**CADENZA**

The Power to Surprise

Designed to inspire.

The exciting, new 2014 Kia Cadenza expresses the new refinement and sophistication in Kia's ever evolving design language. Guided by the vision of Peter Schreyer, President and Chief Design Officer of Kia Motors Corporation, the company's design and engineering teams are creating vehicles that make an emotional connection with Kia owners.

"Today, cars are no longer just a means of transport but also expressions of lifestyles," Schreyer notes. "Cars are an essential part of our lives, and increasingly more emphasis is being put on their emotional value in terms of bringing us happiness and satisfaction."

## Designed for discerning tastes.

The world of luxury sedans has changed. Forever.

With the all-new 2014 Kia Cadenza, elegance takes on a new look of excitement. The same-old, same-old is out as Kia's award-winning design and engineering teams redefine the luxury sedan. Move over to the new world of luxury. The all-new Kia Cadenza.

#### ADAPTIVE SMART CRUISE CONTROL

Adaptive Smart Cruise Control is included in Cadenza's available Premium Package. It lets you set cruising speed and distance between you and the car ahead of you, then it automatically maintains that distance through brake interventions.

#### ENGINEERED FOR PERFORMANCE

Cadenza balances power and responsiveness with silky smooth performance with its 3.3-litre, 293-horsepower gasoline direct injection (GDI) V6 engine. A standard six-speed Steptronic automatic transmission with manual-shift mode enhances overall performance and fuel efficiency.

#### ASSURED AND AGILE

In profile, Cadenza expresses a look of confidence and agility through its taut yet flowing lines. It backs this up with standard handling and safety features that include Vehicle Stability Management,<sup>1</sup> plus available Lane Departure Warning and Blind Spot Detection systems.

#### EVERY ANGLE CREATES AN IMPRESSION.

Cadenza's elegant design is accented with beautifully executed functional features. These include standard LED daytime running lights and available auto-levelling adaptive front lighting; as well as standard heated, power-folding mirrors with turn signal repeaters on each side; and wraparound taillights with distinctive LED lightbars at the rear.

**DRIVER-CENTRIC DESIGN.** Cadenza's sweeping instrument panel is designed with clear sight lines and well-placed controls. Standard hands-free Bluetooth<sup>2</sup> connectivity and a voice-activated navigation system<sup>3</sup> help you keep your eyes on the road and your hands on the wheel.

## Inspired surroundings.

The all-new Cadenza wraps you in a cabin environment that seamlessly blends prestigious design and comfort with driver-centric controls for a singular driving experience.

Come and be inspired.

**SUPERVISION TFT LCD INSTRUMENT CLUSTER.** A high-visibility vehicle information screen and LCD gauges offer easy, at-a-glance reading in a variety of ambient light conditions. The cluster is included in the Available Premium Package.

**PERFECT COMFORT.** A power-adjustable tilt and telescopic steering column and a luxurious heated steering wheel are just two of the thoughtful comfort features included in Cadenza's available Premium Package.

**LET THE SUNSHINE IN.** Cadenza's airy and spacious interior is made even brighter with a panoramic, two-panel power sunroof included in the Premium Package.

**MORE SUPPORT.** An available driver-seat cushion extension provides added support for greater long-distance driving comfort.

**SWEET, SWEET MUSIC.** Cadenza's premium 12-speaker Infinity<sup>4</sup> audio system also includes standard USB and AUX ports as well as built-in iPod<sup>®5</sup> support through a regular iPod cable.<sup>6</sup>

**WINTER WARMTH AND SUMMERTIME COOL.** Rich, supple, leather trim and heated front seats are standard on Cadenza. For added comfort, the cooled/ventilated front driver's seat and heated rear seats are included with the available Premium Package.
