

SILVERADO HD 2017

CHEVROLET

3500HD Crew Cab Long Box
High Country 4x4 DRW in Black
with available features.

CONFIDENCE THAT STRETCHES FOR MILES.

Massive torque numbers. Legendary transmissions. Advanced trailering technology. These are the cornerstones of the Silverado HD, delivering everyday towing confidence.

Pair our newly redesigned and available Duramax® 6.6L Turbo-Diesel V8 – now creating a class-leading 445 horsepower and an incredible 910 lb.-ft. of torque – with the Allison® transmission and Silverado 3500HD can pull the big loads without breaking a sweat.

Confidence and capability are going to be with you year after year, since Silverado models are the most dependable, longest-lasting full-size pickups on the road! It's easy to see why J.D. Power named Silverado HD "Most Dependable Large Heavy Duty Pickup, Two Years in a Row."²

¹ Dependability based on longevity: 1987–July 2015 full-size pickup registrations. ² The Chevrolet Silverado HD received the highest numerical score among large heavy duty pickups in the J.D. Power 2015–2016 U.S. Vehicle Dependability Studies. 2016 study based on responses from 33,560 U.S. original owners of 2013 model-year vehicles after three years of ownership about problems experienced in the past 12 months, surveyed in October–December 2015. Your experiences may vary. Visit jdpower.com.

HIGH COUNTRY

3500HD Crew Cab Long Box
High Country 4x4 DRW in Black
with available features and 2500HD
Crew Cab Standard Box High Country
4x4 in Black with available features.

BOLD LOOKS TAKEN TO NEW HEIGHTS. Body-color front and rear bumpers plus chrome wheels (SRW models), 6-inch assist steps, mirror caps, door handles and grille inserts guarantee High Country is at home wherever you roam.

CHEVY TRUCK CAPABILITY. High Country has all the utility you expect, with a Trailering Package, cargo tie-downs, a spray-in bedliner, halogen projector-beam headlamps and a power-sliding rear window.

REDEFINING RUGGED. Heated and ventilated perforated leather-appointed front bucket seats come equipped with 12-way power adjustment for constant comfort. And for 2017, the High Country interior is available in two colors: Saddle and all-new Jet Black.

A 7-speaker Bose® premium sound system, Chevrolet MyLink¹ Radio with Navigation and 8-inch diagonal color touch-screen, a remote vehicle starter system and a rear vision camera are the foundation of the ultimate Silverado HD interior.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada.

NEW DURAMAX 6.6L TURBO-DIESEL.

There are more than 1 million Duramax® Diesel engines with Allison® transmissions on the road today with over 100 billion miles of experience. We've taken that proven power and perfected it in an all-new available engine that churns out an earthshaking 910 lb.-ft. of torque; a class-leading 445 horsepower and all the towing confidence you'll ever need.

STRONGER THAN EVER. To create a 19% increase in max torque, we rethought nearly everything. The cylinder heads are stronger and stiffer, and our taller engine block allows for a more robust

piston design. The crankshaft has larger connecting rod journals, and an active drain crankcase oil separator allows for better operation when you're pulling big loads.

HIGH-INTAKE INDUCTION SYSTEM.

The patent-pending induction system in the Duramax Diesel uses two air inlets – through the new hood scoop and near the fender – to satisfy the intake needs of this powerful engine, improve performance and help ensure water and debris intake is a non-issue, even in extreme conditions.

ACOUSTIC ENHANCEMENTS. The added horsepower and torque are benefits you can feel. But we didn't stop there. This engine also boasts reduced noise and vibration with acoustic rocker covers, isolated injectors, a full-length acoustic lower oil pan and an all-new fuel system.

EXTREME TEMPS? NO PROBLEM.

Duramax glow plugs heat up rapidly and, together with Direct Injection, can help your Silverado HD start quickly in extreme cold temperatures. At the other end of the spectrum, the engine oil cooler, transmission cooler and turbo intercooler will give you confidence when climbing steep grades in the hottest conditions.

