

Optional Coverage

Enhance the level of coverage you select with these options:

COMMERCIAL USE: When selected on the information page of the agreement, we will cover repairs subject to the following conditions. **ELIGIBLE VEHICLES:** Passenger cars, light trucks and vans up to and including one-ton trucks used for: route sales and/or route service, inspections, maintenance or repair purposes, carrying tools to a job site, farming and ranching. If towing, the vehicle must be equipped with the manufacturer's installed towing package and not specifically excluded under ineligible vehicles.

MODIFIED VEHICLE: Modified vehicle coverage is only available for a vehicle with an altered suspension height (limited to a lift of 6" or less, or a drop of 3" or less) and/or oversized tires (limited to a maximum tire diameter of 4" over the original vehicle manufacturer standard tire size). Any suspension alterations or tires outside of the parameters outlined herein are NOT eligible for coverage under the agreement.

MOBILITY COVERAGE: When selected on the information page of the agreement, we agree to provide coverage for the breakdown of factory or factory authorized and installed mobility equipment. This coverage is limited to: chair lift motors and assemblies, electric/hydraulic ramp controls and assemblies, adjustable seating mechanisms, adjustable pedal and steering control mechanisms, hoist and swing-arm mechanisms. All parts must have been installed in the covered vehicle by an authorized/licensed factory mobility equipment company.

SEALS AND GASKETS: (Optional for Silver and Bronze level, included in Platinum coverage.) An available option for vehicles with over 100,000 miles on Silver and all vehicles on Bronze when identified on the agreement purchase date. When selected on the information page of the agreement, all seals and gaskets for named components in the appropriate coverage level except when the cause of failure is the result of overheating, lack of lubrication or lack of required fluids.

ENHANCED TECHNOLOGY: (Optional for Silver and Bronze level, included in Platinum coverage.) Available for all vehicles on Silver and vehicles with up to 100,000 miles on Bronze on the agreement purchase date. When selected on the information page of the agreement, coverage includes driver information displays (except navigation systems) including analog, digital/LED readouts and circuit boards. Serpentine belt tensioner, fuel injectors, fuel pressure regulator, fuel injection sensors for; mass airflow, throttle position, cam/crank position, and manifold absolute pressure and idle air control. EGR valve and oxygen sensor(s). Distributor, engine management control computer, spark control/anti detonation sensor and controller, transmission shift controller. Cruise control module, servo and engagement switch. ABS (anti-lock brake system) wheel sensors, pump motor and controller. Traction control sensors, controller and engagement switch. Four-wheel drive actuator motor and control switch. Level control or pneumatic suspension pump, its sensors and limiter valve. Manufacturer installed combination entry transmitter and transceiver and anti-theft device. Manufacturer installed AM/FM radio and

speakers, antenna/CD player, equalizer/amplifier, DVD video player and its remote transmitter and monitor display. All power motors and manually operated control switches for the manufacturer installed seats, headlight doors, mirrors, convertible top, sunroof, sliding doors, rear hatch and trunk pull down.

ENHANCED CONVENIENCE & SAFETY PACKAGE: (Optional for Silver level, included in Platinum coverage.) Only an available option for Silver coverage vehicles with up to 100,000 miles on the agreement purchase date. When selected on the information page of the agreement, coverage includes GPS/navigation, parking assist, lane departure, blind spot monitor, back up camera, seat belt retractors and tensioners, seat heaters and seat ventilation (cooling).

HYBRID/ALTERNATIVE FUEL: (Optional for Silver level, included in Platinum coverage.) When selected on the information page of the agreement, coverage includes the replacement of covered components resulting from the gradual reduction in performance due to normal wear and use, when the wear exceeds the manufacturer's specifications. Actuator assembly shift control; hybrid drive generator assembly; hybrid drive motor assembly; hybrid drive transaxle assembly; transmission input damper assembly; battery computer assembly; battery current sensor; boost charging inlet and plug-in electronic control unit; circuit breaker sensor; combination meter assembly; combination meter computer; fuel cell water pump; fueling receptacle; hybrid drive battery blower assembly; hybrid drive battery blower motor control; hybrid drive battery thermistor; hybrid drive control computer; hydrogen pipes and manifolds; inverter assembly with converter; main switch assembly; power source control computer assembly; power steering electronic control unit assembly; power steering gear assembly; pressure sensors; reducing valve; shift lever position sensor; skid control computer assembly; steering column assembly; transmission control module.

