We want to quickly get you on the road, and behind the wheel of your new Lamborghini, where you belong.

# Lamborghini Leasing

## Lamborghini Leasing

With reasonable monthly payments and flexible terms, the Lamborghini Lease is an intelligent alternative to a cash purchase or traditional financing. In addition, the minimal initial cash requirement coupled with strong lease-end residual values makes leasing a new or pre-owned (up to five model-years old) Lamborghini an option for many.

## Minimal Cash Outlay

One of the benefits of the Lamborghini Lease is the modest initial cash required to get you in the driver's seat of your new or pre-owned Lamborghini. This is because a security deposit isn't required with Lamborghini Financial Services. Additionally, if your vehicle is deemed a total loss, if through an accident or theft, Lamborghini Financial Services will waive the balance between your insurance company's

insurance loss payment and the balance due on your lease.\* This leaves you free to focus on getting your next Lamborghini rather than paying for a vehicle you can no longer use. For complete details, please speak to your Lamborghini dealer.

\*You would still be responsible for your insurance deductible, any past due payments and any other fees that have been billed to your Lamborghini Financial Services account.

## Modest Monthly Payments

With a Lamborghini Lease your monthly payments may be lower than conventional finance payments because lease payments are calculated on the difference between the initial value of the vehicle and its future value.

Your payments can be reduced further with a variety of lease terms and mileage options customized to your needs. Ask your Lamborghini dealer for more comprehensive details.

## Enjoy the Privileges of Leasing with Lamborghini Financial Services

Smart and Simple reasons to lease your Lamborghini.

- No security deposit

- No downside risk on resale value at lease maturity

\*If the lease term coincides with the length of the manufacturer's coverage.

## Lamborghini Leasing, continued

### End of Term Options

As your lease draws to a close, several easy and straightforward lease-end options are available to you.

- **Purchase:** You may purchase the vehicle at the pre-determined amount listed in your lease agreement and retain any equity potential that may exist.
- **Refinance or Re-lease:** You may keep the vehicle and with approved credit, finance the agreed-upon predetermined value with Lamborghini Financial Services or re-lease your vehicle for an additional term.

- **Extend:** You may be able to extend your current lease. If ordering a new Lamborghini, prolonging the lease on your current Lamborghini until delivery of your next Lamborghini can make sense. Simply notify us of your intention, and we'll work with you to coordinate everything.
- **Return:** You may return the vehicle and pay the termination fee to close your account. Excess wear and use charges may apply.

Contact your dealer for more details on the end of term option best suited for you.

### Attractive Insurance Deductible Requirements

The Lamborghini Lease enables standard insurance deductibles of \$5,000—much higher than the \$500 deductible commonly required with other lease programs. A higher deductible typically enables you to reduce your insurance premiums. For more on this and other insurance benefits, contact your insurance professional.

### Possible Tax Benefits

If you use your Lamborghini for business purposes, leasing may provide significant tax benefits. Consult your tax professional for more details.

## Single Pay Lease

The Single Pay Lease is among the more convenient alternatives from Lamborghini when compared to an outright cash purchase. While simultaneously retaining the benefits of a conventional lease, the Single Pay Lease option allows for you to make one lump sum payment for your lease, which is typically less than the sum of the payments you would make over the course of a conventional lease.

### Cash Payment Similarities

By opting to lease your new or Certified Pre-Owned Lamborghini with Lamborghini’s Single Pay Lease program, you experience the same convenience as if you were to pay cash. Since your payments would be paid up front (just as if paying in cash), you would bypass the cycle of lease payments, check writing and the additional paperwork that accompanies the conventional lease experience.

### No Depreciation Risks

With a Lamborghini Single Pay Lease, you’re not susceptible to unexpected depreciation that could occur by paying cash or financing. Because of the pre-set residual value established in the lease agreement, you pay for the value of the Lamborghini you use, just like you would with a conventional lease. At the end of your lease term, you can capitalize on several simple and straight-forward lease-end options based on the established residual value of your Lamborghini.

### Reduced Overall Capital Outlay

When choosing the Lamborghini Single Pay Lease, only a portion of the sales price is paid at the time of vehicle delivery, which means less immediate out-of-pocket expense compared to an outright cash purchase. By eliminating the large capital outlay of an outright vehicle purchase, you can enjoy a better cash position due to greater liquidity. Cash that otherwise would have been utilized for the outright purchase of your Lamborghini vehicle can now be invested into financial instruments or held for other capital preservation purposes.

Contact your authorized Lamborghini dealer for specifics on the Single Pay Lease and your financial professional for information regarding these potential benefits.

### Benefits of a Single Pay Lease with Lamborghini Financial Services

An alternative to an outright cash purchase
• Capital savings that allow you to invest or save the money that would otherwise be spent on the entire cost of the car
• One-time only payment that would typically amount to less than the sum of conventional lease payments
• No monthly payments to make, which means no additional paperwork or check writing
• Flexible terms to fit your driving habits
• Potential tax benefits (consult your tax professional)
• Constant warranty coverage*

\*If the lease term coincides with the length of the manufacturer’s coverage.

## Lamborghini Retail Financing

The extensive catalog of features offered by Lamborghini Financial Services provides an array of finance terms that can help you spread the cost of your vehicle over the course of time most appropriate for your needs—up to 84 months in selected cases. Upon completion of the finance obligations, your title becomes free and clear.

### Minimal Cash Outlay

Often no initial cash payment is required up front, and many initial costs can be included in your finance contract.

### Attractive Insurance Deductible Requirements

Lamborghini Retail Financing enables standard insurance deductibles of \$5,000—much higher than the \$500 deductible commonly required with other finance programs. A higher deductible typically enables you to reduce your insurance premiums. For more on this and other insurance benefits, contact your insurance professional.

## Lamborghini Direct Pay Program

The Lamborghini Financial Services Direct Pay Program gives you the opportunity to go paperless for the leasing or financing payments of your Lamborghini vehicle.

By forgoing the routine of writing checks and mailing payments, your ownership experience will mean less paper and more pedal.

Ask your Lamborghini dealer for a brochure and details on how to make the Lamborghini Financial Services Direct Pay Program work for you.

## Driven By Excellence

With Lamborghini Financial Services, the car is just the beginning. The passion, pride and detail that go into every Lamborghini vehicle are just as prominent in all of our programs.

Accomplish everything you need in a single visit to your local authorized Lamborghini dealer, and we will take care of the rest.