THE LEGENDARY ALLISON TRANSMISSION.

To handle the 910 lb.-ft. of torque¹ generated by the Duramax Diesel, Chevy engineers chose Allison, makers of military tank transmissions.

VORTEC™ 6.0L V8 ENGINE.

This powerplant, with a cast iron cylinder block, deep-skirt design and cross-bolted main bearing caps, has been a dependable workhorse for millions of Chevy truck owners.

TOWING

3500HD Crew Cab Standard Box LT 4x4
in Butte Red Metallic with available
Duramax 6.6L Turbo-Diesel V8 engine,
LT Convenience Package and dealer-
installed 4-inch Round Chrome Tubular
Assist Steps from Chevrolet Accessories.

3500HD Crew Cab Long Box LTZ
4x4 DRW in Silver Ice Metallic
with available features.

CONFIDENCE IS KING. Silverado HD has the horsepower, torque and transmission necessary to pull everything from a fishing boat to a front-end loader. But it doesn't end there. We've equipped it with features that give you the ability to help control and stop the heaviest trailers.

FIFTH-WHEEL/GOOSENECK PREP PACKAGE. The biggest trailers require the best equipment. That's where the Fifth-Wheel/Gooseneck Prep Package¹ comes in. Available on every cab, this package includes a hitch platform ready to accept a gooseneck ball or fifth-wheel hitch, a box-mounted trailer harness, a spray-in bedliner for added durability and convenience, and all the necessary box and bedliner holes drilled and capped.

DIGITAL STEERING ASSIST. Delivering enhanced control on the highway and in the parking lot, this advanced technology provides many of the same characteristics you'll get with Electric Power Steering, including ease of handling, stability at high speeds, maneuverability at low speeds, and excellent feel and response. Standard on Crew Cab LT, LTZ and High Country models and also on 4-door Double Cab LT and LTZ models equipped with a diesel engine.

¹ Requires bumper hitch and spray-in bedliner. Not available with drop-in bed mat, drop-in bedliner or bed rug.

1. REAR VISION CAMERA. The available rear vision camera's dynamic guiding lines help when hitching a trailer.

2. DIESEL EXHAUST BRAKE SYSTEM! This system helps reduce the amount of conventional braking needed while towing or traveling downhill.

3. INTEGRATED TRAILER BRAKE CONTROLLER. For control and easy monitoring of your trailer brakes, an integrated trailer brake controller is standard on 3500HD and available on 2500HD.

4. FIFTH-WHEEL TRAILERING HITCH. When you need to handle the biggest trailers, it all starts with a durable fifth-wheel hitch. Available as a dealer-installed Chevrolet Accessory,² these hitches feature an easy drop-in design and standard receivers that fit most ball mount assemblies.

¹ Requires available Duramax 6.6L Turbo-Diesel V8 engine. ² Non-GM warranty. CURT™ provides a 10-year limited manufacturer's warranty (limited lifetime warranty on selected products). For details on the warranty provided by CURT™ Manufacturing, please call (877) 287-8634.

Trailer Camera System home screen shown. This available accessory allows you to view multiple angles of your trailer on your Silverado HD touch-screen.

CONFIDENCE YOU CAN SEE AND FEEL.

The Trailing Camera System, available from Chevrolet Accessories, helps eliminate blind spots, enhances your ability to line up your trailer and hitch when backing up, and can even let you keep an eye on important cargo such as horses or livestock in the trailer.

TOW UP TO 23,300 LBS^{1,2} Silverado 3500HD has the brute strength to tow massive loads – up to 23,300 lbs^{1,2} of fifth-wheel trailering and up to 20,000 lbs^{2,3} of conventional towing.

HILL START ASSIST. To give you extra time to switch from the brake pedal to the accelerator without rolling back, Hill Start Assist holds the brakes momentarily or until you press the accelerator.

STABILITRAK WITH TRAILER SWAY CONTROL. To keep your truck and your trailer heading in the same direction, StabiliTrak[®] with Trailer Sway Control automatically detects a swaying trailer and applies both the vehicle and the trailer brakes (if properly equipped) to help bring it back in line.

