WOULDN’T IT BE COOL IF...

LEADING-EDGE AND LEGENDARY CAME IN ONE SWEET PACKAGE?

It’s a claim few sports cars can make. And one absolutely worth experiencing. Your first stop – a curvy road not far from town. A perfect place to hear a dual exhaust bounce 332 hp of pure adrenaline off a canyon wall. To feel the massive braking power of available 14” front discs as you set up for a tight hairpin turn. The feedback through the wheel and the seats as a dynamically balanced chassis just grips and grips and grips. More? How about a perfect downshift, thanks to the world’s first available rev-matching manual transmission. And somewhere along the way, find a scenic turnout, and just take in the aggressive design that’s inspired awe and envy for over 40 years. Then fire up that 3.7-liter V6, stand on it, and you’re gone. The 2014 370Z® Sweet.
Nissan 370Z® coupe shown in Pearl White with optional equipment.
Some may say you’re obsessed, but we understand – in a sports car, everything has to be right. That’s why you’ll find the main gauges adjust with the steering column, so you always have a clear view. The center console controls are located within easy reach, and are easily identifiable by touch. There’s even a uniquely bolstered driver’s seat for enhanced support, knee pads on both sides of the console and anti-slip material on the seat cushions.

Nissan 370Z® Touring Coupe shown in Persimmon Leather with optional equipment.
Nissan 370Z® coupe shown in Magma Red with optional equipment.

THE FEELING OF A 7,500-RPM HEARTBEAT.
THE FEELING OF UNLIMITED POSSIBILITIES.

Taste freedom as the breeze brushes your face. Hear the sound of 332 pure horsepower through a tuned exhaust. Embrace the sky as the Roadster folds its power top in about 20 seconds. Drop it from the cozy cockpit or even from the outside by pushing a button on the driver’s door. It’s time to rev your senses.

*Do not drive the vehicle with the top partially open. Always make sure the top is either fully opened or closed before driving. See Owner’s Manual regarding proper use.*
Nissan 370Z® touring roadster shown in Black Cherry with optional equipment.
Nissan 370Z® touring coupe shown in Gun Metallic.

At its core, the heart of a legend. As long as there has been a Z®, there has been a soulful 6-cylinder leading the way. In this case, the 4th-generation of the legendary VQ V6 engine. With a 3.7-liter displacement for massive muscle, this 332-hp dynamo features advanced Variable Valve Event and Lift (VVEL) technology that continuously tunes valve lift and timing for quicker response and a broader torque curve, while optimizing fuel efficiency and reducing emissions. And while this extensive engineering may sound intriguing on paper, the exhilaration from idle to the 7,500-rpm redline – on the straights or through the corners – is pure, pulse-pounding magic.
Innovation That’s A Match Made In Driving Heaven.

Wouldn’t it be cool to have a perfectly matched shift every time? SynchroRev Match® gives you the shifting skills of a pro, for a smoother, controlled drive, from your favorite twisty road to your daily commute. It’s one manual transmission so smooth, it would make an automatic jealous. Except maybe, the Z®’s exceptionally talented 7-speed automatic.

A world’s first. Included in the Sport Package, SynchroRev Match® technology – the first in any production car – monitors the 6-speed manual’s clutch pedal, shift lever and vehicle speed. As you shift to a lower gear, the system will “blip” the throttle to the ideal engine rpm for a supremely smooth downshift as you let out the clutch. The system also works when upshifting to give you a smooth flow of power when accelerating.

Control at your fingertips. Want effortless cruising? Put the 7-speed automatic transmission in “D.” For a quick gear change, just pull the steering column-mounted lightweight magnesium paddle shifters. In Manual mode, you get manual-style control with a nudge of the shift lever or a pull of the paddle shifters. The transmission can even hold a gear in cornering for better balance, or downshift before a corner for more effective braking. And when a downshift is needed, Downshift Rev Matching automatically opens the throttle to match the rpm for smoother gear changes.
Lightweight suspension components. The lighter a suspension’s components, the more quickly it can react to the driver and bumps in the road. Use of strong yet lightweight aluminum makes the Z® suspension extremely responsive. Its double-wishbone front and 4-link rear design helps to keep the tires vertical to the ground, maximizing their contact patches. Dual flow pass shocks enhance control. And super-light forged 19” alloy wheels are available for even quicker response.

