Design my Volvo around “me”

The Volvo Engine Remote Start (ERS)

Allows the driver to start the car by simply pushing a button sequence on their existing Volvo key fob. Now, the car can warm up or cool down to a desired temperature before the driver and passengers enter the vehicle. The vehicle will heat or cool to the same temperature settings that were in place when the car was turned off. The car will run up to 15 minutes before shutting off making customers comfortable from the moment they enter the car whether it's a frigid winter morning or a hot summer day.

A bicycle holder secured to the car's load carrier. A gas strut makes it possible for the bicycle to be lifted easily and without effort.

Installed \$310.37

Volvo Cars of North America Accessories S60

Design my Volvo around “me”

Anti glare Mirror with Compass (kit)

Anti-glare rear view mirror automatically cuts off disturbing light from the cars behind. A very practical accessory when driving in the dark. Thanks to the compass in the top right-hand corner of the mirror, the compass point that the front of the car is pointing in is always shown.

Installed \$473.07

Volvo Cars of North America Accessories S60

Design my Volvo around “me”

Front Blind View Camera (kit)

Parking assistance camera, wide angle front increases the field of view and allows the driver to see "around corners". The 7" large multimedia screen shows what the camera sees. The camera has a 180° field of view that allows the driver to see around corners past buildings and hedges, at for example junctions. This makes an excellent supplement to traffic mirrors at critical junctions and areas with many buildings and thick vegetation. The camera can be used together with the parking assistance camera, rear, see Parking assistance, camera, rear. The camera is discretely mounted in the grille and is activated by a button in the centre console.

S60 Bike Lift (for load bars with T- track) (kit)

A bike carrier secured to the car's load carrier. A gas strut on the lifting device makes it possible for the bicycle be lifted without effort.

Installed \$310.37

Volvo Cars of North America Accessories S60

Design my Volvo around “me”

Front park assist (S60 non "R" Design) (kit)

Car must have rear park assist in order to install front park assist. Front parking assistance is an excellent system that warns of obstructions when you have limited space in front of the car, e.g. with tight parking. The system is activated when the speed falls below 15 km/h. A signal indicates the distance to the object in front of the car. When an object is indicated, the radio/stereo sound level is muted and a pulsating "buzzer tone" comes from the car's front speakers. The tone starts to sound when approx. 80 cm remains to an obstacle and becomes a constant tone when the distance is approx. 30 cm from the front bumper. The remaining distance is also displayed on the multimedia display in the centre console

Installed \$762.09

Volvo Cars of North America Accessories S60

Design my Volvo around “me”

S60 Navigation System (kit)

Nav prep option code 445 is required for installation. The RTI system is fully integrated in the car and has a 7 " screen. Voice control¹ and easy-to-use buttons on the steering wheel help prevent the driver from being distracted whilst driving. The navigation system and TMC²(Traffic Message Channel) makes driving easier and gives you traffic information. When the RTI system is installed, the Bluetooth Handsfree system maintains voice control.
