A LETTER FROM DAVE WATSON

**We're in the
customized
solutions
business.**

At General Motors Fleet, we are committed to providing you with **solutions** that address your specific fleet needs. Our mission is to get to know you and your business. We want to understand your goals so that we can offer tailor-made solutions that will help you succeed.

To provide customized solutions, we're in the business of helping you in a multitude of ways. Here are just a few:

- We're in the **vehicle for every need** business. With more than 45 models offered among four distinct brands, GM Fleet has one of the largest portfolios in the industry.
- We're in the **helping your drivers stay safe** business. At General Motors, safety is our No. 1 priority. Because of that, our vehicles are designed with federal government crash safety test conditions and other field-relevant conditions in mind.
- We're in the **mobile office** business. To help your workers get their jobs done, we can suggest a number of accessories, upfits and connected vehicle services. Through our exclusive OnStar® offerings, built-in 4G LTE Wi-Fi® Hotspot (data plan required) and comprehensive suite of telematics options, we can help you manage and connect your vehicles.
- We're in the **there for your drivers** business. GM has the largest dealer network to deliver and service your vehicles. And because you're covered under our comprehensive warranty plans, 24/7 Roadside Assistance is just a phone call away.
- Finally, we are in the **customized solutions** business. At GM Fleet, we promise every customer that we will deliver on our three pillars: We offer Great Products and Services along with an Exceptional Customer Experience to provide every customer with Innovative Business Solutions that add value to their specific business.

As you make plans to refresh your vehicle fleet in the 2020 model year, we hope you will consider General Motors Fleet. We want to partner with you and help you reach your business goals. The bottom line is: We want to help you succeed at what you do because we measure our success by yours.

Your success is our success.

Regards,

Dave Watson
Director, General Motors Fleet

> GREAT PRODUCTS

TRUCKS THAT MEAN BUSINESS

Our trucks offer capabilities that can turn the biggest jobs into small ones. For the 2020 model year, we've enhanced our comprehensive lineup with the introduction of the new Chevrolet Silverado HD and Next Generation Sierra Heavy Duty to help you check the box on just about any business need.

NEW HEAVY-DUTY TRUCKS

More powerful and packed with hardworking technology, the new Chevrolet Silverado HD and Next Generation GMC Sierra Heavy Duty were designed and engineered with fleet customers in mind and come ready to tackle the most demanding jobs.

ENHANCEMENTS INCLUDE:

- ✓ NEW 6.6L V8 GAS ENGINE WITH IMPROVED HORSEPOWER AND TORQUE OUTPUT
- ✓ ALL-NEW ALLISON® 10-SPEED AUTOMATIC TRANSMISSION WITH FACTORY-INTEGRATED POWER TAKE OFF
- ✓ 2-SPEED AUTOTRAC® TRANSFER CASE (4WD ONLY)
- ✓ ADVANCED TRAILERING SYSTEM TECHNOLOGIES AND NEW TRANSPARENT TRAILER VIEW
- ✓ EASY-ACCESS ENGINE BLOCK HEATER OUTLET

- ✓ EASY-TO-FILL DIESEL EXHAUST FLUID (DEF) TANK WITH OPENING INSIDE FUEL DOOR
- ✓ MORE INTEGRATED AVAILABLE SNOW PLOW PREP PACKAGE
- ✓ NEW, ADVANCED TRAILERING MIRRORS WITH AVAILABLE SPOT LAMPS
- ✓ NEW BEDSTEP FEATURE AND LARGER CORNERSTEPS
- ✓ LARGER CREW CAB THAT OFFERS MORE INTERIOR ROOM

Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information.

RESOURCES

2019 U.S. model shown with equipment from an independent supplier, which is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

VERSATILE CHASSIS CABS

The 2020 Chevrolet Silverado and GMC Sierra 3500HD Chassis Cabs have an upfit-focused¹ design along with the strength and versatility to take on the toughest jobs. They also offer cabins with the functionality and technology your business needs.

CAPABLE LIGHT-DUTY TRUCKS

There's no one tool that's right for every job, which is why the 2020 Chevrolet Silverado 1500 and GMC Sierra 1500 offer six engine options, including the all-new 3.0L Duramax[®] Turbo-Diesel and the 6.2L V8 with Dynamic Fuel Management. Now, you can choose the right combination of power and efficiency for your needs.

EFFICIENT MIDSIZE PICKUPS

The 2020 Chevrolet Colorado and GMC Canyon are packed with features to help your crew work hard. A CornerStep rear bumper and available EZ Lift & Lower tailgate help make loading and unloading efficient. Last, but not least, there's an available 7,700 lbs. (3493 kg) max. trailering capacity² to help handle big hauling jobs.

PROTECT YOUR MOST VALUABLE ASSETS

Protecting the people who drive your business is important. Our lineup offers available safety features that can not only help drivers prevent collisions, but can also help protect them in the event of one and respond if they need help.

PREVENT

Many of our vehicles offer a comprehensive suite of available advanced safety and driver assist technologies that can help enhance driver awareness to potential collisions.

SECURE

Available Driver Assist Technologies

A. AUTOMATIC EMERGENCY BRAKING

Available Automatic Emergency Braking, which generally operates below 80 kmh, can alert the driver when it detects a front-end collision is imminent with a vehicle ahead the driver is following. It can also help reduce the collision's severity or avoid the collision by automatically applying brakes if the driver has not already, or by enhancing driver braking.

B. FORWARD COLLISION ALERT

Available Forward Collision Alert can alert the driver when it detects a front-end collision is imminent with a vehicle ahead the driver is following. The system also can alert the driver if he or she is following a detected vehicle much too closely.

C. LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT

Available Lane Change Alert with Side Blind Zone Alert can help the driver avoid lane change crashes by providing side mirror alerts when a moving vehicle is detected in, or is rapidly approaching, a side blind zone.