53/47 weight distribution. Some consider a static 50/50 balance to be the perfect weight distribution for handling. But Nissan engineers realized that a 53 front/47 rear static ratio is actually ideal. At the precise moment the driver accelerates out of a corner’s apex, the weight distribution shifts rearward and becomes an approximate 50/50 balance. This translates into enhanced tire contact for better acceleration, quicker turns and a handling feel that’s uniquely Z.®

4-piston brake calipers on 14” front rotors. Balance doesn’t just apply to cornering. Bringing the powerful Z® to a halt are its largest brakes ever – available 14” front rotors, with the gripping power of 4-piston front calipers. Purpose-designed ducting helps to reduce fade and provide predictable and precise stopping power.

Vehicle Dynamic Control. A great sports car shouldn’t just exhilarate, it should also inspire confidence. Vehicle Dynamic Control (VDC) on the 370Z® continuously monitors the speed of each wheel, steering angle, yaw, lateral G-forces and even braking pressure. It compares the data to the steered vehicle path and, if it senses the onset of plowing (understeer) or fishtailing (oversteer), VDC brakes individual wheels and/or reduces engine power to help keep you on your steered course.

Designed to conquer every corner, the Nissan 370Z® starts with a low center of gravity and a short wheelbase for quick response. Structural supports under the hood and along the body reinforce the chassis to handle the loads the suspension can dish out. Add in an enthusiast’s wish list of high-performance componentry. And at every turn of the wheel, find pure joy as the 370Z® turns handling science into pure performance art.

MAY THE G-FORCE BE WITH YOU.

*VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely.
STANDARD AIR BAGS

DESIGNED FOR THE REAL WORLD.

Seats sculpted to hold you. The 370Z®’s driver seat shows how seriously we take every detail of driving. The upper seat-back has cutaway areas to help your arms move freely for steering and shifting. To let you work the pedals more easily, the lower seat cushions also feature cutaways. Along with aggressive side bolsters, the seat also features anti-slip materials to help hold you in place.

A place for everything. While it’s fun to attack your favorite twisty road, a sports car also has to function in day-in, day-out driving. To keep things orderly, the 370Z® features three cup holders, a lockable glove compartment, dash-mounted storage (not available with navigation), parcel shelves behind both seats and a handy parcel box behind the passenger seat.

Coupé cargo area. Plenty of open space for the important things in life – like sports gear. An available retractable cargo cover helps keep things out of sight.

Roadster trunk. A smartly designed convertible top means usable trunk space. Even with the top down, you can still fit a golf bag in the trunk.

EVEN WHEN REALITY BITES.

High-performance protection. The Nissan Advanced Air Bag System includes dual-stage supplemental front air bags equipped with seat belt sensors and an occupant-classification sensor. These dual-stage air bags adjust their inflation rate, depending on the severity of impact and seat belt use. If the passenger seat is empty, a sensor actually deactivates that air bag. In addition, standard side-impact supplemental air bags are built into the seats, so they move with you as you adjust your seat. Standard curtain side-impact supplemental air bags (door-mounted on Roadster) help protect you and your passenger.

Seat belt technologies. Utilize pretensioners to help tighten the belt when front air bags deploy. And if your body puts too much force on the belt, load limiters give a bit.

Active Head Restraints. They help reduce the chance of whiplash injuries by moving up and forward toward your head during certain rear-end collisions.

Air bags are only a supplemental restraint system; always wear your seat belt. Do not use rear-facing child restraints in this vehicle. All children 12 and under should be properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See your Owner’s Manual for more details. Inflated air bags shown for illustration purposes only; actual coverage area may differ. Air bags deflate after deployment.
Bose® audio system. Because even the most dedicated enthusiast might want to listen to something other than its spine-tingling dual-exhaust note, the 370Z® Coupe and Roadster feature an available Bose® audio system custom-engineered for the unique shape of the interior. And your choices in entertainment are nearly limitless.

