RANGE
ROVER

Your Range Rover Sport is the definitive luxury sports touring vehicle — defined by exceptional on-road dynamics, class-leading comfort and outstanding breadth of capability. Of course, countless practical features are included in the standard specification. However, because all owners enjoy their own individual lifestyles and pursuits, you'll find that the range of specialized items in this brochure will help bring even more style and practicality to your Range Rover Sport. Note, too, that most accessories can be added at any stage during your vehicle's life. Please ask your Land Rover retailer for the details.

Why Buy Genuine Land Rover KIT?

KIT: The Land Rover Retailer-fitted vehicle accessory range engineered specifically for Land Rovers

Just as all Land Rover vehicles deliver outstanding on- and off-road performance, so does the extensive range of Land Rover engineering-approved accessories. As a complement to the Land Rover owner's lifestyle, these accessories are engineered to ensure seamless integration with Land Rover vehicles.

KIT has no equal — ranking above any aftermarket counterpart — when it comes to proper performance with Land Rovers. Here's why:

PREDICTIVE ANALYSIS

Using the latest predictive stress analysis methods validates the safety and durability of Land Rover KIT.

VIRTUAL ENGINEERING

Computer-Aided Design helps ensure that accessories are conceived to complement the vehicle's lines and stylish looks. This ensures the high quality of fit and finish one expects from Land Rover.

ENVIRONMENTAL

Different climates provide different challenges for these accessories. Land Rover KIT is tested under a range of climate conditions to ensure quality performance.

DURABILITY

All accessories undergo the same test plan as the vehicles themselves — rigorously analyzed far beyond the extremes of normal customer use.

RIG TESTING

Heavily integrated parts, such as roof bars, are developed and tested very early on during vehicle development to ensure seamless compatibility.

WARRANTY

KIT is covered by the same limited new vehicle warranty as your Land Rover when installed at the time of customer delivery.

WHEELS

Nothing quite sets your Range Rover Sport apart like a stylish set of alloy wheels. Choose from several distinctive designs.

20-inch 9.5J Stormer Alloy Wheel (Rim only)
Titan Silver Finish — RRC503820MCM

Recommended Tires:

- Continental 4x4 Sport Contact 275/40 R20 106Y
- Pirelli Scorpion Zero Asimmetrico 275/40/R20

Center Cap:

Bright Polished Finish — RRJ500060WYU*

20-inch 9.5J 15-Spoke Alloy Wheel (Rim only)
Diamond Turned Finish — LR008549

Recommended Tire:

- Continental 4x4 Sport Contact 275/40/R20 106Y

Center Cap:

Bright Polished Finish — RRJ500060WYU*

20-inch 9.5J 15-Spoke Alloy Wheel (Rim only)
Sparkle Silver Finish — LR008548

- Pirelli Scorpion Zero Asimmetrico 275/40/R20

Center Cap:

Sparkle Silver Finish — RRJ500030WYS*

Please note: When choosing vehicles fitted with specific wheel and tire combinations or optional wheels and tires, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tires will offer benefits in road holding and handling, but may be more vulnerable in some off-road conditions. Please discuss your requirements with your Land Rover retailer when selecting your vehicle and specification.

20-inch 9.5J 10-Spoke Alloy Wheel (Rim only)
Shadow Chrome Finish — LR008742

Sparkle Silver Finish — RRC500681MNH

CARRYING AND TOWING

Despite your Range Rover Sport's impressive load carrying capabilities, we recognize that life sometimes demands extra capacity. For those times, Land Rover's specialized roof carriers are available to handle a range of items — from sailboards to skis to bikes. With these rigorously tested accessories, your Range Rover Sport will always be ready to carry the load.

Bike Carrier

Transport up to four bicycles with this rack, which works with the Tow Hitch Receiver. Swings away from the vehicle for easy access to the loadspace. Features a bike lock and a hitch lock. (Pictured here on the LR3, although it also fits the Range Rover Sport.) Requires the Tow Hitch Receiver (KNB500080). LR008387

Bike Carrier (Ride Ready)

Securely transport your bike on the roof of your Range Rover with this durable, lockable carrier which conveniently requires no disassembly of the bike. LR006847

Roof Rails and Crossbars

The ideal support system for a host of other roof accessories, it supports a 158-lb. load capacity. Crossbars easily removed when not in use. The vehicle height should measure 73" with Roof Rails and Crossbars properly fitted. VUB502130

Surf/Sports Carrier

This sturdy carrier can easily transport a kayak, canoe, surfboard or sailboard plus one mast. Requires Roof Rails and Crossbars. LR006846

Luggage Box

Store your luggage in this 55" long x 35" wide x 14" tall container that features a 120-lb. load capacity. This lockable box opens easily from either side. Requires Roof Rails and Crossbars. LR005334

Luggage Carrier

Secure luggage on top of your Range Rover Sport with this sturdy, roof-mounted carrier (118-lb. load capacity). Requires Roof Rails and Crossbars. LR006848

Ski/Snowboard Carrier*

This lockable carrier can handle either four pairs of skis or two snowboards (78-lb. load capacity). Slide rails facilitate quick, convenient loading. Requires Roof Rails and Crossbars. LR006849

Sports Equipment Box*

Measuring 88" long x 21" wide x 14" tall, this handy box can accommodate a variety of sporting items. An internal retention system keeps skis and other long pieces of equipment in place. It boasts a load capacity of 124 lbs. and is lockable for security. VPLDR0002

Expedition Roof Rack*

For vehicles with Roof Rails. Fitting Kit (VUB504230) is required. Load capacity: 119 lbs. CAB5000130PMA

Rear Ladder
AGP790020

Ratchet Strap
Secures items to the Luggage Carrier, Crossbars or Expedition Roof Rack with a Ratchet Strap. CAR500010