D. REAR CROSS TRAFFIC ALERT

Available Rear Cross Traffic Alert can alert the driver to detected left- or right-cross traffic behind the vehicle when in Reverse.

E. REAR PARK ASSIST

Available Rear Park Assist can provide distance alerts to nearby detected objects behind the vehicle to help the driver park and avoid objects when in Reverse at low speeds.

F. HD REAR VISION CAMERA

Available HD Rear Vision Camera provides the driver a high-resolution "digital" view of the scene directly behind the vehicle on the infotainment display to help the driver park and avoid objects when in Reverse at low speeds.

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect performance. Read the vehicle's Owner's Manual for important feature limitations and information.

PROTECT

Our vehicles offer strategically located airbags³ that can help protect occupants in the event of a collision.

- Up to 10 standard airbags³ offered on some vehicles
- Passenger Sensing System with infant-only suppression for passenger on some vehicles
- Passenger seat belt reminder status

Dramatization. Not all airbags will deploy and, if multiple airbags do deploy, they will be in various stages of inflating/deflating³. Sitting too close to an airbag when it deploys can increase the risk of serious injury or death. Always properly wear your seat belt. See your vehicle Owner's Manual for more information.

RESPOND

OnStar Advisors are ready to help your drivers with the available OnStar[®] Safety & Security Plan⁴.

AUTOMATIC CRASH RESPONSE

In a crash, built-in sensors can automatically alert an OnStar Advisor who can send for help — even if the driver can't ask for it.

EMERGENCY SERVICES

One push of the red Emergency button gives your driver a priority connection to an Emergency-Certified OnStar Advisor who can pinpoint the vehicle's location and offer critical assistance until help arrives.

CRISIS ASSIST

During severe weather, a natural disaster or other crisis situation, your driver has access to help. OnStar Advisors are available 24/7 to offer special routing and other critical assistance.

STOLEN VEHICLE ASSISTANCE

If your vehicle is stolen, OnStar is designed to help police locate and recover the vehicle. OnStar Advisors can even send a signal that slows the stolen vehicle down when appropriate, helping police apprehend the thieves.

ROADSIDE ASSISTANCE

If your driver has a flat tire, needs a tow or runs out of gas, OnStar Advisors can use GPS technology to pinpoint the vehicle's location and contact the nearest service provider.

> INNOVATIVE BUSINESS SOLUTIONS

FLEET CONNECTED VEHICLE SERVICES

Take advantage of all your fleet has to offer with General Motors Fleet Connected Services — simple, built-in solutions that can help you manage and connect your vehicles, and provide added peace of mind for your fleet drivers.

MANAGE EFFICIENCY WITH TELEMATICS

Help maximize your fleet's efficiency with easy-to-use telematics designed to help you reduce costs, improve productivity and enhance driver efficiency. These solutions utilize the available connected vehicle hardware already equipped on most of our vehicles to offer you real-time vehicle info that can help you improve your fleet operations.

GENERAL MOTORS TELEMATICS

Uncomplicate your business with Commercial Link⁴². See where your vehicles are and learn how to maximize the potential of your entire fleet.

WORK-READY ACCESSORIES

It's all in a day's work for your fleet vehicles to transport, tow, haul and even transform into a mobile office. Enhance their utility with these popular General Motors Fleet Accessories.

A. GEARON® UTILITY RACK STANCHIONS

B. CREW CAB 5-INCH RECTANGULAR ASSIST STEPS IN BLACK

C. STANDARD BOX SOFT TRI-FOLD TONNEAU COVER WITH BOWTIE LOGO

D. CREW CAB 6-INCH RECTANGULAR WHEEL-TO-WHEEL ASSIST STEPS IN CHROME

E. MOLDED ASSIST STEPS IN BLACK

F. ROOF-MOUNTED SWING-OUT LADDER RACK

Most GM approved accessories marketed and sold by General Motors of Canada Company ("GM Canada") that are permanently installed by an authorized Canadian GM dealer ("GM Dealer") on a new GM vehicle prior to delivery will be covered under the provisions of the Base Warranty Coverage of the New Vehicle Limited Warranty provided by GM Canada to eligible purchasers. In the event an approved GM accessory is sold and installed by a GM dealer on a GM vehicle during the Base Warranty Coverage period after the GM vehicle has been delivered by the GM dealer; or is replaced by the GM dealer on a GM vehicle under the Base Warranty it will be covered (parts and labour) for the balance of the applicable portion of the Base Warranty Coverage period, or for 12 months from the date of installation or replacement, whichever is later. GM approved accessories sold after the expiration of the GM vehicle's Base Warranty Coverage but not installed by the GM dealer, will receive a GM Canada Accessory Warranty (parts only) for 12 months from the date of purchase. GM approved accessories sold and installed by the GM dealer after the expiration of the GM vehicle's Base Warranty Coverage, will receive a GM Canada Accessory Warranty (parts and labour) for 12 months from the date of purchase. The aforementioned coverage periods provides coverage for defects due to materials or workmanship in the assembly of the GM approved accessories component. Conditions and Limitations Apply. See your Warranty Booklet for details. GM Licensed and Integrated Business Partner (IBP) Accessories ("Associated Accessories") are covered under the accessory-specific manufacturer's warranty and are not warranted by GM Canada or its dealers. See your dealer for details.

FUELING THE FUTURE

GM's vision is a world with Zero Crashes, Zero Emissions and Zero Congestion. As a company, we're focusing on the technologies that can help realize this future.

PURE ELECTRIC DRIVING

The 2020 Chevrolet Bolt EV can help reduce fleet emissions, offering up to 417 km of pure electric driving range on a full charge⁸.

LEARN MORE ABOUT GM'S SUSTAINABILITY EFFORTS AT
gm.ca/en/news/sustainability.html

U.S. models shown with optional equipment.

CNG/LPG SOLUTIONS

Full-size vans powered by a 6.0L V8 compressed natural gas (CNG) and liquefied petroleum gas (LPG)-capable engine offer your fleet fuel flexibility combined with the durability to handle bigger jobs.

