

CURRY HONDA

is proud to introduce another auto industry first With I M V P pricing, which is
Internet Market Value Pricing.

IMVP pricing means that Curry Honda's automated systems scour hundreds of pre-owned websites daily to make sure that Curry Honda is offering the lowest possible Pricing on Certified and Pre-Owned vehicles so that you are guaranteed to drive home with a real time market value price.

Curry Honda believes that a vehicles price is determined by its demand and availability, not what Curry paid for it or how long they

have owned it so Curry does not inflate the price on their pre-owned vehicles in hopes of winning a negotiating contest with you.

After being in business since 1919 Curry realizes that Price Sells Cars and IMVP pricing technology gives every customer the power of the internet and don't forget every pre-owned vehicle at Curry is backed by Curry's famous Love It or Leave It Exchange Policy. You can bring it back even if you don't like the color.*
