

Genuine Mercedes-Benz Parts

Benefits of Mercedes-Benz Genuine Parts

***Quality**

Every Mercedes-Benz genuine part is designed to the exact specifications of each Mercedes-Benz model. Each part must pass intense quality-control checks, helping to ensure that each Mercedes-Benz remains as safe and reliable as the first day it was driven.

***Safety**

Restoring your Mercedes-Benz using parts originally designed for it helps maintain the manufacturer-specified safety benefits it had when new.

*** Warranty**

Mercedes-Benz genuine parts are the only repair parts protected by the Mercedes-Benz parts warranty*.

***Precise Fit**

Mercedes-Benz genuine parts are engineered and manufactured to stringent Mercedes-Benz standards - for a precise, just-like-new fit.

***Genuine Materials**

Mercedes-Benz genuine parts are made from high-grade steel and quality composite materials.

***Investment Protection**

Imitation parts can compromise your vehicle, and may void your new vehicle warranty. With Mercedes-Benz genuine parts you receive all the craftsmanship, performance, precision and value of Mercedes-Benz.

Lifetime Brake Replacement

Keep It Genuine.

Quite simply, you cannot feel secure about maintaining the value of your Mercedes-Benz unless you insist on Genuine Mercedes-Benz Parts.

As part of your next brake replacement from Knauz Continental Autos, we will fit original Mercedes-Benz brake pads to your Mercedes-Benz vehicle and replace the pads with original Mercedes-Benz Pads for as long as you own your vehicle.* After all, you drive a Mercedes-Benz because you expect the best. When your vehicle requires maintenance or repair, be sure to accept nothing less than the dependable fit and quality of Genuine Mercedes-Benz parts. Keeping it genuine means protecting your investment and continuing to experience all the performance, style, comfort, and safety you expect from your Mercedes-Benz.

*Lifetime Brake Replacement Program Terms and Conditions

Customers participating in the Free Brake Pad Replacement Program will have Mercedes-Benz brake pads fitted to their vehicle and receive replacement of these pads subject to the following conditions:

- The vehicle must remain registered to and owned by the original purchaser and is not transferable, except to immediate family members.
- The vehicle must be returned to Knauz Continental Autos for a free brake pad inspection every 12 months or 12,000 miles, whichever occurs first.
- The Free Brake Pad Replacement Program is only applicable for private passenger vehicles and excludes commercial vehicles, SLS, SLR and AMG high performance vehicles.
- At the time of fitment, the braking system must be free of any other faults. This may require maintenance or replacing of necessary parts at additional cost.
- The Brake Rotors must be within original manufacturer's specifications.

The program is limited to the cost of replacement brake pads and the labor required to install them, with the following limitations and conditions:

- The offer extends to certain additional parts such as brake sensors, cleaner, paste. This offer does not extend to any other parts such as rotors, rotor screws, calipers, caliper screws, etc.
- Does not extend to any labor necessary in installing additional parts.
- Replacement pads will be Mercedes-Benz branded pads.
- The replacement guarantee becomes void if the braking system is serviced or repaired by any other party other than Knauz Continental Autos
- The replacement guarantee does not cover brake shudder or squealing if the brake pads and or Rotors are within Mercedes-Benz specifications.
- The replacement guarantee is void if the car has been involved in a major collision.
- The replacement guarantee is void if vehicle is used in any type of racing or motorsports.
- This offer does not include parking brake pads.