TURBO-DIESEL ENGINES

When equipped with an available Duramax[®] Turbo-Diesel engine, our midsize, light-duty and heavy-duty trucks and full-size vans can run on B20 biodiesel.

MORE THAN JUST PARTS

From vehicle warranties to support tools, we offer a variety of maintenance and management solutions to help keep your fleet productive and on the road.

COMPREHENSIVE FLEET WARRANTY

We stand behind the vehicles we offer with outstanding warranty coverage for qualified fleet vehicles that protects your fleet and your bottom line. ([See Warranty Booklet for details.](#))

The coverages described below are applicable only to qualified fleet customers who have taken delivery of a new eligible Chevrolet or GMC brand vehicle in Canada:

TRANSFERABLE POWERTRAIN COMPONENT WARRANTY COVERAGE^{9,10}

5 YEARS / 160,000 KM¹¹

TRANSFERABLE BASE WARRANTY COVERAGE⁹

3 YEARS / 60,000 KM¹¹

ROADSIDE ASSISTANCE¹² AND COURTESY TRANSPORTATION¹³

5 YEARS / 160,000 KM¹¹

¹¹ Whichever comes first. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period ("Coverage Period"). Your vehicle's Warranty Booklet contains conditions, limitations, restrictions and exclusions and coverage periods pertaining to the warranties and the Owner's Manual contains important information which may impact you maintaining your warranties. [See your Warranty Booklet](#) and Owner's Manual for details.

CHARGE UP YOUR PRODUCTIVITY

Bolt EV offers everyday electric driving that lets drivers skip the gas station — helping save them time.

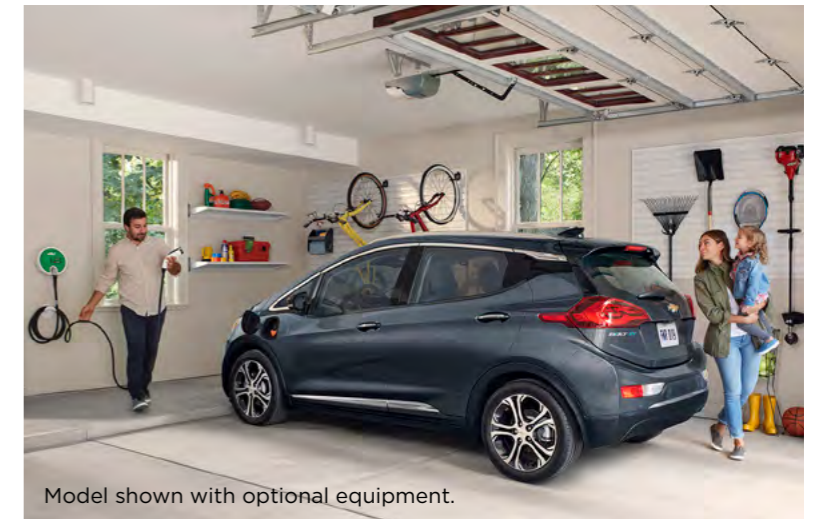

U.S. model shown with optional equipment.

Model shown with optional equipment.

U.S. model shown with optional equipment.

Model shown with optional equipment.

AVAILABLE 240-VOLT/32-AMP CHARGING UNIT

The available 240-volt charging station (professional installation required) is the fastest way to recharge your battery at home and offers more power than the standard 120-volt outlet. Using the 240-volt charging station will charge the battery in as little as 10 hours at 32 amps²⁹.

DC FAST CHARGING

Bolt EV offers standard DC Fast Charging provision. When using a DC charging station with at least 80 kW of available power, it will take approximately 30 minutes to recharge from a depleted battery to an estimated 145 km (90 miles) of driving range³⁰. DC Fast Charging is typically available for use at select public charging stations and is perfect for topping off the charge anytime while on the go.

LOCATION-BASED CHARGING

Program charge settings whether you're home or away. Using the GPS signal in the car, Bolt EV will know when you're home and will activate according to your preset times. If you're somewhere else, Bolt EV will know to charge according to your settings. You can even delay charging until utility rates are at their lowest off-peak prices.

We're in the utilities that work for your business business.

RESOURCES

UTILITY BUILT FOR PRODUCTIVITY

With a variety of trims and two powerful engines, the 2020 Chevrolet Equinox offers the versatility to meet your fleet needs.

2019 U.S. model shown with optional equipment.

NEW STANDARD SAFETY TECHNOLOGIES

For the 2020 model year, Equinox adds several advanced safety technologies to its already impressive list of standard features:

- A.** AUTOMATIC EMERGENCY BRAKING
- B.** FOLLOWING DISTANCE INDICATOR
- C.** FORWARD COLLISION ALERT
- D.** FRONT PEDESTRIAN BRAKING
- E.** LANE KEEP ASSIST WITH LANE DEPARTURE WARNING

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect performance. Read the vehicle's Owner's Manual for important feature limitations and information.

VEHICLES

RESOURCES

DESIGNED TO COMPLETE YOUR WORKFORCE

The 2020 Chevrolet Traverse offers connectivity to help keep your drivers in touch, capability they can depend on and available driver assist technologies to help them arrive with confidence.

TWO FLEET-SPECIFIC TRIMS

Traverse 1FL and 2FL were designed with fleets in mind. For the 2020 model year, they offer standard features that help your drivers stay safe and help keep them connected and comfortable.

U.S. models shown with optional equipment.

TRAVERSE 1FL

Key standard content includes:

- Automatic Emergency Braking
- Following Distance Indicator
- Forward Collision Alert
- Front Pedestrian Braking
- IntelliBeam® headlamps
- Lane Keep Assist with Lane Departure Warning
- Rear Park Assist
- 8-way power driver seat with power lumbar

TRAVERSE 2FL

Includes Traverse 1FL content, plus:

- Lane Change Alert with Side Blind Zone Alert
- Rear Cross Traffic Alert
- 120-volt power outlet

TRAVERSE FOR MUNICIPAL USE

Traverse is a great addition to government and municipal fleets for non-pursuit activities, with fold-flat second and third rows that create up to 98.2 cu. ft. [2781 L] of cargo space³³. Enhance its capability with the available Trailing Package³², which includes new trailing assist guidelines and Hitch Guidance with Hitch View to make it easier to align and hitch a trailer.

