JAGUAR XF SEDAN AND NEW XF SPORTBRAKE 2018

THE ART OF PERFORMANCE

THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance. We innovate, we engineer, we design. We master rules and then break them. Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

VEHICLES SHOWN: XF SPORTBRAKE S IN YULONG WHITE AND XF SEDAN R-SPORT IN CORRIS GREY WITH OPTIONAL EQUIPMENT
 VEHICLES SHOWN ARE FROM THE JAGUAR GLOBAL RANGE. SPECIFICATIONS, OPTIONS AND AVAILABILITY WILL VARY BETWEEN MARKETS AND SHOULD BE VERIFIED WITH YOUR LOCAL JAGUAR RETAILER

INTRODUCTION THE CONCEPT OF THE XF

The 2018 Jaguar XF builds on the success of the 2017 Jaguar XF. Possessing an unrivalled combination of style and substance, it delivers an utterly seductive blend of design, dynamics and refinement to create a car that offers true excitement. All enhanced by state-of-the-art technologies that keep you connected and entertained.

The XF sits in the Jaguar range between the taut athleticism of the Jaguar XE and the supreme luxury of Jaguar XJ. The fusion of these outstanding Jaguar attributes is what creates the XF – one of the most dynamic, premium sports sedans. The New XF Sportbrake complements the distinctive 'coupe' lines and dynamism of the XF Sedan with even greater space and versatility.

PERSONALIZATION

LOCATE A RETAILER

BUILD YOUR OWN

THE XF - THE FACTS

An outstanding combination of advanced engineering, the latest technology and contemporary design sets the XF apart.

PERFORMANCE

Find your perfect balance of economy and power in the XF Sedan and Sportbrake engine range. Many engines feature our Ingenium technology, including the 2.0 liter 4 cylinder 180HP Turbocharged Diesel. The most powerful XF engine, the 3.0 liter V6 380HP Supercharged, can sprint from 0-60 mph in 5.0 seconds¹ and reach a top speed of 121mph⁷ in 5.0 seconds¹.

SPORTBRAKE REAR AIR SUSPENSION

Even when fully loaded, the comfort and precise handling of the XF Sportbrake is maintained by self-leveling rear air suspension. This system automatically inflates air springs to counteract the weight of heavy loads, helping ensure a level chassis and ride height.

JAGUAR ELITECARE

Enjoy your Jaguar with peace of mind. The XF is backed by Jaguar EliteCare^{®9}, our exceptional 5 year / 60,000 mile coverage program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and Jaguar InControl[®] Remote & Protect[™].

¹Please see page 103 for further information.

²Adaptive Surface Response system is only available on the Jaguar XF S AWD and Jaguar Sportsbrake S models.

³40:20:40 split fold rear seats are standard on Premium, Prestige, R-Sport and S models and not available on Standard XF.

⁴Engine performance representative of XF Sedan only.

For detailed XF Sedan and Sportbrake technical specifications, see pages 92 to 93.

Some features described here are optional.

VEHICLES SHOWN: XF SPORTBRAKE S IN YULONG WHITE AND XF SEDAN R-SPORT IN CORRIS GREY WITH OPTIONAL EQUIPMENT

DYNAMIC DESIGN

With a sleek, low swooping roofline and optional 17.2 sq ft panoramic glass roof, the XF Sportbrake makes no compromise between assertive style and versatility. Perfectly executed to carry more, its proportions have been shaped to achieve aerodynamic excellence.

ADDED INTELLIGENCE

Innovative technologies make driving easier. The XF offers optional adaptive LED headlights, Traffic Sign Recognition with Adaptive Speed Limiter, Lane Keep Assist with Driver Condition Monitor, Emergency Braking, Adaptive Cruise Control with Queue Assist^{®5}, Park Assist, and now Blind Spot Assist^{®5}. On the Sportbrake with Powered Gesture trunk, you can access the trunk when your hands are full. Simply present your foot under either rear side of the bumper and the trunk opens.

CRAFTSMANSHIP AND SPACE

Contemporary craftsmanship and a luxurious, practical interior with the space to stretch out and enjoy every trip. Front and rear passengers will appreciate leg, knee and headroom that are ample and generous. You can choose the optional 40:20:40 rear seating[†] configuration for increased volume and versatility.

LIGHTWEIGHT ALUMINUM ARCHITECTURE

The Lightweight Aluminum Architecture of the XF creates a strong body that delivers precise and responsive sports handling.

ADVANCED DRIVETRAIN TECHNOLOGY

The XF offers All Wheel Drive with Intelligent Driveline Dynamics and Adaptive Surface Response (if fitted to model)^{**}. This enhances the legendary Jaguar handling, agility and ride, and gives added assistance in most conditions^{*5}.

ADVANCED AERODYNAMICS

The XF has a low drag coefficient which allows it to cut through the air, reducing wind noise for enhanced refinement. The underside of the car is aerodynamically designed to be as smooth as possible, while apertures in the front bumper optimize airflow through the wheel arches.

DESIGN EXTERIOR PRINCIPLES

➤ DESIGN PURITY | ADAPTIVE LED HEADLIGHTS

"It's about paring it down to the bare essentials. Good designers have always said less is more."
Ian Callum, Jaguar Design Director.

The XF demonstrates the Jaguar principles of design purity. Strong lines radiate dynamic character and enhance the vehicle capabilities - be it improving aerodynamics, visibility or stability. The XF is available with adaptive LED headlights*^{5†} complementing the Jaguar signature 'J' blade Daytime Running Lights and giving the vehicle a striking on-road presence. LED light quality is closer to daylight, helping to distinguish objects.

*Please see page 103 for further information.
†Optional feature, Xenon headlights are also available depending on the model chosen.

VEHICLE SHOWN RIGHT: XF SEDAN R-SPORT IN CORRIS GREY WITH OPTIONAL EQUIPMENT

EXTERIOR AERODYNAMICS

[▶ AERODYNAMIC DESIGN](#) | [F-TYPE INSPIRED DESIGN](#)

The sweeping exterior design of the XF is naturally aerodynamic. Its advanced form enhances handling, dynamics and refinement. Airflow is carefully managed through and around the car. Intakes either side of the front grille draw air in, then channel it out from the wheel arches to reduce turbulence. As air flows along the car, pressure differences that can cause drag are minimized by the flush, aerodynamically optimized sides.

At the rear, the XF sedan tail lights feature a distinctive, Jaguar F-TYPE inspired, double roundel and intersecting horizontal detail. The LED brake lights are not only brighter than halogen bulbs, they use less energy. LEDs also illuminate faster – so following drivers can react more quickly to braking. Within the tail lights is a pinstripe graphic – one of the many exquisite finishing touches on the XF.

VEHICLES SHOWN: XF SPORTBRAKE S IN YULONG WHITE AND XF SEDAN R-SPORT IN CORRIS GREY WITH OPTIONAL EQUIPMENT

INTERIOR

▶ DRAMATIC START-UP SEQUENCE

CONTEMPORARY CRAFTSMANSHIP

Open the door and the Start button entices you inside. Pulsing with a heartbeat it creates an emotional connection between driver and machine. Its 72 per minute double beat is the same as a jaguar cat at rest. The XF is poised, ready for action. Now push the Start button. The car awakens and, if fitted, its mood lighting illuminates. With perfect choreography, air vents rotate open when the air conditioning is in use, the JaguarDrive Selector™ rises smoothly, and the engine growls - all inspiring you to anticipate the drive ahead.

The XF interior offers outstanding comfort, a sense of wellbeing and a wealth of choices. The number of switches and buttons is kept to a minimum to keep the look clean and tidy, as well as making them easy to use. Whichever XF interior combination you choose, materials used are always of the highest quality. Leather and finishes are selected with the greatest care to ensure that, inside the XF, everything is luxurious to the touch. Whether you prefer aluminum, carbon fiber, or wood veneer finishes to complement the beautiful selection of materials, your XF will always look and feel just right.

The XF Sportbrake offers a new ionization system that improves air quality. With this optional system, air is passed through an ionizer that filters and purifies the airflow before it is circulated within the cabin. This helps to neutralize odors and minimizes bacteria and pollution for a more pleasant and healthy in-car environment.

INTERIOR SHOWN: XF SEDAN S FEATURING LIGHT OYSTER/EBONY SEATS WITH EBONY UPPER FASCIA WITH CONTRAST STITCH, EBONY CARPET AND EBONY HEADLINING PLUS OPTIONAL EQUIPMENT

1. Headroom 38 inches (39.1 inches on XF Sportbrake) 2. Knee room 3 inches

INTERIOR SPACE

> GENEROUS REAR SPACE | IMPRESSIVE VERSATILITY

In both XF Sedan and Sportbrake, the rear of the cabin is a destination of luxury, choice and space. With generous rear knee room, rear legroom and rear headroom, there is plenty of room to relax. It all adds up to greater comfort and well being for passengers.

Available interior mood lighting enhances the interior atmosphere. Opt for the Luxury Interior Upgrade Package and Configurable Interior Mood Lighting will offer you a choice of ten interior colors. In addition, the Four-zone Climate Control will give individual passengers the opportunity to set their own temperature and airflow.

At 17.8 cubic feet, the cargo space of the XF Sedan offers plenty of carrying capacity. For even greater versatility, choose the optional 40:20:40 rear seating configuration - it increases cargo space to an impressive 31.25 cubic feet. This outstanding practicality is taken to the next level in the XF Sportbrake with 31.7 and 69.7 cubic feet of rear cargo space respectively.

INTERIOR SHOWN: XF SEDAN S FEATURING LIGHT OYSTER/EBONY SEATS WITH EBONY UPPER FASCIA WITH CONTRAST STITCH, EBONY CARPET AND EBONY HEADLINING WITH OPTIONAL EQUIPMENT AND ACCESSORIES

