**PROTECTION
PLAN**

VEHICLE PROTECTION PLAN TECHNOLOGY COVERAGE*

It is no surprise that most major repairs are needed after the original factory warranty has expired, which means you will have to deal with all the inconvenience, time, energy and expense of those repairs.

Depending on the age and mileage of your vehicle, you can purchase up to 100,000 miles of coverage.

The Vehicle Protection Plan – Technology Coverage begins on the purchase date and expires according to the term and mileage selected, whichever occurs first, and will include a deductible of \$100. You can select from a national network of over 6,000 authorized service centers or any licensed repair facility in the U.S. or Canada.

* Availability may be limited based on the age, mileage, make and model of your vehicle.
