

2012 Sienna

 **TOYOTA**
make things better

make things better.

Three words that influence everything we do at Toyota. They shape our commitment to safety and reliability, proven by the fact that 80% of Toyotas built in the past 20 years are still on the road today*.

They are words that inspire innovation, with breakthrough technologies like our Hybrid Synergy Drive and the Star Safety System™. They shape our commitment to this country, from our Canadian manufacturing plants, to the programs we support in communities big and small. At Toyota, we all strive to make things better, in our products, our services and in the lives of our customers. It's how we approach everything we do, every day.

*Based on R. L. Polk Canada Inc. Canadian Vehicle In Operation data as of July 1, 2008, for model years 1989-2008. Actual longevity of any vehicle will vary based upon operating conditions.

When you have a growing family, the more space the better. And that's why no other vehicle suits families quite like the 2012 Toyota Sienna. It's today's modern minivan with the room and the features to take your family wherever you need to go, in comfort and style. With seating for 7 or 8, it adapts to your needs. It has the power to take you places, and the sporty styling and refined interior that make every drive a pleasure. Add in the peace of mind of the Star Safety System™, and you'll realize that this isn't just another minivan. It's a vehicle that really does make things better for families.

Comfort and Convenience

Step inside the Sienna and experience a whole new level of comfort. Designed for everyday life, Sienna's wide and spacious interior is ideal for any occasion. Whether you're in the driver's seat or count yourself as the eighth member of the crew, you'll feel like you've got the room to relax. Headroom, legroom, hiproom: Sienna exceeds the needs of you and your family in a way that's versatile, flexible and beautifully designed.

A. The available dual moonroof creates an airy and open interior atmosphere. The front moonroof tilts open and slides over the roof, while the rear moonroof slides into the ceiling.

B. The available dual power sliding side doors open wider, so it's easier to step in and out, or load and unload cargo.

C. With a sport-tuned lowered suspension and sport-calibrated Electric Power Steering, the SE provides more direct feedback and precise handling. It also features exclusive seat upholstery, chrome accents and a piano-black finish.

D. A 180-degree wide angle or regular view of the area behind your vehicle can be displayed on the available Navigation System* screen with the Panorama Rearview Camera.

E. The interior wood accents of the Sienna XLE with Limited Package signal you're in the lap of luxury. The "60/60" overlapping design of the dash reinforces that feeling, giving both the driver and front-seat passenger easy access to the centre console's switches and controls.

F. The available Dual-View Entertainment System can be used as a single or split screen and includes headphone jacks for added peace and quiet.⁵

Versatility

Because your life is constantly changing, Sienna was designed to change right along with it. Available in 7- or 8-seat passenger models, the seats can be configured a number of ways to adapt to any daily need. Slide the seats out of the way or simply remove them entirely to create an exceptional 4.25m³ [150 cu.ft.] of cargo space. Whether it's for work or play, there's a Sienna for all the combinations your life will take.

A. Looking for more space? The second-row middle seat can be folded up and stored in the cargo area storage compartment.

B. With the spacious Sienna interior, everyone in the family can feel like their seat is the best seat. The second-row seating features dual armrests that adjust, maplamps that swivel and climate controls at your fingertips. And the unusually long 585 mm [23-in] sliding range for Sienna's second-row seats creates an ease of ingress and egress through the wide dual sliding side doors.

C. To sync up with the long sliding range of the second-row seats, Sienna XLE features a centre console that expands and slides rearward.

D. The second-row seat cushions tip-up, allowing the entire row to slide further forward to provide extra cargo space and easy rear passenger entry. [Not available with lounge seating.]

E. When your hands are full, the available power rear door opens and closes via the remote keyless entry or available Smart Key fob. It even features a one-second jam protection delay between the door reaching the bottom position and fully closing.

C

B

SEAT CONFIGURATION
Sienna's seating can be arranged for maximum occupancy – either eight passengers or seven passengers, depending on the model – and for maximum cargo, or for various combinations of the two.

8-passenger seating

7-passenger seating

7-passenger seating with tip-up and long-slide second row

A

Safety

Inside and out, the 2012 Sienna was designed around the idea that keeping your family safe is the ultimate responsibility. That's why our engineers designed Sienna with a wider stance, so you have greater confidence and control when turning corners. For added peace of mind, Sienna is outfitted with seven advanced airbags¹, front and rear clearance and backup sonars, electric power steering and a host of standard safety features.

A. DRIVER KNEE AIRBAG¹

The standard safety features on the 2012 Sienna include a segment-first driver knee airbag.

B. ADVANCED AIRBAG SYSTEM¹

In a collision, the standard dual-stage front airbag system senses impact severity while adjusting airbag deployment accordingly.