¹ Requires 3500HD Regular Cab 4x4 DRW with available Duramax 6.6L Turbo-Diesel V8 engine. ² Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ³ Requires 3500HD DRW when properly equipped with available Duramax 6.6L Turbo-Diesel V8 engine.

PAYLOAD

2500HD Crew Cab Standard Box LTZ
4x4 in Butte Red Metallic with available
Duramax 6.6L Turbo-Diesel V8 engine,
Z71 Off-Road Package and other features.

READY TO BEAR THE LOAD. Go ahead, pile it on. Silverado HD provides a roll-formed steel pickup box along with big payload numbers across the entire Regular Cab, 4-door Double Cab and Crew Cab lineup. Head to the specs section at the back of this catalog for all the details.

EZ LIFT & LOWER TAILGATE. Dampened by a torsion spring, the EZ Lift & Lower tailgate is standard on LT, LTZ and High Country. It opens smoothly with no thud and can be closed with one hand, so you can load and unload cargo easily.

CONVENIENT CARGO BED LAMPS. Available LED lamps under the bed rails illuminate the bed – perfect for those times when the work day turns to work night or when the tonneau cover is on.

1. GIVE 'EM A HAND. Pocket hand grips built into the top of the side rails provide a boost into the bed.

2. A LEG UP ON THE COMPETITION. The CornerStep rear bumper with nonslip treads also makes it easy to reach the cargo you're carrying.

3. TIES THAT BIND. Four standard lower tie-downs and available upper tie-downs can be positioned in numerous locations to help secure cargo.

4. DEFEND AGAINST DAMAGE. Standard bed rail protectors and an available factory-installed spray-in bedliner help prevent scratches and dings.

STRENGTH THAT NEVER FADES.

1 Requires 3500HD Regular Cab 2WD DRW with Vortec 6.0L V8 engine. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity on the label on the inside of the driver door jamb. 2 Requires available Snow Plow Prep Package.

2016 model shown.

FULLY BOXED FRAME. The HD frame uses high-strength steel for the fully boxed frame rails. Nine cross members provide lateral support. The front frame segments are hydroformed, a process that minimizes weight without sacrificing strength. Mounted to the rear frame are 3-inch-wide leaf springs that help achieve a maximum payload rating of 7,153 lbs¹ on the Regular Cab model. The torsion bar front suspension helps shoulder Front Gross Axle Weight Ratings of up to 6,000 lbs.²

HIGH-STRENGTH STEEL. The frame is precisely tuned to help squelch vibration for a smoother ride and confident handling. And to help create a quiet cab, nearly two-thirds of the HD cab structure is made with high-strength steel, including the pillars, roof rails and rocker panels.

ROLLED, NOT STAMPED. The HD pickup bed benefits from high-strength steel too. HD features a roll-formed steel pickup box floor, which is lighter, stronger and more durable than traditional stamped-steel boxes used by competitors.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS. Chevy engineers used patented ferritic nitrocarburizing (FNC) technology to help resist rust and increase rotor life.

HD PASSES THE MOST IMPORTANT TEST. To help validate design and materials, Silverado underwent more than 6 million miles of durability testing on proving grounds and tough roads and more than 7 million miles in the real world.

Z71 OFF-ROAD PACKAGE. This available package includes Rancho® twin-tube shocks, an underbody Skid Plate Package, Hill Descent Control and all-terrain tires, giving you everything you need to take your Silverado off-road.

THE POWER TO PLOW. With the available Snow Plow Prep Package, Silverado HD 4x4 is ready with a beefed-up Front Gross Axle Weight Rating, powerful alternator, forward lamp wiring harness, Skid Plate Package and more.

TRUCKS YOU CAN COUNT ON FROM START TO FINISH. For nearly 100 years, Chevy has given small business owners the tools they need to help get the job done. Our dealers can show you how our portfolio of vehicles – the industry’s most comprehensive lineup – can help your business run more efficiently.

