

Maximum Key Replacement Program

Key Replacement

Today's keys use complex computer chips and programming to operate remote locks, trunks and starters on your vehicle. This plan provides valuable protection for your key fobs or remotes. Key/Remote Repair Protection includes:

- Covers lost, stolen or damaged key/remote replacement
- Covers cost of labor for programming
- Nationwide coverage

Roadside Assistance

Don't let unexpected situations leave you stranded on the road. 24/7/365 Emergency Roadside Assistance provides:

- Emergency road service for tire changes
- Emergency fluid delivery service
- Emergency dead battery jump service
- Emergency towing service for non-collision related problems
- Emergency accidental lock out service
