

2013.KIA.RIO

It's the start of something big. The 2013 Kia Rio is engineered to provide performance without compromise. It has a Gasoline Direct Injection (GDI) engine that delivers 138 horsepower for strong acceleration whenever you need it. With precise, agile handling, the Rio is remarkably fun to drive — and it's available as both a sedan and 5-door hatchback for easy access to its roomy cargo area. For your convenience and for personalized audio entertainment, it has available advanced features including *Bluetooth*[®] wireless technology*¹ and UVO* — an in-vehicle infotainment system. Like all Kia models, the Rio comes with an industry-leading 10-year/100,000-mile warranty program.²

1, 2, 3, * See Features and Specifications pages for availability and endnotes. *Not all optional features are available on all trims. RIO SX WITH PREMIUM PACKAGE SHOWN.

INNOVATIVE ENGINEERING

The Rio's available Eco Package includes Idle Stop & Go (ISG). ISG turns off the engine when you come to a complete stop. It then automatically and smoothly restarts the engine when you take your foot off the brake pedal.

IMPRESSIVE PERFORMANCE

A 1.6L, 138-hp Gasoline Direct Injection (GDI) engine delivers outstanding horsepower for impressive acceleration. An available 6-speed automatic transmission provides smooth and seamless shifting.

ADVANCED TECHNOLOGY

Available push-button start* provides convenient operation. An available rear-camera display** lets you see things behind your vehicle that you might not see by looking over your shoulder.

PEACE OF MIND

Rio features a full range of advanced active and passive safety systems. These include six airbags, Electronic Stability Control (ESC), Hill-start Assist Control (HAC) and Vehicle Stability Management (VSM).

Spacious and adaptable. The Rio 5-door delivers an ideal combination of unique styling and impressive versatility. It has the same exceptional performance and all the technologically advanced features that the Rio sedan has, plus the added convenience of a hatchback. Its fifth door gives you quick and easy access to its roomy cargo area. The Rio 5-door also lets you conveniently carry passengers, cargo or a combination of both, thanks to its easily adjustable seating configurations.

4, * See Features and Specifications pages for availability and endnote. *Not all optional features are available on all trims. RIO 5-DOOR SX WITH PREMIUM PACKAGE SHOWN.

60/40 SPLIT-FOLDING SEATS

Split-folding rear seats give you the flexibility to conveniently carry passengers or cargo.⁴

COVERED CONSOLE

Convenient features include dual cup holders and a storage bin with sliding armrest* for your personal items.

CONCEALED STORAGE

The cargo cover allows you to store your valuable items safely out of sight.

POWER SUNROOF*

The SX offers an available tinted sunroof so you can enjoy plenty of fresh air. It has a tilt-and-slide design for convenient operation.

HEATED LEATHER SEATS*

To enhance your comfort during cold weather, the SX is available with heated driver's and front passenger's seats with leather trim.

PADDLE SHIFTERS*

Rio SX has paddle shifters that allow you to change gears without taking your hands off the wheel.

POWER-FOLDING MIRRORS*

Available power-folding side mirrors let you conveniently tuck the mirrors in close to the vehicle's body for easy parking in a garage or in tight spaces.

PUSH-BUTTON START*

The available Smart Key remote lets you start or stop the engine with the push of a button.

STRIKING INTERIOR

Rio SX has a leather-wrapped steering wheel and gearshift knob, an upscale soft-touch dash plus a Supervision meter cluster for easy readability.

Impressive cabin space — first-class comfort. The Rio has an array of features designed to increase its versatility, enhance your comfort and make everyday driving more convenient. The interior is remarkably spacious and comfortable, with impressive head- and legroom for all seating positions. A 6-way adjustable driver's seat further contributes to the driver's comfort. The Rio SX also includes refinements such as available leather seat trim.

*See Features page for availability. Not all optional features are available on all trims. RIO SX WITH PREMIUM PACKAGE SHOWN.

Enjoy the benefits of advanced technology. The Rio has state-of-the-art features that make driving more enjoyable and give you easy access to your phone and personal audio entertainment. At the top of the list is UVO^{*5} Powered by Microsoft,^{®6} an available infotainment system⁷ that uses advanced voice-activation technology. Instead of memorizing difficult voice commands and menus, UVO, short for “your voice,” lets you make hands-free calls,¹ receive and respond to text messages, listen to streaming audio,¹ enjoy your personal music and even play your favorite song, artist or genre of music — all by giving a single, intuitive voice command. With its innovative technology, UVO makes infotainment remarkably easy to enjoy.

