### *Mercedes-Benz Certified Pre-Owned Limited Warranty – Limits of Liability*

Any amount exceeding the actual market value of the vehicle is not the responsibility of MBUSA.

## Service and Warranty

### *Mercedes-Benz Certified Pre-Owned Limited Warranty – Vehicle Service*

#### **Conditions and Vehicle Service Requirements for Your Warranty**

This Mercedes-Benz Certified Pre-Owned Limited Warranty is applicable only in the United States and Puerto Rico.

Within the scope of this Limited Warranty, any covered defective parts in your vehicle will be exchanged or repaired by your Mercedes-Benz Dealership. Mercedes-Benz recommends Genuine Mercedes-Benz Parts, exchange units, and Factory-approved accessories for all of your vehicle's replacement parts. These parts meet the same exacting quality control standards as the original equipment on your vehicle and comply with all applicable Federal and State safety regulations.

Repairs covered under Mercedes-Benz warranties must be performed at an authorized Mercedes-Benz Dealership. Any applicable, authorized Mercedes-Benz Dealer of your choice will perform Mercedes-Benz Certified Pre-Owned Limited Warranty repairs or replacements. Please present this booklet to your Mercedes-Benz Service Advisor to speed service order write-ups.

Your vehicle should be delivered to the Mercedes-Benz Dealer during normal service hours, and a reasonable time should be allowed for performance of the repair.

Mercedes-Benz requires that you service your vehicle at our specified mileage intervals. Your *Operator's Manual* and your vehicle's *Service Booklet* contain this information. These services help assure the proper operation of your vehicle. The required service maintenance is available at all authorized Mercedes-Benz Dealerships.

Maintenance service as recommended in your vehicle's Service Booklet can be performed by any qualified service outlet. However, we recommend that all maintenance service work be performed by your authorized Mercedes-Benz Dealership, which has the trained personnel, tools, diagnostic instruments, and service reference literature necessary to perform the recommended maintenance correctly and systematically.

**Failure to follow the required Mercedes-Benz service maintenance schedule—using specified materials, fluids, and parts, at the specified intervals—could cause vehicle damage not covered by this warranty.**

## Service and Warranty

### *Mercedes-Benz Certified Pre-Owned Limited Warranty – Emission System Warranty and Maintenance*

#### **Emission System Warranty and Service Maintenance**

Where applicable, your vehicle may qualify for any remaining portion of the Emission Systems, Emission Performance, or California Emission Control System warranties.

The law requires your vehicle to conform to exhaust emission standards. To provide the best vehicle performance and lowest vehicle emissions, you are responsible to see that all recommended maintenance procedures detailed in the vehicle's *Service Booklet* are performed at the specified times and mileages. The emission control warranty does not cover failures due solely to owner abuse or lack of proper maintenance. (Refer to the original new vehicle *Service and Warranty Information* booklet for more information regarding coverage.)

More frequent maintenance may be needed for vehicles under severe operating conditions such as dusty areas, very short trip driving, or trailer towing.

Emission system warranty obligations are not dependent upon the use of any particular brand of replacement parts, so you may elect to use non-genuine Mercedes-Benz parts for replacement purposes. We recommend the use of Mercedes-Benz spare parts for service and repairs, however, since they have been made according to manufacturer specifications. It is also important to use only fuels and lubricants meeting factory specifications since the emission systems warranty *does not cover* the repair or replacement of parts necessitated by failure to use such items.

For detailed information concerning emission control system maintenance, please refer to your *Service Booklet*. If you want additional information concerning tune-up specifications or emission control system maintenance jobs, we recommend a special *Maintenance Manual*, which is available from your authorized Mercedes-Benz Dealership or directly from MBUSA.

## Service and Warranty