HYBRID DRIVE BATTERY: (Only an available option for Silver coverage vehicles with up to 100,000 miles on the agreement purchase date.) When selected on the information page of the agreement, we will cover repairs to the hybrid drive battery.

LIGHTING PACKAGE: (Optional for Platinum coverage only and only available for vehicles with up to 15,000 miles on the agreement purchase date.) When selected on the information page of the agreement, we agree to provide coverage for the electrical failures on incandescent bulbs, halogen lights, high intensity discharge (HID) and LED lamp assemblies - interior and exterior (Factory installed).

SNOW PLOW: (Optional for Platinum coverage only and only available for vehicles with up to 15,000 miles on the agreement purchase date.) Snow plow and commercial use must be selected on the information page of the agreement. Vehicle must be ¾ or 1 ton and equipped with the manufacturer installed snow plow prep package. Coverage does not extend to the snow plow equipment, including but not limited to: lifting system (manual or hydraulic), mounting system, auger feed system, snow plow blade, frame, attachment bar, wiring, lighting and controls. This option is intended to provide breakdown coverage only to the vehicle when a snow plow has been mounted.

Nation Safe Drivers Roadside Assistance

These benefits are provided for the term of your service agreement for up to \$100 per occurrence, with no annual fee.

Towing Assistance: When towing is necessary, the covered vehicle will be towed to the destination of your choice.

Battery Service: If a battery failure occurs, a jump-start will be applied to start the covered vehicle.

Flat Tire Service: Tire service includes removal of the flat tire and its replacement with the covered vehicle's spare tire.

Emergency Fluid/Fuel Delivery Service: An emergency supply of coolant, oil, water or fuel will be delivered for your covered vehicle if you have an immediate need. You must pay the cost of the actual fluid or fuel when delivered.

Lock-Out Assistance: If your keys are locked inside the covered vehicle, assistance will be provided to gain entry to the vehicle.

Roadside Assistance When You Need it.
24 Hours a Day, 365 Days a Year.

This information is intended to provide only an outline of the types of coverages, exclusions, and limitations of the vehicle service contract(s) described in this brochure and should not be relied upon when purchasing a specific service contract. For exact coverages, exclusions, and limitations, please review the service contract itself.

CPP.01.20

VEHICLE PROTECTION BY AGWS

Bronze

Includes these essential powertrain components listed below.

ENGINE: Cylinder block and cylinder heads, all internal lubricated parts including: pistons, piston rings, wrist pins, connecting rods, rod and main bearings, crankshaft, camshafts and bearings, followers, lifters, pushrods, rocker arms, rocker shafts and bushings, timing chain and gears, timing chain tensioners, balance shafts, timing belt, timing belt tensioner, valves, valve seats, valve guides, valve springs and retainers, oil pump, oil pump pick up and drive, dipstick and tube, water pump, intake manifold, exhaust manifolds, harmonic balancer, flywheel/flex plate, valve covers, timing case cover, oil pan, vacuum pump, and motor mounts. **TURBO/SUPERCHARGER EQUIPPED:** When selected on the information page, the turbo/supercharger housing and all internal lubricated parts plus the wastegate/bypass valve are covered. **DIESEL/TURBO DIESEL EQUIPPED:** When selected on the information page, all internal lubricated parts listed under ENGINE plus the diesel injection pump and vacuum pump are covered.

TRANSMISSION: *AUTOMATIC EQUIPPED:* Transmission case and all internal lubricated parts including: oil pump, valve body, torque converter, governor, clutches, bushings, shafts, gear sets, bearings, vacuum modulator, dipstick and tube, and transmission mounts. *STANDARD TRANSMISSION EQUIPPED:* Transmission case and all internal lubricated parts including: shafts, bushings, bearings, gear sets, synchronizers, shift forks, and transmission mounts. *TRANSFER CASE EQUIPPED:* See Drive Axle.

DRIVE AXLE: *FRONT WHEEL DRIVE EQUIPPED:* Drive axle housing and all internal lubricated components including: carrier case, gear sets, chain and sprockets, bearings, bushings, axle shafts, constant velocity joints and double offset joints (except if boot is damaged or missing), and front and rear wheel hub bearings. *REAR WHEEL DRIVE EQUIPPED:* Drive axle case and all internal lubricated parts including: carrier, ring and pinion gears, gear sets, bearings, bushings, limited slip clutch pack, axle shafts, drive shafts, drive shaft support, u-joints, and front and rear wheel hub bearings. *FOUR WHEEL DRIVE/ALL-WHEEL DRIVE EQUIPPED:* When selected on the information page, all components listed under front wheel and rear wheel equipped are covered plus locking hubs. The transfer case housing and all internal lubricated parts including: main shaft, gear sets, chain and sprockets, bearings, bushings, and transfer case mount are covered.