2019 U.S. model shown with optional equipment.

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect performance. Read the vehicle's Owner's Manual for important feature limitations and information.

2020 U.S. model shown with optional equipment.

2020
BUICK ENCLAVE

SECURE

HIGH-STRENGTH AND HARDWORKING

Silverado 1500 is ideal for fleets that need capability without sacrificing efficiency. A 3.0L Duramax® Turbo-Diesel is available, or a 5.3L V8 engine that's E85 FlexFuel capable.

NEW FLEET-SPECIFIC PACKAGE

Silverado 1500 now offers three fleet-specific packages — the new Work Truck 2.7L Fleet Package, the WT Fleet Convenience Package and the Fleet Comfort Package.

AVAILABLE WORK TRUCK 2.7L FLEET PACKAGE

- 2.7L Turbo engine with an 8-speed automatic transmission
- 220-amp alternator
- 3 months of Fleet Remote Access Plan trial and Fleet OnStar Safety & Security Plan coverage, plus a 3GB or 1-month (whichever comes first) data plan trial⁵
- 40/20/40 split-bench front seat with covered armrest storage
- 120-volt power outlet, in cabin
- 120-volt bed-mounted power outlet
- Single-zone manual, semi-automatic climate control

U.S. model shown with optional equipment.

MOST FUNCTIONAL PICKUP BED

The Silverado 1500 Durabed combines high-strength, roll-formed steel and 12 standard tie-downs with innovative features — like an available Power Up/Down Tailgate — to offer the most functional bed of any pickup⁴⁰.

2019 U.S. model shown with optional equipment.

CAPABILITY THAT GETS THE JOB DONE

From grille to gate, the Sierra 1500 is designed to offer the power, capability and versatility your fleet requires.

NEW FLEET-SPECIFIC PACKAGE

The 1SA 2.7L Fleet Package offers a new way to equip Sierra 1500 for your business needs. The Fleet Convenience Package and the Fleet Comfort Package are available as well.

AVAILABLE 1SA 2.7L FLEET PACKAGE

- 2.7L Turbo engine with an 8-speed automatic transmission
- 220-amp alternator
- 3 months of Fleet Remote Access Plan trial and Fleet OnStar Safety & Security Plan coverage, plus a 3GB or 1-month (whichever comes first) data plan trial⁵
- 40/20/40 split-bench front seat with covered armrest storage
- 120-volt power outlet, in cabin
- 120-volt bed-mounted power outlet
- Single-zone manual, semi-automatic climate control

U.S. model shown with optional equipment.

INNOVATIVE MULTIPRO TAILGATE

An available six-function MultiPro Tailgate helps your crew load and unload with efficiency, while available trailering technologies — including an innovative available in-vehicle trailering app³⁹ — help drivers trailer with confidence.

2019 U.S. model shown with optional equipment.

RESOURCES

NEW AND READY TO WORK

The Next Generation Sierra Heavy Duty is designed to stand up to the toughest jobs, with advanced trailering technologies and other options that help take that capability even further.

Preproduction 2020 GMC Sierra 3500HD SLE Regular Cab Long Box DRW shown. Actual production model may vary.

TWO FLEET-SPECIFIC PACKAGES

The available Fleet Convenience Package and Fleet Comfort Package were designed with your business in mind. They offer features like a 10-way power driver seat and an EZ-Lift Power Lock and Release Tailgate to help keep drivers both comfortable and productive.

MORE INTUITIVE AVAILABLE SNOW PLOW PACKAGE

Sierra Heavy Duty's new front end is designed for easy air dam and skid plate removal. Plus, plow hardware mounting is more intuitive — with no need to drill additional holes in the front bumper.

BUILT FOR TOWING

The Sierra Heavy Duty's available Gooseneck/Fifth-Wheel Prep Package offers a factory-installed hitch platform that's installed while the truck itself is being manufactured, eliminating the time-consuming aftermarket installation process.

2020 GMC SIERRA 2500HD NOTE: Double Cab and Regular Cab late availability.

SERVE WITH DISTINCTION

When the pursuit gets tough, the 2020 Chevrolet Tahoe Police Pursuit Vehicle delivers the dependability you demand to help stay focused on the job.

LARGE INTERIOR VOLUME

Tahoe PPV can easily transform from offering up to 120.7 cu. ft. [3418 L] of passenger space to up to 111.8 cu. ft. [3167 L] of cargo volume¹⁵ with the second row folded, giving officers ample room for just about any task. There's also a standard 40/20/40 split-bench front seat with a centre fold-down armrest and lockable storage to secure items.

CONFIDENCE BEHIND THE WHEEL

A standard Rear Vision Camera and standard Rear Park Assist help avoid objects when backing up or parking, while an available Enhanced Driver Alert Package featuring Automatic Emergency Braking, Forward Collision Alert, Safety Alert Seat and Lane Keep Assist with Lane Departure Warning is offered.

READY TO SERVE

The 2020 Chevrolet Tahoe 4x4 SSV is designed to help you carry personnel and equipment and offers 10.7 inches [271.8 mm] of ground clearance so you can confidently drive through off-road terrain.

DESIGNED FOR OFFICER PRODUCTIVITY

Tahoe SSV offers officers ample room for just about any task. It can easily transform from up to 120.7 cu. ft. [3418 L] of passenger space to up to 111.8 cu. ft. [3167 L] of cargo volume¹⁵ with the second row folded. Plus, there's a standard 40/20/40 split-bench front seat with a centre fold-down armrest and lockable storage to secure items.

