Client Satisfaction

As an Acura owner, your complete satisfaction is our highest priority. Personnel at your authorized Acura dealership have the training and experience to provide the proper service for your vehicle.

If you are not satisfied with any maintenance or repair work done by the dealership, your first recourse is to discuss your concerns with the dealer's Service Manager or General Manager. In most cases, you will be able to find a satisfactory solution within the dealership.

If you are not satisfied with your Acura dealer's decision, call Acura Client Relations at **1-800-382-2238**, or write to:

American Honda Motor Co., Inc.

Acura Client Relations
1919 Torrance Boulevard
Mail Stop CHI-4
Torrance, CA 90501

Please provide the following information:

- The vehicle owner's name and the vehicle's model, year, Vehicle Identification Number (VIN), and current mileage
- The name of the dealer who sold you the vehicle
- The name of the dealer who services your vehicle
- Date, mileage, and reason for each visit to an authorized Acura dealership
- Name of any non-Acura dealership repair service for the problem(s)
- Your daytime and evening telephone numbers

Client Satisfaction (cont.)

Tell us the name of the dealer who is servicing your vehicle and if repairs relating to this problem were made by anyone other than an authorized Acura dealer. Include a detailed explanation of the problem and why you think Acura should be responsible for the repair.

Your correspondence will be investigated, and you will receive a reply from Acura. Acura Client Relations is committed to working with you and the dealership to find a satisfactory solution to your concerns.

If you disagree with the decision reached by the staff of Acura Client Relations, you may request to have your case reviewed in an independent forum run by the National Center for Dispute Settlement (NCDS). You may file a claim at any time by calling NCDS toll-free at **1-877-545-0055**.

You may also write to:

National Center for Dispute Settlement
P.O. Box 515831
Dallas, TX 75251-5831

The purpose of NCDS is to resolve disputes between vehicle manufacturers and their customers. NCDS's decision makers are impartial third parties who will listen to both the customer and the manufacturer and decide what can be done to resolve the disagreement.

NCDS's decision is not binding on you unless you agree to accept it. If you accept the decision, Acura will abide by it. Generally, disputes submitted to NCDS are resolved within 40 days (47 days if you have not first contacted Acura about your complaint). Acura offers you the opportunity to mediate and arbitrate a disagreement through NCDS because we want you to feel that you have been treated fairly.

Client Satisfaction (cont.)

Eligibility is limited by your vehicle's age, mileage, and other factors. To file a claim, you need to provide your name and address, the Vehicle Identification Number (VIN) of your vehicle and a brief statement outlining the disagreement. Initially, NCDS may try to resolve the disagreement through mediation. If this is not successful, your complaint will be reviewed by an impartial arbitrator. You may present the facts of your case to the arbitrator at an informal meeting.

We encourage you to use this program before, or instead of, going to court. It is informal, free of charge to you, and generally resolves problems much faster than the court system. Lawyers are usually not involved in the resolution of claims through NCDS, although you may obtain one at your own expense, if you choose.

If you want to go to court, Acura does not require you to first file a claim with NCDS. Please note that laws in some states may require that you file a claim with NCDS before you can proceed to a state-operated dispute resolution process or the court system. If you do not accept the decision of NCDS, you can still go to court.

Some repairs may be covered beyond the Acura Certified Pre-Owned Vehicles Limited Warranty.

If your vehicle develops a problem you feel should be repaired by Acura at no cost, discuss it with your dealer.

If you are not satisfied with your Acura dealer's decision, call or write Acura Client Relations at the aforementioned address (see page 4).

Please provide this information about your vehicle: year, model, Vehicle Identification Number (VIN), mileage, name of selling and servicing dealer(s), maintenance history, a detailed explanation of the problem, and why you think Acura should be responsible for the repair. Please include your daytime and evening telephone numbers. Your request will be investigated, and you will be informed of Acura's decision.

Proper Operation and Maintenance

With proper use and regular maintenance, your Acura Certified Pre-Owned Vehicle can reward you with years of reliable service and low operating costs.

PROPER OPERATION This means using the vehicle as intended. Acura passenger vehicles are designed to transport people and cargo on reasonable roads within the legal speed limit. Four-wheel-drive vehicles may be used off-road, but the driver must always use good judgment when determining appropriate terrain and conditions, as well as appropriate speeds for such terrain and conditions. See your Acura Owner's Manual for recommended use.

Your Acura requires unleaded gasoline of the proper octane number (Anti-Knock Index). Exceeding the vehicle's load limit (too much weight either carried or towed) puts excess strain on the engine, brakes and other components and should be avoided. See your Acura Owner's Manual for gasoline recommendations and where to find the load-limit label on your vehicle.

MAINTENANCE Check the engine oil and radiator coolant levels every time you fill the gas tank. These fluids protect your vehicle's vital systems, and checking them regularly could help detect potential problems.

Always maintain your Acura as suggested by the Maintenance Minder™ system (refer to your Owner's Manual). The services and mileage intervals suggested by the Maintenance Minder should never be exceeded; they are essential to trouble-free operation. Parts that fail due to improper maintenance are not covered by this Limited Warranty.

Additional maintenance may be required if you operate your vehicle under severe driving conditions. See your original Owner's Manual for the maintenance schedule for severe conditions.