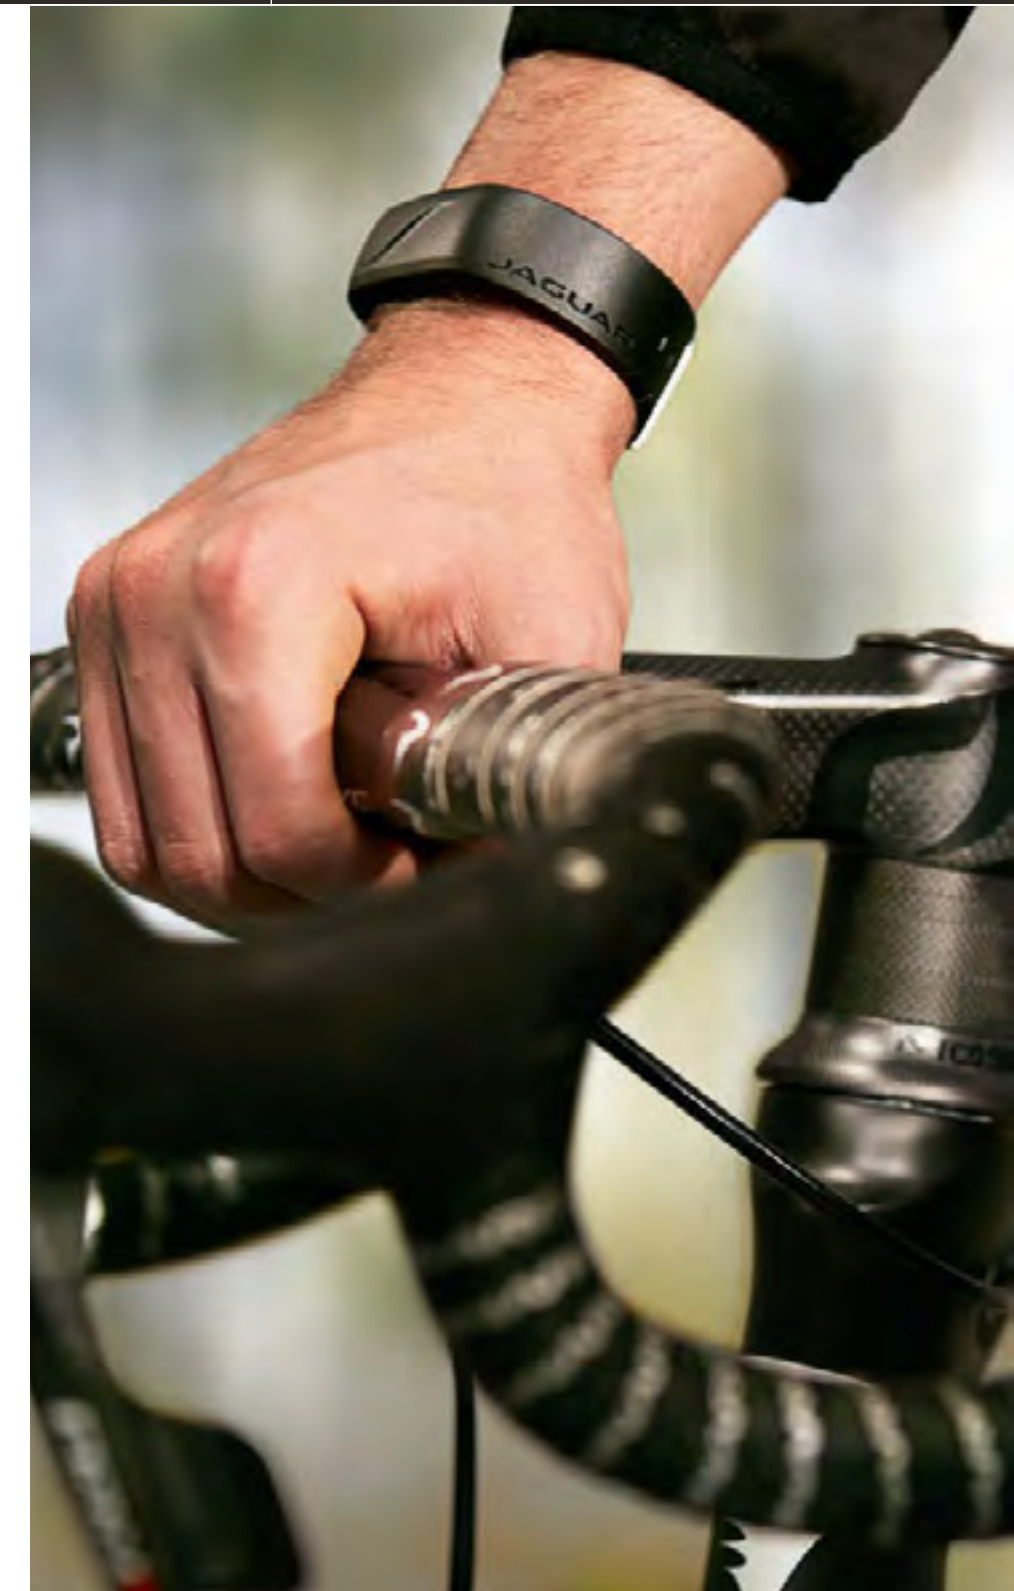

SPACE AND VERSATILITY

[▶ SUBSTANTIAL CARGO SPACE](#) | [ACTIVITY KEY](#)

The versatile interior of the XF Sportbrake is designed to meet the demands of your lifestyle. Its cargo space provides 31.7 cubic feet of space with the rear seats in place. Fold the rear seats down, and you'll create a space that is 79 inches in length and features 69.7 cubic feet of luggage capacity plus discreet underfloor storage.

To make things a bit easier, the XF Sportbrake offers a Powered Gesture Tailgate as standard and Activity Key as an option. The Activity Key is a robust and fully waterproof wristband that allows you to enjoy a range of activities – from skydiving to swimming – while giving you immediate access to the car at all times. The conventional key fob can remain within the car as it is deactivated for security purposes.

INTERIOR SHOWN: XF SPORTBRAKE S FEATURING BROGUE SEATS WITH CONTRAST STITCH, EBONY CARPET AND EBONY HEADLINING WITH OPTIONAL EQUIPMENT

> 40:20:40 SPLIT FOLD SEATS | **FIXED PANORAMIC ROOF**

The rear seats of the XF Sportbrake fold completely flat or can be divided with a 40:20:40 split, using a thoughtfully placed remote release that's accessible from the tailgate area. Easy-to-use optional cargo space rails help further increase the adaptability of cargo space storage, and an available divider net prevents objects from falling onto the rear seats.

Introducing even more natural light and airiness to the interior, is the large, standard fixed panoramic roof in the XF Sportbrake.

INTERIOR SHOWN: XF SPORTBRAKE S FEATURING BROGUE SEATS WITH CONTRAST STITCH, EBONY CARPET AND EBONY HEADLINING WITH OPTIONAL EQUIPMENT

PERFORMANCE ENGINES OVERVIEW

[INGENIUM ENGINES](#) | [STOP/START TECHNOLOGY](#)

Ingenium technology underpins the 2.0 liter 4 cylinder diesel and gas engines in the XF range. These low friction, all-aluminum engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance. All engines are equipped with Stop/Start technology and smart regenerative charging - harvesting kinetic energy from braking to charge the battery.

INGENIUM DIESEL ENGINE

318 lb-ft of Torque

The **Ingenium 2.0 liter 4 cylinder 180HP Turbocharged Diesel** offers impressive performance for an engine of this size. It offers high levels of torque - a balance achieved thanks to its variable geometry turbocharger. Adapting to the changing flow of exhaust gases, it maximizes low speed torque for broad power and responsiveness that is uniform, progressive and avoids lag.

The XF offers a choice of gas engines, including two from our Ingenium range. With their lightweight, all-aluminum design, and widespread use of low-friction roller bearings, Ingenium gas engines are built for smooth, efficient performance. To guarantee a responsive drive and effortless acceleration, every XF gas engine makes use of a rapid-shifting, 8-speed Automatic Transmission. All engines are equipped with Stop/Start technology and smart regenerative charging - harvesting kinetic energy from braking to charge the battery.

INGENIUM GAS ENGINES** UP TO
0-60 mph from 5.5 seconds*7

The **Ingenium 2.0 liter 4 cylinder 247HP Turbocharged Gas** engine delivers outstanding usable power and torque. For excellent acceleration and effortless overtaking, maximum torque is available between 1,200-4,500 rpm. This engine twin scroll turbocharger is fed by an integrated exhaust manifold that synchronizes exhaust pulses from two separate pairs of cylinders - reducing turbo lag and improving engine response.

The **Ingenium 2.0 liter 4 cylinder 296HP Turbocharged Gas*** engine has impressive power and balance. For almost instant boost and high efficiency, its low inertia twin-scroll turbocharger features low-friction ball bearings and a high flow compressor wheel. Underpinned by the turbocharger's increased aerodynamic efficiency, the engine delivers rapid acceleration and maximum torque of 295 lb-ft between 1,500-4,500 rpm.

GAS ENGINE** UP TO
0-60 mph in 5.0 seconds*7

The **3.0 liter V6 Supercharged Gas engine** features a Roots-type twin vortex supercharger that provides linear delivery of power and maximizes responsiveness. This results in performance much like larger engines. The engine also features dual independent variable cam timing to vary inlet and exhaust valve operation, working alongside lightweight pistons with ultra-low friction piston rings, for increased performance. For added refinement there is a twin, contra-rotating balancer shaft system.

*Please see page 103 for further information. **Engine performance and efficiency figures representative of XF Sedan only. For detailed XF Sedan and Sportbrake technical specifications, see pages 92 to 93. *Only available on XF Sedan. Introduced Fall 2017.

ADVANCED AERODYNAMICS

 **LOW DRAG** | **CD 0.28****

The XF form has been designed for aerodynamic efficiency and stability at highway speeds. With a drag coefficient as low as Cd 0.28**, the Jaguar XF cuts through the air - helping to reduce fuel consumption and lower emissions. Every element exploits the maximum aerodynamic potential while preserving the stunning proportions of the XF. Apertures in the front bumper outer edges channel air through vents in the wheel arches and out over the front wheels. The airflow then passes along the XF sides where the doors have a flatter cross sectional profile to minimize air pressure differences and contribute further to reduced drag. Even the extensive under body protection is designed to make the XF as refined as possible.

**XF Sedan only. Drag coefficient for XF Sportbrake is Cd 0.29.
VEHICLE SHOWN: XF SEDAN IN SANTORINI BLACK WITH OPTIONAL EQUIPMENT

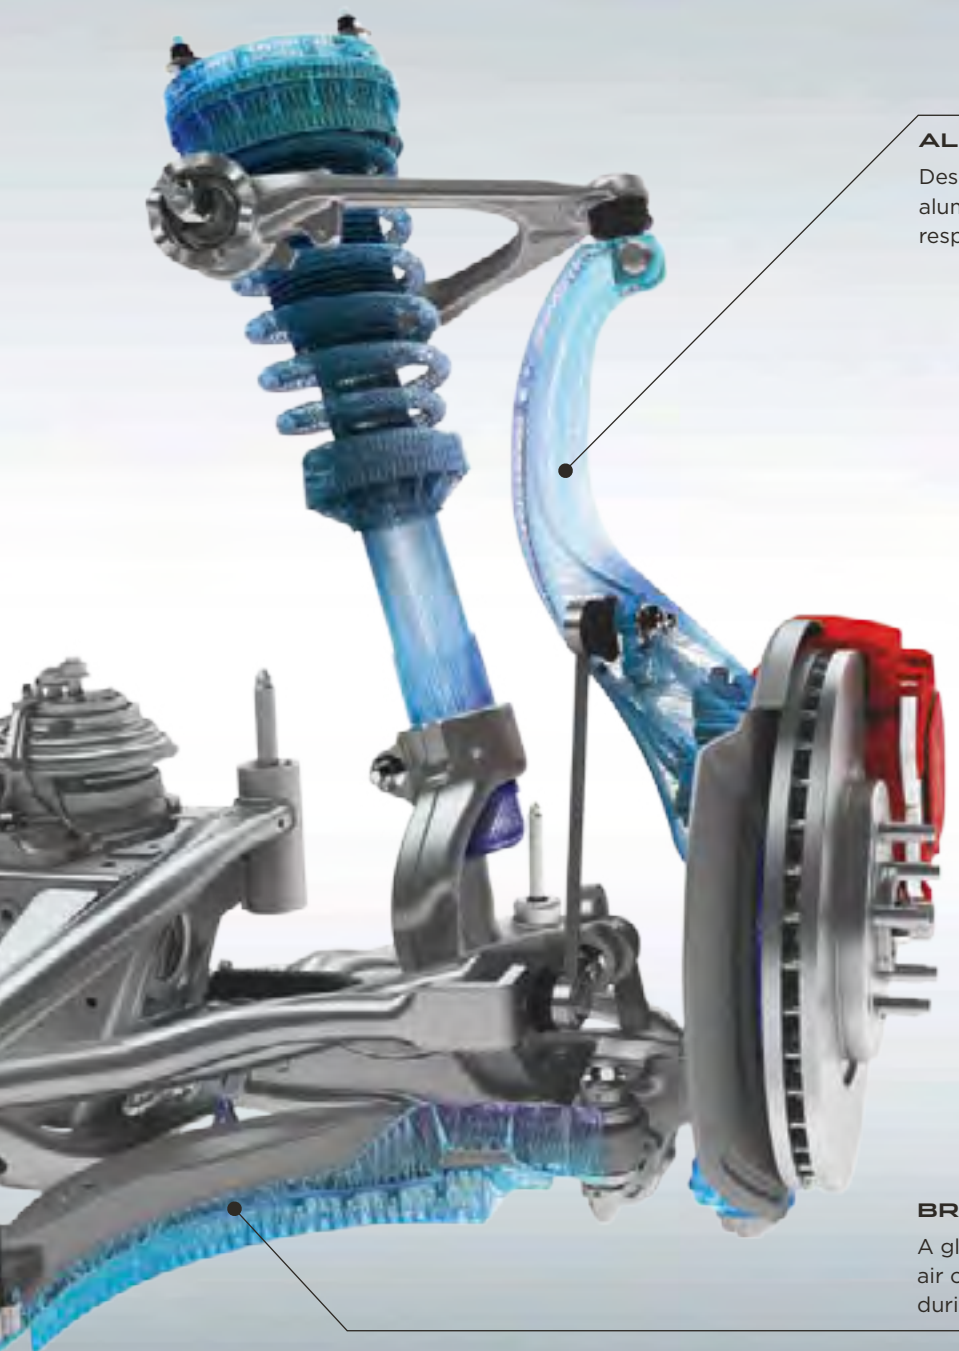

LIGHTWEIGHT ALUMINUM ARCHITECTURE

> STRONG | RIGID | 75% ALUMINUM

Jaguar has been at the forefront of aluminum car construction for more than a decade. The latest innovation is our high-strength Lightweight Aluminum Architecture, which is strong and reduces weight, it is also stiff – underpinning the precise, agile handling of the XF. Aluminum has also been used to form the body sides, hood and front wings. These panels are bonded together with a strong adhesive, then punched with zinc-coated, boron steel rivets that compress the adhesive to form an airtight bond and a strong, rigid structure. This cutting-edge process, coupled with the Lightweight Aluminum Architecture, contributes towards a weight saving of up to 265 lbs over the previous generation XF.

