Reliable Platinum Protection for your Vehicle

PLAN OVERVIEW

It's no surprise that most major repairs are needed after the original factory warranty has expired, which means you will have to deal with all the inconvenience, time, energy and expense of those repairs.

The Platinum Service Contract begins on the purchase date and expires according to the term and mileage selected, whichever occurs first. You can select from a national network of over 6,000 authorized service centers or any licensed repair facility in the U.S.