UVO
Powered by **Microsoft**[®]

COLOR TOUCH SCREEN

UVO's vivid 4.3-inch color LCD touch screen delivers direct access to radio stations, music on your MP3 player or USB media drive, your phonebook from a compatible cell phone¹ and vehicle information.

ADVANCED VOICE CONTROL

Microsoft[®] speech technology can learn the speaking patterns of multiple users and it responds quickly to long phrases. Even with Rio's multiple music-source options, finding a song is as easy as saying its title.

DIGITAL JUKEBOX

UVO's in-dash digital storage is large enough to hold up to 700 megabytes of your favorite music. The system lets you load your tunes into personal MyMusic folders and sort them by either title or artist.

REAR-CAMERA DISPLAY[†]

Whenever you shift into reverse, an image from an integrated rear camera is displayed on the UVO screen. It lets you see things behind your vehicle that you might not see by looking over your shoulder.³

NAVIGATION SYSTEM*

Voice-command navigation⁷ available on the SX includes a color touch screen and real-time highway conditions from SiriusXM Traffic.⁸

USB/AUXILIARY JACK FOR MP3 AUDIO PLAYERS

An integrated USB/auxiliary jack lets you listen to your favorite tunes right from your own music library.⁹

SIRIUSXM SATELLITE RADIO

Get over 130 channels, including commercial-free music, plus the best sports, news, talk, comedy and entertainment.⁸

BLUETOOTH® WIRELESS TECHNOLOGY*

Available Bluetooth^{®1} wireless technology allows you to enjoy convenient, hands-free use of your compatible cell phone.

1, 3, 5, 6, 7, 8, 9, * See Features and Specifications pages for availability and endnotes. *Not all optional features are available on all trims. †Simulated screen. RIO SX WITH PREMIUM PACKAGE SHOWN.

Take charge wherever you go. The 2013 Rio is designed to deliver outstanding horsepower for all-around impressive performance. It features a Gasoline Direct Injection (GDI) engine with 138 horsepower and an available smooth-shifting 6-speed automatic transmission. For even sportier performance, the Rio SX features a sport-tuned suspension and 17-inch alloy wheels.

*Not all optional features are available on all trims. RIO SX WITH PREMIUM PACKAGE SHOWN.

OUTSTANDING PERFORMANCE

Rio's 1.6L, 4-cylinder Gasoline Direct Injection (GDI) engine delivers exceptional horsepower for strong acceleration.

ADVANCED ENGINEERING

The GDI engine's advanced technology includes dual Continuously Variable Valve Timing (CVVT). CVVT automatically adjusts valve timing for increased performance.

IDLE STOP & GO

An available Eco Package includes the innovative Idle Stop & Go (ISG) system. ISG turns off the engine automatically when you come to a complete stop and then seamlessly restarts the engine when you release the brake pedal.

OPTIMIZED PERFORMANCE

Automatic transmission models have an Active Eco System. With a push of the Eco button, it adjusts the engine and transmission to optimize performance.

SMOOTH AND PRECISE HANDLING

The Rio features a MacPherson-strut front-suspension system that is tuned for a remarkably smooth and comfortable ride. The SX features sleek 17-inch alloy wheels, complemented by a sport-tuned suspension and low-profile tires for precise, sporty handling.

Prepared for the unexpected. Rio's active safety systems are engineered to help you avoid accidents,[†] and its passive systems are designed to help minimize injuries when they are unavoidable. Dual front airbags, front-seat-mounted side airbags and side curtain airbags for both front and rear seating positions are managed by an advanced sensor system.¹⁰ Front seat-belt pretensioners have been designed to tighten the seat belts in the event of certain collisions, helping to reduce the likelihood of injuries. Rio wraps all of this — and you — in a protective, high-strength steel-reinforced body that uses a “halo” construction design.

WITHOUT ESC

WITH ESC

ELECTRONIC STABILITY CONTROL

ESC monitors your vehicle's response during emergency maneuvers. It then controls the engine and brakes to help keep your Rio on course.

ANTI-LOCK BRAKES

ABS is the foundation of an active safety system. It helps provide greater vehicle control when stopping in difficult conditions like wet or slippery roads.