ALUMINUM FRONT KNUCKLE

Designed to optimize stiffness and strength, the lightweight aluminum front knuckle helps improve the XF agility, responsiveness and refinement for sports car-like control.

BRAKE SCOOP

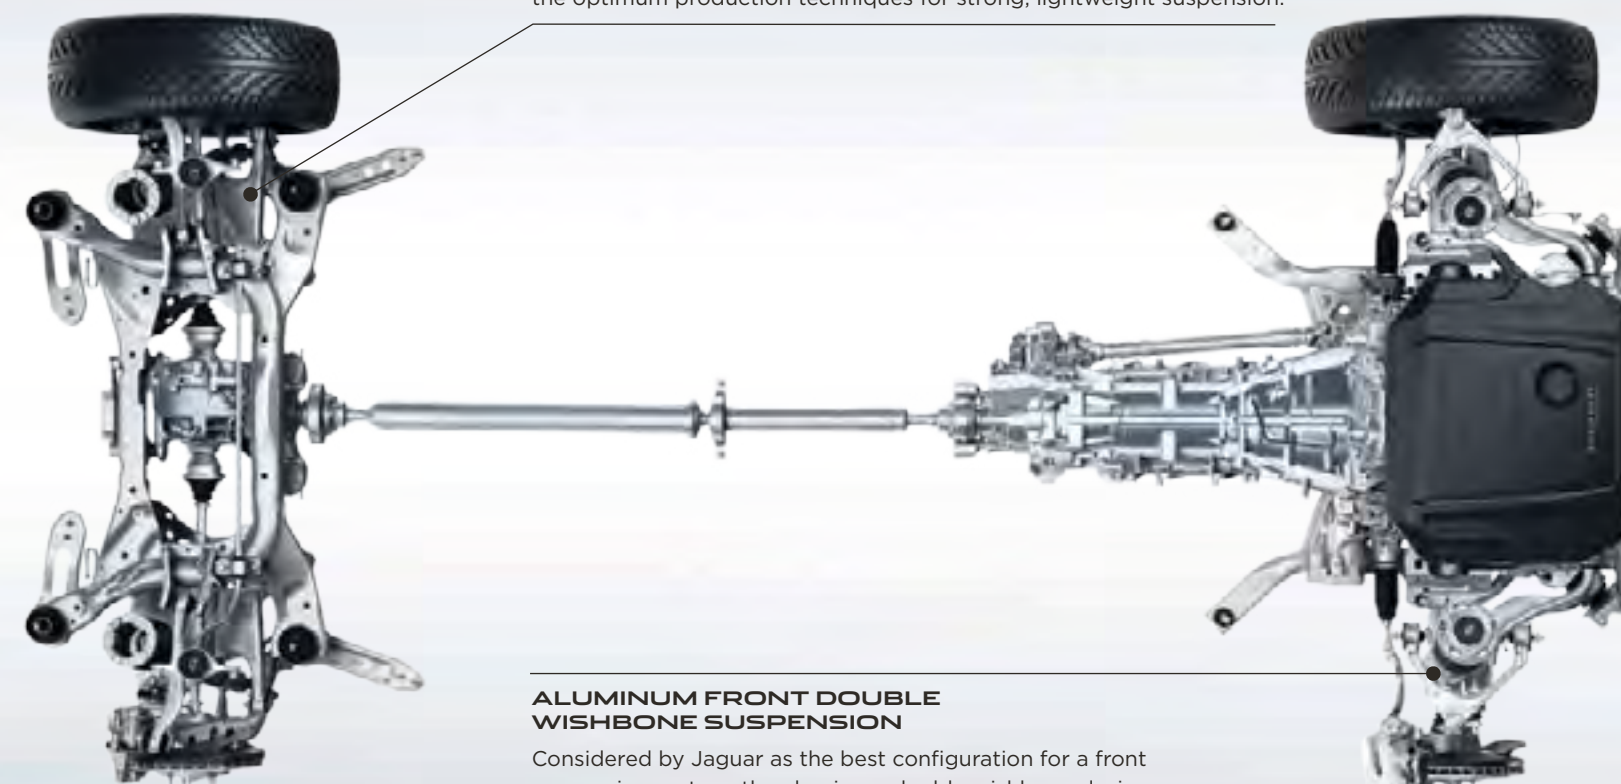

A glass-filled polypropylene brake scoop channels air onto the brakes for enhanced brake performance during enthusiastic driving.

CHASSIS AND SUSPENSION

▶ ADVANCED SUSPENSION TECHNOLOGY |
 COMFORTABLE AND DYNAMIC

The XF responds with agility and performs with dynamism while maintaining ride comfort – it's a unique balance that makes it a Jaguar. The ideal foundation for these driving dynamics is the light, yet strong and stiff, Lightweight Aluminum Architecture with its near 50:50 weight distribution.

The sophisticated front and rear suspension systems complete a chassis that achieves a superb combination of sportiness and refinement. Advanced damper technologies – both passive or adaptive – improve ride quality still further and extend the XF breadth of dynamic capabilities. The suspension control, agility and feedback give the XF the spirit of a sports car.

INTEGRAL LINK REAR SUSPENSION

Integral Link suspension allows the XF to realize an ideal combination of refined, luxurious ride and sharp, responsive handling. The system separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension for enhanced control and comfort. Many components are forged or hollow-cast aluminum – the optimum production techniques for strong, lightweight suspension.

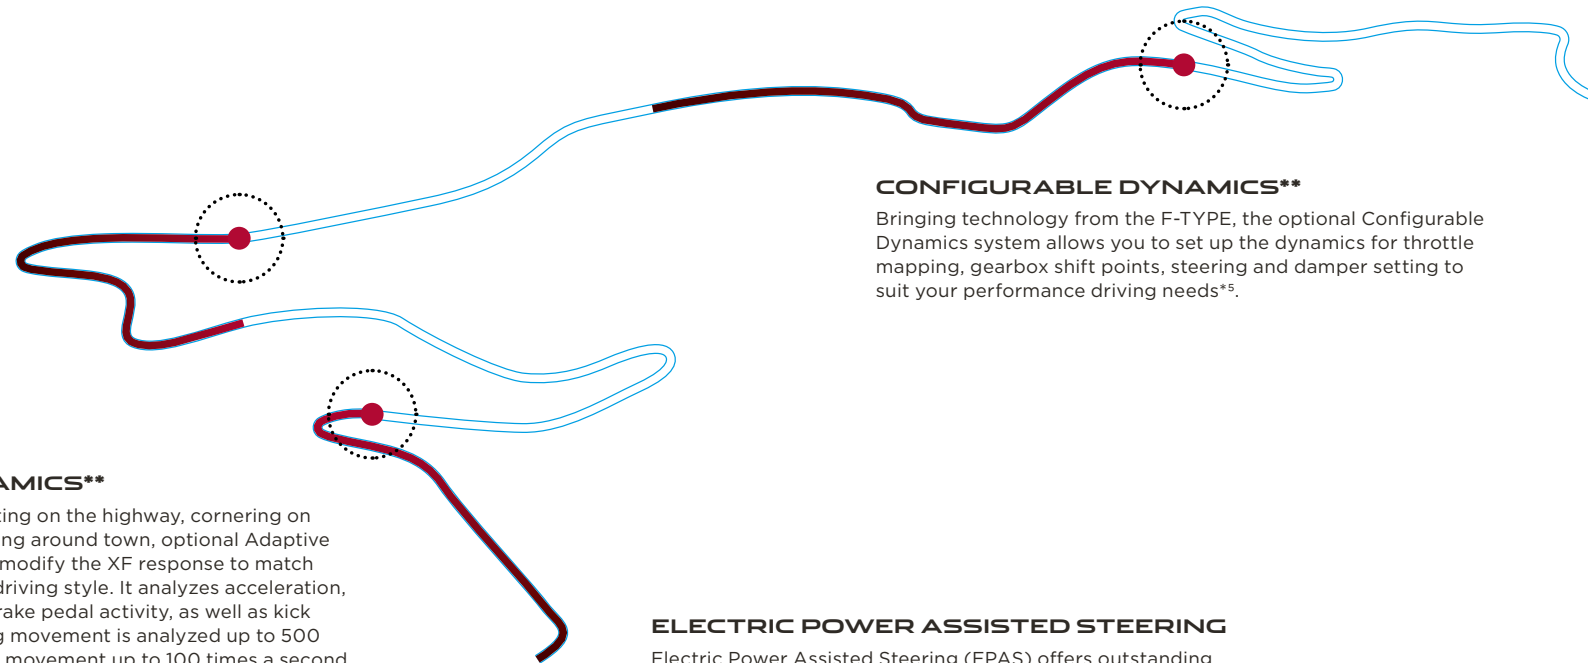

ALUMINUM FRONT DOUBLE WISHBONE SUSPENSION

Considered by Jaguar as the best configuration for a front suspension system, the aluminum double wishbone design is modeled closely on the F-TYPE for precise handling and steering response.

DRIVING TECHNOLOGY ADVANCED DRIVING DYNAMICS

➤ ENHANCING AGILITY

Dynamic Mode revises the software of the vehicle to further enhance the sporting character. It sharpens the throttle response, increases steering weighting and performs gearshifts more quickly and at higher engine speeds. It also brings visual drama to the driver as the instrument cluster takes on a red glow. Dynamic Mode enhances your connection with the XF inherent Jaguar performance.

CONFIGURABLE DYNAMICS**

Bringing technology from the F-TYPE, the optional Configurable Dynamics system allows you to set up the dynamics for throttle mapping, gearbox shift points, steering and damper setting to suit your performance driving needs*5.

ADAPTIVE DYNAMICS**

Whether you're accelerating on the highway, cornering on country roads or navigating around town, optional Adaptive Dynamics is designed to modify the XF response to match the conditions and your driving style. It analyzes acceleration, cornering, throttle and brake pedal activity, as well as kick down activation. Steering movement is analyzed up to 500 times a second and body movement up to 100 times a second. Using this information, electronically controlled adaptive dampers then constantly adjust the suspension settings and maintain the poise and comfort of the XF*5.

