

Hands - Free Georgia Act Quick Guide

Effective July 1 , 2018

What Exactly is the Hands-Free Georgia Act?

The Hands - Free Georgia Act is designed to save lives due to the rising number of vehicle accidents caused by distracted drivers throughout the state.

YOU MUST HAVE A HANDS - FREE ACCESSORY

This law prohibits drivers from using, holding, or supporting the phone in their hand or another part of their body.

What Is a Driver Prohibited from Doing?

-  Hold or support a wireless telecommunication device **(including a cell phone or GPS)** with any part of your body.
-  Write, send, or read any text - based communication unless it's a voice - based communication that automatically converts to text.
-  Watch videos except for the purpose of navigation.
-  Record a video **(including Skype and FaceTime)**.

What Is a Driver Allowed to Do?

-  Use a GPS system or mapping app **(ie. Google)**, but cannot access the app, such as to change the address while driving.
-  Use music streaming apps like Spotify, but cannot touch their phone to skip, start or stop the app while driving.
-  Speak or text while using hands - free technology.
-  Wearing and using a smart watch.
-  Use a radio, emergency devices or "in-vehicle security, navigation or remote diagnostics" systems.
-  Begin and end a phone call using **one** button.
-  Use a voice-to-text device to send text messages or other text-based communication.
-  Use an electronic device while legally parked (not at a stoplight - "lawfully" means off or beside the road in an area open to parking).
