Inflatable rear safety belts are available for the 2015 Ford F-150 – a first for light-duty trucks.

Safe

SMART TOWING

Smart towing module displays trailer hookup status in the information screen of the all-new Ford F-150, including if a taillight is burned out.

Smart

Did you know? The 2015 Ford F-150 can do more work with smaller engines because the truck weighs less, allowing the engine to pull more weight.
