- Creates a mirror-like shine that lasts
- Reduces frequency of car washing
- Eliminates the need for waxing and polishing

Ultra Hydrophobic Coating

Add Value at Trade-in Time*

Based on Kelley Blue Book (kbb.com), "The Trusted Resource", your car's value can vary by thousands of dollars, and is based on the condition of the vehicle at time of sale.

From KBB's own research, out of all of the cars they inspect: 72% are in **FAIR – GOOD CONDITION**, and only 26% are in the **VERY GOOD – EXCELLENT CATEGORY**.

What will YOUR car's value be?
