DECEMBER 2014

BMW 4 SERIES COUPÉ. OUTPERFORM.

In the BMW 4 Series Coupé, aesthetics and athletics vie for supremacy. Significantly lower and wider than its predecessor, it boasts enhanced aerodynamics and a remarkably low centre of gravity. BMW 4 Series vehicles are the only ones in their class to offer features such as optional Adaptive LED Headlights. When personalized with handcrafted BMW Individual interior and exterior elements, it becomes the symbol of sporty elegance and exclusivity.

Shown: Standard Sport Line 428i Coupé in Mineral Grey Metallic paint with Star Spoke light alloy wheels – Style 407 and Coral Red Dakota Leather with Black Highlight.

4 SERIES CABRIOLET. FREEDOM REFINED.

The new 4 Series Cabriolet brings greater sophistication and technological innovation to open-top driving. This dynamic performer offers two powerful, yet efficient engines and the availability of xDrive All-Wheel Drive. Broader and longer than its predecessor, you and your passengers enjoy more legroom, front and rear. Thanks to the new Air Collar that keeps your neck warm, you are free to lower the retractable hardtop even in cooler weather, while hitting the accelerator and escaping the world in exhilarating comfort.

4 SERIES GRAN COUPÉ. UNFORGETTABLE.

The new 4 Series Gran Coupé raises the bar for spacious luxury in a mid-size performance car. Heated seats, front and rear, keep the driver and passengers comfortable in colder weather. Newly available BMW xDrive Intelligent All-Wheel Drive provides added grip in all road conditions. Optional features and packages, such as BMW Individual and the M Performance Package, allow even greater personalization in colours, trims, wheels and sporty handling.