ELECTRIC POWER ASSISTED STEERING

Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and immediate power assistance. The EPAS sophisticated computer management varies steering assistance as appropriate - increasing assistance for low speed maneuvering and improving feel at higher speeds. It also enables advanced driver assistance features such as Lane Keep Assist and Park Assist*5.

*Please see page 103 for further information.
**Standard on XF S and Sportbrake S.

ADDED DRIVER ASSISTANCE

➤ [ALL SURFACE PROGRESS CONTROL](#) | [ADAPTIVE SURFACE RESPONSE](#)

All Surface Progress Control (ASPC) technology is a low speed cruise control that helps the XF to cope with low traction situations. ASPC allows the driver to concentrate on steering the vehicle. Once activated, use the cruise control buttons to set a 'target' speed between 2.2 mph and 18.6 mph. The system then works to achieve and maintain that speed while exerting traction control*5.

ASPC is standard and gives XF drivers added assistance over slippery, loose surfaces, undulating terrain and even while descending a difficult incline. It helps make the XF easier to drive in challenging conditions. ASPC also has a pull-away function allowing the vehicle to progress from rest on low grip surfaces and ascending gradients, as well as a hill descent function that controls vehicle speed on steeper inclines*5.

On the XF S AWD and the XF Sportbrake S Adaptive Surface Response (AdSR) is designed to recognize differences between surfaces to exploit the maximum available grip. AdSR constantly monitors the car's environment and adjusts the appropriate engine and brake settings. Once selected, AdSR works at all speeds to support you in adverse weather and across challenging surfaces*5.

GRAVEL

WET GRASS

SNOW/ICE

WET ROAD

*Please see page 103 for further information.

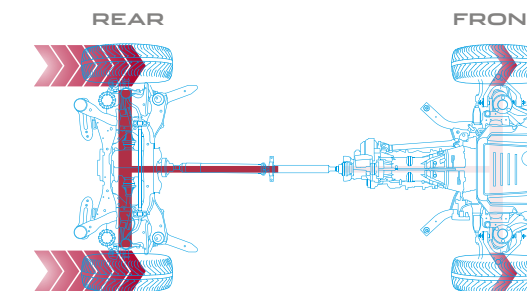

ADVANCED DRIVETRAIN TECHNOLOGY

➤ **ALL WHEEL DRIVE** | **INTELLIGENT DRIVELINE DYNAMICS**

The XF All Wheel Drive (AWD) system combines the agility and character of Rear Wheel Drive (RWD) with the increased security and traction provided by AWD. In normal driving, the XF is predominantly RWD to deliver handling purity, feel and balance. But when roads become more challenging, or when you accelerate more swiftly on low-grip surfaces, the system is designed to subtly channel power forwards enabling the XF to maintain improved traction for comfortable progress in various conditions*5.

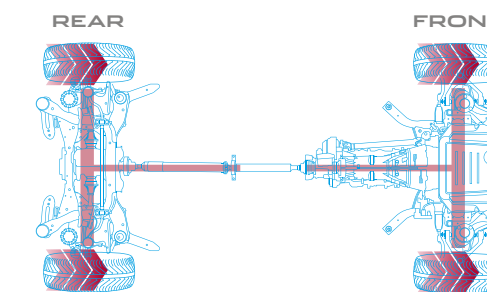

The XF AWD uses a transfer case at the back of the 8-speed Automatic Transmission to manage the appropriate distribution of torque to the front and rear wheels. Engineered to ensure that the XF retains the dynamic behavior of a Jaguar car, the transfer case contains an electro-mechanically activated multi-plate clutch with an actuator to build hydraulic pressure. This pressure is quickly and accurately controlled to generate the required force in the clutch to transfer the optimal amount of torque to the front wheels.

Unlike other systems that react to wheel slip, Jaguar's Intelligent Driveline Dynamics (IDD) software is predictive and uses sensors measuring throttle and steering inputs to anticipate wheel slip*5. IDD seamlessly co-ordinates these inputs and compares them with responses from the engine, transmission and traction control systems to calculate the traction available and distribute torque accordingly even before grip is lost. From a standstill, the XF can transition from RWD to AWD in milliseconds. The result is a drive which blends the character of RWD with the capability of AWD, providing enhanced levels of performance and control*5.

DRY ROAD CONDITIONS

In normal conditions, torque is distributed to the rear wheels, delivering acclaimed Jaguar agility and handling.

LOW TRACTION CONDITIONS

On slippery surfaces, such as grass or snow, torque can be balanced between the front and rear wheels to improve traction. In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for more optimal grip.

*Please see page 103 for further information.

VEHICLE SHOWN: XF SEDAN S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

TORQUE VECTORING

➤ ENHANCED CORNERING CAPABILITY

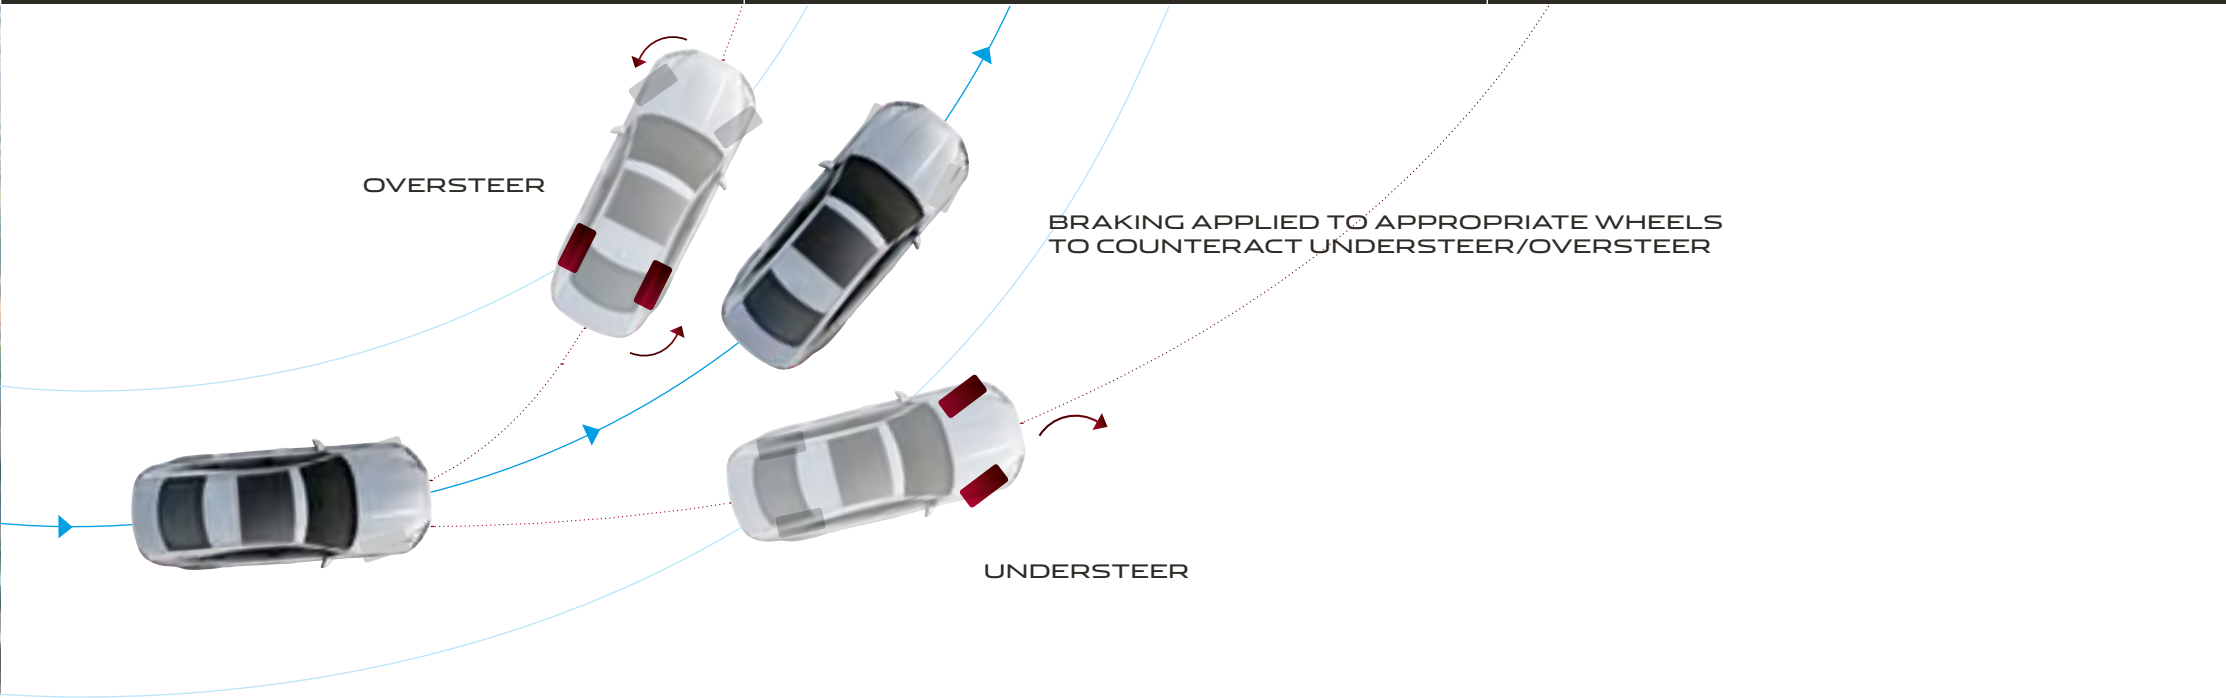

Torque Vectoring is designed to improve capability through even the tightest corners. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. In most conditions more braking pressure is applied to the rear inside wheel as this supports increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased sports car-like agility and added driver assistance*5.

ADDITIONAL ROTATIONAL FORCE APPLIED AROUND VEHICLE'S AXIS

TORQUE VECTORING APPLIES BRAKE PRESSURE TO SLOW THE INSIDE FRONT AND INSIDE REAR WHEELS INDEPENDENTLY

POWER IS SUSTAINED TO MAINTAIN CONSTANT SPEED OF OUTER DRIVEN WHEELS

*Please see page 103 for further information.
VEHICLE SHOWN: XF SEDAN S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

STABILITY AND CONTROL

▶ **DYNAMIC STABILITY CONTROL** | **ENGINE DRAG TORQUE CONTROL**

The stability systems are designed to keep the XF balanced whether you're driving enthusiastically or simply want some reassurance in challenging conditions.

Dynamic Stability Control (DSC) monitors the dynamic behavior of the XF, intervening to assist vehicle stability and improving available grip. DSC is designed to reduce engine torque and apply braking to the appropriate wheels to correct the car direction of travel by counteracting understeer or oversteer. The DSC system fitted to the XF has enhanced understeer control to reduce speed and help regain control more effectively*⁵.

Engine Drag Torque Control mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the driven wheels as appropriate*⁵.

