BMW M PERFORMANCE PARTS.

powered by 

WELL-EARNED STREET CRED. BMW M PERFORMANCE PARTS.

BMW M Performance Parts are the result of many years of BMW motor racing know-how and have been closely developed with BMW M GmbH. Each component goes through an intense development and manufacturing process, so uncompromising sportiness is consistently realized every time.

This is sportiness, of course, that you can also experience. The black front grille and ultra-lightweight carbon wing mirror caps, for example, emphasize the aggressively dynamic look of your BMW 2 Series Coupe. The 19-inch light alloy wheels give an even more self-assured and individual look. Whether it's for aerodynamics, the chassis, the drivetrain or the cockpit, you can look forward to something incomparable – authentic motor sport genes in your BMW 2 Series Coupe.

Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles can cause serious damage to wheels, tires and suspension parts. This is more likely to occur with low-profile tires, which provide less cushioning between the wheel and the road. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires.
