Different colours for the passenger compartment stitching may be specified using the following Modis codes:

- Colour upon request for stitching (Modis code STC1)
- Colour upon request for special stitching (size/thread thickness) (Modis code STC2)

Seats

The F12berlinetta may be specified with the following seat styles:

- Daytona style for seats (Modis code DAY1)
- Diamond pattern style for seats (Modis code LOS1)
- "Leaf" style for seats (Modis code LEAF)

This style has "leaf "style stitching in the central part of the seat and of the backrest.

- Daytona inserts in leather (Modis code STP1)
- Daytona inserts in Alcantara® (Modis code STP2)

All seat styles may be specified also with full Electric seats

Standard seat

INTERIOR AND MATERIALS

Seats

INTERIOR AND MATERIALS

Full-Electric seats (Modis code RSFE)

The F12berlinetta is equipped with electric seats with the following addictional functions:

- Electric backward/forward adjustment
- Backrest adjustment
- Electric seat height adjustment
- Electric seat tilting adjustment

As an alternative to the standard configuration the F12berlinetta may be specified with fully electric seats with the following functions:

- Pneumatic side bolster adjustment
- Lumbar support adjustment
- Seat position memories
- Heating

In conjunction with fully electric seats the vehicle may be specified with electric steering column (no extracosts)

INTERIOR AND MATERIALS

Carbon-fibre interior options

The Ferrari F12berlinetta may be customized with interior elements in carbon fibre.

- Carbon-fibre steering wheel + LEDs (Modis code LEDS)
- Carbon-fibre driver zone + LEDs (Modis code CIDL)

EQUIPMENT AND TRAVEL

Inner electrochronic mirror (Modis code MIR1)

Inner and outer electrochronic mirrors (Modis code MIR2)

Thermo-insulating windscreen (Modis code HAW1)

Adaptive light system (Modis code AFS1)

Cruise control (Cod. Modis CRS1)

Luggage set for luggage compartment (Modis code LUG9)
The luggage set consists of two semi-rigid suitcases, a soft bag and a soft beautycase.

Luggage set for rear shelf (Cod. Modis BAG2)
The luggage set consist of two soft bags which fit the rear shelf

Luggage set for rear shelf
Golf bag

Luggage set for luggage compartment

EQUIPMENT AND TRAVEL

Privacy rear windows (Modis code PRG1)
The optional includes rear windows and rear boot glass.

July orders' collection 2012

F12 berlinetta

INTERIOR AND MATERIALS

Options for passenger compartment in carbon fibre
F12berlinetta interior may be enhanced with carbon-fibre elements:

- Carbon-fibre dashboard trim (Modis code DATR) – Only left hand drive Markets

INTERIOR AND MATERIALS

Coloured seat belts (Modis Code CSB1)

The interior of the F12berlinetta can be customized by choosing the color of seat belts. The colours available are:

- Grigie
- Blu
- Bordeaux
- Rosse
- Giallo
- Marrone
- Beige
- Sabbia

EQUIPMENT AND TRAVEL

Rear parking camera (Modis Code PAC1)
The rear camera is fitted in the foglamp cluster on the rear bumper. Images from the camera are displayed on the right TFT display of the instrument panel.

Tyre pressure and temperature monitoring system (Modis Code TPM0)

20" spare wheel kit (Modis code WHE4) – Gulf markets only
The space saver spare wheel is stored in the luggage compartment, held in place by specific retainer.
This does not allow the luggage set to be located in the compartment

Handy fire extinguisher (Modis code EXT1) - Gulf markets only
The extinguisher is located in the passenger footwell held in place by specific retainer.

September orders' collection 2012

F12 berlinetta

RACING AND TRACK

Carbon fibre racing seats

Carbon fibre racing seats may be ordered as an alternative to the standard configuration.
All seats are trimmed in leather or leather and Alcantara® as the interior and the stitching of the vehicle and have the prancing horse logo printed on headrests.
Seats with electrically powered backrest adjustments are available in two different styles:

- Carbon fibre racing seats (Modis code RSCH)

RACING AND TRACK

▪ Carbon fibre racing "Style" seats (Modis code SRSC)

F12 berlinetta may be trimmed with an exclusive style with perforated leather inserts for backrest and seat. A technical fabric is used under the perforated leather combined with the colour of the stitching enhancing its exclusivity. Seat fabric and stitching colour combinations may be as follows.

