RIO

**RIO**

MADE YOU LOOK.

You need a car to do more than just take you there. You need a car with big-time personality. A car you can fall in love with. A car that feeds your own sense of style – as it fuels your go-anywhere, do-anything spirit. A car that has all the bases covered, from thoughtful versatility to excellent fuel efficiency. That car is the 2016 Rio. It's even more ready to be loved, with new, even more dramatic exterior styling. Ready to play?

## YOU'RE ALL IN.

You want it all. And you want it on your terms. Kia gets all that – and the 2016 Rio is designed to give it all to you, your way. That begins with two distinct configurations – the versatile Rio 5-door and the sleek Rio sedan. Then take your personal Rio to a full range of your favourite destinations, from the neighbourhood café to that far-off snowboarding slope. You'll see how beautifully Rio integrates into the landscape as well as it integrates into your life.

# START PACKING.

Here's an open appeal to your well-developed sense of spontaneity. Don't hold back. The 2016 Rio certainly doesn't – in the way it looks, the way it drives, and the way it keeps up with the twists and turns of your life. It makes room for all the dimensions of your lifestyle, thanks to a comfortable and deceptively roomy cabin, in addition to convenient seat-back pockets and dual power ports. You can even add available upscale touches to your Rio like a power sunroof and heated front seats. Better start packing.

//////////

## CONCEALED STORAGE

The cargo cover allows you to store your valuable items out of sight. Standard on Rio 5-door models.

## 60/40 SPLIT-FOLDING SEATS

Split-folding rear seats give you the flexibility to conveniently carry passengers or cargo – or both – depending on your needs.

## POWER SUNROOF

Rio offers an available power sunroof that lets you enjoy the pleasure of open-air driving and adds to the sense of roominess inside the cabin.

## HEATED SEATS

Available heated front seats increase your comfort when driving on those cold winter days.

# VERY HANDS-ON.

You take a hands-on approach to everything you do. Kia's designers took that to heart when they laid out Rio's sporty cockpit. The controls are engineered for ergonomic efficiency – in other words, they're easy to use. And the premium soft-touch dash on EX and SX models adds to the tactile experience. No wonder you can't wait to get your hands on a 2016 Rio.

## POWER FOLDING MIRRORS

Available power-folding sideview mirrors tuck in close to the vehicle's body to help protect them from accidental damage in tight parking spaces.

## PUSH-BUTTON START

There's no need to fumble for your keys when you have the luxury of a keyless push-button ignition switch – standard on Rio SX models.

## HEATED COMFORT

A heated steering wheel provides ultimate comfort for cold Canadian winters. Just one of the many standard luxury features included on Rio SX models.

## SWEET, SWEET MUSIC

For your listening enjoyment, Rio comes with standard AUX and USB audio ports that let you connect a USB drive, iPod®2 or other digital music player directly to the audio system. You can also stream audio wirelessly via available Bluetooth.®3

## BUILT-IN NAVIGATION<sup>1</sup>

In-dash navigation system provides you with turn-by-turn directions to virtually any destination in North America. It's optional on Rio SX models.

# SAFETY ALL-AROUND.

In engineering Rio, Kia placed as high a priority on safety as you do. The list of standard safety features is extensive – from a structural framework that absorbs impact forces in both frontal and side-on collisions to a range of active and passive safety measures, including advanced technologies that help to enhance driver control. For an all-around approach to safety.

## LIGHTING

Fog lights make it easier to see – and be seen – in the dark of night or in inclement weather. Standard on Rio EX and SX models.

## RAIN SENSING WIPERS

The windshield wipers are automatically activated as soon as moisture is detected, helping maintain optimal visibility, despite the conditions. Standard on Rio SX models.

## ANTI-LOCK BRAKING SYSTEM

ABS provides the foundation for Rio's active safety systems. It helps provide greater vehicle control when stopping in difficult conditions, such as wet, slippery or snow-covered roads.

## VEHICLE STABILITY MANAGEMENT SYSTEM<sup>4</sup>

VSM adds steering direction control capability, intervening when appropriate to further stabilize the vehicle. It helps you regain control and return the vehicle to its intended path.

## HILL-START ASSIST CONTROL

To help keep you from rolling backward when starting off on a steep hill, HAC automatically maintains braking pressure for up to two seconds after you take your foot off the brake pedal – enough time for engine power to move you forward.

## ELECTRONIC STABILITY CONTROL

ESC monitors Rio's response to your throttle, brake and steering inputs in tight corners and evasive-maneuvre situations. If and when input and response are out of sync, ESC briefly takes over to restore stability through precise brake and engine-control interventions.

## ELECTRONIC BRAKEFORCE DISTRIBUTION

EBD adjusts front-to-rear brake pressure to compensate for varying passenger/cargo loads and deliver more confident braking performance.

## AIRBAG & SEAT-BELT SENSORS

Special onboard sensors measure the severity of a crash impact and determine whether the front seat occupants are wearing their seat belts. Within milliseconds, this information is used to determine and trigger an optimal level of airbag inflation.