CONFIDENTLY LEADING THE WAY

Available as part of the Driver Alert Package, Tahoe SSV can be equipped with active safety features, such as Automatic Emergency Braking and Lane Keep Assist with Lane Departure Warning. These features, along with the rest of the Driver Alert Package, work to help your officers stay confident while on patrol.

2020 U.S. model shown. Vehicle shown with equipment from an independent supplier¹, which is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

CAPABILITY ON PATROL

The 2020 Chevrolet Silverado SSV is designed to deliver capability and functionality for your police force.

2020 U.S. model shown. Vehicle shown with equipment from an independent supplier¹, which is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

MOST FUNCTIONAL PICKUP BED

The Silverado SSV Durabed combines high-strength, roll-formed steel and class-leading bed volume with innovative features — like an available Power Release Tailgate that automatically lowers by remote or dash button — to offer the most functional bed of any pickup⁴⁰.

DESIGNED FOR OFFICER COMFORT

With up to 138.6 cu. ft. [3925 L] of passenger space and a standard 40/20/40 split-bench front seat, Silverado SSV offers the room officers need. Plus, there are 6 standard airbags³ that can help protect them in the event of a collision and a standard Rear Vision Camera to help them avoid objects when backing up or parking.

2020 U.S. model shown. Vehicle shown with equipment from an independent supplier¹, which is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

WARRANTY FOR ELIGIBLE FLEET CUSTOMERS

COVERED AND COMPREHENSIVE

CHEVROLET AND GMC BRAND VEHICLES

Coverages described herein are applicable only to qualified fleet customers who have taken delivery of a new eligible Chevrolet or GMC brand vehicle in Canada.

3-YEAR or 60,000-KM¹
TRANSFERABLE BASE WARRANTY COVERAGE²

+

5-YEAR or 160,000-KM¹
TRANSFERABLE POWERTRAIN COMPONENT WARRANTY COVERAGE^{2,3}

In addition to the 3-year/60,000-km¹ base warranty coverage, 2020 model year Fleet (rental deliveries excluded) Chevrolet and GMC passenger cars, light-duty trucks or vans come with a 5-year/160,000-km^{1,3} (provided to qualified fleet customers who have taken delivery of a new eligible Chevrolet or GMC brand vehicle in Canada) Powertrain Component Warranty³ that:

- has a \$0 deductible
- is transferable² to another owner at no charge

1 Whichever comes first. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period ("Coverage Period"). Your vehicle's Warranty Booklet contains conditions, limitations, restrictions and exclusions and coverage periods pertaining to the warranties and the Owner's Manual contains important information which may impact you maintaining your warranties. See your Warranty Booklet and Owner's Manual for details.

2 The coverages and benefits provided under General Motors of Canada Company's New Vehicle Limited Warranty are transferable at no cost to any subsequent person(s) who assumes ownership of the vehicle within an applicable Coverage Period.

3 Certain new eligible Model Year 2020 Chevrolet or GMC Brand vehicles delivered to qualified Commercial Fleet and/or Government Fleet customers in Canada receive a 5-year or 160,000-km, whichever comes first, Powertrain Component Warranty. General Motors of Canada Company provides a 5-year or 100,000-km, whichever comes first, Powertrain Component Warranty on all new Model Year 2020 Chevrolet and GMC brand vehicles sold in Canada; except that new Model Year 2020 Chevrolet or GMC Brand 2500/3500 Series Heavy Duty pickup trucks equipped with 6.6L Duramax Turbo-Diesel engine sold new in Canada receive a 5-year or 160,000-km, whichever comes first, Powertrain Component Warranty.

IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:

Installations or alterations to the Original Equipment (OE) vehicle or chassis as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers.

BUICK AND CADILLAC BRAND VEHICLES

4-YEAR or 80,000-KM¹
TRANSFERABLE BASE WARRANTY COVERAGE²

+

6-YEAR or 110,000-KM¹
TRANSFERABLE POWERTRAIN COMPONENT WARRANTY COVERAGE²

In addition to the 4-year/80,000-km¹ base warranty coverage, 2020 model year Cadillac and Buick cars and SUVs come with a 6-year/110,000-km¹ Powertrain Component Warranty that:

- has a \$0 deductible
- is transferable² to another owner at no charge

1 Whichever comes first. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period ("Coverage Period"). Your vehicle's Warranty Booklet contains conditions, limitations, restrictions and exclusions and coverage periods pertaining to the warranties and the Owner's Manual contains important information which may impact you maintaining your warranties. See your Warranty Booklet and Owner's Manual for details.

2 The coverages and benefits provided under General Motors of Canada Company's New Vehicle Limited Warranty are transferable at no cost to any subsequent person(s) who assumes ownership of the vehicle within an applicable Coverage Period.

IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:

Installations or alterations to the Original Equipment (OE) vehicle or chassis as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers.

FLEET ACCOUNT NUMBERS

A. DETERMINE IF A PROSPECT IS QUALIFIED:

Fleet Account Numbers are assigned to qualified fleet companies in Canada upon application to General Motors of Canada Company (“GM”) through the Global Fleet Sales System (GFSS).

Enrollment Terms and Conditions

A “Qualified Fleet Customer” is defined as:

- A business organization that maintains a minimum of five (5) vehicles licenced and registered in the company and/or owner/operator name and used for business purposes, or
- Business organization that, after its present acquisition, will maintain five (5) or more vehicles licenced and registered in the company and/or owner/operator name and used for business purposes, or
- Business organization that places an order for or purchases three (3) or more new GM vehicles at one time for business purposes; supporting documentation must be retained by the Dealer and made available to GM Canada upon request
- Government/Government Regulated Utilities/Public Schools/Medical Hospitals — no existing Fleet or minimum number of orders at one time is required

New motor vehicles ordered under fleet must be delivered to a Qualified Fleet Customer. In addition, vehicles must be registered and kept in fleet service in Canada by the first Qualified Fleet Customer for a minimum of six (6) months and 12,000 km from the date of delivery.

