-zone air conditioning.
Part no. 955 044 000 16

For vehicles with 2-zone air conditioning.
Part no. 955 044 000 15

Cargo nets

Securely transport items of varying sizes using these floor and side nets. Floor net has four integrated hooks that attach to fixed rings on the floor of the luggage compartment. Highly elastic and easy to use.

Part no. 955 044 000 03

Cargo partition

Pull-out partition in detachable cassette which installs on the rear seat backrest. Two easily accessible attachment points on rooflining. Can also be used when rear seats are folded.

Part no. 955 551 691 03 3W4

Cargo management system

Floor-mounted rail system with integral sliding elements for securing cargo. Includes reversible mat between rails.

Not compatible with cargo cage or reversible velour cargo mat.

For vehicles with 4-zone air conditioning with full leather interior.
Part no. 955 044 802 21 + color code

For vehicles with 4-zone air conditioning without full leather interior.
Part no. 955 044 802 22 + color code

For vehicles without 4-zone air conditioning with full leather interior.
Part no. 955 044 802 19 + color code

For vehicles without 4-zone air conditioning without full leather interior.
Part no. 955 044 802 20 + color code

Cool box

This practical, electrically refrigerating cooler offers a 0.42 cubic foot (12-liter) capacity for drinks and snacks, with a Porsche-patented attachment system for safe transportation, plus a 12-volt connector and battery discharge protection.

Part no. 955 044 900 30

Cargo system

This compact and collapsible storage/transport system is tailored to your Cayenne and includes two nylon bags and an attachment system. Fits neatly into the luggage compartment and is ideal for a wide range of applications, including shopping, sport or beach use. The nylon bags can be easily detached. Includes non-slip mat.

Part no. 955 044 000 19

Car care care

**Mud on Sunday?
Clean on Monday**

A Cayenne looks ruggedly picturesque with a weekend's worth of off-road mud. But come Sunday evening, it will come time to pamper your baby with a thorough cleaning inside and out.

That's when Tequipment vehicle care and maintenance accessories come in handy. Each has been specifically designed and formulated for use with your Cayenne finish and components.

Indoor car cover

Outdoor car cover (not shown)

Smooth-fitting outdoor car cover featuring full-color Porsche logo. Water-repellent fabric protects your Porsche from weather extremes such as strong sunlight. Equipped with an anti-theft protection system.

Part no. 955 044 000 70

Indoor car cover

Designed for use out of the weather, as indoor protection from dust and dirt. Made from a breathable antistatic material, and features full-color Porsche logo.

Part no. 955 044 000 00

Porsche Charge-o-mat II battery charger

The latest generation of Porsche trickle charger, perfect for maintaining battery charge on vehicles left idle for extended periods. An adapter is available for Cayenne models without a cigarette lighter.

Part no. 955 044 900 54

Adapter: Part no. 000 043 202 55

Car care case

High-grade aluminum “attaché style” case contains a carefully chosen selection of quality car care products specially approved for your Cayenne.

Note All products are also available separately through your dealer's parts department.

Part no. 955 044 000 20

Wheel cleaning kit

Care products and brush set formulated for use with Porsche alloy wheels. The wheel cleaner fluid is also available in a handy refill bottle.

Part no. 000 044 000 86

Wheel cleaner refill, 1000 ml.
Part no. 999 901 066 40

Interior care kit

Care products for your car's interior include velour cleaner for carpet and floor mats, leather cleaner and conditioner, interior glass cleaner, and plastic polish.

Part no. 955 044 000 81

Ice scraper

Aluminum telescopic-handled scraper features ice-scraping surface as well as integrated rubber lip for removing rainwater, etc.

Part no. 955 044 000 02

Rechargeable flashlight

An ingenious flashlight with fold-out magnifying lens, and easy recharging via your cigarette lighter.

Part no. 000 044 900 79

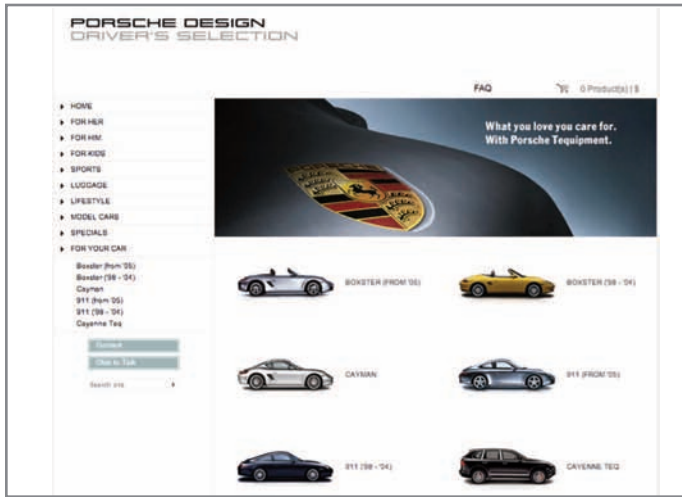

Tool kit

High-quality leather case contains a selection of useful tools.

Note: tools intended for light maintenance only, not for vehicle repair.

Part no. 955 044 000 01

Ordering Information

Order Toll Free **1-800-PORSCHE**

8am–midnight ET, Monday–Saturday

Internet: If you live in the United States, order from our website at www.porsche.com/shop

Phone: Call 1-800-PORSCHE (1-800-767-7243) 8am–midnight ET, Monday–Saturday. We accept Visa, Mastercard and American Express.

Shipping: Orders for in-stock merchandise will be shipped within two business days of receipt of your order. Not all in-stock items will necessarily ship together. If we are out of stock when your order is received, you will be notified of our expected ship date. Your credit card will not be charged until your item is shipped.

Delivery: A shipping and handling fee will be charged per delivery address for all orders shipped within the continental USA. Our standard shipping is UPS ground. Bulky or heavy items may require additional charges. For quotes on expedited shipping and deliveries to Alaska, Hawaii, and Puerto Rico, please call Customer Service at 1-800-PORSCHE.

Sales Tax: We are requested by law to collect sales tax for all purchases shipped to addresses in most states. Refer to the packaging list enclosed with your order for the actual amount. If you have any questions, please call Customer Service Representatives at 1-800-PORSCHE.

Gift Box: We will place items in a Porsche Design gift box for an additional \$5 per two items. Some items may be too large for gift packaging, but we can include a gift message with any order.

Can I return an item I ordered? Yes.

We guarantee your satisfaction with all merchandise purchased at Porsche Design Driver's Selection Online Shop. Items may be returned for a refund of the purchase price, less shipping and handling fees to our PCNA Selection Return Processing Center. Porsche Equipment items purchased from any other retailer must be returned to that retailer. Please contact 1-800-PORSCHE for directions when returning merchandise purchased from the Porsche Design Driver's Selection Online store.

Returns/Exchanges: Simply return your item to us within 90 days of purchase, with the reason for the exchange/return noted on the back of your packing slip. Ship via insured carrier to us at the address on your packing slip. We will exchange your order or credit the value of the merchandise and any taxes you were charged. For further information, contact us at 1-800-PORSCHE.

*Ordering from the Porsche Design Driver's Selection Shop is not available in Canada.