USB input. Plug your iPod® into the available USB input and you can control its functions through the audio system or touch-screen monitor, plus get song readouts on the digital display. No iPod®? No problem. You can also play digital music files from a USB flash drive.

SiriusXM Satellite Radio. With 170 channels of news, sports, music and more, there's always something worth listening to. If your favorite artist is playing on one of those channels, the Z®'s audio system alerts you, and asks if you want to switch over.

Bluetooth®. The available Bluetooth® Hands-free Phone System lets you make and receive calls through the audio system. On Z® models with the available navigation system, you can even stream music from any compatible device via Bluetooth wireless technology.

The 370Z® keeps a strong connection to your world as well as the road. With the available Bose® audio system, you've got an amazing choice of entertainment to create a soundtrack for your drive. And with the available touch-screen voice-activated Nissan Hard Drive Navigation System, you've got so much more than just directions.

Knowledge is king. The available Nissan Hard Drive Navigation System helps steer you clear of traffic jams, thanks to NavTraffic real-time traffic advisories. Hungry for more than just directions? The system also provides you with trusted ratings and reviews by Zagat Survey. NavWeather service provided by SiriusXM advises you of severe weather and potentially slippery roads that could affect your drive, as well as National Weather Service warnings and 3-day weather forecasts. And with the available RearView Monitor, shift into “Reverse” and you get a glimpse of what's directly behind you on the navigation system's large 7” VGA screen.

Serious grip starts with specially tuned springs, shocks and stabilizer bars designed to satisfy the most demanding enthusiast. Extra braces on the front strut tower bar and special vibration dampers on the front body frame rail and rear subframe are added for impressive overall body rigidity and a controlled ride. The discriminating eye will also appreciate the high down-force body design, rear diffuser and 19" RAYS® forged aluminum wheels. And for 2014, the 370Z® Nismo® becomes even more desirable with a special Alcantara®-covered steering wheel, red accents on the tachometer, and new signature NISMO® design theme, including contrasting gray exterior trim with red accents.

NISSAN 370Z® NISMO®
INNOVATION THAT LIVES TO PUSH THE ENVELOPE.

Wouldn’t it be cool to take a legend to the next level? With a name derived from Nissan Motorsports, you should expect nothing less from NISMO®, our in-house performance arm. Started by a group of maverick Nissan engineers almost 30 years ago, NISMO® is synonymous with passion, expertise, and the heights of Nissan performance – not to mention decades of racing dominance. NISMO® puts its all into everything it builds, from championship-winning racecars and accessories for street cars to cutting-edge vehicles like the 370Z® Nismo®. With 350 horsepower, a competition-tuned suspension and a look uniquely its own, it is transformed into a sports car singularly worthy of being branded NISMO®.
TAKE PART IN PUBLIC DISPLAYS OF AFFECTION.

GENUINE NISSAN ACCESSORIES.

Every Genuine Nissan Accessory is: custom-fit, custom-designed and durability-tested; backed by Nissan’s 3-year/36,000-mile (whichever occurs first) limited warranty; and can be financed when installed by dealer at time of purchase.1

A. Vehicle Cover
   Protects your Z® from sun, dust and birds taking target practice.

B. NISMO® Rear Decklid Spoiler2
   To the winner go the spoilers.

C. Carpeted Floor Mats
   Preserve and protect in style.

D. NISMO® Shift Knobs2
   Put legendary performance in the palm of your hand.

E. Illuminated Kick Plates (2-piece set)
   A grand entry every time you get in.

F. NISMO® Cat-back Exhaust System2
   More horsepower, more torque and more aggressive sound.

G. Z® Structured Low Profile Charcoal Cap
   Take some iconic style with you wherever you go.

H. Front Chin Aero Deflector

Additional Accessories:
• Rear Decklid Spoiler
• Splash Guards
• NISMO® Suspension Kits2
• NISMO® Brake Pads, Front and Rear2
• NISMO® Carpeted Floor Mats2
• Carved Trunk Mat
• Portable Cargo Organizer
• In-mirror RearView Monitor3 with HomeLink® and Compass

Nissan 370Z® coupe shown in Gun Metallic with Front Chin Aero Deflector, NISMO® Rear Decklid Spoiler and NISMO® Graphics Kit.