By executing the Enrollment Form, the Fleet Customer certifies and agrees that no motor vehicles will be purchased or leased, directly or indirectly, for export, sale or use outside of Canada (excluding use related to occasional business and/or personal travel) and no such sale, use or export will occur. Fleet Customer also agrees that it will not induce, by any means, any Dealer to breach the export and/or resale terms of their Dealer

Agreement with GM Canada or any of the terms of this agreement, and acknowledges that it will be responsible in damages to GM Canada and its affiliates for any such interference with the contractual terms between GM Canada and a Dealer or any breach of this agreement.

Violation of this policy by a Dealer or a Qualified Fleet Customer will result in a chargeback to the Dealer or Qualified Fleet Customer, and may include Dealer or Qualified Fleet Customer (or both) being disqualified from further participation in fleet programs. In the event of such a charge back to the Dealer, the Qualified Fleet Customer agrees to reimburse the Dealer.

Additional Customer eligibility requirements for specific fleet programs, as issued by GM Canada to its Dealers from time to time, will be made available to Qualified Fleet Customers by the selling Dealer as required. The Qualified Fleet Customer further agrees to provide, upon request by GM Canada or the selling Dealer, access to original business records confirming that vehicles were registered, used and transferred only in accordance with GM Canada program requirements.

In the event (1) a Qualified Fleet Customer orders new motor vehicles from a Dealer and identifies them as fleet units eligible for GM Canada Fleet programs, and (2) the vehicles are not used by Qualified Fleet Customer in accordance with program requirements, GM Canada will take appropriate action, which may include the disqualification of the Qualified Fleet Customer and/or Dealer from future participation in fleet programs, and the issuance of a charge back against the Dealer and the Qualified Fleet Customer for any special allowances, incentives, special option packages or other promotional programs which GM Canada paid or credited to the Dealer or identified Qualified Fleet Customer as a result of inaccurate representations. In the event of such a chargeback to the Dealer, the Qualified Fleet Customer agrees to reimburse the Dealer.

B. IF A PROSPECT IS QUALIFIED:

A General Motors Dealer is required to submit an enrollment application through GM Global Connect. The enrollment application can be found on the GM Global FANs website. The following information is required:

1. Name of Business
2. Both physical and mailing addresses (if different)
3. Phone number
4. E-mail address
5. Fleet Composition

Upon completion of the enrollment application on the website, Dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued and the requesting Dealer will be advised of the FAN via e-mail.

All supporting documentation of the prospect’s fleet eligibility must be retained at the dealership submitting the enrollment application.

IMPORTANT

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program Dealer letters or guidelines. To assure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to GM Fleet Action Centre.

GENERAL MOTORS FLEET
COMMERCIAL SOUNDING BOARD

The mission of the GM Commercial Sounding Board (CSB) Management is to create a forum for Commercial Fleet Professionals and General Motors Fleet management to candidly discuss all issues of importance to the entire fleet industry. The CSB welcomes your ideas to improve the way General Motors Fleet does business with you. Please submit your ideas via e-mail to the CSB member nearest your location. Your questions and concerns will be sent directly to GM. For general fleet questions, please call the General Motors Fleet Action Centre at 1-800-FleetOp (1-800-353-3867).

BUSINESS CHOICE PROGRAM

FLEXIBLE SOLUTIONS FOR YOUR BUSINESS

2019 U.S. models shown with optional equipment.

With the GM Business Choice program, you'll have access to options that help offset the cost of getting your select new Chevrolet or GMC vehicle work-ready. Upfit¹ or upgrade your new vehicle to meet your business solutions using one of the program's four options:

2019

BUSINESS CHOICE PROGRAM²

OPTION 1	OPTION 2	OPTION 3	OPTION 4
COMMERCIAL UPFIT ¹ CASH CREDIT: UP TO \$700 UPFIT CASH ³	OR UP TO \$750 IN DEALER ACCESSORIES CASH ³	OR \$500 CASH INCENTIVE ³	OR 3-YEAR COMPLIMENTARY SUBSCRIPTION ⁴ OF THE CHEVROLET OR GMC REMOTE ACCESS ⁵ + ONSTAR SAFETY & SECURITY PLAN ⁶ , VALUE OF UP TO \$1,250 (REQUIRES PURCHASE OF ADDITIONAL EQUIPMENT ON CERTAIN MODELS ⁷)