C. SIDE AIRBAGS¹

Sienna comes standard with front seat-mounted side airbags.

D. THREE-ROW SIDE CURTAIN AIRBAGS¹

The standard side curtain airbags cover the length of the cabin from the front seats to the third-row seats.

E. SEATBELTS

Sienna features a 3-point Emergency Locking Retractor seatbelt for the driver's seat and Automatic/Emergency Locking Retractors for all passenger belts.

F. SIDE-IMPACT DOOR BEAMS

Within each of Sienna's four doors are steel beams designed to help protect the occupants in the event of a side-impact collision.

G. LATCH

Short for Lower Anchors and Tethers for Children, LATCH includes lower anchors on outboard second-row seats and the middle seat in the third row.

H. RAIN-SENSING WIPERS

Sienna XLE with Limited Package uses sensors to detect when it's raining and the amount of rainfall, then adjusts the wiper interval and speed automatically so that you can concentrate on the road, not the windshield.

I. REAR CLEARANCE AND BACKUP SONAR

To assist during parking manoeuvres, Sienna XLE features a rear clearance sonar to help you gauge the area in a parking space. For added convenience, the Limited Package offers an additional front sonar.

STAR SAFETY SYSTEM™

2012 Sienna comes standard with the Star Safety System™. This integration of active safety features is designed to protect occupants by helping drivers avoid accidents in the first place. The Star Safety System™ includes Vehicle Stability Control (VSC),⁶ Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA),⁷ and Smart Stop Technology (SST).⁸

VSC VEHICLE STABILITY CONTROL

Helps prevent slips and loss of traction by reducing engine power and applying the brake force to the wheels that need it.⁶

TRAC TRACTION CONTROL

Helps maintain traction on wet, icy, loose or uneven surfaces by applying brake force to the spinning wheel(s).

ABS ANTI-LOCK BRAKE SYSTEM

Prevents brakes from locking up by "pulsing" brake pressure to each wheel to help you stay in control in emergency braking situations.

EBD ELECTRONIC BRAKE-FORCE DISTRIBUTION

Redistributes brake force to help keep the rear wheels from locking up during sudden braking situations.

BA BRAKE ASSIST

Detects sudden or "panic" braking and adds the full pressure needed to help prevent a collision.⁷

SST SMART STOP TECHNOLOGY

Smart Stop Technology is designed to reduce engine power when the brake is firmly applied helping to bring the vehicle to a stop, even if the accelerator pedal is fully depressed.⁸

Toyota was the first full-line manufacturer to make all of the elements of the Star Safety System™ standard on every new vehicle. Visit toyota.ca for more details.

2012 Colours

Interior colour options

^A Light Grey Fabric on Sienna V6, all LE models.

^B Light Grey Leather on XLE, XLE AWD.

^C Bisque Fabric on Sienna V6, all LE models.

^D Bisque Leather on XLE, XLE AWD.

^E Dark Charcoal Fabric on SE.

Please see your Toyota Dealer for details.

New vehicle warranty summary

NO DEDUCTIBLES – NO TRANSFER FEES

COMPREHENSIVE COVERAGE - 3 YEARS OR 60,000 KM This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS - 5 YEARS OR 100,000 KM This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS - 8 YEARS OR 130,000 KM This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION - 5 YEARS UNLIMITED DISTANCE Any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

All-Wheel Drive

AWD models feature an Active Torque Control All-Wheel Drive system. This AWD system uses information sent from various sensors to transmit only the necessary amount of torque to the front and rear wheels.

MUDDY SURFACE

If the driver applies excessive pressure to the accelerator, Traction Control helps prevent wheel slippage on all kinds of surfaces.

GRAVEL SURFACE

No matter the surface of the road, standard Electronic Brake-force Distribution optimizes the amount of brake force sent to each wheel. Sensors read the vehicle load in Sienna and send the appropriate brake force to each wheel.

WET SURFACE

The computer-controlled Anti-lock Brake System modulates brake pressure when braking hard or when braking on a slippery surface, helping to avoid wheel lockup and maintain steering control.

SLUSHY SURFACE

In winter conditions, Vehicle Stability Control[®] helps prevent the vehicle from slipping sideways as a result of losing traction while driving, cornering or stopping.

Accessories

Personalize your vehicle to enhance its appearance and performance with Toyota Accessory Parts. Your Toyota Dealer can help you select the right accessories to suit your individual style. Many of Toyota's Accessory Parts can be residualized or advanced through Toyota Financial Services when purchased at the time of a new vehicle sale, and all are backed by a Toyota Warranty. To view a complete list of accessories specifically designed for your vehicle, visit customizeyourtoyota.ca, your local Dealer or toyota.ca.

Personalize your Sienna with interior and exterior accessories that suit your individual needs.

