NOTE: See pages 10 through 31 for specific feature availability.
2020 Super Duty® Pickup will offer the highest-ever maximum conventional, gooseneck and fifth-wheel towing and payload ratings. Getting jobs done at that level starts with the right powertrain, and the new Super Duty will arrive with an all-new 7.3L gas V8 engine and third-generation 6.7L Power Stroke® Turbo Diesel V8 in the engine lineup, both offering class-leading horsepower and torque. A new heavy-duty TorqShift® 10-speed automatic transmission is available with all three engines and is a critical component behind the increased capability. Plus, the all-new Tremor Off-Road Package is ready when the road goes off the beaten path.

**More Gas Engine Power**

An all-new 7.3L V8 engine joins the proven 6.2L V8 in the gas engine lineup with both engines being Ford-engineered and Ford-built.

### 6.2L V8

- 385 Horsepower | 430 lb.-ft. of Torque
- The workhorse 6.2L gas V8 engine continues as a proven and affordable powertrain choice
- Paired with the 6-speed TorqShift®-G automatic transmission on F-250 and with the all-new heavy-duty TorqShift 10-speed automatic transmission on F-350
- Flex-fuel (FFV) capability allows the engine to operate on E85 fuel, unleaded gasoline or any combination of the two in the same fuel tank

### 7.3L V8

- 430 Horsepower | 475 lb.-ft. of Torque
- The most gas horsepower and torque in the class
- Proven overhead valve (OHV) design and port fuel injection (PFI) fuel system for durability and power
- Paired with the new heavy-duty TorqShift 10-speed automatic transmission

### Flex Fuel

**More Diesel Power**

The upgraded third-generation 6.7L Power Stroke® Turbo Diesel V8 engine is ready to deliver for 2020 with best-in-class power.

### 6.7L Power Stroke V8

- 475 Horsepower | 1,050 lb.-ft. of Torque
- All-new 36,000-psi fuel injection system, structural enhancements to the cylinder heads, block, connecting rods and bearings, and the inboard exhaust with new turbocharger work together to provide the Built Ford Tough® foundation for the additional power
- Paired with the all-new heavy-duty TorqShift 10-speed automatic transmission
**POWER TRANSFER**

An all-new heavy-duty TorqShift 10-speed automatic transmission makes its debut for 2020. Key features include:

- Standard with the 7.3L gas V8 and 6.7L Power Stroke Turbo Diesel V8 engines and with the 6.2L gas V8 engine on F-350 models
- Selectable Drive Modes
  - Normal
  - Deep Sand/Snow
  - Tow/Haul
  - Rock Crawl (Tremor Off-Road Package only)
  - Eco
  - Slippery

- Ford-designed and Ford-built
- Designed for heavy-duty towing conditions
- Upgraded 10-bolt live-drive power takeoff (PTO) provision

**MAXIMUM CAPABILITY**

The 2020 Super Duty Pickup is upping the ante with more maximum capability for more productivity.

2020 Super Duty models equipped with the available all-new Tremor Off-Road Package provide 33" of water-fording capability and features designed for traveling well beyond a muddy two-track. Key features include up to 2" of front suspension lift with 35" Goodyear Wrangler DuraTrac® maximum traction tires, plus Trail Control™ and Rock Crawl mode for true off-road capability. Additional key features include water-fording vent tubes, front limited-slip differential and electronic-locking rear differential. The Tremor Off-Road Package is available on XLT, Lariat, King Ranch® and Platinum with the 7.3L gas and 6.7L Power Stroke® Turbo Diesel V8 engines. See page 31 for full package details.
MORE TECHNOLOGY. MORE PRODUCTIVITY.

The new 2020 Super Duty® introduces available technology to an already well-connected truck. New class-exclusive(1) Pro Trailer Backup Assist™ combines with Trailer Reverse Guidance to aid in trailer maneuvering.(2) New Pre-Collision Assist with Automatic Emergency Braking (AEB) sounds a warning if a possible collision with another vehicle is detected. And since the workday can be a 24/7 profession, every new 2020 Super Duty includes a FordPass Connect™ embedded 4G LTE modem with Wi-Fi access for up to 10 devices within 50 ft. of the vehicle.

NEW PRO TRAILER BACKUP ASSIST

- Provides added driver convenience and awareness when backing a trailer
- Driver “steers the trailer” using a control knob and guidance provided on the center-stack screen
- Selectable camera views are shown on the SYNC® 3 screen
- Works with Trailer Reverse Guidance to show trailer angle and direction, and provides steering suggestions
- Works on all trailers, including fifth-wheel and gooseneck trailer styles

DRIVER-ASSIST TECHNOLOGY

- Adaptive Cruise Control and Forward Collision Warning with Brake Support
- Auto High-Beam Headlamps
- BLIS® (Blind Spot Information System) with Cross-Traffic Alert and trailer tow coverage
- Lane-Keeping Alert
- Pre-Collision Assist with Automatic Emergency Braking (AEB)

FORDPASS CONNECT WITH 4G LTE WI-FI

FordPass Connect(3) is now standard for 2020 and can be used to locate a parked vehicle and remotely access vehicle features such as start, lock and unlock, and vehicle status including fuel level and approximate mileage. In addition, the 4G LTE embedded modem includes Wi-Fi access(4) for up to 10 devices, including a laptop or tablet, keeping crews in communication no matter where the job might take them.

FORM FOLLOWS FUNCTION

2020 Super Duty includes new design and styling features that look great inside and out, and offer functional enhancements. New features include:

- New front-end design
  - New grille designs and bumper openings offer improved engine cooling and recovery hook access with a lower air dam design that helps improve aerodynamics(5)
  - New headlamp design, including LED signature lighting, offers improved lighting performance(5)
- New taillamp, tailgate and rear bumper appearance
- Lariat and Limited receive new door trim and instrument panel appliqué appearances
- Limited offers a new Ebony and Highland Tan interior color combination

NOTE: See pages 10 through 31 for specific feature availability.

(1) Class is Full-Size Pickups over 8,500 lbs. GVWR based on Ford segmentation.
(2) Driver-Assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle.
(3) FordPass Connect, the Ford Pass App., and Complimentary Connected Services are required for remote features (see FordPass Terms for details). Connected Service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected Services excludes Wi-Fi hotspot.
(4) Wi-Fi hotspot includes wireless data trial that begins upon AT&T activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first, but cannot extend beyond the trial subscription period for remote features. To activate, go to www.att.com/ford.
(5) Compared to previous-generation Super Duty models.
