News Release

FOR IMMEDIATE RELEASE  
April 2, 2014

**FACES Early Head Start & Preschool Celebration and Open House April 8**  
*Celebrating The Week of the Young Child & Child Abuse Prevention Month*

PHOENIX, AZ. (April 2, 2014)- Crisis Nursery's FACES (Families and Children Experiencing Success) Early Head Start & Preschool hosts its annual pancake Open House for children and their families to celebrate the program's success. Major donors representing The Bob and Renee Parsons Foundation and Steele Foundation and other community supporters will be in attendance.

FACES located between two of the poorest zip codes in Phoenix – is the only Early Childhood Education program in Central Phoenix to be awarded a premier 5-Star ranking by First Things First (FTF).

“We are very proud FACES promotes healthy child development, helps parents build strong relationships with their child, and connects children and families with needed community resources. Our ultimate goal is to support families as they move towards self-sufficiency and away from situations that threaten their child's well being” comments Kristin Andrew, FACES director.

Approximately 100 children and parents will attend the breakfast and a short program will start at 9:00 a.m. Tuesday, April 8, at 2334 E. Polk St., Phoenix. Tours will be available immediately following the program. For more information on FACES and Crisis Nursery, please visit [CrisisNurseryPhx.org](http://CrisisNurseryPhx.org)