Nissan 370Z® Roadster shown in Magma Red with Front Chin Aero Deflector.

1 Covered by Nissan’s Limited Warranty on Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. 2 S-tune components are engineered by NISMO for the enthusiast that drives on the street. S-tune components offer credible, measured increases in performance, but with an additional feature that the aftermarket can’t match – each S-tune component is covered by Nissan Parts and Accessory Limited Warranty, up to 36 months/36,000 miles (whichever occurs first). 3 Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. HomeLink® is a registered trademark of Johnson Controls Technology Company.

**KEY AVAILABLE PACKAGE:**
- Sport Package

**TOURING INCLUDES 370Z® EQUIPMENT PLUS:**
- Leather-appointed power heated seats with synthetic suede inserts
- Driver’s adjustable lumbar support
- Bose® audio system with eight speakers, including two subwoofers

**KEY AVAILABLE PACKAGES:**
- Sport Package
- Navigation Package

**NISMO® INCLUDES 370Z® EQUIPMENT PLUS:**
- 350 hp, 276 lb-ft of torque, 3.7-liter V6
- 6-speed manual transmission with SynchroRev Match®
- Viscous limited-slip rear differential
- NISMO®-tuned free-flow dual exhaust with H-pipe configuration
- Nissan sport brakes = 14.0" 4-piston front brakes/13.8" 2-piston rear brakes
- High-rigidity brake hoses and R35 Special II brake fluid

**KEY AVAILABLE PACKAGE:**
- Bose® Package

**Specifications**

**Engine**
- **24-valve V6 aluminum-alloy engine**
- **Horsepower:** 332 hp @ 7,400 rpm
- **Torque:** 350 lb-ft @ 7,400 rpm
- **Bore and stroke:** 95.5 x 86.0
- **Compression ratio:** 11:1
- **Maximum engine speed:** 7,500 rpm
- **Emissions:** Tier2-Bin5 (Fed); LEV2-ULEV (CA)

**Driveetrain**
- **Longitudinally mid-mounted front engine/Rear-Wheel Drive**
- **6-speed close-ratio manual transmission**
- **SynchroRev Match**
- **7-speed automatic transmission with manual shift**
- **Variable Valve Event and Lift (VVEL) on intake valves**
- **Continuous Variable Valve Timing Control System (CVTCS)**
- **Electronic drive-by-wire throttle**
- **Nissan Direct Ignition System with iridium-tipped spark plugs**
- **Twin-intake system**
- **NISMO:** twin-free-flow dual exhaust with H-pipe configuration

**Brakes**
- **12.6" x 1.10" vented front discs and 12.6" x 0.63" vented rear discs**
- **Four-wheel Anti-lock Braking System (ABS)**
- **4-wheel Anti-lock Braking System (ABS)**
- **Brake Assist**
- **Front chin aero deflector**
- **LED illuminated Z side marker emblems**
- **Front chin aero deflector**
- **Body-color rear spoiler**

**Suspension/Chassis Bracing/Steering**
- **2-link double-wishbone aluminum-alloy front suspension**
- **4-link aluminum-alloy rear suspension**
- **Front and rear stabilizer bars**
- **Ripple-control shock absorbers**
- **NISMO:** reinforced 3-point front strut tower brace
- **Vehicle-speed-sensitive power steering**

**Wheels/Tires**
- **18" x 8.0" (front)/18" x 9.0" (rear) aluminum-alloy wheels**
- **19" x 9.0" (front)/19" x 10.0" forged alloy wheels by RAYS®**
- **21" x 9.5" (front)/10.5" (rear) NISMO®-tuned alloy wheels by RAYS®**
- **225/40YR19 (front) and 245/45YR19 (rear) Yokohama® ADVAN Sport high-performance tires**
- **245/45YR19 (front) and 275/35YR19 (rear) Wells® RE050A high-performance tires**
- **225/40YR19 (front) and 255/35YR19 (rear) Bridgestone® Potenza® RE050A high-performance tires**