Because business is all about the bottom line, you’ll be happy to know Silverado was named the Vincentric Best Value Commercial Pickup in America!

TAILORED FOR YOUR BUSINESS.

The Business Choice Program allows small business owners to choose from a variety of upfit and accessory options to ensure work vehicles are cost-effective and properly equipped.

BUSINESS ELITE DEALERS. Chevrolet Business Elite Dealers provide owners with a team of expert sales consultants to help select the right vehicles for the job. Plus, every Business Elite service department has the facilities, tools, equipment and certified technicians to accommodate your specific needs.

COMMERCIAL LINK. This platform, available through OnStar,^{®2} provides small business owners the tools, reporting and customization needed to optimize costs and reduce vehicle downtime. Access key information such as location, fuel efficiency, speed, miles driven and maintenance needs to help keep your business running at maximum efficiency.

WE MEAN BUSINESS.

INTERIOR DESIGN

2500HD Crew Cab LTZ interior in Dune with perforated leather appointments and Cocoa interior accents.

**YOUR COMFORT ZONE
HAS GONE MOBILE.**

2500HD Crew Cab LTZ interior in Dune with perforated leather appointments and Cocoa interior accents.

DESIGNED FOR THE ALL-DAY DRIVE.

Resilient dual-firmness foam helps the seats retain their support over time, which is especially important for Silverado HD drivers and passengers who spend a lot of time in their trucks.

KEEP THE OUTSIDE WORLD OUTSIDE.

There's no better spot to make a call or plan the next job. The cabin is quiet, thanks to exterior aerodynamics, inlaid and triple-sealed doors, thicker windshield glass and sound-deadening materials.

A POWERFUL ALLY. You're never far from a power supply: depending on the model you choose, stay charged with multiple USB ports¹; up to four auxiliary power outlets and an available 110-volt outlet.

THE INSIDE IS CAPABLE TOO. Upper and lower glove boxes give the whole crew a place to store all kinds of items. And with a number of storage areas throughout, everyone has a spot for their gear.

¹ Not compatible with all devices.

1. MOBILE OFFICE. With an available center console storage compartment designed to double as a file cabinet, Silverado HD puts your business on wheels.

2. KEEP AN EYE ON IMPORTANT INFO. An available 4.2-inch diagonal color Driver Information Center lets you choose what information you see and how you see it.

3. FULL-SIZE STORAGE. Forward-hinged rear doors provide easy access to the rear seats. Those seats can be folded up to provide extra space for tools, luggage or whatever else you want to keep inside.

TECHNOLOGY

1. MYLINK. DONE YOUR WAY.

Available Chevrolet MyLink¹ lets you arrange icons and features on the optional 7-inch or 8-inch diagonal color touch-screen. Store up to 60 favorites, including radio stations, contacts and even destinations (requires available Chevrolet MyLink¹ Radio with Navigation).

2. THE WORLD AT YOUR FINGERTIPS.

Steering wheel-mounted controls allow you to activate available Bluetooth^{®2} phone functions, set the cruise control, engage the available heated steering wheel and more. All knobs and buttons are large enough to accommodate gloved hands.

3. ALWAYS POWERED UP. An available wireless charging³ station lets you conveniently charge your cell phone.

4. myChevrolet Mobile App.⁴

Simply download the app to your compatible smartphone and if your vehicle is properly equipped, you can start or turn off the engine, lock/unlock the doors, send destinations to your available navigation⁵ system, view key vehicle diagnostic information, set parking reminders and more.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. ² Go to my.chevrolet.com/learn to find out which phones are compatible with the vehicle. ³ The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adaptor or back cover. To check for phone or other device compatibility, visit my.chevrolet.com/learn for details. ⁴ Requires data plan, compatible vehicle and compatible device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service. ⁵ Map coverage available in the United States, Puerto Rico and Canada.

