Ready to expand your horizons? It’s easy in the Nissan Titan. Put your foot down on a powerful standard V8 engine that hits the road with up to 9,500 lbs. of towing capacity. Underneath, a fully boxed ladder frame handles just about any job on the list. While Titan’s cabin and bed give you first-in-class innovation plus plenty of room. No matter how epic your plans, Titan’s ready. 2013 Titan. Nissan. Innovation that excites.
BECAUSE YOU STILL LOVE “SNOW DAYS”.

Nissan Titan SV King Cab 4x4 shown in Glacier White with optional equipment.
PLAYGROUND OF THE EXTREMELY CAPABLE.

Climb, crawl, and throw some dirt. You’re in the right truck to do it. With shift-on-the-fly 4WD and traction-boosting off-road gear, Titan keeps a grip to keep you moving right on through. And when you take a break, you can admire the new dark-finished wheels and satin chrome-finished front grille.

E-locker. When 4-Wheel Drive LO isn’t enough for the crawl you’ve got planned, the available electronic locking rear differential is ready and extremely able. Flip the switch and this ultimate off-road feature delivers equal power to both rear wheels to boost traction and help keep your truck moving forward.

4-Wheel Limited Slip. Helps keep your wheels from spinning. All Titan models include ABLS, a system that senses when a wheel begins to slip, then automatically brakes the slipping wheel (or wheels) and sends additional power to the wheels with the best traction.

Off-road-tuned Suspension. Take the bumps like a professional. Titan PRO-4X’s off-road-tuned suspension includes legendary Rancho® shocks for composure through the ugly stuff.

For those who like to live off-off-off the beaten path, the only choice is Titan PRO-4X. With extras like electronic locking rear differential, Rancho® off-road shocks, additional underbody skid plates — not to mention unique white-faced gauges — it’s got the gear, the guts, the technology to handle it in places where success is measured in feet per minute.

*As equipped to the ride. Always drive safely. “Rancho” is a registered trademark of Tenneco Automotive Operating Company, Inc.
FOUR WALLS ARE STRONGER THAN THREE.

To build a better truck, sometimes you need to think inside the box. As in the fully boxed full-length ladder frame that’s at the core of every Titan. Some of our competitors use 3-sided open “C” rails instead. But you don’t need to be a structural engineer to know the obvious – when building, four walls are stronger than three.

At its core, every Titan stocks a fully boxed ladder frame, plus components built for no-nonsense performance.

1. **Dana® axles** are built for durability. Wherever there’s a drive wheel, there’s a Dana axle.
2. **Heavy-duty suspension** gives a smooth ride and firm, responsive handling. Double-wishbone up front, and multi-leaf springs in the rear.
4. **Beefy brakes** provide maximum contact area for rapid heat dissipation, long-lasting durability and confident towing.

The feeling of reeling in the big one.

It's always a good haul with a massive 5.6-liter V8. Punch the pedal and the exhaust system growls, while 385 lb-ft of torque kicks in to get the job done. This is one place where you don't want to hear about the one that got away.

9,500 lbs. maximum towing on Titan SV King Cab 4x2 with Premium Utility Package. See Nissan Towing Guide and Owner's Manual for proper use.

Flexible Fuel Vehicle is not available in all states.

Give yourself an efficiency boost. The Nissan Titan features a high-flow intake that maximizes every heaping gulp of air. Molybdenum-coated pistons and microfinished valves cut friction, ramp up smoothness and let revs rise faster.

Harness the power of E85. The Titan Flexible Fuel Vehicle (FFV) engine works with ethanol E85, standard unleaded or any mixture of the two fuels.

What's power without torque? Especially the brute force of low-rev torque, i.e., 80% under 1,000 rpm and 90% under 2,500 rpm. Feel confident – Titan's got it.