AIR CONDITIONING: Compressor and clutch, condenser, and evaporator.

ELECTRICAL: Alternator, voltage regulator, starter motor and drive, starter solenoid, and front windshield wiper motor.

TAXES AND FLUIDS: State and local taxes where applicable and required fluids to complete covered repairs.

All Compass Protection Plans include Nationwide Roadside Assistance with no annual fee.

Silver

Includes all of Bronze, plus these enhanced named components listed below.

EXTENDED DRIVETRAIN: *ENGINE:* Drive/idler pulleys, auxiliary oil cooler and metal cooler lines, oil pressure sending unit, and water jacket-core plugs. *TRANSMISSION:* Oil cooler and metal cooler lines, electronic shift control solenoids, and speed sensor.

EXTENDED AIR CONDITIONING: Receiver drier, orifice, temperature control programmer, P.O.A. valve, expansion valve, heater/AC blower motor, and heater core.

EXTENDED ELECTRICAL: Alternator, voltage regulator, starter motor and drive, starter solenoid, front windshield wiper motor, rear wiper motor, front/rear windshield washer pumps, delay circuit board, relay, and switch. Electronic ignition module, electric control module (ECM), body control module, distributor, engine management control computer, spark control/anti-detonation sensor, and controller. Power window motors and regulator, power door lock actuators, heated back glass-element, wire harnesses, horns, and manually operated electrical switches (except audio/video control switches). Controlling power door locks and windows, headlight switch, turn signal switch, wiper switch, and cruise control engagement switch. Cruise control module, servo, and transducer.

ENGINE COOLING: Radiator, radiator cooling fan and motor, fan blade, fan clutch, fan shroud, coolant recovery tank, thermostat, and temperature sending unit.

ENGINE FUEL: Fuel pump, fuel tank, fuel tank sending unit, and fuel tank filler neck.

FRONT SUSPENSION: Upper and lower control arms including: shafts and bushings, upper and lower ball joints, stabilizer shaft including linkage, mounts and bushings, spindles/knuckles, and wheel hub bearings. Front end alignment will also be included where required to complete covered repairs.

STEERING: *(Gear or rack and pinion equipped)* The housing and all internal lubricated parts including: the power steering electric motor pump, power steering reservoir, power cylinder assembly, main and intermediate steering shaft and coupling, power steering oil cooler and metal lines, tie rod ends, center link, idler arm, and pitman arm. **FOUR WHEEL STEERING:** When selected on the information page, the secondary steering rack or actuator, rear power steering pump, and tie rod ends are covered. Two or four wheel alignment will also be included where required to complete covered repairs.

BRAKES: Power assist booster, master cylinder, disc brake calipers, wheel cylinders, hydraulic metal lines and fittings, metering/proportioning valve, parking brake linkage and cables.

SEALS AND GASKETS: *(Included in Silver Coverage vehicles up to 100,000 Miles)* All seals and gaskets for named components in the appropriate coverage level except when the cause of failure is the result of overheating, lack of lubrication or lack of required fluids.

Platinum

Includes all of Silver, Bronze, plus hundreds of additional components.

Platinum is the Ultimate in Protection

This coverage supplements the vehicle’s protection provided under a new vehicle warranty from the manufacturer. Included in this coverage is the replacement of covered components resulting from the gradual reduction in performance due to normal wear and use when the wear exceeds manufacturer’s specifications. Platinum coverage will cover necessary repairs to your vehicle’s mechanical and electrical systems except for the items shown in a short exclusions list.

Routine maintenance items such as coolant, lubricants, fluids, refrigerant, and others are not covered. Items that routinely need replacement such as the battery, tires, brake pads, brake drums, brake shoes, exhaust system, and shock absorbers are not covered. Appearance concerns and exterior items such as bright metal, vinyl, ornaments, wheel covers, and paint are not covered. Interior items such as upholstery, buttons, carpet, door and window handles are not covered.

Included in all levels of coverage is the replacement of covered components resulting from the gradual reduction in performance due to normal wear and use when the wear exceeds the manufacturer’s specifications.

Additional Benefits

All coverage levels include the additional benefits listed below.

- Towing assistance
- Rental assistance
- Trip interruption assistance
- Roadside assistance
- Agreement transferability
- Flexible deductibles
- Accepted nationwide