**Exterior Features**
- **Automatic on/off headlights**
- **High Intensity Discharge (HID) bi-functional xenon headlights**
- **LED Daytime Running Lights**
- **LED taillights**
- **LED illuminated Z side marker emblems**

**Comfort/Convenience**
- **Nissan Hard Drive Navigation System with 7" VGA touch-screen monitor and voice recognition**
- **NavTraffic and NavWeather provided by SiriusXM®**
- **Zagat Survey® restaurant reviews**

**Engine and Drive Train**
- **Standard**

NAVIgATION package (Touring Models only)

Bose® audio system with AM/FM/in-dash 6-CD changer

Eight speakers, including dual subwoofers

MP3/WMA CD playback capability

DVD video playback capability

Auxiliary audio input jack

Auxiliary audio/video input jacks (this feature replaces auxiliary audio input jack located on head unit)

USB connection port for iPod® interface and other compatible devices

Streaming audio via Bluetooth® wireless technology

SiriusXM Satellite Radio®

Radio Data System (RDS)

Speed-sensitive volume control

Bose® Hands-free Phone System

HomeLink® Universal Transceiver

Auto-dimming rearview mirror

PACKAGES

Sport Package

Euro-tuned sport shock absorbers

Nissan sport brakes – 4-piston opposed aluminum calipers with 14.0” x 1.30” ventilated front discs and 2-piston opposed aluminum calipers with 13.8” x 0.80” ventilated rear discs

SynchroRev Match (manual transmission only)

Viscous limited-slip rear differential

19” x 8.0” (front)/19” x 10.0” forged alloy wheels by RAYS®

245/40ZR19 and 275/35ZR19 Bridgestone® Potenza® RE050A high-performance tires

Front chin aero deflector (Coupe only)

Body-color rear spoiler (Coupe only)

This package is not available on NISMO® and base Roadster 370Z® models.

Safety/Security

Nissan Advanced Air Bag System (AABS) with dual-stage supplemental front air bags with seat belt and occupant-classification sensors

Driver and passenger seat-mounted side-impact supplemental air bags

Roof-mounted curtain side-impact supplemental air bags for occupants head protection

Door-mounted curtain side-impact supplemental air bags for occupants head protection

Vehicle Dynamic Control (VDC) with Traction Control System (TCS)

Seat belts with pretensioners and load limiters (3-point ALR/ELR passenger seat belt system – ELR for driver)

Active Head Restraints

Energy-absorbing steering column

Zone Body construction with front and rear crumple zones

Head-buckling creases

Aluminum side-door guard beams

Tire Pressure Monitoring System (TPMS)

Nissan Vehicle Immobilizer System

Vehicle Security System (VSS)

Navigation Package

Nissan Hard Drive Navigation System with 7” VGA touch-screen monitor and voice recognition

NavTraffic and NavWeather provided by SiriusXM®

Zagat Survey® restaurant reviews

RearView Monitor

DVD video playback capability

Auxiliary audio/video input jacks (this feature replaces auxiliary audio input jack on head unit)

USB connection port for iPod® interface and other compatible devices

Streaming audio via Bluetooth® wireless technology

This package deletes the in-dash 6-CD changer.

Bose® Package (NISMO® Models only)

Bose® audio system with AM/FM/in-dash 6-CD changer

Eight speakers, including dual subwoofers

MP3/WMA CD playback capability

SiriusXM Satellite Radio®

Radio Data System (RDS)

Speed-sensitive volume control

Bluetooth® Hands-free Phone System

HomeLink® Universal Transceiver

Auto-dimming rearview mirror

### BUYING/OWNING

Nissan Motor Acceptance Corporation. Whether you’re buying or leasing, you’ll find attractive rates and flexible terms to make your purchase more accessible.

**College Grad Program.** Ask about our special new vehicle pricing available to individuals up to two years after graduation.

**Active and Reserve US Military Program.** Ask about our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/100,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus:** For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

**Maintenance+Plus:** This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

**Genuine Nissan Parts.** When it comes time to service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they’re the only parts to carry Nissan’s factory-backed limited warranty.

Nissan’s environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF®; Improving fuel efficiency through our PUREDRIVE® measures; and reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee.