Tow to the max. For that full 9,500-lb. pull, the SV Premium Utility Package boasts a lower final gear ratio, plus features like extendable tow mirrors and a heavy-duty battery. For the full list of package equipment, please see the Specifications section of this brochure.
Nissan’s first-in-class Utili-track® cargo-carrying system holds a huge advantage over other trucks. With five channels, including two on the bed floor, not just in the walls and header, you can have your way with cargo. Just position the four beefy aluminum-alloy cleats anywhere along the tracks, strap in your cargo, and put even the most awkward loads on lockdown.¹

Nissan’s revolutionary Utili-track system may have been copied by others, but its level of flexibility leads the way among full-size trucks. Add an available spray-on bedliner, and Titan gives you one smart, long-lasting bed to haul what you need, work or play.²

²Ward’s Light Vehicle Market Segmentation. MY13 Titan vs. 2012 Large Pickup & Full Size. ¹Cargo and load capacity limited by weight and distribution. Always secure all cargo.

Always turn to check what is behind you before backing up.

Required SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2012 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.

Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license.

TECHNOLOGY THAT’LL HOOK YOU UP.

Whether you’re on the job or heading for the high country, Titan’s available advanced technology makes it easy to keep you connected to your world.

RearView Monitor. Titan’s new RearView Monitor not only helps you see what’s directly behind you, but comes in real handy when you’re hitching a trailer.

Nissan Mobile Entertainment System. Makes entertaining the whole crew easy with an available with flip-down monitor.

Rockford Fosgate-powered audio. Your tunes have never sounded better than through this 10-speaker system. With available SiriusXM Satellite Radio, you’re spoiled for choice, too.

Bluetooth® Hands-free Phone System. Lets you make and take calls with your hands on the wheel.

120-volt AC power outlet. A new 120-volt outlet on the back of the console lets you charge your laptop while it’s safely concealed inside.

Bluetooth® Hands-free Phone System.

Let’s you make and take calls with your hands on the wheel.

Rockford Fosgate-powered audio.

Your tunes have never sounded better than through this 10-speaker system. With available SiriusXM Satellite Radio, you’re spoiled for choice, too.

120-volt AC power outlet.

A new 120-volt outlet on the back of the console lets you charge your laptop while it’s safely concealed inside.

RearView Monitor. Titan’s new RearView Monitor not only helps you see what’s directly behind you, but comes in real handy when you’re hitching a trailer.

Nissan Mobile Entertainment System. Makes entertaining the whole crew easy with an available with flip-down monitor.
**HOWEVER YOU WANT IT.**

Why settle for just the radio? By putting the latest technologies right at your fingertips, Titan gives you all you need for hours of endless entertainment. Rock on.

**Streaming audio via Bluetooth.** Want to let your passengers play DJ? Just connect a Bluetooth® enabled audio device to stream music wirelessly, from any seat in the cabin.

**Pandora® radio capability.** Looking for something new? Explore music based on your hand-picked favorites using Pandora® radio capability. Connect your Pandora®-equipped iPhone® through the audio system to listen to Pandora® free internet radio and use the ‘thumbs up’ or ‘thumbs down’ icons to rate songs – all right in the display.

**iPod®/USB input.** Wouldn’t you like to listen to your own playlists or podcasts? With the available iPod®/USB input, you can. Plug in your iPod® or other portable MP3 player through the USB port and control it through Titan’s audio controls.

**WHEREVER YOU ARE.**

Navigate your way through the concrete canyons, call up some friends, or use Google® services to find that new restaurant with NissanConnectSM as your guide.

**Nissan Navigation System.** Titan’s available 5.8-inch touch-screen display offers NavTraffic and NavWeather for real-time advisories to keep you on the move. Plus over two million points of interest, so you’ll always have something new to discover.

**Points of Interest powered by Google®** Find that new restaurant in a snap. Based on the latest information, Google® Points of Interest lets you search for a location, even without knowing the name or category. Once you find it, select it and you’re on your way.

**Google® Send-To-Car.** Send any address to your Nissan Navigation System using your favorite connected device, like a smartphone or computer. When you start the car and connect to the network, the directions will be delivered and loaded into your navigation system. How cool is that?

**Hands-free text messaging assistant.** Now you can receive and respond to text messages without ever touching your phone. With a press of a button, have your text messages read to you and answer with pre-loaded responses, all via voice recognition.

The feeling it was built just for you.

Titan takes your comfort personally—even if you have to share sometimes. Premium details include an available memory function that locks in the perfect settings for your driver’s seat, outside mirrors and power adjustable pedals. Dual Zone Automatic Temperature Control (ATC) lets you and your front passenger set your own climates. And when the temperature dips outside, available heated front seats warm things up.