▪ White coloured fabric
- Bianco 2000 Stitching
- Beige Chiaro 1209 Stitching
- Blu Scuro 0825 Stitching
- Blu Medio 0827 Stitching
- Grigio Chiaro 0326 Stitching
- Grigio Scuro 0318 Stitching
- Verde 1097 Stitching
- Charcoal 0416 Stitching

▪ Black coloured fabric
- Nocciola 0261 Stitching
- Cuoio Sella 0262 Stitching
- Cuoio 0277 Stitching
- Testa di Moro 0173 Stitching
- Nero 4000 Stitching

▪ Red coloured fabric
- Rosso 0504 Stitching
- Bordeaux 0106 Stitching

▪ Yellow coloured fabric
- Giallo 0113 Stitching

RACING AND TRACK

Please note that F12berlinetta racing seats side covers are painted combined with interior dashboard trim as shown below:

- matt grigio brunito painted side covers with matt grigio brunito dashboard trim (standard)
- glossy grigio silverstone painted side covers with carbon fibre dashboard trim

Prancing horses on headrests are available as special equipment in all racing seats.

EXTERIOR AND COLOURS

Front grille with chromed edges (Modis Code CFG1)

Standard front grille can be ordered as follows:

black coloured grille with chromed grey edges.

INTERIOR AND MATERIALS

Leather upholstery for headliner (Modis code RUF1)

As an alternative to Alcantara® upholstery for headliner in standard configuration, it is possible to order it in leather colour upon request.

Passenger compartment interior option in Carbon fibre

- Exterior carbon fibre sill kick (Modis cod CISK)

EQUIPMENT AND TRAVEL

Front parking camera with dual-view system (Modis code PAC2)

The front parking camera housed in the front bumper grille helps with parking manoeuvres.The driver may switch between a wide-angle central view and views from either corner of the bumper by pressing a button on the centre dashboard console through an innovative dual view system. Images from the camera are displayed on the TFT display to the right of the instrumental panel.

Electric steering column (Modis code ELSC)

Together with standard seats the vehicle may be specified with electric steering column.
Please note that electric steering column cannot be ordered with carbon fibre racing seats

EQUIPMENT AND TRAVEL

HI FI premium system (Modis code SNDB)

Upon request F12berlinetta can be equipped with a high power audio system. JBL Professional®, the leading supplier of systems to the music and cinematographic industries, has developed a specific audio system for the F12berlinetta. The audio system includes 12 speakers and a 14 channels amplifier for a total power of 1120 W (80W for each channel). In addition, the DVC (Dual Voice Coil) woofers ensure faithful sound reproduction even at very low frequencies.

EQUIPMENT AND TRAVEL

Front suspension lifter (Modis code ELEV)

The system acts on the front suspension, increasing ground clearance by up to 40 mm to allow the vehicle to clear speed bumps and ramps. The system is automatically deactivated at speeds over 40 Km/h.

Additional functions to the standard configuration

F12berlinetta standard configuration has the following additional functions:

- Cruise control
- Tyre pressure and temperature monitoring system
- Inner and outer electrochromic mirrors
- Front parking sensors.(November 2012) – F12 berlinetta produced up to November will be updated if it is necessary.

This means that the related codes no longer exist in Modis

- Cruise control (Modis codeCRS1)
- Tyre pressure and temperature monitoring system(Modis codeTPM0)
- Inner electrochromic mirror (Modis code MIR1)
- Inner and outer electrochromic mirrors (Modis code MIR2)
- Front parking sensors (Modis code PAR2)

October orders' collection 2012

F12 berlinetta

EXTERIOR AND COLOUR

Exterior sill cover in carbon fibre (Modis code CEXS)
Starting from October orders' collection a carbon fibre sill cover may be ordered.

INTERIOR AND MATERIAL

Passenger compartment interior options in carbon fibre
Starting from October orders' collection the following carbon fibre interior options may be ordered for the F12berlinetta.

- Carbon fibre Central Console (Modis code CILR) – Only left hand drive Markets

- Carbon fibre tunnel cup holder (Modis code CITP)

Silver dedication plate (Modis code DEDI)
The vehicle may be specified with a silver dedication plate fitted on the centre tunnel arm-rest.

EQUIPMENT AND TRAVEL

20” spare wheel kit (Modis code WHE4) – Markets extension

The F12berlinetta may be specified with a 20”spare wheel, stored in the luggage compartment, held in place by specific retainer straps. The spare wheel kit is now available for any country. Luggage set for luggage compartment cannot be ordered if 20”spare wheel is selected.

Handy fire extinguisher (Modis code EXT1) – Markets extension

The extinguisher is located in the passenger footwell held in place by specific retainer.

Anti stone chipping protection (Modis code CHIP)

To protect the vehicle finish from stone chipping, F12berlinetta may be specified with a transparent protective film which is applied to the following areas:

- Front bumper
- External mirrors
- Side Door sill
- Front and rear wheelhouses

EQUIPMENT AND TRAVEL

Passenger compartment display (Modis code PDIS) – Only left hand drive Markets

The display will be fitted on the passenger compartment dashboard trim and will show the following information:

- engine RPM
- speed
- gear engaged
- position of the Manettino
- satellite navigation system information with graphic display
- trip computer
