

Complimentary Factory Scheduled Maintenance

The purchase or lease of a Volvo includes complimentary Factory Scheduled Maintenance for the first three services (10K, 20K and 30K). It's Volvo's way of helping to ensure that critical maintenance needs are taken care of right from the start. But it shouldn't end there. Continued regular maintenance is extremely important, and purchasing a Volvo Prepaid Maintenance Plan is a simple and convenient way to manage the maintenance process. It protects your investment and helps save you money.

Wear Item Coverage

Wear Item Coverage can be added to most plans, and includes wiper blades, brake pads and rotors, allowing worry-free ownership with virtually no maintenance expenses. Wear Item Coverage begins at time of plan purchase.

Flexible Plans for All Models

Volvo offers an assortment of plans, available with or without Wear Item coverage. Ask a Sales or Service Associate for complete details and choose a plan that works best for you.

Note: Wear Item Coverage does not include tires.