*Please see page 103 for further information.
Graphical representation only.
VEHICLE SHOWN: XF SEDAN S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

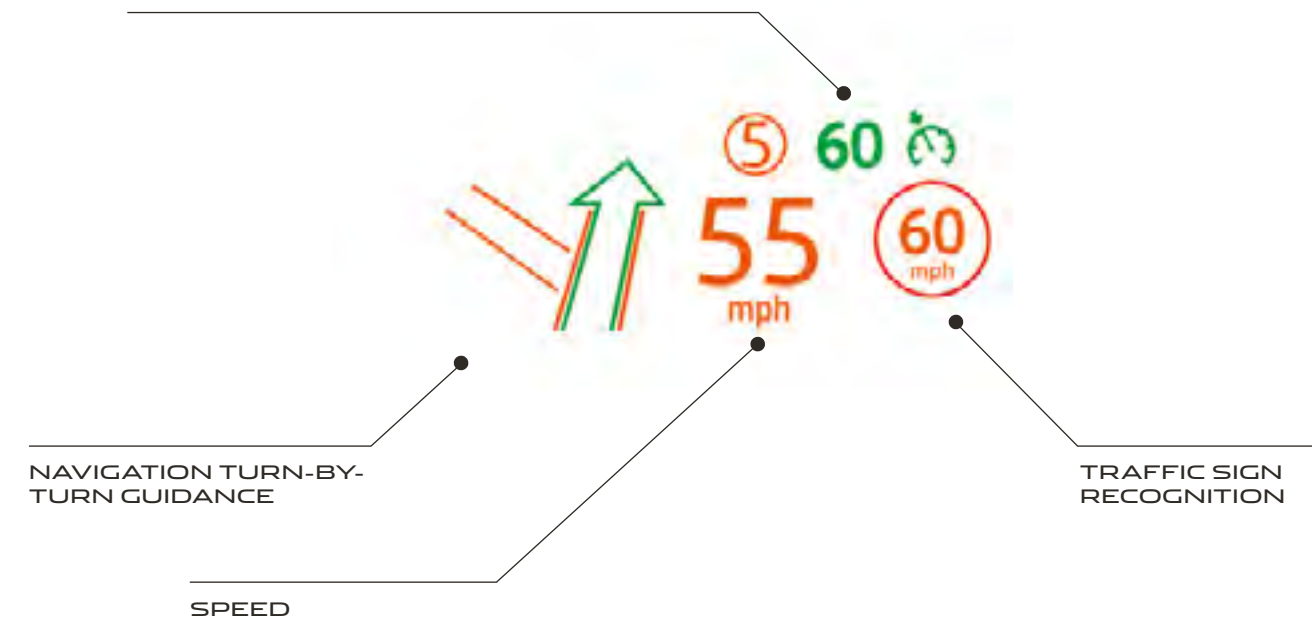

HEAD-UP DISPLAY

▶ HEAD-UP DISPLAY WITH LASER TECHNOLOGY

The optional Head-up Display with laser technology projects key information onto the windshield. Remaining clear even in direct sunlight, the crisp, bright image can display vehicle speed, navigation, cruise control notifications and Traffic Sign Recognition data, where available. This technology helps you minimize time spent looking down at the instrument cluster and can help you maintain continuous awareness of your speed*5.

ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST

*Please see page 103 for further information.
INTERIOR SHOWN LEFT FEATURES OPTIONAL TECHNOLOGY PACKAGE

JAGUAR INCONTROL® TECHNOLOGIES INFOTAINMENT AND TECHNOLOGY

➤ TOUCH | TOUCH PRO

Jaguar InControl is our suite of advanced technologies that links both you and your XF to the wider world. Choose from two Jaguar InControl® infotainment systems: Touch, available as standard, or upgrade to Touch Pro*1.

*Please see page 103 for further information.

As we roll out InControl®, specific features described may be optional, and market or powertrain dependent. Please visit jaguarusa.com/owners/incontrol or your local Jaguar Retailer for availability and full terms. Certain features require an appropriate SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Mobile connectivity cannot be guaranteed in all locations.

Third Party programs or applications may require an end user license from the supplier.

TOUCH

> ADVANCED INFOTAINMENT AS STANDARD

The Touch multimedia system is the hub for connectivity, control and entertainment*1. The key features are:

8" Touchscreen at the heart of the center console. Clear and responsive graphical interface for quick control.

Easy to use Touchscreen responds directly to touch and swipe gestures.

Bluetooth phone connectivity allows you to link and control your smartphone via Touch either for phone calls or music playback: simple, easy and wire-free.

Access a world of music thanks to HD Digital Radio and available SiriusXM® Satellite Radio*4, as well as USB*8 and AUX connections.

Integrated text-to-voice technology reduces distraction by reading out incoming text messages. You can easily respond with short, prepared messages.

Precise climate control is available via the Touchscreen. Adjust temperature levels, direction and intensity of airflow and operate heated or cooled seats (if fitted).

Remote is a multi-function app that allows you to monitor as well as interact with your XF from your smartphone. Remote start the engine to pre-condition the climate, lock and unlock the car, locate your XF on a map or by using the beep and flash function, and track your journeys – all via the app.

Protect includes SOS Emergency Call and Jaguar Optimized Roadside Assistance, which can automatically bring the relevant services to your exact location if the airbags deploy.

> OPTIONAL FEATURES

Enhance the capabilities of the InControl Touch™ multimedia system*1 by selecting from the following options:

Navigation makes planning journeys and following routes easy, thanks to turn-by-turn voice guidance, intersection views and 3D maps*1.

Wi-Fi Hotspot gives you the option to create a 4G Hotspot using the car antenna when you fit a SIM card. This strengthens your link to the outside world, for a more stable connection than an individual device could maintain. Connect up to eight devices to read emails, browse the web and download content*3.

InControl Apps™ features a range of Jaguar approved apps that can be connected to the car from your smartphone. It ensures the convenient use of these apps that have been optimized specifically to enhance aspects of your in-car experience.

Explore Jaguar InControl® at JAGUARUSA.COM

As we roll out InControl®, specific features described may be optional or powertrain dependent. Please consult your country-specific Jaguar website or local Jaguar Retailer for availability and full terms in your country. Certain features require an appropriate SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. 12.3" Full Digital Instrument Panel with virtual dials

TOUCH PRO

➤ UPGRADE TO NEXT GENERATION INFOTAINMENT

The next-generation hardware and software of Touch Pro advances your vehicle connectivity and entertainment to the very highest level. The key features of the Touch Pro system are*¹:

Larger, highly-responsive, 10" Touchscreen at the heart of the center console with customizable homescreen and improved fast response times. Its interactive side panel makes multi-tasking easy.

Pinpoint touch control allows you to manipulate and interact with information swiftly and seamlessly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch to zoom and swipe.

12.3" instrument panel display with virtual dials and full screen 3D map view makes driving even more of a pleasure. It is housed in the instrument display directly in front of the driver. Select full screen 3D map view or choose one of four graphical themes to suit your personal preference.

Navigation Pro offers as one of its many innovative features the ability to set a destination and the system alerts you if you have insufficient fuel for the journey. It then displays filling stations on the part of the route where you may be low on fuel. The system automatically displays parking options.

➤ ENHANCED CONNECTIVITY

The services, technologies and applications found within Connected Navigation provide you with the very best in connectivity and convenience*¹. It offers many features including:

Route Planner Companion App offers true door-to-door navigation. Pre-plan your destination and route via your Apple® or Android™ smartphone. The app will guide you to your car, where you will find your selected route available on the car Touchscreen. When you've completed your road trip, the app can guide you by foot or public transportation (where supported) to your destination.

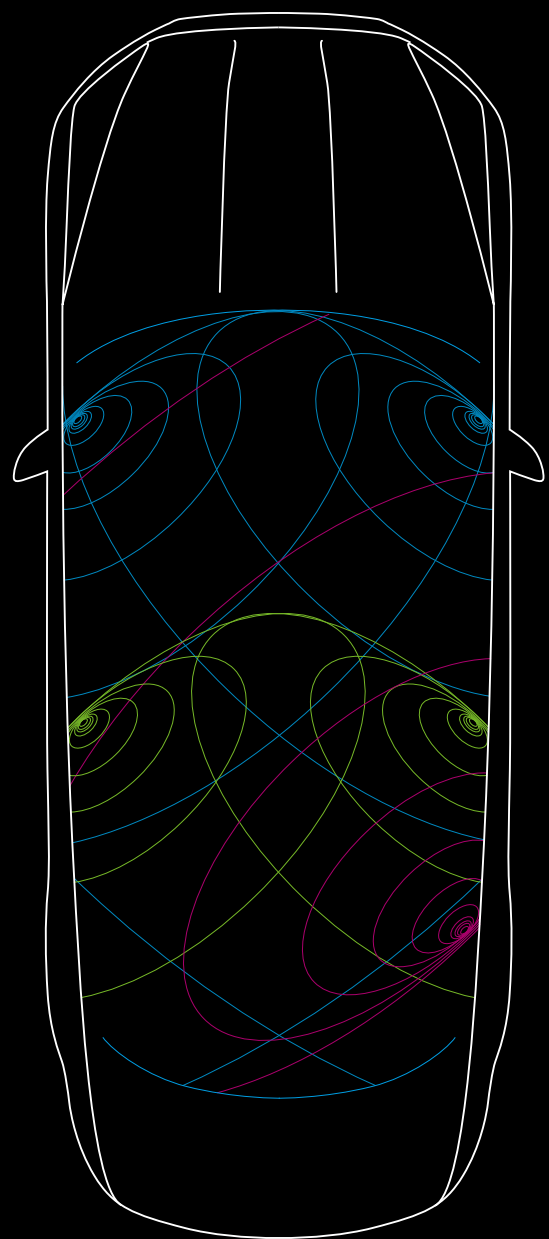

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, the system can then send automatic updates via text or email, without any further action from you.

Commute Mode allows the system to learn your commutes and automatically advises you of the expected travel time based on live and historical traffic movements. The system learns the routes you take for a given destination and then advises which of those is the quickest.

Arrival Mode displays interactive 360° street level imagery of your destination for seamless finishes to driving trips. It automatically displays again upon your arrival. You can simply tap the Touchscreen to select a nearby parking garage, which appears as an updated destination.

As we roll out InControl®, specific features described may be optional or powertrain dependent. Please consult your country-specific Jaguar website or local Jaguar Retailer for availability and full terms in your country. Certain features require an appropriate SIM with a suitable data contract which will require further subscription after the initial term advised by your Retailer. Mobile connectivity cannot be guaranteed in all locations.

AUDIO

➤ MERIDIAN™ SOUND SYSTEMS

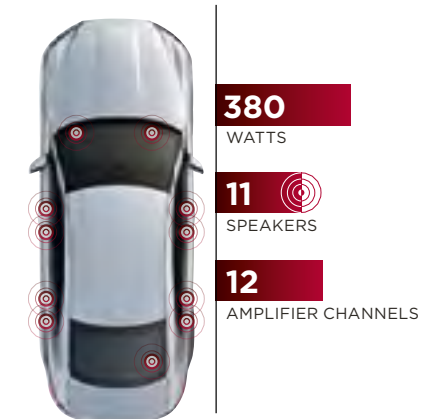

The XF offers an exceptional listening experience with a choice of two Meridian Sound Systems. Designed in conjunction with the British audio experts Meridian, these systems use innovative audio technology and precise speaker placement to give perfectly optimized sound quality.

The superb Meridian 380W Sound System has 11 speakers and is standard on all XF models. The optional 825W Surround Sound System has 17 speakers which ensure that, wherever you or your passengers sit in the XF, everyone will enjoy a rich, enveloping audio experience.

- Fresh air subwoofer
- Front door waves tweeter midrange bass
- Rear door waves tweeter midrange

DRIVER ASSISTANCE ADVANCED DRIVER ASSISTANCE

1 EMERGENCY BRAKING**
Should a potential collision be detected, the XF gives an audible forward collision warning. Visual warnings follow. If the driver takes no action the system is designed to apply the brakes to help reduce the severity of the possible impact when driving below 50 mph. This system also includes pedestrian sensing*⁵.

2 LANE DEPARTURE WARNING**
Lane Departure Warning notifies the driver with a visual alert and a gentle vibration of the steering wheel should the car detect an unintentional drift from its lane*⁵.

3 LANE KEEP ASSIST AND DRIVER CONDITION MONITOR**
Lane Keep Assist is designed to sense unintentional lane drift and to help steer the XF back into its lane. Driver Condition Monitor is designed to detect lapses in concentration due to tiredness by monitoring driver inputs and suggests taking a break via an audible alert and a visual notification in the instrument cluster*⁵.

