

Nitro Fill™

Nitrogen in tires is becoming a very popular replacement for air, and for good reason. With proper inflation procedures and adequate purity nitrogen can provide amazing benefits. Converting to nitrogen in tires can improve your fuel economy by up to 10% and increase your tire life by 30% or more while dramatically increasing the safety of your vehicle.

The Benefit of Nitrogen in Tires

Increases Safety

- In 7 million miles of truck tire testing, nitrogen inflated tires lasted longer.
- Tire failures were reduced by 50%
- Tread life was increased by 25-30%

Nitrogen in your tires can improve performance

- Improves steering
- Improves handling
- Improves braking
- Reduces chance of tire failure

Nitrogen in Tires Saves Time, Money, and Tires

- Dramatically slows pressure loss from permeation
- Improves fuel economy
- Reduces tire oxidation
- Eliminates interior wheel corrosion
- Reduces running temperatures
- Decreases false alarms and activation of Tire Pressure Monitoring Systems

- Benefits are not restricted by vehicle mileage.

Protection includes tires, mounting, valve stems, balancing and even the sales taxes.

*Ask about Standard and Deluxe Plans available. Must be purchased at time of vehicle delivery.

Lease Vehicle Excess Wear & Tear Plan

Leasing a new car should be a carefree and enjoyable alternative to the responsibilities of auto ownership.

But many of the risks of driving a car – the small dents and dings that happen in parking lots, chipped paint, even worn tires – are your responsibility at lease-end. You either repair them, or you pay the leasing company to perform the repairs. You may lose part of your security deposit, all of it, or maybe even more... Why worry about the kinds of things that happen to almost any car?

With Lease Vehicle Excess Wear & Tear, you may not have to worry about unexpected wear and tear charges at the end of your lease. There may be coverage up to \$5,000 of the cost of repairing all the dents, dings, scratches, and wear & tear on your vehicle at lease-end including:

- Tires
- Paint
- Exterior dents & dings
- Windshield & glass
- Headlamps, tail lamps, light bulbs
- Bumpers and the surrounding trim
- Wheels and wheel covers
- Factory Audio Equipment
- Upholstery and interior
- Carpets
- Mufflers & tail pipes