For program details, visit gmbusinesschoice.ca

1 IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES: Installations or alterations to the original-equipment vehicle or chassis as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers. **2** Business Choice offers available for eligible companies with an active FAN or business number valid with the purchase or lease of eligible new or demonstrator Chevrolet or GMC vehicles at participating Dealers delivered in Canada between September 19, 2019 and December 31, 2020. Four distinct options available. One per vehicle may be selected. Contact your local Chevrolet or GMC Dealer for full program details and eligibility on all four Business Choice options. Business Choice offers may not be redeemed for cash and may not be combined with certain other consumer incentives. Limitations and conditions apply. Void where prohibited. GM Canada reserves the right to amend or terminate offers for any reason in whole or in part at any time without prior notice. **3** Models eligible for Option 1, 2 or 3, are 2018MY, 2019MY and 2020MY: Chevrolet Colorado (excl 2SA), Chevrolet Express, Chevrolet Silverado 1500, Chevrolet Silverado 2500, Chevrolet Silverado 3500, GMC Canyon (excl 2SA), GMC Savana, GMC Sierra 1500, GMC Sierra 2500 and GMC Sierra 3500. As part of the transaction, dealer may request documentation to verify eligibility. \$700 Commercial upfit cash credit/\$750 Dealer Accessories Cash/\$500 Cash Incentive are manufacturer-to-consumer incentive (tax inclusive, applicable toward parts and labour/parts (excluding replacement parts) and labour/a vehicle purchase). **4** A 3-year complimentary non-refundable and non-transferable subscription to OnStar Remote Access Plan bundled with a 3-year non-refundable and non-transferable subscription to OnStar Safety and Security Plan provided at no additional charge. Value of up to \$1,250 is based on a regular monthly subscription bundled price of \$34.99 for the Plans for three years. Models eligible for Option 4 are 2019MY and 2020MY Chevrolet Colorado (excl 2SA), Chevrolet Express, Chevrolet Silverado 1500, Chevrolet Silverado 2500, Chevrolet Silverado 3500, and GMC Canyon (excl 2SA), GMC Savana, GMC Sierra 1500, GMC Sierra 2500 and GMC Sierra 3500. **5** Requires vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly. Services are subject to user terms and limitations and vary by model and/or vehicle configuration. Not all vehicles may transmit all crash data. OnStar acts as a link to existing emergency service providers; OnStar acts as a link to existing emergency service providers; OnStar Emergency Advisors are certified by the International Academies of Emergency Dispatch. Roadside service provided by Allstate Roadside Services, and limitations and restrictions apply. Stolen Vehicle Assistance requires armed factory-installed theft-deterrent system and selection of notification communication preference(s); these services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss; additional messaging and data rates may apply. **6** Diagnostic capabilities vary by model and/or vehicle configuration and do not cover all vehicle conditions; requires email address on file and enrollment in Vehicle Diagnostics to receive alerts; additional message and data rates may apply. Tire Pressure Monitoring System required (excludes spare). Does not include emergency or security services. Vehicle Locate is designed to locate compatible connected vehicles and capabilities vary by model and/or vehicle configuration and mobile device; available in U.S., Canada and Mexico only. Remote Key Fob enables services such as remote start (requires GM factory-installed and enabled remote start system), door lock/unlock (requires automatic locks) as well as lights and horn activation. Send-to- Vehicle Navigation requires a GM factory-installed navigation system to send directions to the vehicle. Alexa and Google Assistant are only available in the U.S. and Canada in U.S. English on properly equipped vehicles; some commands are not supported on some vehicles. Services are subject to user terms and limitations. **7** The following models will require the purchase of the additional factory installed OnStar equipment (option UE1): Chev Colorado 2WT and 4WT, GMC Canyon 2VL and 4VL, Chevrolet Silverado 1WT,1CX, 2CX, GMC Sierra 1SA. Terms and limitations apply. See onstar.ca or dealer for details.

ABOUT THIS GUIDE

THIS MATERIAL IS NOT INTENDED FOR, OR APPROVED FOR USE IN, ADVERTISING

Some of the equipment shown or described throughout this guide may be available at extra cost, and/or supplied by an independent supplier. We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GM Dealer for complete details. General Motors of Canada Company reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on the latest available competitive information. Excludes other GM vehicles.

GM vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GM vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

See your local General Motors Fleet Account Manager or Dealer Fleet/Commercial Sales Manager, or go to fleet.gm.ca for up-to-date information.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

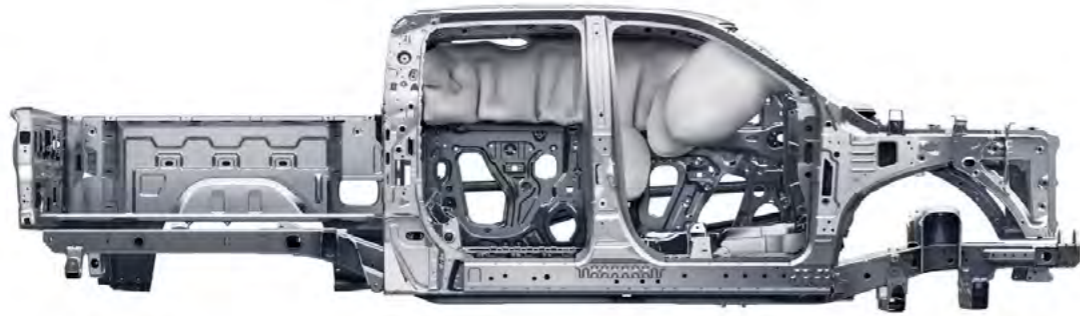

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such suppliers.

