GAP Protection[®]

Protect yourself and your vehicle investment

*Don't leave your financial
well-being to chance.*

Loan Document

YOU COULD LOSE MORE THAN YOUR VEHICLE IF IT IS DECLARED A TOTAL LOSS DUE TO AN ACCIDENT OR THEFT. YOU COULD LOSE YOUR INVESTMENT.

In the early years of a vehicle loan, your loan balance could be higher than the actual cash value of your vehicle. Most insurance policies only cover the value of your vehicle, something that rapidly declines during the first few years of ownership. With this protection, you can cover the “gap” between the value of your vehicle and the amount you might still owe.

*The following is a typical example of how
GAP Protection works*:*

- After one year, the vehicle you purchased for \$27,000 is valued at just \$20,000.
- You still owe \$24,000 when it is declared a total loss due to accident or theft.
- Most insurance policies will only reimburse you for the value of your vehicle, \$20,000, leaving you to pay the remaining loan balance of \$4,000.

GAP Protection will waive the \$4,000 for you.

Don't leave your financial well-being to chance. GAP Protection will cover your vehicle for the term of the loan or lease in many cases up to 84 months.

GAP Protection is an important and affordable expense that can be included in the total cost of financing. Protect your vehicle investment, not just its value, with GAP Protection.
