The Smart Choice

At one time, buying a used car was considered risky. Times have changed and Certified Pre-Owned vehicles are considered a smart choice. Now you can choose from a variety of models covered under the Hyundai Certified Pre-Owned Program and enjoy the security and benefits that come along with it.

The Hyundai Certified Pre-Owned Program meets the needs of value-conscious consumers and provides the added security of a vehicle with a 10-year/100,000 mile Limited Powertrain Warranty* - the same length of coverage as a brand-new Hyundai. In addition, 10-Year / Unlimited Mileage Roadside Assistance and Towing / Rental / Travel Breakdown coverage are included.

Multi-Point Vehicle Inspection

Properly maintained vehicles last longer, deliver maximum performance, and help protect your investment. The Hyundai Certified promise signifies that your pre-owned vehicle has been subjected to a demanding 150-point inspection and has passed rigorous testing to meet Hyundai standards for performance and appearance.

This Hyundai Certified vehicle has undergone extensive pre-delivery inspections and has passed all required inspections to be accepted as a Certified vehicle.