LEGAL DISCLOSURES

1. **IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:** Installations or alterations to the original-equipment vehicle or chassis as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers.
2. Requires Extended Cab or 2WD Crew Cab model. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. See dealer for details.
3. Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.
4. Services are subject to user terms and limitations. Visit onstar.ca for more details. Data plans offered by AT&T or its local service provider. Availability subject to change. Requires vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly.
5. Diagnostic capabilities vary by model and/or vehicle configuration and do not cover all vehicle conditions; requires email address on file and enrollment in Vehicle Diagnostics to receive alerts; additional message and data rates may apply. Tire Pressure Monitoring System required (excludes spare). Does not include emergency or security services. Vehicle Locate is designed to locate compatible connected vehicles and capabilities vary by model and/or vehicle configuration and mobile device; available in U.S., Canada and Mexico only. Remote Key Fob enables services such as remote start (requires GM factory-installed and enabled remote start system), door lock/unlock (requires automatic locks) as well as lights and horn activation. Send-to- Vehicle Navigation requires a GM factory-installed navigation system to send directions to the vehicle. Alexa and Google Assistant are only available in the U.S. and Canada in U.S. English on properly equipped vehicles; some commands are not supported on some vehicles. Services are subject to user terms and limitations. [Check here for more details.](#)
6. Requires vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly. Services are subject to user terms and limitations and vary by model and/or vehicle configuration. Not all vehicles may transmit all crash data. OnStar acts as a link to existing emergency service providers; OnStar acts as a link to existing emergency service providers; OnStar Emergency Advisors are certified by the International Academies of Emergency Dispatch. Roadside service provided by Allstate Roadside Services, and limitations and restrictions apply. Stolen Vehicle Assistance requires armed factory-installed theft-deterrent system and selection of notification communication preference(s); these services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss; additional messaging and data rates may apply. [Check here for more details.](#)
7. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi Hotspot. Accessory Power must be active to use the Wi-Fi Hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase.
8. 2020 Bolt EV Fuel consumption estimates based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Your actual range will vary based on several factors, including temperature, terrain, battery age and how you use and maintain your vehicle.
9. The coverages and benefits provided under General Motors of Canada Company's New Vehicle Limited Warranty are transferable at no cost to any subsequent person(s) who assumes ownership of the vehicle within an applicable Coverage Period.
10. Certain new eligible Model Year 2020 Chevrolet or GMC Brand vehicles delivered to qualified Commercial Fleet and/or Government Fleet customers in Canada receive a 5-year or 160,000-km, whichever comes first, Powertrain Component Warranty. General Motors of Canada Company provides a 5-year or 100,000-km, whichever comes first, Powertrain Component Warranty on all new Model Year 2020 Chevrolet and GMC brand vehicles sold in Canada; except that new Model Year 2020 Chevrolet or GMC Brand 2500/3500 Series Heavy Duty pickup trucks equipped with 6.6L Duramax Turbo-Diesel engine sold new in Canada receive a 5-year or 160,000-km, whichever comes first, Powertrain Component Warranty.
11. Whichever comes first. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period ("Coverage Period"). Your vehicle's Warranty Booklet contains conditions, limitations, restrictions and exclusions and coverage periods pertaining to the warranties and the Owner's Manual contains important information which may impact you maintaining your warranties. See your Warranty Booklet and Owner's Manual for details.
12. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period. Your vehicle's Owner's Manual describes benefits that may be available; and the terms, conditions, limitations, restrictions, exclusions and coverage periods applicable to the Roadside Assistance Program that may be offered by General Motors of Canada Company to eligible owners of new GM vehicles sold in Canada. General Motors of Canada Company reserves the right to modify, amend, suspend or terminate the Roadside Assistance Program at any time without notice. Roadside service provided by Allstate Roadside Services.
13. Coverage begins on the date the vehicle is delivered and ends at the expiration of the applicable coverage period. Your vehicle's Owner's Manual describes benefits that may be available; and the terms, conditions, limitations, restrictions, exclusions and coverage periods applicable to the Courtesy Transportation Program that may be offered by General Motors of Canada Company and/or its participating authorized dealers to eligible owners of new GM vehicles sold in Canada. General Motors of Canada Company and/or its participating dealers reserve the right to modify, amend, suspend, terminate or withdraw participation in the Courtesy Transportation Program at any time without notice.
14. Please contact your GM Dealer for detailed information. These products are subject to credit approval. Customer must qualify through GM Financial; standard credit criteria apply.
15. Cargo and load capacity limited by weight and distribution.
16. Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates may apply.
17. Premium paint; additional charge.
18. Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and iTunes are trademarks of Apple Inc., registered in the U.S. and other countries.
19. Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC.
20. Go to my.gm.ca to find out which phones are compatible with the vehicle.
21. Not compatible with all devices.
22. Available in 10 Canadian provinces, 3 territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See our Customer Agreement for complete terms at siriusxm.ca/terms.
23. At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.
24. The system wirelessly charges one compatible mobile device. Some devices require an adaptor or back cover. See my.chevrolet.ca for more information.
25. Does not detect people or items. Always check rear seat before exiting vehicle.

LEGAL DISCLOSURES (CONT.)

26. Even while using the Super Cruise driver assistance feature, always pay attention while driving and do not use a handheld device. Visit cadillacsupercruise.ca for more information.
27. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to mychevrolet.ca/learn/tires or see your dealer.
28. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to mychevrolet.ca/learn/tires or see your dealer.
29. Using the 120-volt portable charger at 12 amps will charge the battery in as little as 55 hours. Using a 240-volt charging station will charge the battery in as little as 10 hours at 32 amps. Professional installation is required for 240-volt charging stations. Using a public DC charging station with at least 80 kW of available power will charge the battery in as little as 2.5 hours. Charging times are estimates and may vary based upon battery condition, charge level, output of charge unit, vehicle settings and outside temperature.
30. Charging rate varies based on output of the charge unit, vehicle settings and outside temperature. In extreme hot or cold conditions, this time may be lengthened. A full charge will take additional time.
31. With rear seats folded. Cargo and load capacity limited by weight and distribution.
32. When properly equipped. Available engine or equipment may be required. See dealer for required specifications. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. See dealer for details.
33. With second and third rows folded. Cargo and load capacity limited by weight and distribution.
34. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb.
35. Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment.
36. Maximum Gross Combined Weight Rating (GCWR). When properly equipped; includes weight of the vehicle and trailering combination, including the weight of driver, passengers, fuel, optional equipment and cargo in the vehicle and trailer.
37. Maximum gooseneck trailering capability.
38. Front recovery hooks are for vehicle recovery only. To avoid the risk of injury, never use recovery hooks to tow a vehicle.
39. App functionality and features vary with vehicle equipment and trim level. Data connection may be required. Some features require active service plan and working electrical system. User terms and limitations apply.
40. Class is half-ton full-size pickups. Excludes other GM vehicles.
41. Does not monitor spare tire.
42. Visit onstar.com/us/en/services/coveragemaps.html for coverage area limitations. Commercial Link offer only available on vehicles equipped with OnStar® hardware. You authorize Commercial Link, through OnStar or one of its assigns, to charge the monthly fee for your Commercial Link service (plus any applicable sales tax) to the debit/credit card designated in your Commercial Link Account at the conclusion of the trial. Fees and services subject to change without notice.
43. Regenerative braking performance may be limited when the battery is cold or near full charge.

TO LEARN MORE VISIT
gmfleet.ca

* Sitting too close to an airbag when it deploys can increase the risk of serious injury or death. Always properly wear your seat belt. See Owner's Manual for more information. Preproduction model shown. Actual production model may vary. U.S. models shown, some with optional equipment from third-party supplier.
