## TOURING / CARRYING

<sup>1</sup> Objects placed above the roof-mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Also, please note, regarding vehicles with an opening roof: Some roof-carrying accessories may restrict opening of the vehicle's sliding sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

<sup>2</sup> Roof Cross Bars (T2H14468) required and sold separately.
