Extending your coverage

You may want to consider additional protection. A Zurich vehicle service contract—in combination with your Certified Protection® Lifetime Warranty—is a smart way to add protection to additional vehicle systems and extend your coverage. Like the Certified Protection® Lifetime Warranty, Zurich vehicle service contracts cover parts and labor costs to repair or replace major component groups.

A vehicle service contract adds only a minimal amount to your monthly vehicle payment, or you may want to take advantage of our interest-free payment plan. Either way, you’ll eliminate costly repair bills later on. A vehicle service contract can keep your costs down and keep your vehicle running down the road.

You’ve made a great decision. As you drive home in your new car, you can feel proud and confident with your choice. After all, your vehicle is covered by a Certified Protection® Lifetime Warranty.