The personnel at your authorized Acura dealer are fully trained and equipped to perform proper and efficient maintenance on your Acura. Service at the dealer is not mandatory for continued warranty coverage but is recommended. You may perform your scheduled maintenance yourself or have it done by someone other than an authorized Acura dealer.

Proper Operation and Maintenance (cont.)

Another benefit of taking your vehicle to an authorized Acura dealer for regularly scheduled maintenance is that should you need to make a warranty claim, the dealer will be able to document the vehicle's service history. Maintenance histories may also be documented by one of the following:

- A maintenance record (like the one in the back of this booklet) showing the date, odometer reading, and the signature of a person qualified to service motor vehicles.
- Copies of repair orders or other receipts with date, odometer reading and signature.
- A statement that you completed the maintenance yourself, showing the odometer mileage and date you did the work. Receipts for the replacement parts (e.g., fluids, filters, etc.) should accompany this statement.

As a courtesy to the next owner, receipts should be kept with the vehicle when sold.

Warranty Service

For warranty service, take your vehicle to an authorized Acura dealer during normal business hours.

Towing

If the vehicle cannot be driven, you should contact the nearest Acura dealership to discuss towing options. Towing is covered if the breakdown is caused by a failure of a covered part (see What Is Covered on pages 9–11).

A warranty identification card will be issued by Acura and sent to you within 30 days after delivery of the vehicle. Your Acura dealer may request your automobile VIN to confirm that your vehicle is an Acura Certified Pre-Owned Vehicle. If you do not receive your card, please contact Acura Care Client Services at 1-888-68-Acura (1-888-682-2872).

If your warranty claim is for a replacement part or an accessory that was originally installed by an authorized Acura dealer, you will need to show proof of vehicle mileage at the time of installation.

Emergency Repairs

Acura recognizes that your vehicle could develop a serious problem and require immediate repair at a facility other than an authorized Acura dealer. Acura will reimburse you for repair(s) if all of the following conditions are met:

- The repair would normally be covered by this warranty as outlined in this booklet
- There were no authorized Acura dealers within 50 miles of the breakdown, or if local dealerships were closed at the time. (Concierge Service at 1-888-68-Acura (1-888-682-2872) can provide you with the location of the nearest Acura dealer anywhere in the United States or Canada—See Additional Benefits, pages 21–23)
- The vehicle was immobile, or if attempting to drive would cause further damage or be unsafe
- Contact Acura Care® prior to the repair for repair approval at 1-888-68-Acura (1-888-682-2872)

IF YOUR VEHICLE CANNOT BE DRIVEN, CONTACT EMERGENCY ROADSIDE ASSISTANCE AT **1-888-68-Acura (1-888-682-2872)**.

You must give authorization to the repair facility to diagnose a problem. Acura will reimburse you for a repair that is determined to be covered by this Limited Warranty based on the following:

- Acura will pay the reasonable cost of teardown as determined by Acura.
- Part(s) will be reimbursed at the current manufacturer's suggested retail price.
- You will be reimbursed for labor at a geographically appropriate labor rate for Acura's recommended time allowance.

For reimbursement assistance, go to any authorized Acura dealer. You must show a legible copy of the paid receipt and the replacement part(s). The dealer will reimburse you for the parts at the current manufacturer's suggested retail price. You will be reimbursed for the labor at a geographically appropriate labor rate for Acura's recommended time allowance.

Traveling or Relocating Outside the United States

Vehicles purchased from an authorized Acura dealer in the U.S. are designed to meet U.S. federal and state government safety and emissions specifications. Other countries may have different standards.

PRIOR TO DEPARTURE Acura Client Relations can provide information on Acura distributors in the area that you plan on traveling to, check your vehicle's history and inform you of any campaign or recall repairs that need to be completed. In addition, Acura Client Relations will provide a certification letter stating that your vehicle was originally manufactured to meet all U.S. emissions standards.

IF YOU ARE PLANNING TO TAKE YOUR Acura OUTSIDE THE U.S., contact the tourist bureaus in the areas you will be traveling in to find out about the availability of unleaded gasoline with the proper octane rating for your Acura.

IF YOU PLAN TO EXPORT AND REGISTER YOUR Acura IN ANOTHER COUNTRY, we recommend you contact the vehicle import agency in that country to determine requirements. Acura does not have that information.

IF UNLEADED GASOLINE IS NOT AVAILABLE, be aware that using leaded gasoline in your Acura will affect performance and fuel mileage, and damage its emissions controls. If the emissions control components are damaged and you return to the United States, your vehicle will not comply with applicable emissions regulations. The repair of any damaged emissions control components, such as the oxygen sensors and three-way catalytic converter, to return your vehicle to a compliant status will not be covered under the Non-Powertrain or Powertrain Coverage.

Acura VEHICLES REGISTERED IN THE U.S. AND REGULARLY DRIVEN IN OTHER COUNTRIES ARE NOT COVERED BY THIS LIMITED WARRANTY.

Acura dealers outside the United States will not honor this warranty. If you are traveling and have your Acura Certified Pre-Owned Vehicle repaired at an Acura dealer in another country, contact Acura Care® at 1-888-68-Acura (1-888-682-2872) for information on reimbursement for covered repairs.
