Important: Keep this warranty and Repair Order with your vehicle Owner's Manual and other vehicle documents.

LIMITED LIFETIME PARTS WARRANTY

Certified Service

Certified

A PARTS WARRANTY YOU CAN RELY ON AS MUCH AS YOU RELY ON YOUR CHEVY.

The Limited Lifetime Parts Warranty helps ensure your Chevrolet will be ready for all of life's journeys. If a covered part fails while you own your vehicle, just take it to any Chevrolet dealer and the replacement cost of the part will be taken care of. It's an advantage that comes from having your vehicle serviced by the Certified Service experts at your Chevrolet dealer.

LIMITED LIFETIME PARTS WARRANTY DETAILS

- Any covered part listed on the reverse replaced by a Chevrolet dealer in a customer-paid transaction is covered by our Limited Lifetime Parts Warranty.
- For as long as you own the vehicle on which the original part was installed, if the eligible part ever needs to be replaced during normal use and service, the Limited Lifetime Parts Warranty will cover the cost of the new part. This warranty is not transferable.
- Eligible parts identified on your numbered Repair Order and the back of this brochure will be replaced with new or remanufactured GM Original Equipment parts.
- The cost of the replacement part will be covered by Chevrolet. Labor charges, including dealer installations, are not included in this warranty.

The following passenger cars and light-duty trucks (Series 10-30) are eligible for this Certified Service Limited Lifetime Parts Warranty:

- Buick
- Cadillac
- Chevrolet
- GMC
- Oldsmobile
- Pontiac
- Saturn
- HUMMER H2 & H3 (H1 Excluded)

If a GM OE part is no longer available, Chevrolet will either replace the covered part with a comparable part or refund the money the purchaser originally paid for the covered part.

THE LIMITED LIFETIME PARTS WARRANTY DOES NOT COVER:

1. Dealer labor charges for installation of the replacement part covered under the warranty
2. Part failure because of negligence, alteration, accident, or use for which Chevrolet did not design or approve the part
3. Parts repaired or replaced under any applicable new- or used-vehicle warranty
4. Parts used in:
 - Commercial applications: police cars, taxis, daily rental car fleets, or other for-hire vehicles
 - Racing and other competitions
5. Inconvenience or loss of time, use of the vehicle, or other economic considerations
6. Damage caused by lack of maintenance
7. Use of wrong fluids, oil, refrigerant, lubricants, or fuel
8. Incomplete repairs the original purchaser requested
9. Repairs made with non-GM OE parts

YOUR OBLIGATIONS

We'd like you to keep Chevrolet Certified Service your first choice for service. In order to exercise the Limited Lifetime Parts Warranty, you are obligated to:

- Return your vehicle needing repair to any Chevrolet dealership
- Provide the dealership with a copy of the original Repair Order showing that the dealership had earlier replaced the warranty-eligible part

If you need help finding your closest Chevrolet dealership:

- Call 1.800.GM.USE.US