ELECTRONIC BRAKE-FORCE DISTRIBUTION

To help maintain more consistent braking as vehicle loads and weight distribution change, EBD adjusts the front-to-rear balance of brake pressure.

VEHICLE STABILITY MANAGEMENT SYSTEM

VSM adds steering direction control capability, intervening when appropriate to further stabilize the vehicle. It helps the driver regain control and return the vehicle to its intended path.

HILL-START ASSIST CONTROL

To help keep you from rolling backward when starting off on a steep hill, HAC automatically holds the brake pressure for two seconds after you take your foot off the brake pedal.

^{10, 11} See Specifications page for endnotes. [†]No system, no matter how advanced, can prevent all accidents. Always drive safely at a reasonable speed.

AIRBAG & SEAT-BELT SENSORS

This advanced system monitors the severity of an impact, the presence of a front passenger and seat-belt use, and then controls airbag inflation accordingly.¹⁰

FRONT SEAT-BELT PRETENSIONERS

Pretensioners have been designed to tighten the seat belts in the event of certain collisions. This helps to reduce the likelihood of injuries.

REINFORCED BODY

A "halo" construction design includes a safety hoop for the center pillar and high-strength roof rail. The center roof rail, side sill and seat members are also reinforced to help protect in case of a side collision.

TIRE-PRESSURE MONITORING SYSTEM

This system includes air-pressure sensors located at each wheel. If a tire reaches a specified low air pressure, a warning light will alert you.¹¹

LATCH SYSTEM

The standardized LATCH (Lower Anchors and Tethers for Children) system makes it easier to securely install a compatible child seat in the two ends of the rear seat.

A passion for excellence. For decades, Kia Motors has focused on building vehicles that reflect a commitment to quality, durability and product innovation. Today, we offer models to suit most every driving need. The value found in every Kia vehicle has been widely recognized, and Kia Motors has been one of the fastest-growing automotive brands in America for the past five years.¹²

COMMITMENT TO AMERICA

Kia Motors has invested over \$1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant is capable of producing 360,000 vehicles a year. The Sorento crossover and Optima midsize sedans are currently being built at this plant.¹ In addition to producing high-quality vehicles, more than 3,000 new jobs were created at the facility plus 7,500 additional jobs in the surrounding area. It's all part of Kia Motors' commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

PRIDE OF QUALITY

Kia Motors designs and develops vehicles and rigorously puts them to the test at high-tech facilities and proving grounds worldwide. The result is a full line of vehicles with world-class quality.

SELLING STRONG

In 2010, Kia Motors sold its 3 millionth vehicle in the U.S.A., and it took less time to reach that milestone than Toyota.¹³ In fact, Kia has recently outsold Lexus, Subaru, Volkswagen and Mazda.¹⁴

¹Kia Sorento and certain Optima GDI models assembled in the United States from U.S. and globally-sourced parts. 2, 12, 13, 14, 15, 16, 17, 18 See Specifications page for endnotes.

⑩

INDUSTRY-LEADING WARRANTY PROGRAM

At Kia Motors America, we believe peace of mind should come standard with every vehicle we make. That's why we back every model with an industry-leading warranty program.²

- 10-year/100,000-mile limited powertrain warranty
- 5-year/60,000-mile limited basic warranty
- 5-year/100,000-mile limited anti-perforation warranty
- 5-year/60,000-mile 24-hour roadside assistance¹⁵

Packages

POWER PACKAGE (LX)

1. Power windows w/driver's one-touch auto up/down
2. Power door locks w/remote keyless entry

CONVENIENCE PACKAGE (EX)

1. 15" alloy wheels
2. UVO² in-vehicle infotainment system, rear-camera display³
3. Auto-on/off headlights
4. Leather-wrapped steering wheel and gearshift knob
5. Outside mirrors w/turn-signal indicators
6. Power-folding outside mirrors
7. Front fog lights
8. Dual illuminated visor vanity mirrors
9. Dual map lights
10. Soft-touch dash (not shown)

ECO PACKAGE (EX)

1. Idle Stop & Go (ISG)

PREMIUM PACKAGE (SX)

1. Voice-command navigation w/SiriusXM Traffic,⁸ rear-camera display³ (replaces UVO in-vehicle infotainment system)
2. Push-button start w/Smart Key
3. Leather seat trim
4. Heated front seats
5. Power sunroof w/tilt