Innovation that works hard for you. On models with captain’s chairs (as shown here), the center console holds a surprise: a handy 120-volt charging point, and a lockable storage area big enough for a laptop or hanging file folders. Fold down the front passenger seat and you’ve got a writing desk for notes at the job site.

Nissan Titan PRO-4X Crew Cab 4x4 shown in Charcoal Leather with optional equipment.
MAKING A BIG STATEMENT ON SAFETY, TOO.

Air bags all around. Start with the Nissan Advanced Air Bag System: dual-stage supplemental front air bags, including an occupant-classification system. If the front-passenger’s seat is empty, for example, a sensor deactivates that air bag. Built into the front seats are driver and front-passenger side-impact supplemental air bags. They even move with you when you adjust your seating position. Up above are roof-mounted curtain supplemental air bags for both rows to help provide enhanced head protection for outboard occupants.

Ready with a rollover sensor. In the unlikely event of a rollover, Titan has a system that detects an impending rollover, then deploys both curtain air bags.

Highly ingenious. The advanced front seat belts on every Titan model feature pretensioners that automatically tighten the belts when the front air bags deploy. And if your body puts too much force on the belt, load limiters give a bit. But the smarts don’t stop there. During a rear-end impact, front-seat Active Head Restraints move up and toward you to meet your head part of the way, helping close the gap and reducing the chance of whiplash.

Vehicle Dynamic Control. When you’re on-road – and paths are better defined – traction and control are still key. VDC monitors the truck’s dynamic response and helps compensate for oversteer or understeer to help keep you on your steered path.

Brake Override Technology. Like every Nissan since 2005, Titan comes standard with Brake Override Technology. Designed to help slow down your vehicle and bring it to a safe stop in an emergency, it overrides accelerator input and reduces engine power when the accelerator and brake pedals are applied simultaneously.

snugKids. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: The Snug Kids Child Safety Seat Fit Guide, an industry first. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids

Air bags are only a supplemental restraint system. Always wear your seat belt. Even with the occupant-classification system, rear-facing child restraints should not be placed in the front-passenger seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents, see your Owner’s Manual for more details. Always drive safely.

VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely.
PROTECT. IMPRESS. CONNECT. ORGANIZE. GENUINE NISSAN ACCESSORIES.

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan’s 3-year/36,000-mile limited warranty; and can be financed when installed by dealer at time of purchase.

1. Covered by Nissan’s Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles or the remaining period under the 3-year/36,000-mile Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details.

2. Cargo and load capacity limited by weight and distribution. Always secure all cargo. HomeLink® is a registered trademark of Johnson Controls Technology Company.

A. **20” Chrome Wheels**
Turn double-takes into triple-takes.

B. **Chrome Taillight Guards**
Protect taillights with a custom feel.

C. **Auto-dimming Rearview Mirror with HomeLink® and Compass**
How many things can one mirror do?

D. **Sliding Bed Divider**
Divides and conquers. Works perfectly with Utili-track® system.

E. **Stainless Steel Exhaust Finisher**
Helps your Titan look as sweet as it sounds.

F. **Carpeted Floor Mats**
Keep your original carpeting looking showroom new.

G. **U-shape Side Steps**
Easy entry and exit – and a tough look.

H. **Moonroof Wind Deflector**
Open air is good. Wind-blown pompadour look – not so much.

Nissan Titan SL Crew Cab shown in Gun Metallic with 20” Chrome Wheels, Chrome Billet Grille, Chrome-finished Hood Protector, Chrome Step Rails (standard on SL), Chrome Bed Tube Rails, Telescoping Tow Mirrors and Splash Guards.

For more information and to shop online for Genuine Nissan Accessories, go to parts.NissanUSA.com.
Along with the other hard-working accessories listed below, you'll find a full line of accessories designed specifically to work with the unique system of channels and cleats in Titan's incredibly versatile Utili-track® system.