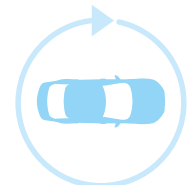

4 TRAFFIC SIGN RECOGNITION WITH INTELLIGENT SPEED LIMITER**
Traffic Sign Recognition (TSR) technology detects speed limits, including variable limits, and no passing signs via the forward-facing camera, then displays them to the driver. The Intelligent Speed Limiter uses TSR's information, supported by map data from the navigation system, to help keep the XF within the appropriate speed limit*⁵.

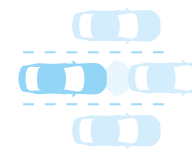

5 PARK ASSIST**
Park Assist makes parking in tight spaces easier than ever. The XF can accurately steer itself during both parallel and perpendicular parking maneuvers – the driver only has to control the brakes and accelerator. An exit-assist function can help guide the XF while leaving a parallel space*⁵.

6 BLIND SPOT ASSIST AND REVERSE TRAFFIC DETECTION**
If your car detects another vehicle in or quickly approaching your blind spot, the Blind Spot Monitor system is designed to alert you via a small warning light in the corresponding exterior mirror. As an enhancement to this feature, Blind Spot Assist will apply steering torque to guide you away from the vehicle in your blind spot if you begin to change lanes. Using the same radar system, Reverse Traffic Detection is designed to alert you via the Touchscreen of moving vehicles during reversing – for example, when leaving a parking spot with restricted vision*⁵.

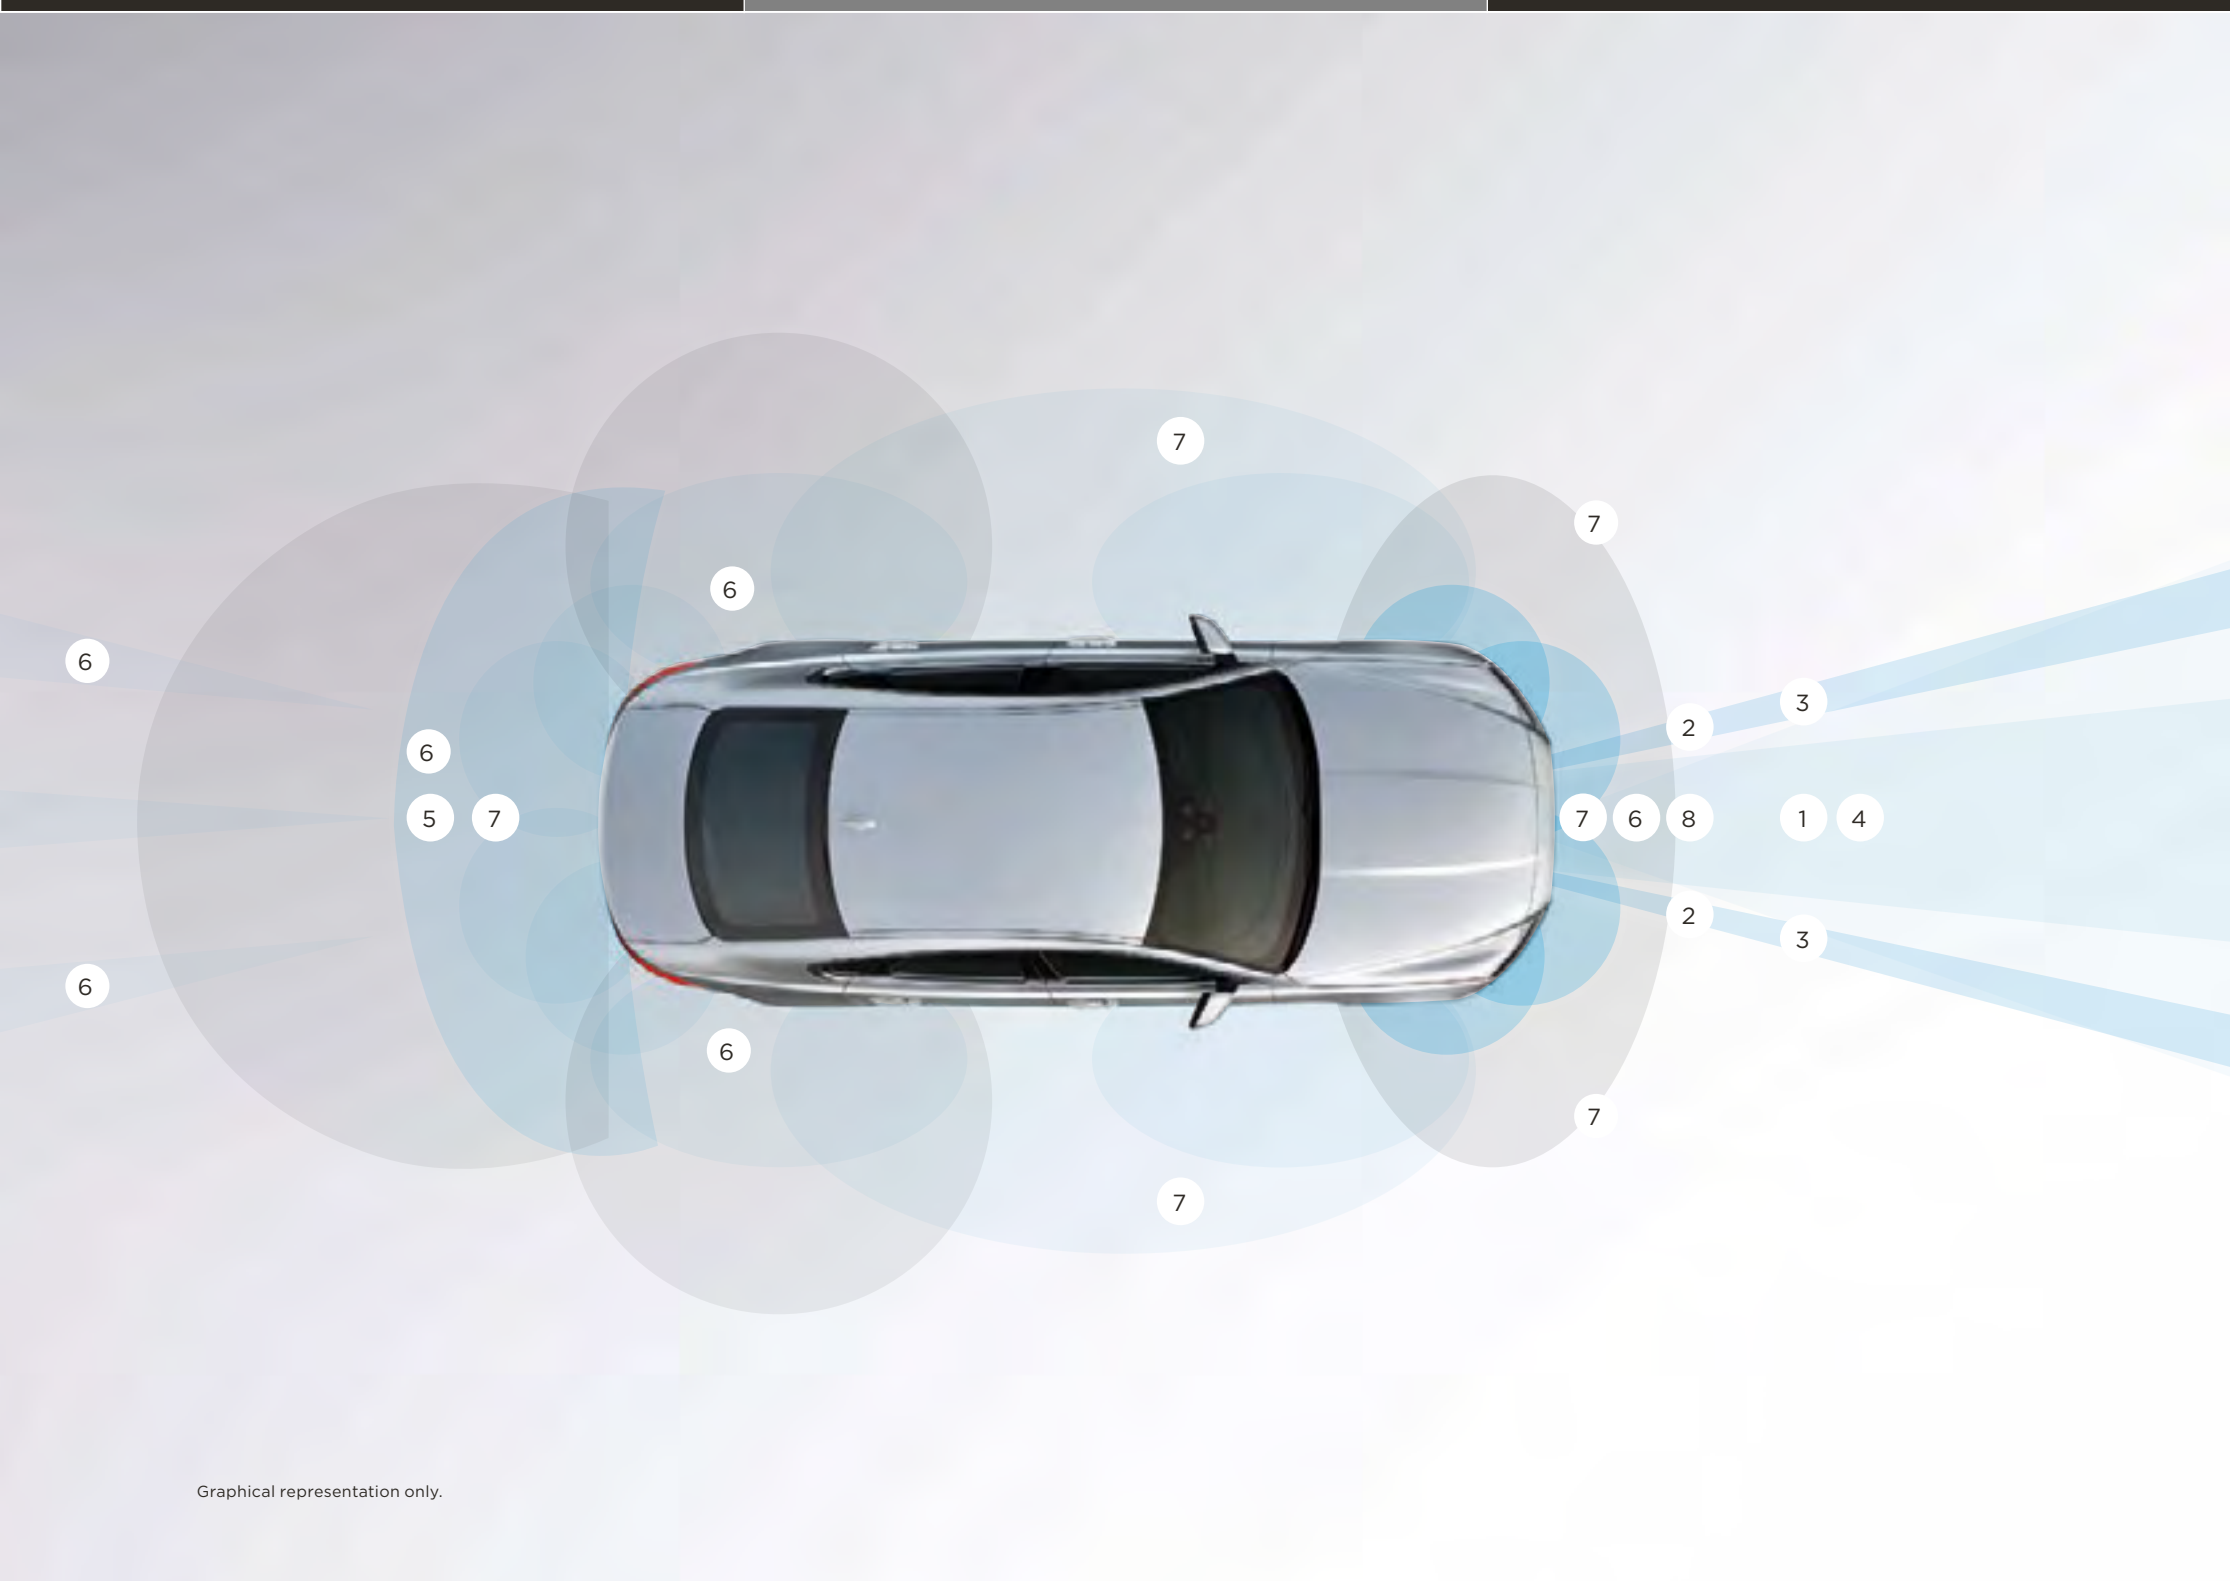

7 SURROUND CAMERA SYSTEM**
Helping with various maneuvers, from parking by a curb to getting in and out of tight spaces or intersections, Surround Camera System gives you 360° exterior vision on the Touchscreen. To enhance this system further, new Forward Vehicle Guidance and Forward Traffic Detection are also available. Forming part of the Surround Camera System, Forward Vehicle Guidance provides the driver with an on-screen visualization of the vehicle and parking distance. Forward Traffic Detection helps avoid potential collisions in situations where forward maneuvers involve restricted views*⁵.

