

NISSAN INTELLIGENT MOBILITY™

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into assistants. Together the journey is more confident, connected, and exciting. Whether it's cars that assist in the driving task, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.

SEE THE NISSAN LEAF® COME TO LIFE

Go to NissanUSA.com and find an interactive brochure for the Nissan LEAF® and every Nissan in the lineup. Available on desktop or smartphone, it's the full product story – including demos, videos, and complete info on trims, colors, and accessories.

Or download the Interactive Brochure Hub app on your tablet.
Free on the App Store® and Google Play.™

Innovation
that excites

Zero Emission

Only 2018 brochure available

¹Available services/features may be shown. Compatible connected device may be required. Only use services/features and device when safe and legal to do so. Subject to GPS and wireless network availability and connection, and system/technology limitations. Text rates/data usage/subscription may apply. Some services/features provided by companies not within Nissan or its partners' or agents' control and may be discontinued at any time. For more information, see dealer, Owner's Manual, or NissanUSA.com/connect/important-information. ²Available feature. ³It is the driver's responsibility to remain alert with hands on steering wheel, keeping a look out for other vehicles and pedestrians at all times. ⁴Public charging networks are provided by independent companies, and are not within Nissan's control. Availability of charging stations not guaranteed. ⁵Mileage estimates only. Range will vary depending upon driving/charging habits, speed, conditions, weather, temperatures, and battery age. The driver's display shown does not show default screen settings. ⁶Nissan No Charge to Charge Program applies to all new MY 2013 or later Nissan LEAF's (i) purchased or leased from a participating dealer that is located in a qualifying market, AND (ii) purchased or leased during the qualifying period for such qualifying market. Fleet customers not eligible. The approximate retail value of the offer is up to \$1012, but may vary by market. The offer cannot be combined with other offers, is non-transferable, and not redeemable for cash. Offer requires activation of the EZ-Charge® Card. Charging sessions beyond 60 minutes of Level 2 charging and 30 minutes of DC Fast charging are subject to additional fees, depending on the network. Other terms, conditions, and eligibility criteria apply. Visit EZ-Charge.com or NissanUSA.com/leaf-electric-car/ev-incentives for details. Public charging stations are third-party owned, not within Nissan's control. Availability of public charging stations not guaranteed. Offer is subject to change at any time and/or is subject to early termination without notice. ⁷AEB with Pedestrian Detection is not a replacement for responsible driving. May not provide warning or braking in certain conditions. Speed and other limitations apply. See Owner's Manual for details. ⁸BSW is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁹Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. ¹⁰LI operates only when the lane markings are clearly visible. Speed and other limitations apply. See Owner's Manual for details. ¹¹IACV cannot completely eliminate blind spots and may not detect every object. Operates at vehicle speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. ¹²Use conventional brake pedal for aggressive braking situations. ¹³Extra cost option. ¹⁴Available with Technology Package only. ¹⁵Late availability. ¹⁶No tailpipe emissions. ¹⁷ITC cannot prevent accidents or loss of control. It is the driver's responsibility to be in control of the vehicle at all times. ¹⁸Use the Text Messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. ¹⁹Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. External device not included. ²⁰AEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed and other limitations apply. See Owner's Manual for details. ²¹Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ²²ICC is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. ²³It is the driver's responsibility to remain alert at all times. Intelligent Driver Alertness is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation. See Owner's Manual for details. ²⁴Genuine Nissan Accessories are covered by Nissan's Limited Warranty on Genuine Nissan Replacement Parts, Genuine NISMO® S-Tune Parts, and Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. ²⁵Cargo and load capacity limited by weight and distribution. Always secure all cargo. ²⁶Post-consumer recycled material will exceed 30%. ²⁷Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. ²⁸Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ²⁹Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. ³⁰VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ³¹TPMS is not a substitute for regular tire pressure checks. ³²Vehicle must be on for the Easy-Fill Tire Alert to operate. ³³2018 EPA Fuel Economy Estimate Nissan LEAF 2018 125 city, 100 highway, 112 combined. Based on EPA formula of 33.7 kW/hour equal to one gallon of gasoline energy, EPA rated the LEAF® equivalent to 125 MPGe measured as gasoline fuel efficiency in city driving, 100 MPGe in highway driving, and 112 MPGe in combined driving. Actual mileage may vary with driving conditions — use for comparison only. 2018 EPA range of 150 miles. Android®, Google®, Google Play®, and YouTube® are registered trademarks of Google Inc. The All-New Nissan LEAF® simply amazing

A powerful step forward for Nissan's 100% electric vehicle. Get ready for a whole new way to drive, where the everyday is exhilarating. Feel more confident, excited, and connected – wherever you go. All in a car that does simple things amazingly.

Nissan LEAF® SL shown in Two-tone Pearl White/Super Black.

Grab hold of a driver-centric design

It's all around you. Bold lines, distinctive touches, and the sense that this is a vehicle like no other. The Nissan LEAF®'s driver-centric environment proves you don't have to sacrifice comfort or convenience when driving electric. With features like a D-shaped steering wheel, distinctive center console, and an available "floating" touch-screen that puts your compatible phone on center stage, it's clear this interior was designed with you in mind.

Apple CarPlay™ and
Android Auto™^{1, 2}

Push Button
Start

Nissan LEAF® SL shown in Light Gray Leather.

Maintains your
preset speed and
distance

Helps keep you
centered even in
the curves

Can even come to
a complete stop

ProPILOT Assist: Feel free to enjoy the ride

With available ProPILOT Assist, the Nissan LEAF® helps out with daily driving – following the car ahead at a preset distance or helping keep you centered in your lane. It can even bring your Nissan LEAF to a full stop based on the traffic flow, and can bring you back up to speed when traffic starts moving again.^{2, 3}

Blink and you'll miss how Nissan LEAF saves the day

Available Nissan Intelligent Mobility technologies offer you a suite of advanced systems that can help keep an eye out, watch the flow of traffic, and even step in and take action.

Charge at home or on the go

With a large network of reliable public charging stations, and more popping up all the time, you'll never be far from your next charge, or even a very quick top-off. Add available advanced charging applications built right into the Nissan LEAF, and it's never been easier to keep driving with confidence.⁴

Reinvent the way you drive with e-Pedal

Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down. It's a whole new way to drive that's not only fun, but encourages you to drive more efficiently to help extend your range. Of course, going back to driving with two pedals is as easy as flipping a switch.¹²
