

2015 HYUNDAI
ELANTRA

ELANTRA LIMITED Ultimate Package in Windy Sea Blue

WE PUT ELANTRA IN A CLASS ALL ITS OWN.

The auto industry likes to classify cars by size. At Hyundai, we decided to rethink that. So while our Elantra may be seen as a compact sedan by some, what our designers created feels a lot more stylish and sporty outside. And decidedly “un-compact” inside, as evidenced by the U.S. government classifying Elantra as a midsize sedan.

Honda Civic and Ford Focus? They’re classified as compacts. Elantra’s total interior volume even exceeds premium sedans like the Acura ILX, Volkswagen CC and Nissan Maxima.¹

Drive it, and you may do a little reclassifying of your own. An all-aluminum 1.8-liter engine gives Elantra SE a potent combination of power and efficiency. Available wraparound projector headlights with LED accents do more than look stunning – they’re the leading edge of a Fluidic Sculpture design with a low 0.28 drag coefficient that masters the art of aerodynamics. A new Style Package includes even more distinctive features for added value.

Elantra Sport moves the needle even higher with a new 2.0-liter Gasoline Direct Injection (GDI) engine that amplifies its steering and suspension tuning for more precise response. Want more bling for your buck? Check out Elantra Limited, a model that offers a level of luxury as soothing as its price tag.

Whichever model you choose – SE, Sport or Limited – Elantra offers you peace of mind. It’s been ranked highest among all compact cars in its class for residual value three of the past four years.² It’s earned a 5-Star Overall Safety Rating from NHTSA.³ And it’s backed by America’s Best Warranty, part of the Hyundai Assurance umbrella of services.

2014 Hyundai Elantra
“Highest Ranked Compact Car
in Initial Quality”⁴

¹ Combined passenger and cargo area interior volume comparisons vs. 2014 competitive models. ² ALG, 2011-2013. ³ Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (safercar.gov). ⁴ The Hyundai Elantra received the lowest number of problems per 100 vehicles among compact cars in the proprietary J.D. Power 2014 Initial Quality StudySM. Study based on responses from 86,118 new-vehicle owners, measuring 239 models and measures opinions after 90 days of ownership. Proprietary study results are based on experiences and perceptions of owners surveyed in February-May 2014. Your experiences may vary. Visit jdpower.com/Hyundai.

POWER TO THE PAVEMENT A sports sedan needs a powerful engine – and the perfect partner to transfer its power to the road. That's where Elantra Sport's available SHIFTRONIC® transmission comes in. It features a locking torque converter and Active ECO system that modifies engine and transmission control for improved fuel economy.

ENGINE INNOVATIONS Elantra Sport's new engine is an all-aluminum design whose light weight aids in fuel efficiency. To help ensure durability, our engineers designed the D-CVVT valve train to be driven by a long-lasting steel chain (instead of rubber belts) and specified hydraulic motor mounts to minimize vibration in the chassis.

ELANTRA SPORT in Geranium Red³

Elantra Sport

TO BRING YOUR A-GAME, USE THE RIGHT EQUIPMENT.

Some sedans just aren't content to be sedans. They want to be a sports sedan, built with specific features intended to put some extra oomph in your daily commute.

In the Hyundai Elantra Sport, those features start with a compact-yet-potent 173-horsepower, 2.0-liter engine.¹ Performance technologies like Gasoline Direct Injection and Dual Continuously Variable Valve Timing (D-CVVT) deliver highly responsive power along with optimal fuel efficiency.

Take Elantra Sport to your favorite road, and you'll feel its more nimble and agile handling response – the result of a suspension and steering system specially tuned for sporty driving dynamics.

Those big 17-inch alloy wheels and tires do more than look great, too. Their size helps deliver additional traction – a job aided by advanced features like Vehicle Stability Management, Electronic Stability Control and a Traction Control System.² It's all there to take Elantra Sport's performance – and your enthusiasm for driving – to an enticing new level.

¹ 166 horsepower with PZEV (Partial Zero Emissions Vehicle) rating. ² Electronic Stability Control (ESC) cannot control your vehicle's stability under all driving situations. ESC is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or correct poor driving. The driver is always responsible for controlling the vehicle and must use caution to avoid loss of control in all driving conditions. Speed, road conditions and driver steering input will affect whether ESC can help prevent loss of control. See Owner's Manual for details. The Traction Control System is meant to enhance conscientious driving habits and is not a substitute for safe driving practices. ³ Shown with available rear lip spoiler.

HILLSTART ASSIST CONTROL When you're starting from a standstill on an uphill incline, the car's weight tends to shift to the rear wheels rather than the front. Hillstart Assist Control helps counteract this effect for more sure-footed FWD acceleration.

THE INSIDE STORY Modern conveniences are a driving force behind Elantra Sport's interior design. It features proximity key entry with push-button start. A 4.3-inch audio display with rearview camera. Leather seating surfaces, steering wheel and shift knob. Heated front seats with power driver's seat and lumbar. Aluminum pedals underfoot, a power sunroof overhead, and more.

ELANTRA SPORT

173 HP

MAGIC TOUCH An available 7-inch touchscreen lets you navigate all kinds of things, not just roads. Tune the 360-Watt premium audio system to your liking and chart a course to new music mixes thanks to Pandora® integration. The touchscreen also serves as a monitor for Elantra's rearview camera, which makes backing out of tight parking spaces easier.

HYUNDAI BLUE LINK® Our innovative telematics let you search for points of interest using voice commands and download them to the navigation system. If your Hyundai is stolen, Blue Link can help you find it. A mobile app even lets you lock, unlock and remote start your car. For a full list of features, visit HyundaiBlueLink.com.⁴

ELANTRA LIMITED Ultimate Package in Beige Leather

Elantra Limited

PROOF THAT LUXURY IS NOT ONLY FOR THE RICH.