SILVERADO HD IS THE FIRST FULL-SIZE PICKUP TO OFFER BUILT-IN 4G LTE Wi-Fi.¹ Our stronger signal means you have a reliable connection, providing a better in-vehicle experience than you'll get with your smartphone and allowing you to seamlessly connect up to seven devices to the Internet!

¹ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T. Vehicle must be on or in accessory mode to access Wi-Fi and device must be within 50 feet of the vehicle.

SAFETY

SAFETY STARTS WITH YOU. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

SAFETY THAT NEVER RESTS.

With the available Driver Alert Package, you get features that help alert you to the unexpected, including the Safety Alert Driver Seat, Lane Departure Warning, Forward Collision Alert, and Front and Rear Park Assist.

SAFETY ALERT DRIVER SEAT. This available seat uses directional vibration pulses from the seat cushion instead of audible crash avoidance alerts to help indicate the direction of potential threats. This patented warning approach is tied into other onboard crash avoidance systems.

LANE DEPARTURE WARNING. If you unintentionally change lanes (without a turn signal), this available camera-based system sends an alert. The camera, mounted near the inside rearview mirror, reads traffic lane markings when identifiable and provides audible and visual alerts.

FORWARD COLLISION ALERT. This available feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Silverado HD is following a detected vehicle too closely.

FRONT AND REAR PARK ASSIST. Ideal when pulling into a parking spot at low speeds, this available system senses stationary objects and alerts you if an object is too close. The available rear vision camera automatically displays a live image of the area behind the vehicle on the screen in the center stack after you shift into Reverse.

REAR VISION CAMERA. When the transmission is in Reverse, the available rear vision camera with dynamic guiding lines allows the driver to view objects directly behind the vehicle via the screen in the center stack. So it's easier to back up, park or hook up a trailer.

ABS BRAKES. Four-wheel, four-channel, antilock disc brakes (ABS) help provide straight, more controlled stops by preventing wheel lockup in most road conditions.

TEEN DRIVER. This new available feature encourages safe driving habits in a number of ways and helps small business owners guide their employees to be good company representatives on the road. The technology provides an in-vehicle report that monitors the frequency of available active safety feature activations, mutes the audio system when front-seat occupants aren't wearing their safety belts, and gives audible and visual warnings when the vehicle is traveling over a predetermined speed.

ONSTAR AUTOMATIC CRASH RESPONSE! In a crash, built-in sensors can alert a specially trained OnStar Advisor, who is connected into your Silverado HD to see if you need help — even if you can't ask for it. Advisors can use GPS technology to pinpoint your location and request emergency help. Automatic Crash Response is included in the OnStar Guidance Plan,² standard for the first three months (available on WT³).

¹ Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ² Visit onstar.com for coverage map, details and system limitations. ³ Requires available Chevrolet MyLink Radio with 7-inch diagonal color touch-screen display.

ACCESSORIES

Diamond-Patterned Tool Box available from Chevrolet Accessories.

Dealer-installed Gooseneck Hitch Package available from Chevrolet Accessories.

Dealer-installed Ladder Rack available from Chevrolet Accessories.

Premium All-Weather Floor Liners available from Chevrolet Accessories.

RAISING THE BAR. These are just a few of the accessories available for your 2017 Silverado HD. For a complete list, check out chevrolet.com/accessories.