- All-Season Mats
- Block Heater
- Bluetooth^{®3}
- Bodyside Mouldings
- Bongiovi Acoustics DPS
- Cargo Liner
- Cargo Net
- Chrome Accent Mouldings

- Hood Deflector
- Rear Seat Entertainment System
- Remote Engine Starter
- Roof Rack Crossbars
- Security System
- Side Window Visors
- Towing Hitch
- XM[®] Satellite Radio

Roof Rack Crossbars

Towing Hitch Haul with confidence with a towing hitch.

Remote Engine Starter Start your vehicle from as far as 80 feet away to cool or warm it before entry.

Chrome Accent Mouldings

Rear Seat Entertainment System Keep your kids entertained and occupied on those long road trips.

Cargo Net

Discover more with Toyota

At Toyota, our goal is to continuously make things better for you. That's why we offer a wide range of programs and services before and after your vehicle purchase designed to help make your Toyota experience the best it can be.

Fewer emissions and pollutants.* More kilometres on less fuel. And designed with power and performance in mind. Available in Prius, Prius v, Camry and Highlander, these latest generation Toyota hybrids offer you the best of all worlds.

Toyota Dealers are dedicated to making the experience of owning a Toyota both satisfying and rewarding. With Toyota Genuine Parts and factory-trained technicians, only your Toyota Dealer can deliver the quality service experience that you and your Toyota deserve.

If you're looking at leasing or financing, we're here to help. We provide competitive interest rates, flexible terms, and an easy online pre-approval process. The toughest decision should be choosing which Toyota you want. Visit us at www.toyotafinancialservices.ca.

Enhance your Toyota ownership experience by joining Club Toyota – a complimentary and exclusive online service for Toyota owners. Benefit from an abundance of interactive services, and information conveniently at your fingertips. Register today at clubtoyota.ca.

With Extra Care Protection you receive inflation protected coverage from mechanical failures, road emergencies, and much more. It's affordable peace of mind. Consult your Toyota Dealer for details.

The Toyota Mobility program is dedicated to addressing the transportation needs of Toyota Owners who have a disability, or know a family member with a disability or mobility issue. The program offers cash assistance, resource information and financing for adaptive equipment for their vehicle.

All new Toyota cars and trucks include a full tank of gas, roadside assistance and floor mats.

*Compared against similarly equipped conventional gasoline powered vehicles. Based on North American sales data and Federal Tier 2 engine emission requirements.

Committed to Canadians, today and tomorrow.

Being a leader in the automotive industry does not simply begin and end with making great vehicles. It also means being a leader in the community. Toyota Canada and its dealerships across Canada fund the Toyota Canada Foundation, a non-profit organization that works to make a difference for Canadians, through direct community involvement supporting the environment, education and safety.

Through initiatives as diverse as the Toyota Earth Day Scholarship Program, Scientists in School, the Traffic Injury Research Foundation, and even the Toyota Volunteer Training Days program with Special Olympics Canada, the Toyota Canada Foundation is committed to Canadian communities, today and tomorrow.

MOBILITY

As part of the Toyota Mobility Program, and in keeping with our "make things better" philosophy, Toyota Canada makes available specific 2012 Sienna models for mobility conversions to help those living with physical disabilities. To learn more visit Toyota.ca.

- All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS) which, depending on the model, may include driver and front passenger airbags, a driver's knee airbag, front seat-mounted side airbags or side curtain airbags. For important safety information about the Supplemental Restraint System in a vehicle, please see the Owner's Manual or contact your local Toyota Dealer.
- These estimates are based on the Government of Canada's approved criteria and testing methods. The actual fuel consumption of this vehicle may vary. Refer to the Government of Canada publication *EnerGuide Fuel Consumption Guide*.
- Toyota tests certain phones for compatibility with Bluetooth technology. Some vehicles equipped with Bluetooth technology are available with bilingual capability. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the service coverage available in your area. Please see your Toyota Dealer for details.
- The Toyota Navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely on your common sense to decide whether or not to follow a specified route. Detailed coverage is not available in every city. Optional periodic geographic updates are available at an additional cost. The Navigational systems in some vehicles are available with bilingual capability. Please see your Navigation system Owner's Manual and your Toyota Dealer for further details.
- A single-disc DVD player is standard on vehicles equipped with the Dual-View Entertainment System. A separate DVD player or compatible game system utilizing the centre console's audio/video inputs is required in order to use the split screen function.

- Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control.
- Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.
- Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website toyota.ca – or your Toyota Dealer is your best source for up-to-date information.

At Toyota **quality, safety** and **sustainability** are built into every vehicle we make. To learn more about Toyota's commitment to manufacturing safe, high quality, long lasting vehicles – and to see the awards we've won for doing just that – visit **toyota.ca**.