Elantra Limited is proof that Hyundai designers did not exhaust their ideas about comfort, convenience and style on our luxury sedans.

Just look at all it offers. Its sleek design is enhanced by projector headlights with LED accents, LED taillights and 17-inch alloy wheels. Now step inside. That seductive aroma? Leather. Elantra Limited comes with heated front and rear leather seating surfaces.

Dual automatic temperature control is also available, which allows the driver and front passenger to each enjoy separate climates. And with the available sunroof, you can invite the outside in at the touch of a button.

Elantra Limited earns its name when it comes to technology, too. Standard Bluetooth® hands-free phone integration lets you control a variety of functions using simple voice commands. You can also stream songs from playlists stored on your smartphone through the car's audio system. Also standard: Our award-winning Blue Link® telematics that help you stay secure and connected when you're on the move.¹

For the ultimate in convenience, there's our Ultimate Package. It includes a navigation system with a big 7-inch touchscreen that makes interacting with features like Pandora® Internet radio all the more entertaining.² There's no limit to the pleasure that awaits you.

¹ Only use Blue Link and corresponding devices when it is safe to do so. Blue Link is available on most 2014-2015 Hyundai vehicles. Blue Link subscription service agreement required. Features vary by subscription plan. Blue Link service works using CDMA-based cellular networks in the 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (tall buildings, tunnels) and other factors. For additional details and system limitations, visit HyundaiBlueLink.com. ² Requires iOS-compatible smartphone. ³ All SiriusXM services require a subscription, sold separately by SiriusXM after a free 3-month trial period. Fees and taxes apply. All fees and programming are subject to change. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. ⁴ Remote Vehicle Start is only available for push-button start equipped vehicles with an automatic transmission. Not available on all models.

DRIVING STYLE With Elantra SE, GT and Limited, drivers can choose the kind of steering feel they want. It's a feature called Driver Selectable Steering Mode. With three modes – from comfort to normal or sport – you can tailor the car's steering feel to your preference.

SIRIUSLY LOADED Elantra Limited integrates SiriusXM® Satellite Radio, which includes dozens of genre-specific music channels plus a variety of sports and talk programming. You can enhance the functionality with available SiriusXM Data Services: XM NavTraffic®, XM NavWeather™ and XM Sports and Stocks.³

MULTIMEDIA TOUCHSCREEN

7-inch LCD

FIVE-DOOR VERSATILITY Our Elantra GT makes the most of its space inside. The 60/40 split-folding rear seats quickly adapt to whatever you need them to do: Seat up to three rear passengers in spacious comfort, fold entirely to carry sizable loads, or make room for a combination of both.

PRECISE TUNING To give the Elantra GT more responsive handling, Hyundai engineers specified Sachs® shock absorbers tuned to control body motion. Our engineers were so committed to the performance feel of Elantra GT that the precise tuning of its suspension differs depending on which wheel/tire size you select: The standard 16-inch or optional 17-inch.

Elantra GT

THE INTERSECTION OF FUN AND FUNCTIONAL.

The Elantra GT may have five doors. But we're guessing the one you'll want to open first is the driver's door.

With its sleek five-door body styling, Elantra GT delivers the performance you crave and the versatility your life demands. It starts with the fact that this is no ordinary body. Constructed of lightweight-yet-strong materials, Elantra GT was designed to be the perfect platform for wringing more performance from a roomy sedan that boasts a full 51 cubic feet of cargo capacity.

The light weight of its body, together with a new, more potent 173-horsepower, 2.0-liter GDI engine, combine to give Elantra GT its best-in-class power-to-weight ratio – a crucial measure of a performance car.¹ At the same time, Elantra GT's body stiffness increased 37 percent versus the model it succeeded. This remarkable rigidity allowed Hyundai engineers to precisely tune the car's steering and handling for enhanced responsiveness and control.

Speaking of control, Elantra GT, SE and Limited models also come equipped with a technology called Driver Selectable Steering Mode. It allows you to dial in your preferred steering feel (Comfort, Normal or Sport) for a truly customized driving experience. You can also select which type of transmission you prefer: A 6-speed automatic with SHIFTRONIC or an engaging 6-speed manual.

STYLE PACKAGE Opt for the Elantra GT Style Package, and you'll roll on 17-inch alloy wheels, sit on a power driver's seat with leather seating surfaces, grip a leather-wrapped steering wheel, and put your foot down on aluminum pedals.

TECH PACKAGE Add this package² to your Elantra GT and slide back the panoramic sunroof. Set the dual automatic temperature control. Check the rearview camera on your 7-inch touchscreen display. And let the automatic headlights and navigation system guide you.

ELANTRA GT INTERIOR VOLUME

119 cu ft

¹ Class comparison versus non-turbocharged models including the 2015 Volkswagen Golf 5-Door and 2014 models for Subaru Impreza, Ford Focus and Mazda 3 5-Door. ² Requires Style Package.

ELANTRA GT Tech Package in Shimmering Silver

2015 ELANTRA SE

2015 ELANTRA SPORT

2015 ELANTRA LIMITED

KEY STANDARD FEATURES

- 145 HP, 1.8L 4-cylinder engine with Dual Continuously Variable Valve Timing
- 6-speed manual or available 6-speed automatic transmission with SHIFTRONIC® and Active ECO System
- Motor Driven Power Steering with Driver Selectable Steering Mode
- Remote keyless entry system with alarm
- Power door locks and windows