Outside heated power-adjustable body-color mirrors with driver spotter mirror (2500HD models)
Outside heated power-adjustable vertical Black trailering mirrors, upper glass, manual-folding and manual-extending, with integrated turn signal indicators, auxiliary cargo lamp for backing up and amber auxiliary clearance lamp (3500HD models)
Body-color bodyside moldings
Body-color door handles
EZ Lift & Lower tailgate
Remote locking tailgate
Rear wheelhouse liners (2500HD models and 3500HD 4-door Double Cab and Crew Cab models; not available with DRW)
17" machined-aluminum wheels (2500HD models)
18" chromed-aluminum wheels (3500HD SRW models)
17" painted-steel wheels with chrome overlay and center caps (3500HD DRW models)
Rear vision camera with dynamic guiding lines
Chevrolet MyLink ⁶ Radio with 8-inch diagonal color touch-screen display
Single-slot CD/MP3 player
HD Radio [®]
SiriusXM Satellite Radio ⁷ All Access Package with 3-month trial subscription
OnStar 4G LTE and built-in Wi-Fi [®] hotspot for up to seven devices ⁸ ; includes data trial for 3 months or 3 GB (whichever comes first)
Driver Information Center with 4.2-inch diagonal multi-color display
Leather-wrapped steering wheel with steering wheel-mounted controls for audio and cruise
Remote Keyless Entry
Front 40/20/40 reclining split-bench 3-passenger seat with manual-adjustable driver lumbar control, outboard head restraints, center fold-down armrest with storage, lockable storage compartment in seat cushion and storage pockets
Driver and front passenger visors with illuminated vanity mirrors
Color-keyed carpeting with rubberized vinyl floor mats (4-door Double Cab and Crew Cab models include second-row floor mats)
Power windows with express-down and driver express-up/-down (Regular Cab models)
Deep-tinted rear windows (4-Door Double Cab and Crew Cab models)

¹ Requires Vortec 6.0L V8 engine. ² Not available with pickup box delete or rear bumper delete. ³ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ⁴ Not compatible with all devices. ⁵ Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. ⁶ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. ⁷ If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. ⁸ Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T.

SELECT VEHICLE FEATURES

SILVERADO HD LTZ In addition to or replacing LT features, LTZ includes:

Trailer Package¹ and integrated trailer brake controller

Outside heated power-adjustable power-folding mirrors with chrome caps, integrated turn signal indicators and puddle lamps; includes driver-side auto-dimming feature and driver spotter mirror (2500HD models)

Outside heated power-adjustable vertical chrome trairing mirrors, memory-equipped, upper glass, power-folding and manual-extending, with integrated turn signal indicators, auxiliary cargo lamp for backing up and amber auxiliary clearance lamp (3500HD models)

NEW VEHICLE LIMITED WARRANTY

5-YEAR/60,000-MILE TRANSFERABLE POWERTRAIN LIMITED WARRANTY Every 2017 Chevrolet Silverado HD comes with a 5-year/60,000-mile (whichever comes first) transferable Powertrain Limited Warranty. Silverado HD equipped with a 6.6L Duramax Turbo-Diesel engine comes with a 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty. 24/7 Roadside Assistance and Courtesy Transportation are also offered for the duration of the Powertrain Limited Warranty. Please see your Chevrolet dealer for details.

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY Chevrolet will warrant each 2017 Silverado HD from bumper to bumper for 3 years/36,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

¹ Maintenance visits must occur within two years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. See participating dealer for other restrictions and complete details. ² Whichever comes first. See dealer for details. ³ Does not include emergency or security services. Visit onstar.com for coverage map, details and system limitations. ⁴ Requires data plan, compatible vehicle and compatible device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service. ⁵ Requires available Chevrolet MyLink Radio with 7-inch diagonal color touch-screen display. ⁶ Visit onstar.com for coverage map, details and system limitations. ⁷ Cargo and load capacity limited by weight and distribution.

IMPORTANT INFORMATION

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM) Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1.888.4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog

and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Large Pickup segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

CHEVROLET OWNERSHIP EXPERIENCE Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs. Visit chevrolet.com to build and price, find a vehicle, request a quote, compare vehicles, find financial tools or track your vehicle order. You'll also find information about 24-hour Roadside Assistance, Courtesy Transportation, Customer Assistance, GM Mobility, safety and current incentives.

CHEVROLET.COM/SAFETY Chevrolet is committed to keeping you and your family safe – from the start of your journey to your destination. That's why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.

GMMOBILITY.COM (1-800-323-9935) GM MobilitySM offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

THE BUYPOWER CARD The Chevrolet BuyPower Card – Every purchase you make with the BuyPower Card from Capital One* helps you earn toward an eligible new Chevrolet, Buick, GMC or Cadillac vehicle.