8 ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST**
Adaptive Cruise Control uses radar technology to automatically adjust your speed to maintain a set distance from the vehicle ahead. If that vehicle slows, your XF reduces its speed to maintain a set distance. The XF resumes its pre-set speed as soon as the road in front is clear. Should the car in front stop completely, the Queue Assist function is designed to help bring the XF to a smooth halt. Once the traffic moves, touch the accelerator and the XF will follow the car in front again*⁵.

*Please see page 103 for further information.
**Optional feature.

6 CHOOSE YOUR JAGUAR GEAR

The genuine range of accessories from Jaguar.

Configure your vehicle at JAGUARUSA.COM

Watersports Carrier** C2Z21730

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or sailboard. Tilts to facilitate loading/unloading.

**Requires roof cross bars T2H14468.

VEHICLE SHOWN: XF SEDAN S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

Aluminum Paddle Shifters T2R6547MMU (Brushed Aluminum - shown) T2R6547CAY (Red)

Replacement steering wheel gearshift paddles offered in a premium aluminum material providing a high quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminum, the paddles are hand brushed for a premium finish and anodized to ensure they will not deteriorate with wear.

Luxury Carpet Mat Set T2H7171PVJ (Jet - shown) T2H7171AMT (Oyster) T2H7171AAM (Espresso) T2H7173PVJ (Jet, AWD only) T2H7173AMT (Oyster, AWD only) T2H7173AAM (Espresso, AWD only)

Luxurious, tailored 60.46 oz / yd² carpet mat set with Jaguar Ingot and Nubuck edge binding.

Central Armrest Chiller/Warmer T2H7739

Food and drinks chiller and warmer that acts as a rear center armrest. With a leather-covered top, it is held in place by the center seat belt and powered from the rear auxiliary socket. Ideal for long trips with the family.

iPad® Holder T2H7757 Fits iPad® 1, 2, 3 & 4 (excluding iPad Mini™) T2H7758 - Fits iPad Mini™

Jaguar branded iPad® holder mounts to front seat headrests providing a flexible solution for rear seat entertainment. Quick release design ensures iPad® can be fitted or removed quickly and easily.

*Not available for XF.

Personalized Illuminated Sill Treadplates* T2H17122PVJ

Elegantly styled stainless steel sill treadplate finishers for driver or passenger doors. Illuminates when either the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Allows customer to specify a monochrome 'motif' in a choice of approved typefaces/scripts.

Rear Splash Guards T2H12954

Jaguar branded, rear splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

6 CHOOSE YOUR JAGUAR GEAR

Configure your vehicle at JAGUARUSA.COM

Gloss Black Side Vent**
T4N5176 - Left Side
T4N5178 - Right Side

Jaguar branded, Gloss Black side power vents provide a dynamic exterior styling enhancement.

Carbon Fiber Side Vent
T2H18318 - Left Side
T2H18319 - Right Side

High grade Carbon Fiber side power vents provide a performance-inspired styling upgrade.

All-Weather Car Cover†
T2H7756

All-weather tailored cover for the XF with the Jaguar logo. Protect your XF from the elements, including showers, frost and dust. Quick and easy to fit.

Roof Cross Bars
T2H14468

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

Roof Sport Box**
C2C41627

Spacious 11 cubic feet capacity lockable roof box designed for sports equipment, measuring 81 x 33 x 13 inches.

Roof Mounted Cycle Carrier**
C2A1540

An easy to fit, roof mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted.

Gloss Black Mirror Cap
C2D6067PEC - Left Side
C2D6066PEC - Right Side

Gloss Black mirror covers accentuate the dynamic design of the exterior mirrors.

Carbon Fiber Mirror Cap
C2P24176 - Right Side
C2P24177 - Left Side

High grade Carbon Fiber mirror covers provide a performance-inspired styling upgrade.

Rear Tailgate Trim - Gloss Black†
T2H6925

Add style and visual distinction with Gloss Black finish rear tailgate trim.

Premium Cargo Space Carpet Mat†
T2H7174PVJ - Space Saver NLI Variant
T2H7175PVJ - Space Saver NGI Variant
T2H7176PVJ - Non Space Saver Variant

Luxurious soft luggage mat in Jet Black with the Jaguar logo. Deep premium 60.46 oz / yd² pile with Nubuck edging and Dove contrast stitch. For vehicles equipped with InControl Touch Pro™ and fitted with space saver spare wheel OR for vehicles fitted with tire repair kit.

Rear Spoiler†
T2H6236LML

Give the XF an even more sporting look with this body-colored spoiler exterior styling upgrade. For XF, Premium, Prestige and Portfolio rear luggage compartment lid spoiler in primed condition for painting. Spoiler is standard for R-Sport and 'S'.

**Not applicable for R-Sport. †Not available on Sportbrake. ††Requires roof cross bars T2H14468.

6 CHOOSE YOUR JAGUAR GEAR

Configure your vehicle at JAGUARUSA.COM

Roof Mounted Cycle Carrier† C2A1539

An easy to fit, roof mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted.

*Requires Roof Cross Bars T2H24300. **Only available on XF Sportbrake.

VEHICLE SHOWN: XF SPORTBRAKE S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

Roof Cross Bars** T2H24300

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

Roof Sport Box† C2C41627

Spacious 11.3 cu.ft. capacity lockable roof box designed for sports equipment, measuring 81.1 x 33 x 13.3 inches.

Fork Mounted Cycle Carrier† C2A1540

Fitted to the roof, the fork mounted cycle carrier provides a simple and secure fitting with the bike front wheel removed, ideally suited to lightweight bikes and 'racing' wheels. A separate carrier is included for the front wheel. Easy to fit, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted.

Watersports Carrier† C2Z21730

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or sailboard. Tilts to facilitate loading/unloading.

Ski/Snowboard Holder† C2A1538

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

6 CHOOSE YOUR JAGUAR GEAR

Configure your vehicle at jaguarusa.com

Click and Play - iPad* 2-4**
J9C2163

Click and Play is a removable tablet holder attachment which is available for various tablets, and can be easily positioned in multiple angles for in cabin comfort and rear entertainment.

Click and Hook**
J9C2169

Click and Hook is a universal hook that creates extra storage space for items to be hung.

Click and Hang**
J9C2167

Click and Hang is a removable coat hanger allowing for shirts and jackets to be kept crease-free while transporting.

Aperture Retention Net**
T2H31242

The aperture retention net prevents small items from falling out of the cargo space when the tailgate is opened and maximizes packing space. Manufactured from premium lightweight materials including high grade machined aluminum to ensure robust quality.

Luggage Guard**
T2H31273

The luggage compartment partition is designed to prevent cargo from entering the passenger compartment.

Luggage Compartment Collapsible Organizer
T2H7752

Collapsible luggage compartment organizer keeps items from shifting during transport with two durable straps.

Union Jack Sill Treadplates
T2H17123PVJ - Ebony
T2H17123AMT - Oyster

Elegantly styled stainless steel sill treadplate finisher for driver or passenger doors featuring a distinctly British design.

Sport Pedal Covers
T2H3746 - Automatic

Made from stainless steel and rubber, the pedal kit fits securely over existing pedals for a contemporary, sporting appearance. Standard on 'S'.

Luggage Compartment Waterproof Liner**
T2H24704

Total protection for the luggage compartment and second row seat back. Bespoke developed for XF Sportbrake, the liner is a fully waterproof and is easy to fit or remove in a matter of minutes.

Luggage Compartment Rubber Mat**
T2H24552

This premium mat is tailored specifically to protect the luggage compartment. Light and durable, it is easily removable for cleaning.

Luggage Compartment Multi-purpose Liner**
T2H24651

All-in-one premium cargo space carpet mat and double layer reversible rubber liner helps protect the rear cargo space area from general dirt. The liner can be folded out to cover the back of the second row seats when folded down. Also includes fold out bumper protector.

Bumper Protector**
T2H24701

Provides protection for the rear bumper from scuffs and scratches and helps to prevent clothing from collecting dirt when loading and unloading.

**Only available on XF Sportbrake.

XF SEDAN DIMENSIONS

Overall Width (inc mirrors) 82.3 inches

Overall Width (exc mirrors) 74.0 inches

Trunk Volume 17.8 cu ft (with space saver)

Turning Circle
Curb-to-Curb 38.1 ft

VEHICLE SHOWN: XF SEDAN S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

Dimensions were measured with vehicle at unladen weight.
(Measured by VDA standard test method using 200 x 100 x 50mm blocks).

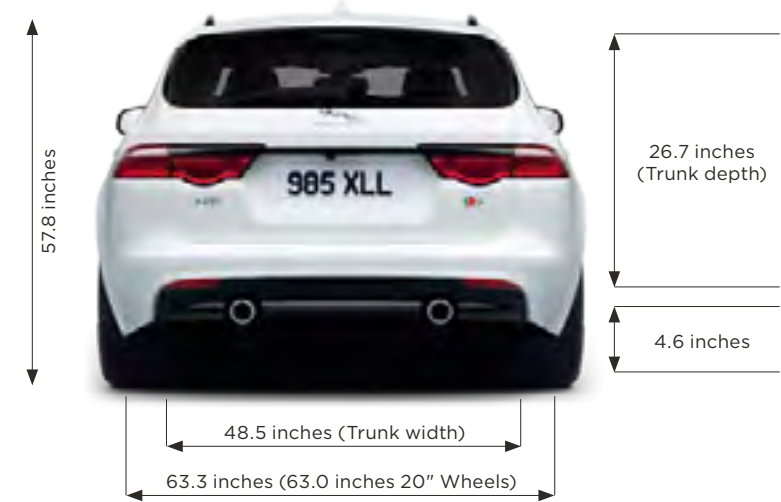

XF SPORTBRAKE DIMENSIONS

Overall Width (inc mirrors) 82.3 inches
 Overall Width (mirrors folded) 78.2 inches
 Trunk Volume 19.7 cu.ft.**

Turning Circle
 Curb-to-Curb 38 ft.

45.0 inches
 (Trunk length)

VEHICLE SHOWN: XF SPORTBRAKE S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

**4.6 inches for 30d 3.0 liter V6 Twin Turbocharged Diesel.
 Dimensions were measured with vehicle at unladen weight.
 (Measured by VDA standard test method using 200 x 100 x 50mm blocks).