## BRAKE ASSIST

When the Brake Assist System (BAS) detects an emergency braking situation it instantly applies full braking force, faster than you might be applying it, to help shorten overall stopping distance.

## LATCH SYSTEM

Rio is equipped with an industry-standard LATCH (Lower Anchors and Tethers for Children) safety system that makes it easier to securely install a compatible child safety seat in either of the rear outboard seating positions.

# READY TO GO AND GO.

The bold lines of the 2016 Rio set the tone. Once you're behind the wheel, it's ready to go, thanks to the lively performance of the 137-hp 1.6L 16-valve GDI four-cylinder engine that features Dual-cam Variable Valve Timing (D-CVVT) to optimize both output and efficiency. And with 6.3 L/100 km highway and 8.5 L/100 km city ratings,<sup>5</sup> it'll keep going and going.

## OPENS DOORS

A wide, easy-open tailgate on Rio 5-door models and split-folding rear seats – standard on both 4- and 5-door models – make for impressive cargo-carrying flexibility. An available power sunroof and heated front seats add to Rio's comfort.

# KIA, DELIVERING ON A PROMISE.

At Kia, we make a promise to everyone who drives our vehicles – a promise to design, engineer and build our vehicles to the most rigorous, world-class standards. This promise guides the development of vehicles that embody Kia's signature style, precision engineering, outstanding performance, innovative features and advanced safety systems. Our dedication to quality and value has been widely recognized – one reason why Kia has been named a Top 100 brand in Interbrand's Best Global Brands 2014 report.

In addition, Kia earned two prestigious J.D. Power awards, one for Highest Ranked Large Car in Initial Quality in the U.S. for Cadenza and Highest Ranked Small SUV in Initial Quality in a Tie in the U.S. for Sportage.<sup>6</sup> This honour recognizes our success at producing fuel-efficient and affordable vehicles. While the accolades are always welcome, our mission extends beyond impressing the industry or media. What makes us most proud is exceeding your expectations of a truly exemplary driving and ownership experience.

## STUNNING DESIGN

Under the direction of renowned President and Chief Design Officer Peter Schreyer — Kia vehicles have captured worldwide attention for their interior and exterior styling, which represents the collaborative work of designers who have created a look that makes every Kia recognizable at first sight. Today, the lineup consists of vehicles that fill owners as well as Kia's designers with pride.

## EXTENSIVE RESEARCH AND DEVELOPMENT

Kia's R&D procedures are rigorous and exhaustive. At proving grounds around the world, vehicles undergo unrelenting tests. A world-class wind tunnel provides testing in winds up to 200 km/h. Utilizing heavy-rain-and-snowfall testing chambers and a road simulator, Kia puts its vehicles through punishing tests as part of a commitment to develop exceptionally durable and safe vehicles.

## IMPRESSIVE WARRANTY PROGRAM

Kia engineers are passionate about producing vehicles that are exceptionally well-designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an outstanding warranty program.

## TAKING ON THE COMPETITION

The Kia Racing team is dedicated to competing against world-class competition — and winning. That dedication is part of Kia's belief that the knowledge gained in competition can be applied to the entire Kia lineup to provide you with vehicles that perform beyond your expectations. The Kia Racing team includes championship-winning drivers with proven track records, and after two podium finishes early in the 2014 season you can look for Kia in the winner's circle at racetracks across North America in the future.

## FIFA WOMEN'S WORLD CUP CANADA 2015

As the FIFA Official co-Automotive Partner, Kia is proud of its initiatives to promote soccer globally. This summer Canada will be hosting the 2015 Women's World Cup with games played in venues from coast to coast bringing all Canadians together to cheer and show their excitement.

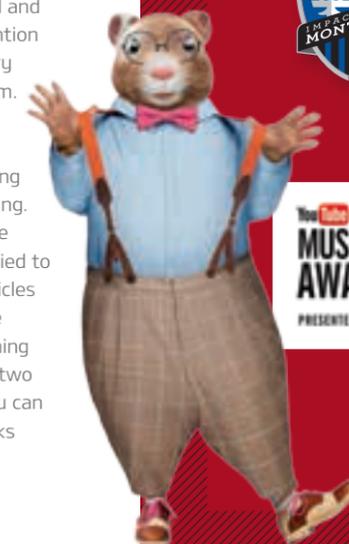

## MAJOR LEAGUE SOCCER 2015

Kia is a proud founding partner of all three Canadian MLS teams, sharing a true passion for the game!

## YOUTUBE MUSIC AWARDS PRESENTED BY KIA

Kia's relationship with the YouTube Music Awards builds on the special relationship between music and drivers. It is demonstrated by Kia partnering with numerous music events around the globe. It's just one more way that Kia stays in tune with the people who drive their vehicles.

Starting with the 2015 model year, Natural Resources Canada in conjunction with the automotive manufacturers, have introduced a new testing procedure that will result in higher fuel consumption ratings that are more representative of everyday driving. Kia Canada is one of the first automotive manufacturers to implement the new testing practice and would like to ensure you fully understand the difference. The new procedure incorporates 3 additional test cycles that account for air conditioner usage, cold temperature operation, and higher speeds with more rapid acceleration and braking.