A. Tow Hitch Receiver and Trailer Tow Harness (7-pin)
   Give the boat a ride, too.

B. Rear Under-seat Storage Bin
   Keep things out of the way, but easy to reach.

C. Rear Window Rack
   Protects Titan's rear window. Great for mounting lights or other accessories.

D. Sliding Tool Box
   Slide it forward when you're on the move. Slide it back for easy access on the job.

E. Bed Tent
   It's your Titan! It's your campsite! It's both!

F. Telescoping Tow Mirrors
   Get a fresh perspective with mirrors that slide outward for improved visibility while towing.

G. Splash Guards
   Save your Titan from an unexpected mud bath.

H. All-season Floor Mats
   Don't let the muck mess up your truck.

GO WIDE.
The Wide Open rear doors on Titan King Cab make entering or loading the cabin a snap. Other trucks out there may have imitated their design, but Nissan was the first to perfect the Wide Open door. And with no B-pillar to get in the way, plus a fold-up rear bench seat, your cargo flexibility is as wide open as your doors.

TITAN KING CAB FEATURES
- Over 6.5 feet of bed length
- Two available seating configurations: 6-passenger with front bench seat or 5-passenger with front captain’s chairs
- Standard rear fold-up bench seat and a flat loading floor give you more usable area

GO LONG.
As in the longest Crew Cab bed in its class: Plenty of room for whatever you need to bring along—work or play. While inside the massive cabin, you’ll find more head room than Toyota Tundra, more front leg room than Chevy Silverado or Ford F-150 and bigger overall passenger volume than Ram Crew Cab.

TITAN CREW CAB FEATURES
- Two available seating configurations: 6-passenger with front bench seat or 5-passenger with front captain’s chairs
- Huge interior with 126 cubic feet of passenger room
- Two available seating configurations: 6-passenger with front bench seat or 5-passenger with front captain’s chairs

**Nissan’s Green Program**

- Nissan’s philosophy toward the environment: “Seeking a symbiosis of people, vehicles and nature,” describes our ideal for a sustainable mobile society, now and in the future. We launched the Nissan Green Program with specific objectives to realize this goal, and we are pursuing it energetically. For more information, log on to NissanUSA.com/green

**Guaranteed Nissan Parts**

- Buying and owning a Nissan is like driving one: quick, convenient, confidence-inspiring.

- Nissan Motor Acceptance Corporation. Whether you are buying or leasing, you’ll find attractive rates and flexible terms to make your purchase as accessible as possible.

- New Vehicle Limited Warranties. Protection for your new Nissan includes 3 years/36,000-mile basic coverage and 5 years/100,000-mile powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

- Security+Plus. For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

- Maintenance Plus. This extended plan ensures your Nissan will receive up to 12 different services and over 53 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

- Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they’re the only parts to carry Nissan’s factory-backed limited warranty.

- This brochure is intended for general descriptive and informational purposes only. It is subject to change and does not constitute any offer, representation or warranty (express or implied) by Nissan North America, Inc. and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ in Hawaii, U.S. territories and other countries. For additional information on availability, options or accessories, and other pre- and post-production factors, actual vehicle, materials and specifications may vary from this brochure. Some vehicles shown with optional equipment. See the actual vehicle for complete accuracy. Availability reserves the right to make changes, at any time, without prior notice, in prices, colors, materials, equipment, specifications, and models and to discontinue models or equipment. Due to continuous product development and improvement, some data may not be final. Nissan reserves the right to make changes at any time, for any reason, without notice. Nissan. Innovation that excites.™

NISSAN TITAN®

Shouldn't you drive something you love? Absolutely. And that’s what inspires our innovation. We look at every part of your drive and ask how can we make this better, smarter and more fun. So when you get into your new Titan, you’ll feel how exciting the answers can be:

Muscle to flex. Titan’s powerful 5.6-liter V8 is available in a flex fuel version that runs on ethanol E85, unleaded or a mix of the two.

Easy access. Nissan was the first to perfect the Wide Open rear door design you find on King Cab. It makes getting in or loading up a snap.

A revolutionary bed. Titan’s Utili-track® system changed truck beds forever. And gave you a whole new way to lock down your cargo.

Off-road smarts. With the available electronic locker rear differential, Titan offers advanced off-road technology you don’t find in many full-size trucks.