JAGUAR EXPERIENCE

There's no better way to get to know Jaguar than by taking a drive. The Jaguar Experience offers a range of unique opportunities to really find out what it feels like to get the most out of a Jaguar. Our track experiences allow you to push yourself and vehicles from the incredible Jaguar range to the limit. Jaguar Experience also offers the opportunity to see a Jaguar vehicle brought to life during a tour of one of our UK manufacturing facilities.

Find out more by visiting JAGUARUSA.COM

BEHIND THE SCENES

Our factory tours give you the unique opportunity to experience the whole process of how our vehicles are brought to life - from the molding of sheet metal to those intricate final touches. At our state-of-the-art production facilities, you'll get to see how skilled technicians and sophisticated machines work seamlessly together to perfect some of Jaguar's most breathtaking cars - from the powerful F-TYPE to the groundbreaking F-PACE performance SUV.

Find out more at JAGUARUSA.COM

DRIVING EXPERIENCES

The opportunity to drive the latest Jaguar vehicles at their limits, or relive iconic Jaguar history, is rare. Jaguar Driving Experiences offer unique driving adventures you will never forget. Imagine yourself behind the wheel of our highest performing Jaguar models, on a closed course, with a Jaguar Experience Instructor at your side.

Find out more at JAGUARUSA.COM

European model shown.

ICONIC EXPERIENCES

Take your driving to the next level with our international adventures facing extreme road conditions. Our Iconic Experiences offer journeys and challenges that will test and develop your performance driving skills. Every year, Jaguar customers and enthusiasts join us for our luxury Ice Driving Experience. The exclusive ski resort in Gstaad, Switzerland, is the perfect location to enjoy the thrill of performance driving on ice. Our Ice Driving Experience is a two-day getaway held each winter. You can get a flavor of the event below. Then, if you'd like to be part of it in the next experience, we can keep you posted.

Find out more by visiting JAGUARUSA.COM

THE WORLD OF JAGUAR

Choose an XF and you're joining the exciting World of Jaguar. It makes owning and driving carefree and easy, as well as providing a range of exclusive services and lifestyle products.

JAGUAR ELITECARE

Enjoy your Jaguar with peace of mind. The XF is backed by Jaguar EliteCare, our exceptional 5 year / 60,000 mile coverage* program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and Jaguar InControl Remote & Protect™.

NEW VEHICLE LIMITED WARRANTY

The New Vehicle Limited Warranty (the 'Warranty') lets you enjoy your driving with peace of mind and runs for a best in class 5 years or 60,000 miles, whichever occurs first. The Warranty is fully transferable to subsequent owners and remains in effect throughout the Warranty coverage period.

COMPLIMENTARY SCHEDULED MAINTENANCE**

Relax in the knowledge that long-term performance is assured with the Complimentary Scheduled Maintenance Coverage. It covers factory recommended scheduled servicing as detailed in the 'Passport to Service' for 5 years or 60,000 miles, whichever occurs first. A Service Interval Indicator will appear every 16,000 miles or every 12 months, to remind you to take advantage of your complimentary maintenance.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for the XF to contribute to optimum performance and to help maximize its lifespan.

ROADSIDE ASSISTANCE

Jaguar Roadside Assistance provides help in motoring emergencies, from immobilization due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicles warranty period.

THE JAGUAR MAGAZINE

This is our own vibrant, cosmopolitan and contemporary magazine. Produced by a team of enthusiastic designers and feature writers, it goes behind the scenes at Jaguar as well as providing insight into the world of luxury, design, style and travel.

JAGUAR COLLECTION

The latest range from the Jaguar Collection has been crafted with the same design execution and attention to detail that goes into all of our vehicles. This is evident in our clothing range, premium leather items and luxury travel goods. To celebrate Jaguar's heritage we also have a collection that honors past achievements and features race-inspired gift items and apparel. Visit shop.jaguarusa.com to browse the Jaguar Collection.

*Please see page 103 for further information.

GLOSSARY

A

ADAPTIVE FULL LED HEADLIGHTS
Adaptive headlights automatically adjust to follow steering inputs, casting light where needed. They will angle the beam when indicating, as well as working in conjunction with Auto High Beam Assist (AHBA) if fitted to the vehicle to prevent your lights from dazzling oncoming traffic.

ADAPTIVE SPEED LIMITER
The Adaptive Speed Limiter, when selected, will assist in limiting vehicle speed to the speed limits as recognized by the Traffic Sign Recognition system.

AUX CONNECTION
Auxiliary (AUX) connections allow for the convenient input of audio signals from personal devices into the vehicle multimedia system.

C

Cd
The Cd value is the coefficient drag of the car. It gives an indication of the vehicle aerodynamic qualities. The lower the value, the more aerodynamically efficient the vehicle design.

CONFIGURABLE INTERIOR MOOD LIGHTING
Configurable Interior Mood Lighting highlights a number of key functional and styling features of your Jaguar and allows adjustment of the ambient light. Choose from a range of 10 colors.

D

DAMPERS/DAMPING
Dampers absorb forces acting on the suspension for greater ride comfort and control. Dampers are also known as shock absorbers.

DEAD RECKONING
Dead Reckoning uses sensors to measure vehicle direction, wheel rotation and inclination. These measurements are calibrated up to 40 times per second to ensure accurate placement of the vehicle even when no GPS signal is available.

E

ECO MODE
Eco Mode encourages fuel efficient driving by reducing throttle sensitivity, selecting more economical engine mapping. It also reduces fuel consumption by reducing the energy demands placed on the engine by climate control and audio systems.

F

FORWARD ALERT
Should a potential collision be detected Forward Alert gives an audible warning and a visual warning in the instrument cluster.

FOUR-ZONE CLIMATE CONTROL
Automatic Four-zone climate control that allows rear occupants to optimize cabin temperature and air flow for their individual position.

G

GPS
The Global Positioning System (GPS) uses satellites to determine the car position. By cross-referencing this with road maps stored in the vehicle memory, the navigation system provides route guidance and tracks the car location.

I

INTERIOR MOOD LIGHTING
Interior mood lighting highlights many of the cabin's key features and design details in a relaxing soft Phosphor Blue glow.

INTELLIGENT STOP/START
Stop/Start is a technology that stops the engine when it is not needed, improving the fuel economy and reducing the car CO₂ emissions. The engine will restart as soon as the driver foot comes off the brake pedal. The engine will be operating at full capacity before the driver's foot has touched the accelerator pedal.

J

JAGUAR SIGNATURE 'J' BLADE DAYTIME RUNNING LIGHTS
'J' blade Daytime Running Lights are separate LED running lights, in a distinctive 'J' shape, built into the headlights. They emphasize the striking on-road style of Jaguar vehicles.

JAGUARDRIVE SELECTOR
The JaguarDrive Selector rises from the center console on start up. It is a rotary shifter that allows you to quickly shift between drive modes.

L

LED HEADLIGHTS
Multiple powerful LED emitters give a clearer light in low light conditions. Further complemented with LED 'J' blade Daytime Running Lights incorporating LED Direction Indicators. These lights also integrate the vehicle's Adaptive Lighting and Auto High Beam Assist (AHBA) systems.

M

MHL CONNECTION
A Mobile High-Definition Link (MHL) enables connection between a personal device and the InControl[®] infotainment system. It is designed for seamless transfer of audio-visual data.

10" MULTI-TOUCH DISPLAY

The multi-touch functionality of Touch Pro 10" display allows the screen to recognize multiple points of contact. This provides direct control of the system's features in a more natural, intuitive way, enabling gestures such as pinch and zoom.

R

RAIN ICE SNOW MODE
By selecting Rain/Ice/Snow mode, the system automatically dampens acceleration and applies more gradual torque for improved traction in slippery conditions.

S

SATELLITE VIEW
Satellite View allows you to view satellite imagery as an optional view mode for the navigation system.

SOLID STATE DRIVE
Solid State Drives are storage devices with no moving parts designed for rapid retrieval of large quantities of data.

SPEED LIMITER
The Speed Limiter, when selected, will assist in limiting vehicle speed to the speed limits as recognized by the Traffic Sign Recognition system.

V

12.3" VIRTUAL NAVIGATION MAP
The 12.3" virtual navigation map is a TFT (Thin Film Transistor) screen that replaces the traditional instrument cluster. It displays a wide range of key driving information. Four graphical themes and a 3D map view are available.

*DISCLAIMERS

¹ Do not use Jaguar InControl[®] features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

² Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so.

³ The Wi-Fi Hotspot is intended for passenger use only. Jaguar InControl[®] features may require an additional subscription with separate terms and conditions.

⁴ A 3-month trial subscription to the SiriusXM[®] All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream SiriusXM[®] on your computer, smartphone or tablet - it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM[®] at 1-866-635-2349. See the SiriusXM[®] Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM[®] Satellite Radio is not available in Alaska, Hawaii, or Puerto Rico.

⁵ These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

⁶ Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

⁷ Always follow local speed limits.

⁸ Supports compatible music players.

⁹ Class is cars sold by luxury automotive brands and claim is based on total package of warranty, maintenance and other coverage problems. For complete details regarding Jaguar EliteCare coverage, visit JAGUARUSA.COM, call 1.800.4.JAGUAR or visit your local Jaguar Retailer. Servicing your vehicle at the specified interval is critical to maintaining its long-term durability. Failure to perform scheduled maintenance within 1,000 miles of the recommended interval may void the Warranty under certain circumstances.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is proud to continue the company's tradition with its approach to Environmental Innovation. From the choice of lightweight materials and lean production methods to the efficiency of its engines and designs, Jaguar is committed to operating as a more sustainable business and reducing its overall environmental impact.

The company flagship model, the XJ model was the first in the company to achieve ISO14040, the international standard for vehicle 'life cycle assessment'. This certification measures the environmental impact of the XJ from component material sourcing and manufacturing process, through driving 124,000 miles. But that's not all. Every new Jaguar is designed to be 85% Recyclable/Reusable and 95% Recoverable at the end of the vehicle life.

The all-new XF, XE, XJ and F-TYPE innovative use of lightweight aluminum, which incorporates up to 50% closed-loop recycled material from the manufacturing process of the body structures, provides considerable performance benefits. This includes improved fuel consumption and less CO₂ emissions during the use phase of the Life Cycle due to lighter structures. Our on-going target is to ensure scrap aluminum reclaimed from our stamping process is to be segregated and recycled through a closed loop system and re-melted into the same grade quality sheet, therefore reducing CO₂ emissions during the production phase of the Life Cycle. Jaguar is committed to reducing dependency on fossil fuels, using fewer resources and creating less waste as part of our approach to sustainability excellence.

The company plan includes 25% reduction targets in operating and tailpipe CO₂ emissions, waste to landfill, logistics efficiencies (15%) and water consumption (10%), all based on per vehicle built since 2007. In addition the manufacturing assembly CO₂ emissions of each Jaguar built in the UK since 2009 is 100% offset. For each ton of CO₂ emitted in the assembly process, Jaguar invests in projects that reduce an equivalent ton of CO₂ elsewhere. Taking into account the company's global sales growth and increased investment in more efficient operating facilities, we are proud to have delivered and in some cases exceeded our Environmental Innovation targets as planned for 2012. And we are on track to meet our 25% reduction in joint European fleet average tailpipe CO₂ emissions by 2015.

Looking forward, we have developed our 2020 vision for sustainable business growth that focuses on continued improvements in tailpipe CO₂ emissions, operational carbon neutrality and zero waste. To date the company has offset over 6 million tons of CO₂, provided over 4,000 direct jobs in 60 emissions reduction projects in 17 countries and improved the lives of over 1 million people in our global cook stoves emissions reduction program.

But it doesn't stop there. Our manufacturing facilities have been certified to ISO14001 since 1998 and we are credited to Platinum Plus level in the UK's Business in the Community Corporate Responsibility Index.

Castrol EDGE™ Professional is recommended by Jaguar.