Lashing Eye Kit
Six additional tie-down points for use with T-slots on Crossbars. VUB503160

*Roof Rails and Crossbars are required for all Land Rover roof-mounted accessories. Objects placed above the roof-mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

Cargo Carrier

Carry additional items and gear without compromising interior space with this 13.5-cu.-ft. storage pod. This durable container holds up to 250 lbs. and comes with tail lights and a detachable 21" x 49" tray. Requires quick-release Tow Hitch Receiver (LR019990) and Towing Electrics (VPLST0016), sold separately (found on page 19), for installation. LR004682

Roof Cargo Bag

Store up to 15 cu. ft. of goods in this durable, attractive bag. Made from weatherproof materials and comes with eight straps. Works ideally with the Luggage Carrier (LR006848) found on page 18. LR004683

Rolling Duffel Bag

This rainproof duffel bag features 4 cu. ft. of storage, a telescoping handle and inline wheels. It easily attaches to, and detaches from, the Luggage Carrier (LR006848). LR004681

Tow Hitch Receiver

Tow your boat, trailer or other mode of transportation with help from this sturdy, lockable hitch receiver. Can handle up to a 7,716-lb. trailer load capacity and a 550-lb. tongue weight capacity. Removes easily from vehicle for convenient, discreet storage in an accompanying bag.
LR019990

Drawbar Adapt-a-Ball Set

This accessory works with the Tow Hitch Receiver. It includes a 2" tow bar, three different-sized adapt-a-balls and a locking hitch pin in an attractive carrying case. Requires the Tow Hitch Receiver.
VPLAY0060

Towing Electrics (combined 7- & 4-pin)

Power and light your trailer with sockets inserted on your Range Rover Sport. (Not pictured.)
For 2010 vehicles onward — VPLST0016
For 2005-09 vehicles — YWJ500170

Tow Strap

Includes a storage bag that can be attached as a warning flag to the strap. Maximum load capacity: 6,615 lbs. (Not pictured.)

landrover.com/ourplanet

Our commitment is to a sustainable future. In everything from the design of our vehicles and the way we build them to how and where we use them and, at the end of their life, how they can be safely disposed of, Land Rover is committed to a sustainable future. We're committed to reducing our impact on the environment and are working in four key areas.

e_TERRAIN TECHNOLOGIES

In 2007, we announced a joint investment in new technologies to improve the environmental performance of our vehicles. This joint investment now stands at \$1.3 billion. In 2008, we revealed our new concept vehicle, the LRX: a Land Rover in body and spirit but conceived as a hybrid 2.0-liter diesel with potential CO₂ emissions of 120g/km.

SUSTAINABLE MANUFACTURING

World-class manufacturing facilities. Certified to ISO 14001 since 1998. Our manufacturing facilities at Solihull and Halewood have reduced emissions by around 4 percent year on year, over the past 5 years. Total energy used in manufacturing each vehicle has been reduced by 19 percent since 2002 while water use per vehicle has been cut by 14 percent over the same period. We're also offsetting all CO₂ emissions by the manufacturing assembly of Land Rover vehicles at both plants. Partnered with specialist organization Climate Care, our projects include a wind farm in China and hydroelectric generators in Tajikistan. In addition, Land Rover vehicles are now designed to be 85 percent recyclable with all current models meeting the European End of Life Vehicles Directive. Sustainable and recyclable materials play an important role too: LR2 contains 10 percent recycled and 10 percent renewable materials.

CO₂ OFFSETTING

In 2006, in the UK, we launched a pioneering program for customers, independently administered by Climate Care, to offset CO₂ emissions for the first 45,000 miles of all new Land Rovers. This program is being rolled out progressively to other countries around the world. We're also the first automotive company to offset 100 percent of our manufacturing assembly CO₂ emissions.

GLOBAL CONSERVATION AND HUMANITARIAN PROJECTS

Land Rover vehicles are used by conservation and humanitarian organizations world-wide and are often first choice for difficult tasks. Organizations include the Born Free Foundation, Biosphere Expeditions, Royal Geographical Society (with IBG), China Exploration and Research Society, and Earthwatch Institute. Our projects are diverse, ranging from an initiative to help with the protection of rare wolves in Ethiopia to a project funded by our CO₂ offset program that provides efficient cooking stoves to rural parts of Uganda.

OUR PLANET

We take our responsibility to our planet very seriously. Our vehicles are designed for purpose. As part of our Fragile Earth policy, Land Rover has actively promoted responsible off-road driving since 1990. Our Experience Centers teach drivers to understand the full potential and unique breadth of the capability of their vehicles while reducing impact on nature and the environment in a wide range of activities.

All Land Rover-approved Accessories fitted by a Land Rover Retailer within one month or 1,000 miles (whichever occurs first) of the handover of a new vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside these parameters will be subject to a 12-month unlimited mileage warranty. All Land Rover-approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and, importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. Although Land Rover takes the utmost care in ensuring that all details in the publication are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter specifications and equipment without notice. Details of specifications and equipment are also subject to change to suit local market conditions and requirements, and not all products are available in every market. Some vehicles are shown with accessories or optional equipment fitted. These products vary from market to market. Please consult your Land Rover Retailer who will be pleased to advise you on current specifications. Distributors and Retailers are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.

Genuine Land Rover KIT assures confidence

Land Rover would like to remind you that accessories that are non-genuine Land Rover are not warranted by Land Rover North America and may not be serviceable at other Land Rover Retailer Centers. If your Land Rover Center or sales guide offers you non-genuine Land Rover parts or accessories, we recommend finding out whether they have a warranty, where they can be serviced, and what company provides these warranties and service.
